PROCEEDINGS OF CITY COUNCIL.

Monday, June 5, 1939.

Regular meeting of the City Council in Faneuil Hall, at 2 p. m., President MURRAY in the chair. Absent, Coun. Harris and Norton.

JURORS DRAWN.

Jurors were drawn under the law, Coun. SHATTUCK presiding at the box on the grand jurors and Coun. TAYLOR on the traverse jurors, in the absence of the Mayor, as follows:

Twenty-two grand jurors, Superior Criminal Court, to appear July 3, 1939:

Chester A. Bryant, Ward 2; Courtlandt B. Hull, Ward 3; Michael Comella, Ward 5; Harry M. Furbur, Ward 5; Thomas F. Allen, Ward 6; Frank G. Rockwell, Ward 6; Francis X. Thompson, Ward 9; James M. Willis, Ward 9; Bernard C. Thurston, Ward 10; Leonard R. Johnson, Ward 11; Samuel Gilbert Berger, Ward 14; Hugh R. Caseley, Ward 14; John J. Matthews, Ward 15; Henry R. Madden, Ward 16; Fred J. Barnstead, Ward 17; Carl H. Eriksen, Ward 18; Clark C. Curtis, Ward 19; P. Joseph Devlin, Ward 19; John F. Mackenzie, Ward 19; Harold C. Atlas, Ward 21; William C. Harding, Ward 21; Robert H. Harris, Ward 22.

Sixty-one traverse jurors, Superior Criminal Court, to appear July 3, 1939:

Edward A. Beale, Ward 1; Daniel Leonard Ford, Ward 1; Clarence T. McIntyre, Ward 1; James E. Miller, Ward 1; John M. O'Connell, Ward 1; Martin J. Regan, Ward 1; Patrick Henry Sullivan, Ward 1; William Hennessey, Ward 2; John F. Murray, Ward 2; Paul J. Tibbetts, Ward 3; Earl D. Gaskell, Ward 4; Axel M. Johnson, Ward 4; John J. Moynihan, Ward 4; Joel D. Harvey, Ward 5; James Adams, Ward 6; Joseph F. Cavanagh, Ward 6; John E. McLaughlin, Ward 6; Charles M. H. Martens, Ward 7; John H. Crosby, Ward 8; William G. Higgins, Ward 8; William H. Davies, Ward 9; Frederick H. Ehret, Ward 9; Herbert W. Turner, Ward 9; William J. Brown, Ward 10; Michael W. Callanan, Ward 10; Joseph F. Guinan, Ward 10; Edward P. McCusker, Ward 10; Richard J. McNicholas, Ward 10; Edward E. Walsh, Ward 10; John A. McDonald, Ward 12; Stephen A. Donlan, Ward 13; Francis A. Dudley, Ward 13; John P. Gillespie, Ward 13; Arthur B. Gordon, Ward 13; Joseph F. Kelly, Ward 13; Benjamin Bergman, Ward 14; Solomon Herman, Ward 14; James MacEachern, Ward 15; John A. MacLeod, Ward 15; Patrick Sweeney, Ward 15; John J. Cooney, Ward 16; Thomas C. Hunt, Ward 16; Walter E. Leslie, Ward 16; James E. McConnell, Ward 16; John J. Vaughan, Ward 16; Richard Crowther, Ward 17; William S. Kenney, Jr., Ward 17; Carl W. Nelson, Ward 17; James F. Oliver, Ward 17; George J. Quinn, Ward 17; Julius J. Sandberg, Ward 17; Archie L. Massey, Ward 18; William P. Slatery, Ward 18; William B. Seminara, Ward 19; Joseph E. Scanlon, Ward 20; Norman E. Heath, Ward 21; John Hayward Marshall, Ward 21; William J. McGaffee, Ward 21; John J. Buckley, Ward 22; Joseph W. Maguire, Ward 22; Jeremiah J. Melia, Ward 22.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Constables, for the term of one year beginning with first day of May, 1939, with authority to serve civil process upon filing the necessary bonds: George A. Graham, 274 Beacon street, Ward 5; James McGrath, 15 Fountain street, Ward 12; William J. McCorkle, 50 Rockne avenue, Ward 16. Weigher of Coal: Julius Stepat, 445 Elm street, Braintree, Mass.

Severally laid over a week under the law.

VETO OF VENDING MACHINE ORDINANCE.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1939.

To the City Council.
Gentlemen,—I return herewith without my signature and disapproved the ordinance passed by your Honorable Body on May 22, 1939, establishing an annual fee of \$20 for each cigarette vending machine in use in the City of Boston.

My veto of this proposed ordinance is predicated upon the same reasons as outlined in my veto message of May 12, at which time a proposed ordinance establishing a \$25 annual license fee for cigarette vending machines was disapproved by me.

I am pleased to note and to acknowledge the interest of your Honorable Body in increasing the revenues of the city at a time when such increase is so necessary. However, while it is extremely desirable and necessary that the income of the city be increased wherever possible, it is also necessary, in an ordinance presumably based upon

the police power, to observe the limitations placed upon the exercise of such power so that it shall be reasonable and not oppressive.

Therefore, if the City Council sees fit to enact an ordinance providing for a license fee of \$5.00 for each cigarette vending machine, I am prepared to approve it, believing that such a license fee would provide the city with additional income without the danger of subsequent adverse action by the courts.

For the reasons stated, I hereby veto the ordinance as passed by your Honorable Body on May 22, 1939.

Respectfully,
MAURICE J. TOBIN, Mayor.

Coun. WILSON—Mr. President, in view of the suggestion made at the last meeting by Corporation Counsel Parkman that he felt the Council should carefully go into the question of the amount of work necessary for the city departments incident to such a license fee, although the question was not gone into at any great length in the license fees which were passed on earlier in the year, may I ask that Corporation Counsel Parkman be sent for in order that he may enlighten the Council, in light of the study which now has apparently been made, whether the amount of work necessary by the Board of Health and the Sealer of Weights and Measures and the Police Department would justify a \$5 license fee.

President MURRAY—The message will be placed on file and the City Messenger will invite the Corporation Counsel to come to the executive session.

EVERGREEN STREET, WARD 10.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1939.

To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of May 15, 1939, concerning the resurfacing of Evergreen street, Ward 10, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, June 2, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface Evergreen street, Ward 10, under the W. P. A. plan of construction.

We will endeavor to have this street constructed this year.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

CLEANING GUTTERS, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, June 1, 1939.

To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of April 24, 1939, concerning the cleaning of the gutters in all side streets in Ward 20 to prevent clogging of the sewers.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, May 23, 1939.

William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Mr. Doyle,—I have a copy of the following order that was passed in the City Council on April 24:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to clean the gutters in all side streets in Ward 20 to prevent clogging of the sewers."

Heretofore, the street cleaning in Ward 20 was under the jurisdiction of the Paving Service, that is, we had no separate street-cleaning organization in that section. With the depletion, however, of the personnel in the Paving Service, we were unable to maintain the standard of street cleaning to which we aspired.

Starting Wednesday, May 24, we are going to organize a new street-cleaning force, with headquarters at the office on Walter street, near Centre. The section to be covered by the new street-cleaning district will be the area south and west of the West Roxbury Parkway as far as the Brookline, Newton and Dedham lines. While we are starting with only a small organization, I anticipate, if the budgetary allowances will permit, purchasing a mechanical street sweeper to be used in the district, thereby aiding to a large degree the manual force.

I am confident that hereafter the streets in Ward 20 will be kept in a cleaner condition, which will more than justify the setting-up of a separate street-cleaning force in that area.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

STAIRWAY, JOHNSWOOD ROAD, WARD 19.

The following was received:

City of Boston,
Office of the Mayor, June 1, 1939.

To the City Council.
Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your order of April 24, 1939, concerning the making of the needed repairs to the public stairway leading into Johnswood road, Ward 19.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, May 24, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works make needed repairs to the public stairway leading into Johnswood road, Ward 19.

This will advise you that the necessary work on this stairway has been submitted for approval on a W. P. A. project to be done this year.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

RESURFACING OF WARD 13 STREETS.

The following was received:

City of Boston,
Office of the Mayor, May 29, 1939.

To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of April 24, 1939, concerning the resurfacing of the following streets:

Bird street, from Magnolia street to railroad; Dewey street, Fairbury street, Wayland street, Balfour street, Mascoma street, Everett avenue, Hinkley street, Morrill street, Bakersfield street, Dacia street, Woodcliff street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, May 26, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface the following streets in Ward 13 under the W. P. A. plan of construction.

Bird street, from Magnolia street to railroad; Dewey street, Fairbury street, Wayland street, Balfour street, Mascoma street, Everett avenue, Hinkley street, Morrill street, Bakersfield street, Dacia street, Woodcliff street.

Bird street, from Magnolia street to railroad; Wayland street, Balfour street, Mascoma street, Hinkley street; Morrill street and Woodcliff street are all in fair condition and in no immediate need of reconstruction.

Fairbury street, Dewey street, Everett avenue and Bakersfield street are on approved W. P. A. projects.

Dacia street will be submitted for approval on a W. P. A. project for construction this year.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

PARSONS STREET UNDERPASS, WARD 22.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1939.

To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of May 1, 1939, concerning the making of a survey of conditions at the Parsons street underpass, Ward 22.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, June 1, 1939.

William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Mr. Doyle,—I have a copy of the following order that was passed in the City Council on May 1, 1939:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make a survey of conditions at the Parsons street underpass, Ward 22, and to confer with the Boston & Albany Railroad and Public Utilities authorities relative to the possibility of improving conditions at that point."

The present width between the abutments of the bridge is approximately 19 feet. This results in a dangerous condition to pedestrians, as there are no sidewalks under the bridge and two-way traffic is maintained at all times.

We have interviewed the chief engineer of the Department of Public Utilities and the chief engineer of the Boston & Albany Railroad relative to certain improvements that we propose making at this location, and, while they are perfectly

agreeable to approving any improvements that we might make, they cannot suggest any ways that funds may be appropriated by some agency other than the City of Boston to pay a proportionate share of the improvements.

The only real solution to the present problem is to widen the street to a width of 50 feet, which would necessitate the construction of a new bridge at a cost of approximately \$150,000, which cost would have to be borne in its entirety by the City of Boston. To construct an underpass for the use of pedestrians only would cost approximately \$25,000.

In view of the present financial condition of the city, I am precluded from approving the expenditure of any funds in the above-stated amounts for the proposed improvements.

We anticipate starting some time this year the resurfacing of Parsons street, from Washington to North Beacon street. At that time we propose making a study of the practicability of constructing a 4-foot sidewalk on the easterly side of the roadway underneath the bridge structure, the sidewalk area, of course, to be protected by a 3-foot high pipe rail fence.

Although this proposal is only a partial solution to the problem, I feel that it will afford some protection to the pedestrians and improve considerably the present hazardous conditions at this location.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

CHURCH STREET, WARD 15.

The following was received:

City of Boston,
Office of the Mayor, June 1, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of May 22, 1939, concerning the resurfacing with smooth pavement of Church street, Ward 15, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, May 29, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface with smooth pavement Church street, Ward 15, under the W. P. A. plan of construction.

Please be advised that this street will be submitted on a W. P. A. project for approval later on this year.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

DUST NUISANCE, HUNTINGTON AVENUE

The following were received:

City of Boston,
Office of the Mayor, June 1, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of May 22, 1939, concerning the abating of dust nuisance on Huntington Avenue Subway by thoroughly cleaning and oiling the areas complained of.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, May 29, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I am returning copy of the following order that was passed in the City Council on May 22:

"Ordered, That the Transit and Public Works Commissioners be requested, through his Honor the Mayor, to abate the dust nuisance on Huntington Avenue Subway by thoroughly cleaning and oiling the areas complained of."

I have taken up this matter with Col. Thomas F. Sullivan, Transit Commissioner, and he stated that a force of men is continually engaged in cleaning up excess accumulations of dust on Huntington avenue in order to reduce, in so far as possible, any source of nuisance to the residents and business men.

It is my understanding that he will take steps to oil the street, if necessity so requires.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

City of Boston,
Office of the Mayor, June 1, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Transit Department Chairman relative to your order of May 22, 1939, concerning the abating the dust nuisance on Huntington avenue, caused by the construction of the Huntington Avenue Subway.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Transit Department, May 29, 1939.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order of the City Council, dated May 22, as follows:

"Ordered, That the Transit and Public Works Commissioners be requested, through his Honor the Mayor, to abate the dust nuisance on Huntington avenue, caused by the construction of the Huntington Avenue Subway, by thoroughly cleaning and oiling the areas complained of."

The Transit Department maintains a substantial force of men for the purpose of abating any dust nuisance.

Yours truly,
T. F. SULLIVAN, Chairman.

Severally placed on file.

WATER SHUT-OFFS.

The following was received:

City of Boston,
Office of the Mayor, June 1, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of May 15, 1939, concerning the shutting off or diminishing the supply of water on residential properties of owners who are receiving welfare or Old Age Assistance or who may be employed on W. P. A. projects.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, May 29, 1939.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I am returning copy of the following order that was passed in the City Council on May 15:

"Ordered, That the Public Works Commissioner, through his Honor the Mayor, be instructed under no condition to shut off or diminish the supply of water on residential properties of owners who are receiving welfare or Old Age Assistance or who may be employed on W. P. A. projects."

It is not our policy to shut off or reduce the supply of water to a residence if we know that the owner is receiving welfare or Old Age Assistance. Owners are given ample opportunity to pay their water bills and in cases where they are unable to pay, due to their being on the welfare or Old Age Assistance rolls, they should notify us to that effect. The responsibility for this notification should rest entirely on the property owner, as it would be unreasonable to expect the department to secure this information from some other source.

I will not agree to exempt a home owner from paying water bills simply because he is employed by the W. P. A. It is quite probable that there are W. P. A. employees who are engaged in supervisory or executive positions and are financially able to pay their water bills. As in the case of those persons who are on welfare or Old Age Assistance rolls, it is the responsibility of a home owner to notify the department if he feels that he is entitled to an exemption in the payment of water bills, due to his being employed on a W. P. A. project. We assume, of course, that only those employed in some minor capacity would be entitled to any consideration. An impossible situation would result by exempting all home owners who are employed on the W. P. A. from paying water bills.

Unless a person is on direct relief, it is a rare case where a home owner is in such a position that he is unable to make any payment on his water bill.

The water bills must be paid, whether the owner of the property is employed on a W. P. A. project or in private industry, unless there is sufficient justification to grant exemptions or abatements.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

REPAIRS TO MOTOR VEHICLES.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of May 1, 1939, concerning information relative to repairs to motor vehicles.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, June 2, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

SEWERS, ETC., GROVE STREET.

The following was received:

City of Boston,
Office of the Mayor, May 31, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of May 1, 1939, concerning the making of a survey of the Grove street section of West Roxbury for the purpose of ascertaining what can be done in the matter of installing sewers and constructing streets.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, May 23, 1939.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I have received copy of the following order that was passed in the City Council on May 1:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make a survey of the Grove street section of West Roxbury for the purpose of ascertaining what can be done in the matter of installing sewers and constructing streets."

The streets in the Grove street section, that is, the area bordered by Washington, Grove, Centre and Stimson streets, are private ways, and because of this the Public Works Department has no authority to enter them for the purpose of constructing the streets. Under the provision of section 10, of chapter 393, of the Acts of 1906, no public sewer, drain or water pipe shall be installed unless the location, direction, widths and grades of the streets are satisfactory to and have been approved in writing by the Board of Street Commissioners. None of the streets in this area comply with the provisions of this section and we are, therefore, prohibited from constructing sewerage works in any of the streets in that area.

Aside from the legal aspect, last summer we conducted a survey of all the property owners in this area, to determine if they desired to have sanitary sewers installed. The majority of the owners objected, probably because of the expense to which they would be subjected in making changes in their plumbing systems, in addition to the assessment that they would be required to pay for entering the public drain, as required by the provisions of section 10, of chapter 27, of the Revised Ordinances of 1925.

It will be necessary for the owners of the properties in this section to petition the Board of Street Commissioners for the acceptance of these streets. Most of the streets, however, are only 15 feet wide, and the Street Commissioners will not accept them as public highways unless provisions are made to widen them to a width of at least 30 feet, which, in many cases, would necessitate the relocating of many of the residences. This, of course, would be an expensive procedure and I question whether it would be practical or judicious.

In view of the circumstances existing at the present time, we are prohibited from installing a sewerage system or constructing any streets in the area.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

BROOKFORD STREET, WARD 13.

The following was received:

City of Boston,
Office of the Mayor, June 1, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of May 1, 1939, concerning the resurfacing of Brookford street, Ward 13, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, May 24, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works resurface Brookford street, Ward 13, under the W. P. A. plan of construction.

I find, upon investigation, that this street is in fairly good condition and in no immediate need of reconstruction.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

HAVERFORD STREET, WARD 11.

The following was received:

City of Boston,
Office of the Mayor, June 1, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of May 22, 1939, concerning the resurfacing with smooth paving, under the W. P. A. plan of construction, of Haverford street, Ward 11.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, May 29, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works resurface with smooth paving, under the W. P. A. plan of construction, Haverford street, Ward 11.

Please be advised the work on this street will start some time within the next week or ten days.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

SOFTBALL, AQUARIUM PARK.

The following was received:

City of Boston,
Office of the Mayor, May 29, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of May 22, 1939, concerning the putting in condition for softball playing Aquarium Park.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, May 26, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—I have a memorandum from your office with inclosure, order from the City Council that the Park Commission be requested to put the Aquarium Park in suitable condition for softball playing.

This area is partly owned by the State,—we are trying to clean it up at the present time, but the ground is so soft we are not making the headway I anticipated we would, having to use the steam roller.

Please be assured that the grounds will be placed in condition at the earliest possible moment, as I promised the Pastor of St. Bridg's Church it would be done.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

BEACH IN CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, May 29, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of May 22, 1939, concerning the establishment of a beach in Charlestown, from Chelsea street to Mystic street, along the bank of the Little Mystic river.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, May 26, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—I have a memorandum from your office with inclosure, order from the City Council that the Park Commission be requested to formulate plans and request a W. P. A. project for the establishment of a beach in Charlestown, from Chelsea street to Mystic street, along the bank of the Little Mystic river, to be used as a recreation center for the tenants of the Federal Housing Unit in Charlestown and the general public.

I regret exceedingly to inform you this would be a very dangerous place to attempt to establish a beach. Furthermore, the water in the Mystic river, in many cases and at many times, is not fit to swim in. There are many reasons against the establishment of a beach at this point; it would incidentally necessitate the taking of private land but the principal one is that it would be one of the most dangerous places for bathing purposes anywhere I know of in this city.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

WIRE FENCE, STELLMAN ROAD.

The following was received:

City of Boston,
Office of the Mayor, May 29, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of May 15, 1939, concerning the erection of a wire fence on the Healey Field side of Stellman road in order that the property of residents might be protected from damage from batted or thrown balls.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, May 26, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—I have a memorandum from your office, with inclosure, order from the City Council that the Park Commissioner be requested to erect a wire fence on the Healey Field side of Stellman road.

This department has erected at divers times various fences to protect the property of the nearby residents. We never asked the abutters to pay any portion of the cost of the erection of these fences. I feel that on account of financial conditions that we should not be expected to expend any further moneys.

Furthermore, there is no money available for this expenditure at the present time.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

LIGHT, AIR AND SETBACK, BACK BAY LANDS.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the chairman of the City Planning Board relative to your order of April 3, 1939, concerning the light, air and setback in the rear of the houses in the area bounded by Arlington street, Boylston street, Massachusetts avenue and Beacon street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
City Planning Board, May 23, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—Several weeks ago your Honor referred to this office, for consideration and report, the following City Council order:

"Ordered, That the City Planning Board, through his Honor the Mayor, be requested to advise the City Council as to the present requirements regarding light, air and setback in the rear of the houses in the area bounded by Arlington street, Boylston street, Massachusetts avenue and Beacon street, and what changes, if any, the department can suggest to prevent injury to adjoining and neighboring properties caused by the building over of back yards to or close to the line of the alleys."

In the above mentioned area Boylston street, Newbury street and a 100-foot strip of land near Massachusetts avenue are in business zones which allow 100 per cent coverage of lot areas, except for certain required setbacks. The remainder and larger part of the area is strictly a residential district, being in an R-80 (Residential, 80-foot height) zone. This zone limits buildings to a height of 80 feet and limits coverage to 80 per cent of the lot area. However, along Beacon street, Marlborough street and Commonwealth avenue building line setbacks of about 20 feet have been established. This has the effect of permitting building back to the alley lines if 80 per cent of the lot is covered and this, in fact, results in nearly 100 per cent coverage of the buildable area of the lot.

It is recognized that there are many cases in this area wherein the erection of high apartment buildings has seriously interfered with light and air conditions in adjoining buildings. The effect of these first buildings makes clear what would be the result if they gradually became the general rule. The result would be apartment buildings on each side of the alley, about 16 feet apart and 80 feet high, with light courts between the apartment buildings for windows along the party lines. These light conditions would be inadequate to the rental values at present contemplated and would thus gradually bring about a condition tending to a depression in valuations and a lower standard of occupancy.

Because of this a special study of this area with regard to a possible change in requirements to insure better light, air and rear setback conditions was made under the direction of the City Planning Board in 1934-35. The results of this study were incorporated in the Annual Report of the City Planning Board for the year 1934 (pages 19 to 21, inclusive), a copy of which is inclosed for your information. Copies of all plans concerning these studies are on file in the office of the City Planning Board, 18 Oliver street, Boston.

The Board held several preliminary meetings at that time at which various organizations and persons interested in the development of the Back Bay were present. It was the consensus of opinion that an immediate change might not be fair to present property owners and also that there was not enough definite evidence to determine in which way the development of the Back Bay would proceed. For this reason the matter, at that time, was laid on the table.

The conditions that will result if the Back Bay is gradually developed with apartment buildings are clearly indicated. Light and air conditions will be developed that are inadequate to a high value area, leading to a general lowering of assessed values and median rentals. The only way to prevent this is to change the zoning requirements so that future apartment buildings will cover a smaller percentage of the buildable area of the lots and the open spaces between the buildings at the rear along the alleys will be more ample and afford pleasanter housing conditions with opportunity for a more reasonable amount of sunlight, especially in the winter.

The above results would be secured, perhaps adequately, if the height limit, except at corner lots, were reduced from 80 feet to 65 feet and the permitted coverage reduced from 80 per cent to 65 per cent. It might be desirable, in addition, to require a minimum setback from the alley line, perhaps 15 feet, in order to assure a reasonable distance between the buildings in order to assure privacy and light and air. Special consideration should probably be given to the conditions in the blocks between Newbury street and Commonwealth avenue, where the height and area provisions between Newbury street and the alley have a seriously adverse effect on the Commonwealth avenue properties across the alley.

If a change is deemed worthy of further consideration a petition for a change to the Board of Zoning Adjustment would be the appropriate action.

Respectfully submitted,
WILLIAM STANLEY PARKER, Chairman.
Placed on file.

MILK DELIVERY STATION, EAST BOSTON.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Executive Director of the Public Welfare relative to your order of May 15, 1939, concerning the changing the free milk delivery station from Meridian street, East Boston, to a less conspicuous location.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Overseers of the Public Welfare,
May 29, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.

Attention of Mr. William T. Doyle.

Dear Sir,—This department has received your communication of May 20, 1939, with inclosed order of the City Council, dated May 15, 1939, reading as follows:

"That his Honor the Mayor request the director of the Public Welfare Department to change the free milk delivery station from Meridian street, East Boston, to a less conspicuous location."

May I report that this station has been occupied as a Surplus Commodity Distribution Station for milk temporarily due to the fact that the building we previously occupied at 36 Meridian street had been sold by the city.

I inspected the building myself, personally, on May 16, 1939, and I agree that the building should not be used any longer than we possibly have to so use it. Mr. James Kiernan, of our Real Estate Division, is searching East Boston at the present time to see if he can find a place that will be less conspicuous and, at the same time, more adaptable for the needs of commodity distribution.

Sincerely yours,
WILLIAM G. O'HARE, Executive Director.
Placed on file.

FIRE LOSSES.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Fire Commissioner relative to your order of May 8, 1939, concerning the comparative list of fire losses for the City of Boston during the past ten years.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Fire Department, May 22, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—In reply to the City Council order of May 8, concerning the furnishing to the City Council with a comparative list of fire losses for the City of Boston during the past ten years, together with any changes in fire insurance rates during that period, I am submitting herewith the comparative list of fire losses.

I have written to the Insurance Commissioner for the Commonwealth of Massachusetts for the desired information concerning insurance rates during the past ten years and as soon as that information is received I shall forward it to you.

Respectfully yours,
WM. ARTHUR REILLY,
Fire Commissioner.

FIRE STATION, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, June 1, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Fire Commissioner relative to your order of May 1, 1939, concerning the establishing of a fire station in the Grove street section of Ward 20.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Fire Department, May 22, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—In reply to the City Council order of May 1, 1939, concerning the possibility of establishing a fire station in the Grove street section of Ward 20, I wish to state that a new fire house in this location was recommended by me last year and again in my annual report to the Mayor this year.

However, inasmuch as funds have not been made available for construction of new houses in the Fire Department this year, action on this recommendation cannot be completed during 1939.

Respectfully yours,

WM. ARTHUR REILLY,
Fire Commissioner.

Placed on file.

USE OF CEMETERY FUND FOR MEMORIAL.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Corporation Counsel relative to your order of May 8, 1939, concerning the Cemetery Fund being used for the erection of memorial to World War Veterans in City square, Charlestown.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, May 20, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—Your order passed in the City Council May 8, 1939, is before me reading as follows: "That the Corporation Counsel be requested, through his Honor the Mayor, to advise the City Council if part of the Cemetery Fund can be used for the erection of memorial to World War Veterans in City square, Charlestown," was forwarded to the Corporation Counsel of the City of Boston for his consideration and advice.

The Cemetery Fund to which you refer is evidently the Cemetery Fund created by chapter 117 of the Acts of 1913, and said chapter reads as follows:

"An Act Relative to the Cemetery Department of the City of Boston.

Section 1. The cemetery trustees of the city of Boston shall pay into the treasury of the city all receipts of the cemetery department from all sources other than from deposits for perpetual care.

Section 2. The city treasurer shall keep the funds so deposited by the cemetery trustees separate from other money and accounts of the city, and the city treasurer is hereby authorized to invest and reinvest all funds so deposited by the cemetery trustees in proper securities, and shall allow such funds and the income thereof to accumulate until such time as the income of the fund is insufficient, in the opinion of the mayor and of the cemetery trustees, to meet the current expenses and expenditures of the cemetery department: provided, however, that at any time the mayor may originate an appropriation for the cemetery department to be met out of the income of said fund accruing during a fiscal year.

Section 3. This act shall take effect upon its passage.

Approved February 18, 1913."

The Cemetery Department of the City of Boston was established by the Board of Trustees of the Cemetery Department, were appointed under, and the powers and duties of said Board are designated in chapter 375 of the Acts of 1897, which is quoted in full herewith.

CHAPTER 375 OF THE ACTS OF 1897.

"An Act to Establish a Cemetery Department in the City of Boston.

Section 1. There shall be in the city of Boston a cemetery department, which shall be under the charge of a board of five trustees appointed by the mayor, subject to confirmation by the board of aldermen. Said trustees shall, in the year eighteen hundred and ninety-seven, be appointed, one for the term of one year, one for the term of two years, one for the term of three years, one for the term of four years and one for the term of five years, each term beginning with the first day of May in said year; and annually thereafter the mayor shall appoint, subject to confirmation as aforesaid, one trustee for the term of five years, beginning with the first day of May in the year of appointment. Chapter two hundred and sixty-six of the acts of the year eighteen hundred and eighty-five, and all acts relating to departments and officers of departments in the city of Boston shall, so far as applicable, apply to said department and the officers and employees thereof.

Section 2. Said board shall have charge of Mount Hope Cemetery and of all other burial grounds owned by or in charge of the city of Boston; shall set apart and appropriate a portion of said cemetery as a public burying ground for the use of the inhabitants of said city, free

from any charge therefor; shall lay out said cemetery in suitable lots or other subdivisions for family or other burials, with necessary paths and avenues; shall plant and embellish the said cemetery with trees, shrubs, flowers and other rural ornaments; may enclose and divide the same with proper fences; may erect or annex thereto suitable edifices, appendages or conveniences; and may make such by-laws, rules and regulations, not inconsistent with statutes or ordinances, as they may deem advisable; and shall perform such other duties relative to such cemetery and said burial grounds as the city council may from time to time prescribe. All acts and all ordinances of said city relating to Mount Hope Cemetery shall, so far as they are not inconsistent herewith, apply to said department and the officers in charge thereof.

Section 3. This act shall take effect upon its passage.

Approved May 10, 1897."

In pursuance of section 5 of chapter 486 of the Acts of 1909 (an act relating to the administration of the City of Boston and to amend the charter of said city) the Mayor and City Council did, by ordinance passed November 8, 1920, consolidate the Cemetery Department with the Park and Recreation Department and change the name of the Park and Recreation Department to the Park Department.

The powers and duties of the Board of Park Commissioners formerly exercised by the Board of Trustees of the Cemetery Department are set forth in sections 2, 8, 9 and 10 of chapter 22 of the Revised Ordinances of 1925, which sections of said chapter 22 are herein quoted.

"Sect. 2. The Board shall exercise the powers and perform the duties herein enumerated, and all other powers and duties now or heretofore required by law or ordinance to be exercised and performed by the park commissioners, the superintendent of public grounds, the trustees of the bath department, the trustees of the music department, and the trustees of the cemetery department, and shall be the lawful successors of said officers."

"Sect. 8. The board shall exercise the powers and perform the duties provided by statute or ordinance to be exercised and performed by the trustees of the cemetery department, and shall create a division to be known as the cemetery division of the park department."

"Sect. 9. The board may determine the payments to be made for cemetery lots, or for the perpetual or other care thereof. The chairman of the board, after payment therefor has been made to its secretary, may execute and deliver to the person or persons by or for whom the payment has been made, a deed of the city conveying the exclusive right of burial of human dead in, and of placing and maintaining tombs, cenotaphs and monuments, authorized by the board or officer having, at the time of placing the same, charge of the cemetery, upon the lot or subdivision described in the deed, and shall cause the deed to be recorded in the office of the board. Every such conveyance shall be subject to the following restrictions, or such other regulations and restrictions relating to said cemetery or the lots therein as shall from time to time be established by the city by ordinance."

"Sect. 10. The chairman of the board, after payment to the city treasurer for the city, for keeping in repair any lot in any cemetery or other burial-ground owned by the city, may execute and deliver to the person by or for whom the payment has been made an agreement that the city shall keep the lot, and the structures and grass thereon, in a good and neat condition forever, or during the period specified in the agreement, so far as the same can be done by the expenditure of an amount equal to four per cent annum of the amount of money so paid from the time of such payment; and the board shall cause all such agreements to be faithfully carried out."

City square, Charlestown, was prior to the year 1848 called Charlestown square and is a plot of ground occupying 8,739 square feet of land and is designated in Document 38, 1938—City of Boston, Municipal Register for 1938, on page 66, as a public square under the jurisdiction of the Park Department.

In an opinion to the Honorable the City Council dated October 31, 1928, by the then Corporation Counsel, Hon. Frank S. Deland, it was concluded that City square, Charlestown, was not a "park" but was a "public square" under the jurisdiction of the Park Department.

From the above analyses set forth in detail the following conclusions are reached:

(1) The income of the Cemetery Fund created by chapter 117 of the Acts of 1913 may be expended only for the purposes of meeting the current expenses and expenditures of the Cemetery Division of the Park Department.

(2) The powers and duties of the Board of Trustees of the Cemetery Department, now the Board of Park Commissioners, in relation to the expenditure of money for the current expenses of the Cemetery Department is restricted to the expenditures for purposes recited in the above quoted chapter 375 of the Acts of 1897 and sections 2, 8, 9 and 10 of chapter 22 of the Revised Ordinances of 1925. This restriction

is that any expenditure of said Cemetery Fund must be for a purpose in a cemetery owned by the City of Boston.

(3) That City square is a public square in the jurisdiction of the Park Department and is not a cemetery.

Therefore you are advised that no part of the Cemetery Fund can be used for the erection of memorial to World War Veterans in City square, Charlestown.

Yours very truly,
HENRY PARKMAN, JR.,
Corporation Counsel.

ATLANTIC AVENUE ELEVATED STRUCTURE.

The following was received:

City of Boston,
Office of the Mayor, June 5, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Corporation Counsel relative to your order of April 24, 1939, concerning legislation as shall at once cause the so-called elevated loop to be promptly demolished and removed.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, May 25, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—With reference to order of the City Council dated April 24, 1939, which you have transmitted to me for consideration and report, relating to the Atlantic avenue elevated structure, I am glad to advise you that in accordance with the request of the Honorable the City Council I have duly recorded with the House Ways and Means Committee of the Massachusetts Legislature the Council resolution of March 6, 1939, calling for the enactment of "such legislation as shall at once cause the so-called elevated loop to be promptly demolished and removed."

I note also the request contained in the order that the Corporation Counsel "vigorously urge the adoption of such legislation as may be necessary or advisable to hasten the demolition of the elevated structure on Atlantic avenue."

As your Honor knows, the purpose thus expressed has been one of the objectives of your legislative program, and at your direction I prepared and filed with the Legislature a petition for legislation to authorize the conveyance of the structure by the Elevated Railway Company to the City of Boston, and for its demolition and removal by the Transit Department. Your Honor is also aware of the efforts that have been made to reach an agreement with representatives of the private stockholders for such a conveyance at a nominal figure. Those efforts have as yet been unsuccessful and the situation is complicated by the fact that existing legislation safeguards the location in the hands of the Elevated Railway Company and makes it apparently impossible to condemn the structure or to take it or to order its removal without the payment of substantial compensation.

I return herewith the City Council order.

Very truly yours,
HENRY PARKMAN, JR.,
Corporation Counsel.

City of Boston,
Law Department, May 25, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I am sending you herewith a reply to your request for a report on the City Council order of April 24, relative to the demolition and removal of the Atlantic avenue elevated structure, which I trust will answer the purpose sought by the Council order.

For your information, it seems very clear to me that we are not likely to get passage of the bill for conveyance of the structure to the city and that even if we did, we would get no further because of the price that the stockholders would ask. After pretty thorough study, I am convinced that there is no way by which we can either acquire or force the removal of the structure without the payment of very substantial damages and I can give you my reasons for this in greater detail whenever you would like to hear them.

Therefore we are thrown back on the necessity of negotiating some kind of an arrangement with the Elevated directors and stockholders by agreement. The payment of a substantial sum of money is out of the question. I still think it would be worth while to approach the Elevated with the suggestion that if they would relinquish their rights in the structure, the city would extend the Washington Street Subway lease for a substantial term on such arrangements as might be worked out. The main reason the Elevated hangs on to the Atlantic avenue structure is because they feel it is the only link between their elevated lines running to Forest Hills one way and to Everett the other and that if the Washington Street Subway lease terminates they would have to have the Atlantic avenue loop to fall back on. This may be rather academic because of the way things are going and the small likelihood that the road will ever be turned back to private ownership.

The bonds issued to pay the cost of the Washington Street Subway will be fully paid off about 1948 and from then on to the termination of the lease, in July, 1962, the rental (about \$358,000 a year) would be pure "velvet" to the city. It must be remembered, however, that as long as the deficits run at the size they now do, the City of Boston in effect gets the benefit of only about one third of the rental, having to pay back two thirds as part of the operating deficit. Furthermore, the likelihood that between now and 1962 the Elevated would be publicly acquired seems to me so great as to make it worth while considering making a concession at this time; for example extending the lease for a period of ten years beyond 1962 and perhaps making a reduction in the rental. I doubt if we would ever have to carry out such an agreement in any event and in the meantime we would gain the great benefit of tearing down the structure and developing the area for business purposes.

With this in mind, I have asked the committee informally not to take too quick action on the bill with the thought that you might think well of the idea of taking this suggestion up with the directors and exploring its possibilities.

Very truly yours,
HENRY PARKMAN, JR.,
Corporation Counsel.

Placed on file.

UNDERGROUND WIRES.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Corporation Counsel relative to your order of May 1, 1939, concerning all overhead wires being placed underground in order that better service may be available to users of lights and telephones, and prevent the interruption of service during severe storms.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, May 23, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—You have transmitted to me for consideration and report the following order of the City Council passed on May 1, 1939:

"Ordered, That the Corporation Counsel be requested to confer with the Board of Public Utilities relative to having all overhead wires placed underground in order that better service may be available to users of lights and telephones, and prevent the interruption of service during severe storms."

As requested I have conferred with the Department of Public Utilities and now report as follows: Chapter 110 of the Acts of 1936, in section 1, requires the removal of poles from not more than four miles of city streets in any one year and the burying underground of the wires formerly carried by such poles. The Fire Commissioner has the authority to designate the streets where such removal must take place. This statute is similar to other legislation passed at intervals, going back to chapter 454 of the Acts of 1894, all of which deal specially with the City of Boston.

The Department of Public Utilities advises me that the requirement of the act places a substantial burden upon public service corporations at the present time, and, of course, it must be remembered that any increase in expense imposed by legislation or otherwise upon such corporations may be reflected in increased rates charged to consumers.

I find further that the Fire Commissioner has exercised his authority continuously under the various statutes referred to and each year has designated certain streets up to the limit of four miles, from which poles should be removed and overhead wires buried. I might further observe that the subject is fully covered by special act of the Legislature.

Very respectfully yours,
HENRY PARKMAN, JR.,
Corporation Counsel.

Placed on file.

CONDEMNED BUILDINGS IN HOUSING AREAS.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Building Commissioner relative to your order of May 16, 1939, concerning condemned buildings in housing areas.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Building Department, May 22, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Subject: City Council order of May 15, 1939, condemned buildings in housing areas.

Dear Sir,—Your communication of May 18, subject, City Council order of May 15, 1939, concerning the number of buildings that had been condemned in the four areas in which housing

projects are contemplated under the \$27,000,000 contract approved by the City Council, prior to the selection of these four areas by the Boston Housing Authority, is such that considerable time will of necessity have to elapse before a reply giving authentic information can be composed; however, immediately this department will obtain the names of the streets within the housing areas from the Boston Housing Authority and then proceed to check the files to complete report.

Respectfully yours,
JAMES H. MOONEY,
Building Commissioner.

City of Boston,
Building Department, May 31, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.
Subject: City Council order of May 15, 1939, condemned buildings in housing areas.

Dear Sir,—Supplementing my letter of May 22, 1939, concerning the above-mentioned subject, I set forth below a list of buildings, now standing in the housing areas, for which complaints were on file in this department prior to the selection of the areas by the Boston Housing Authority on December 13, 1938:

South End.
59 Kendall street, Ward 9; 61 Kendall street, Ward 9; 63 Kendall street, Ward 9; 65 Kendall street, Ward 9; 79 Kendall street, Ward 9; 83 Kendall street, Ward 9; 91 Kendall street, Ward 9; 14 Sawyer street, Ward 9; 36 Sawyer street, Ward 9; 47 Sawyer street, Ward 9; 49 Sawyer street, Ward 9; 615 Shawmut avenue, Ward 9.

Charlestown.
40 Cottage street, Ward 2; 5 Fremont place, Ward 2; 7 Fremont place, Ward 2.

Mission Hill.
117 Longwood avenue, Ward 10; 117½ Longwood avenue, Ward 10; 123 Longwood avenue, Ward 10.

South Boston.
262 Dorchester street, Ward 7; 241 East Ninth street, Ward 7; 125 Mercer street, Ward 7; 82 Newman street, Ward 7.

Respectfully yours,
JAMES H. MOONEY,
Building Commissioner.

BUILDING LAW VIOLATION, CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Executive Director for the Boston Housing Authority relative to your order of May 8, 1939, concerning the violation of the building laws in the Charlestown housing project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Boston Housing Authority,
May 24, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I am directed by the Authority to reply to your communication of May 12, 1939, concerning the order passed May 8, 1939, by the City Council:

"That the Boston Housing Authority, through his Honor the Mayor, be requested to advise the City Council whether in the construction of the proposed housing project in Charlestown the provisions of section 63, or any other section of the building law, are to be violated by the use of windows with a vertical metal bar in the center, or such other arrangement as will prevent the opening of the entire upper half of the window in case of emergency."

The Authority respectfully calls your attention to section 26BB of chapter 484 of the Acts of 1938 of the Great and General Court of the Commonwealth.

That section says, "Except as provided in section twenty-six Q with respect to projects acquired or leased from the federal government, every project of a housing authority shall be subject to all statutes, and all ordinances, by-laws and regulations of the city or town in which it lies, relating to town planning, zoning, the construction and repair of buildings, and the protection of public health."

The Authority must be governed by this statute.

Respectfully,
FRANCIS S. LANE,
Executive Director, for the Authority.

Placed on file.

LAND AT CHURCH AND COREY STREETS.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Custodian of the Real Estate Division relative to your order of April 3, 1939 concerning

whether or not the city owns any land in the area of Church and Corey streets, West Roxbury, Ward 20.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Real Estate Division,
April 20, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—In reply to the City Council order of April 3, 1939, as to whether or not the city owns any land in the area of Church and Corey streets, West Roxbury, Ward 20, please be advised that the only property owned by the city in possession of this division is about five thousand one hundred sixty-five (5,165) square feet of land on the northwesterly side of Corey street, being lot one hundred twenty-seven (127), which sets back from West Roxbury Parkway about twenty-five (25) feet.

Very truly yours,
DANIEL M. DRISCOLL,
Custodian.

Placed on file.

ANGLE PARKING, ALLSTON.

The following was received:

City of Boston,
Office of the Mayor, June 2, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Traffic Commissioner relative to your order of May 1, 1939, concerning the permitting of angle parking on Brighton and Harvard avenues, Allston.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, May 23, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated May 1, 1939, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to permit angle parking on Brighton and Harvard avenues, Allston."

This commission has noted with concern the development during the past several years of the practise of illegal angle parking in certain suburban sections of the city.

The Police Department has recently made a concerted drive against this practise as a result of which this commission has received several requests that the practise be legalized in certain areas. All these requests were considered at a meeting of this commission held on May 18, 1939, and it was unanimously voted that the commission considers angle parking a highly dangerous practise as shown by the accident records in this office and that for these reasons all of the requests were rejected.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

STEP-RAISES FOR EMPLOYEES.

The following was received:

City of Boston,
Office of the Mayor, May 29, 1939.
To the City Council.

Gentlemen,—In accordance with the request contained in an order adopted by your Honorable Body on May 8, 1939, I submit herewith information requested in compliance with the above referred to order.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Budget Department, May 29, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Sir,—I am in receipt of your communication of May 12, 1939, inclosing City Council order passed May 8, 1939, and reading as follows:

"Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to advise the City Council at once:

a. The number of employees now receiving \$2,100 per year or more who are included in the Mayor's budget to receive a step-rate increase this year.

b. The additional expense to the city over last year's salaries if such step-rate increases are allowed.

c. The number of employees who are included in the so-called step-rate classification list of employees, but who have not been granted step-rate increases this year in the Mayor's budget already submitted to the Council."

In reply to the above order the following information is submitted:

a. There are 262 employees now receiving \$2,100 per year or more whose step-rate increments are included in the 1939 budget recommendations of the Mayor.

b. The additional expense to the city for the above mentioned step-rate increments totals \$21,869.08.

c. There are 48 employees receiving \$2,100 per year or more whose step-rate increments were not included in the 1939 budget recommendations of the Mayor.

Respectfully,
FRANCIS X. LANG,
Budget Commissioner.

DATA RE WATER DIVISION.

The following was received:

City of Boston,
Office of the Mayor, May 24, 1939.
To the City Council.

Gentlemen,—In accordance with the request contained in an order adopted by your Honorable Body on May 8, 1939, I submit herewith information requested in compliance with the above referred to order.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Budget Department, May 24, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Sir,—I am in receipt of your communication of May 12, 1939, inclosing City Council order passed May 8, 1939, and reading as follows:

"Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to advise the City Council with reference to the Water Division of the Public Works Department:

1. The total income of said division for the calendar year 1938.

2. The total expense of said division for the calendar year 1938.

3. The amount of cash on hand in said division as of January 1, 1938.

4. The amount of cash on hand in said division as of January 1, 1939.

5. The total amount of the appropriation provided for said division for the calendar year 1939 in the Mayor's budget."

In reply to the above order the following information is submitted:

1. \$5,155,051.39.

2. \$4,500,052.94.

3. A deficit of \$54,399.27.

4. A surplus of \$654,998.45.

5. \$1,235,781.83.

Respectfully,
FRANCIS X. LANG,
Budget Commissioner.

Placed on file.

BASEBALL DIAMOND, CHARLESBANK.

The following was received:

City of Boston,
Office of the Mayor, May 29, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of May 15, 1939, concerning the placing of a baseball diamond at the Charlesbank Park in suitable condition for the use of the children using the park.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, May 26, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—I have a memorandum from your office with inclosure order from the City Council that the Park Commissioner be requested to place the baseball diamond at the Charlesbank Park in suitable condition for the use of children.

Please be assured this area will be placed in condition during the ensuing week. A roller will be brought from the East Boston section to do this work—which damage was caused by trucks of contractors carting snow across the diamond during the past winter.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

TRANSPORTATION OF TALENT, SANATORIUM.

The following was received:

City of Boston,
Office of the Mayor, May 24, 1939.
To the City Council.

Gentlemen,—In accordance with the request contained in an order adopted by your Honorable Body on May 8, 1939, I submit herewith information requested in compliance with the above referred to order.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Budget Department, May 24, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Sir,—I am in receipt of your communication of May 12, 1939, inclosing City Council order passed May 8, 1939, and reading as follows:

"Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to restore the item of \$100 for the transportation of talent who volunteer their services for the entertainment of patients at the Boston Sanatorium, which he recently cut from the budget for this year."

The 1939 budget recommendation for B-42, Miscellaneous Contractual Services, included, among other items, a request for \$100 for the transportation of talent for the entertainment of patients. There has been no expenditure for this purpose in 1937 or 1938. Presumably whatever talent has been made available to the patients by the hospital authorities has been done without cost of transporting of the same to the hospital, but if there was any cost incurred in the transporting of this talent, it was charged to some item other than B-42 in the Sanatorium budget. It has been my policy, in so far as possible, to obtain maximum use from the approximate one hundred city-owned passenger vehicles through the co-operation of the Coordinator of Motor Vehicles in lieu of hiring outside automobiles for services which could be rendered with equal satisfaction by city-owned vehicles and regular city employees. For this reason I must respectfully decline to make any adjustment in the allowance for B-42 in the budget of this department.

Respectfully,
FRANCIS X. LANG,
Budget Commissioner.

Placed on file.

GRASS, AMERICAN LEGION HIGHWAY.

The following was received:

City of Boston,
Office of the Mayor, May 29, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of May 15, 1939, concerning men regularly being assigned to keep the grass plot in the center of the American Legion Highway in perfect condition in order to prevent the growth of ragweed.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, May 26, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—I have your memorandum of May 24 with inclosure, order from the City Council that the Park Commissioner and the Commissioner of Public Works be requested to have men regularly assigned to keep the grass plot in the center of the American Legion Highway in perfect condition in order to prevent the growth of ragweed which is detrimental to the health and particularly to those persons who are subject to hay fever and asthma and also in view of its close proximity to the State Institution.

Please be informed the Park Department has no jurisdiction over this highway, with the exception of the control of the trees.

Very respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

REPORT ON SALARY INCREASES.

The following was received:

City of Boston,
Office of the Mayor, May 31, 1939.
To the City Council.

Gentlemen,—In accordance with the request contained in an order adopted by your Honorable Body on May 8, 1939, I submit herewith information requested in compliance with the above referred to order.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Budget Department, May 31, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Sir,—I am in receipt of your communication of May 12, 1939, inclosing City Council order passed May 8, 1939, and reading as follows:

"Ordered, That the Budget Commissioner be requested, through his Honor the Mayor, to promptly advise the City Council:

- The number of raises in pay, if any, other than step-rate increases granted during 1939.
- The aggregate amount of such raises.
- The number of pay raises, if any, other than step-rate increases granted during 1938.
- The aggregate number of such raises.
- The number of pay raises given during 1937 other than step-rate increases.
- The aggregate amount of such raises.
- The number of positions, including both officials and employees, which were not included in the 1937 pay roll, but which have been filled or created since January 1, 1938.

h. The aggregate amount of yearly salary included in the 1939 budget for such positions."

In answer to the inquiry concerning the number of pay raises in 1938 and 1939 other than step-rate increases, be advised that of the total pay roll of approximately \$20,000,000, representing compensation for some 12,500 employees, there were eight raises totaling \$1,210 on a full year's basis during 1939, and in 1938 there were sixty-six raises totaling \$8,700 on a full year's basis. Because most of these raises were granted during the course of the year, the actual amount was considerably less than on a full year's basis.

In 1937 there were one hundred and fifty-three pay raises totaling \$34,615 on a full year's basis.

There were twenty-two positions filled or created since January 1, 1938, not included in the 1937 pay roll, and of these twenty-two, sixteen are in the newly created Tax Title Division of the Law Department. The total cost of the new positions on a full year's basis is \$51,467.41, as compared with approximately two hundred and ninety-seven positions unfilled and totaling approximately \$463,000 on a full year's basis for the same period.

Respectfully,
FRANCIS X. LANG,
Budget Commissioner.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

F. L. Benway, for compensation for damage to car by city cart.

Frank L. Brown, for compensation for injuries caused by an alleged defect in Autumn street.

Florence E. Campbell, for compensation for eyeglasses broken at City Hospital.

James Coyle, to be reimbursed for judgment issued against him.

Lieut. Daniel P. Dacey, to be reimbursed for judgment issued against him.

Louis B. Dale, for compensation for damage to car by city cart.

Patrick J. Donlan, to be reimbursed for judgment issued against him.

Excellent Sweet Shops, for compensation for damage to property at 82 Union street, caused by bullet fired by police.

Francis E. Glennon, to be reimbursed for judgment issued against him.

Mary D. Grover, for compensation for injuries caused by an alleged defect at 20 Larchmont street.

Donald P. and Ruth H. Jones, for compensation for injuries and damage to property by city truck.

Edmund F. McKenna, to be reimbursed for judgment issued against him.

Fred Monosson, for compensation for damage to car by city truck.

Neil M. Murphy, to be reimbursed for judgment issued against him.

James Myers, for compensation for injuries caused by an alleged defect in Ruth street.

Mary A. Noonan, for compensation for injuries caused by an alleged defect in Union street and Lyne road.

Dr. E. A. Pratt, for compensation for injuries caused by an alleged defect in front of Massachusetts College of Pharmacy.

Princeton Motor Sales, Inc., for compensation for damage to car by city truck.

Moses E. Wallace, for refund on fee paid for special officer's appointment.

Executive.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Stuts-Ruby Dancing School, Peabody Playhouse, June 7.

Placed on file.

NOTICE OF INTEREST IN CONTRACT.

Notice was received from William H. Ellis of interest in contracts re Meridian Street Bridge and Fort Hill Disposal Station.

Placed on file.

FINANCE COMMISSION REPORT ON BOSTON ELEVATED.

The following was received:

City of Boston,
Finance Commission, June 3, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Honorable Sir,—From time to time the Finance Commission has been importuned, officially and privately, to give some attention to the financial affairs, administrative costs and maintenance expenditures of the Boston Elevated Railway Company. One of your recent predecessors made such a request while in office. Members of the City Council in recent years, and members of the Legislature, also, have been among a large number of persons who have expressed the belief to the commission that conditions warranted such an investigation.

For several years past the city has not been able to collect from the Railway Company all the money the company owes the city. On the other hand, the city has been forced to contribute many millions of dollars to help defray the expense of operating the railway system. The failure of the company to pay the city some charges, and the ability of the company to collect from the city other charges have become a great burden to the taxpayers. Therefore, it is the business of the city to satisfy itself that the costs, expenditures, etc., of the company are proper, do not include waste or extravagance, and result in the most efficient operation of the plant.

This is the premise on which the suggestion is based that the Finance Commission has authority and that the facts warrant investigation.

The commission has often given considerable thought to the idea of making such an investigation. In the light of the many interpretations by the courts of the statute which created the Finance Commission, the commission has no doubt that it possesses sufficient power. In the light of the heavy burden to the taxpayers of the city's contributions to the Railway Company's expenses, the commission has no doubt that such an inquiry is warranted.

That an investigation has not previously been undertaken has been due entirely to the consciousness of the expense that a comprehensive investigation would entail. It would require extra and special investigators, experts, accountants and possibly the services of special counsel. To give the public all the information obtainable in such a manner as to permit the public to understand the whole story, it would be necessary to have public hearings.

This obviously would require a special appropriation of funds to defray the extra expense. The narrow limits of the Finance Commission's regular appropriation would not permit it unless the commission were to stop all other work; and the commission finds every day that the regular routine investigative work is vitally necessary and accomplishes much for the taxpayers.

The Railway Company is now under public control through a board of public trustees. However, the board of directors of the corporation still function as the representatives of the stockholders in oversight of the management. These directors at present are J. P. Manning, Edward H. Bailey, Joseph H. Soliday, Frank H. Richardson, James L. Richards, P. A. O'Connell, Walter Trumbull and Bartlett Harwood. The trustees choose the executives who operate the various branches of the company's activities. These executives pick the employees, assign them, and supervise them. They also pick the firms which are to render service to the company, or furnish merchandise or equipment to the company. It has been common practice for years for elected public officials to solicit employment for friends from the Railway Company executives just as they have done in City Hall. Frequently contractors who succeed in obtaining city work are found among those favored similarly by the company.

The public trustees must rely in large part in the exercise of public control upon the records and reports of the regular corporation employees. The board must take the basis of its decisions on faith in the honesty, integrity, accuracy and capability of those non-public corporation officials and employees.

The city's share of the cost of maintenance of the system in the last fiscal year was \$1,867,000. It has been a constant and growing burden on the city. The annual deficit of the Railway Company has been approximately \$2,000,000 or more for many years.

It is probably unnecessary to remind that despite the failure of the company's administrators to make both ends meet, the stockholders have been paid dividends amounting to millions of dollars at the rate of 5 per cent on the stock. The city's contribution has gone to pay to these stockholders dividends which their property did not earn for them.

Over and above the city's share, as stated above, in the payment of the maintenance deficit, the city has been obliged to go without approximately \$200,000 per year that it was supposed it would collect from the Railway Company for the lease of the Kenmore square extension of the Boylston Street Subway, so called. Though convenience of the taxpayers of Boston did not require the subway extension, the cost of it was originally borne by the City of Boston. The company has not been able to make payment of the annual rental charges and, therefore, the cost is now divided between the city and the municipalities of the Metropolitan transit district. The city pays 50 per cent directly and it pays through the Metropolitan assessment 30 of the other 50 per cent, making a total of 80 per cent of the carrying charges that are paid by Boston.

The City of Boston cannot obtain return from the company of any part of these rental charges unless and until there is enough to meet the bill in the receipts of the company (1) after all other maintenance charges have been paid, (2) after the company has paid back the millions already raised and turned over to the company by taxpayers in the municipalities served, and (3) after a 5 per cent dividend has been paid on the stock of the company. It is an unusual situation, even though it is well known, that a corporation must pay a substantial dividend before it can pay all its bills. It is not a wild guess to say, therefore, that the City of Boston is permanently weighed down with this extra load.

The Finance Commission is in fear that pending negotiations between the city and the company may end by adding to the city's burden. The public trustees have discontinued use of the Atlantic avenue elevated structure. The service rendered by this part of the Boston Elevated system did not produce enough revenue to pay the cost. Properly, the public trustees decided to stop loss by discontinuance.

The directors of the corporation, however, were not then and are not now, it is officially reported to the Finance Commission, in favor of that discontinuance. The fact that the receipts for this particular service were not sufficient to pay the expense of it did not and could not affect the payment of the 5 per cent dividend on the stock of the company which was guaranteed by legislative act of 1918.

There is not much doubt that if the state had not assumed control of the operation of the system, the stockholders of the corporation would have demanded discontinuance of the Atlantic Avenue Elevated service and abandoned the structure long before the public trustees came around to doing it; but under the Public Control Act the stockholders had nothing to lose by retaining the service and had something to gain by retention of the franchise in the event of a sale of the company's assets.

By the terms of the act of 1918, the public trustees must keep this structure in good condition, and turn it back in good condition in 1962 or thereafter when public control ends. Hence, the directors of the company opposed discontinuance of service, and they continue to oppose demolition of the structure without receiving what they consider adequate payment.

In short, the city might be compelled to pay to the full extent of the law if the city takes the structure by eminent domain proceedings and demolishes. What this full extent of the law may amount to in dollars and cents is interesting.

The commission has been informed that the Elevated Railway Company carries this Atlantic avenue structure on its books as valued at approximately \$3,100,000 net, though it was built thirty-eight years ago at a cost of approximately \$5,600,000, and has been a non-paying investment, so called, for many years. The structure itself today has little value. It has been found that use of it cost the company more than it received. The chief value, therefore, lies in the franchise right the public originally gave the company to operate a railroad on Atlantic avenue. This right is not easily revocable, if at all.

The presence of this structure on Atlantic avenue has wrought such havoc with quiet, convenient and clean transaction of business on Atlantic avenue that many of the parcels of real estate on the avenue are almost a shambles. Owners have allowed their properties to deteriorate, tenants have deserted many of them, and this broad highway paralleling the waterfront of what is conceded to be one of the finest natural ports in the country is becoming an eyesore.

Here, therefore, we have a situation where a privilege the public gave away voluntarily has turned out to be an instrument of destruction to the public.

The present negotiations between the city and the company—the commission is informed—have to do with an effort by your Honor to induce the trustees of the Railway Company to sell the Atlantic avenue structure to the city for a sum not to exceed \$100,000.

To many taxpayers, the necessity of paying anything to take down a structure not now in use is not understandable. Nor is the effect of

carrying a valuation of over \$3,000,000 on this thirty-eight-year-old structure which originally cost \$5,600,000 easily understandable.

The few specific matters referred to in this report are merely illustrative of the interest the municipality must have in the proper operation of the Railway Company. It appears quite likely that Boston will be compelled for many years to contribute to the cost of operation of the system. Boston should, therefore, know just as much about the internal affairs of the company as it knows about the operations of its own departments.

The Finance Commission, therefore, requests that you and the City Council give consideration to the idea of making available to the commission a special appropriation for an investigation of the affairs of the Boston Elevated Railway Company. It would seem that at least \$10,000 would be necessary to defray the expense. The Finance Commission is ready and willing to undertake the task and has no doubt it has sufficient authority under chapter 486 of the Acts of 1909 to make the fullest inquiry.

Respectfully submitted,

DAVID LASKER, Chairman,
ROBERT ROBINSON,
JAMES E. MAGUIRE,
JOSEPH A. SCOLPONETTI,
JAMES H. FLANAGAN,
The Finance Commission.

Placed on file.

FINANCE COMMISSION REPORT ON STREET PATCHING.

The following was received:

City of Boston,
Finance Commission, May 26, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Honorable Sir,—The Finance Commission reports herewith on circumstances attending the purchase by the city of bituminous mixtures used for the repair, patching and the renovation of streets. The work of this nature performed for the city by local contractors and the material furnished has been under surveillance by the Finance Commission for the past few months. The commission has found a situation which warrants the attention of your Honor.

In some instances the commission found what appeared to be deliberate attempts to defraud the city. In other instances the commission found evidence indicating conspiracy and collusion among contractors to exact a high price for work and materials; in still other instances the commission uncovered looseness in administration which invites fraud and collusion.

The commission's investigation related first, to performance under a contract to deliver road patching material; secondly, to prices paid for pavement mixtures; and, finally, to the method followed by the city in award of contracts.

I. Contract to Supply Road Patching Material.

For the past few years the Supply Department has annually advertised for bids for the contract to furnish the bituminous mixture used by the Public Works Department in patching streets. In each of the past three years the contract has gone to the same contractor.

In 1937 the price bid by this firm was \$3.83 per ton, as against \$6.63 per ton, the nearest of three other bidders. In 1938 this contractor bid \$4.07 per ton as against \$5.25, the nearest of five other bidders. In 1939 this contractor bid \$4.41 per ton as against \$5.00, the nearest of three other bidders.

The specifications in the three contracts given to this firm were identical. The Supply Department originally obtained the requirements from the Public Works Department. Thereafter, without notice from the Public Works Department that any change was desired, the Supply Department simply copied the previous year's specifications.

The contract defines the limits within which the mineral aggregate of the mixture will be acceptable; also it fixes the proportion of the various materials entering the mixture and specifies the characteristics of the asphalt cement included.

For the first two years this contract was in existence no city authority made adequate test of the material. The Supply Department, the contracting agent for the city, made no test at any time. The excuse given is that the Supply Department budget does not contain funds for such tests.

The Public Works Department, the receiving agent for the city, operates a laboratory, but made no test during the life of the 1937 contract. In 1938 some tests were made in this laboratory, but these were simply for the purpose of determining the proportion of mineral aggregate and the percentage of asphalt. No attempt was made to analyze the asphalt cement, or the mineral filler.

In every test made by the chemist in the Public Works laboratory in 1938, it was found that the material delivered did not comply with the specifications. On the other hand, the employees who made use of the mixture were perfectly satisfied with the quality of it.

When it became known that the Finance Commission was checking up on the performance of the contract, there was a change in the character of the product delivered. Thereafter, the deliveries were of a coarser mixture which complied with the specifications in the matter of the size of the mineral aggregate. Officials who actually supervise use of it, however, complain that the product delivered is not now satisfactory.

In 1937 the amount delivered to the city cost \$32,734. In 1938 it cost \$36,322. The contract for 1939 is for a 1,500-ton larger quantity than was the requirement of the 1938 contract, and the price per ton is \$4.41.

Since March the Finance Commission representatives and the chemist have been in agreement that more adequate test should be made of the material delivered. The tests referred to above which revealed the size of the mineral aggregate used in the mixture did not determine whether or not the finer substances are sand—or cement, hydrated lime and lime-stone dust as the specifications require, which would mean a distinct difference in cost of production. The city chemist has been deprived of the use of an automobile in which he formerly collected samples for test, and no one has arranged any other method of bringing samples to the laboratory. Hence there is now no test at all.

This makes a bad situation worse. It has already been found that only feeble effort was ever made to learn if deliveries complied with specifications. Now the means of discovery if there are other violations are handicapped. The obvious result is that the city must depend entirely on a contractor who has already been found to be violating his contract.

The Finance Commission has made careful analysis of the price per ton paid by the city. It appears that the price charged does not in itself contain a very large element of profit. The commission also arranged to check the weight of the deliveries, the weighing to be done by a deputy sealer of weights and measures. The commission abandoned the idea of checking the weights because of what happened on the first attempt. The test was not satisfactory because the load which was intended to be checked arrived two and a half hours late. The commission's agent was informed that usually the loads are delivered on time.

Meanwhile, inquiry had been made by the contractor as to why the Finance Commission was bothering him. Evidently the contractor was informed that his weight was to be checked. The weight slip, though offered as a sworn weigher's certificate, was found to be at variance with the weight of the load. This delivery contained 650 pounds more of the bituminous mixture than the weigher certified was in the truck. The weigher's certificate in this case was worthless, yet the law requires that an accurate certificate of the weight of such a delivery must accompany the load. The city pays for the load on the basis of the certified weight.

Conclusion.

The Finance Commission finds in this situation that for three years the city has specified one size of mineral aggregate in paving mixture when it actually wanted another size and got it. There may be nothing more in this than a violation of a principle, but it must be obvious that specifications mean nothing if they can be so complacently ignored. Nor will specifications mean much if there is no test made to determine whether or not there is compliance.

In this situation so far the city has only discovered that the size of the mineral aggregate in the product delivered did not agree with the requirements of the contract. The city does not yet know, because it has made no effort to find out, whether or not the quality of the mixture is what is required.

In the absence of adequate testing and so far as quality is concerned, the city is relying on a contractor whom it knows ignored the requirements of his contract in regard to size of product.

What happened when the Finance Commission attempted to check the weights of the loads created an air of suspicion. Rival contractors of the low bidder have complained that the price is too low, if the weight and quality required are furnished.

The certificate of the sworn weigher which accompanies such loads is intended by statute to be an accurate statement of the weight. Whether the load is lighter or heavier than the certificate shows, the certificate is equally faulty.

In view of such discoveries, which are not uncommon in delivery of the bulkier supplies of the city particularly, it would seem to be good practice for the city to weigh every load on its own scales and by a weigher known to be reliable.

The following sections of this report will add to the illustration given above of the necessity for this precaution.

II. The Purchase and Laying of Bituminous Mixtures on Grouped Streets.

The record of the work of the Finance Commission in the twenty-nine years of its existence is dotted at regular intervals with reports upon the efforts of the commission to break up conspiracy and collusion among contractors; particularly among contractors who operate asphalt mixing plants, and who at times exact from the city an unconscionable price for the pavement of streets. On numerous occasions these efforts have been successful, and for a time after each such occasion the city escaped unawarredly high prices.

It has been the history of this business with the city, however, that each time the reform has only been temporary. At the first opportunity thereafter the contractors with mixing plants have come together again and fixed up a method or scheme by which each would obtain a share of the business; a method or scheme by which each would receive compensation at a price in excess of the

price the city would pay if and when there had been *bona fide* competition.

On all these occasions the city's agents in charge of this business were fully informed of what was going on; yet, notwithstanding, they functioned as though it was impossible for them to do anything to change the existing condition. The price asked for was paid and no question raised or effort made to obtain a better price.

On some occasions it has appeared from the manner of the arrangement made to carry on the business that the city was a willing victim of the conspiracy. The officials never sought Finance Commission aid. In fact, they often fought Finance Commission efforts to bring about reform. It has only been when the Finance Commission has made spirited public protest and public demand for a change that anything has been attempted to curb the practice of greedy contractors.

At the present time there is a situation in this respect which is exactly similar to the many occasions on which the Finance Commission has previously made protest. The city has been letting contracts for paving during the past year to contractors whom the city officials knew had been in collusion.

Within a space of two months in 1938, for reasons which are easily established and which contain strong suggestion of criminal collusion, the prices offered the city for furnishing and laying Type I Bituminous Concrete, a type that anyone with a mixing plant can make, increased approximately 50 per cent. This price has in later bidding steadily mounted to higher figures. Yet the city accepted the condition, ordered more and more of it, split up its orders into small segments of the whole business, and made no protest.

Recently, after extensive inquiry by the Finance Commission, it was decided to reject without award the latest in the series of bids received for this kind of work. The lowest price had gone up 41 cents per ton higher than the lowest price last previously received. The administration, spurred on by the Finance Commission inquiry, finally decided to call a halt.

The system which permits this exorbitant exaction from the city is herewith explained. The Public Works Department and the Park Department purchase at various times during the year bituminous concrete known as Class I. This is used in the construction of highways and parkways which are financed in part by W. P. A. The Federal Government sometimes buys and pays for this material for W. P. A. projects out of its own funds. The quantities purchased and the frequency of purchases depend on the manner of planning the work. The city purchases are made by the Supply Department upon the receipt of requisitions from the Public Works Department and Park Department, and after advertising.

During 1937 most orders for this material simply required delivery of the product on the job, the laying being done by W. P. A. labor, and the equipment used being hired by and paid for by the city. In one instance the purchase of the material was made on an order that required the furnishing of all necessary equipment for laying, with the understanding that the labor of laying would be furnished by W. P. A.

In 1938 a change was made in the method. The city then adopted the practice of giving contracts for furnishing and laying the mixture, the contractor being required to furnish equipment as well as material. This left simply the preparation of the sub-base for W. P. A. labor. It therefore reduced the amount of work for which the Federal Government would pay and increased the amount that would be paid for out of local taxation.

There are some advantages to this method which compensate for the assumption by the city of the responsibility for paying for a larger portion of the actual work. The job is done quicker and better, and public convenience is least impeded. The endless dragging on of a job by W. P. A. workers costs the city heavily in equipment hire as well as interrupts business, etc.

By this present method the contractors relieve the city of the onus of a long delayed job and consequent long hire of equipment. The contractor usually employs men who are skilled in this sort of work, and there is more satisfaction when the job is thus speedily and capably performed.

One might reasonably have expected that the contractors with mixing plants would have been satisfied to offer *bona fide* competition for this return to them of an opportunity to obtain business with the city. The W. P. A. had already replaced a great many contractors in performing service for the city. The principal reason why these few were still able to find some business was because they had mixing plants.

The record of what happened, however, after the new system came into operation gives abundant proof that no sooner did the fortunate contractors who have these plants obtain an opportunity to work again for the city than they began to make it difficult for the city to continue to give them work.

It was in May, 1938, that the new system was tried the first time in competition. Six local contractors who have mixing plants entered the competition. Three others did not bid. The lowest price offered was \$4.36 per ton. The other prices were \$5.37, \$5.62, \$5.86, \$5.88, and \$6.17. At these prices the contractors offered to furnish the mixture, furnish the equipment for laying and

spreading it and furnish the labor. This left merely the preparation of the base for the W. P. A. paid help.

The next time there was competition was in June, 1938. This time the contractor who had obtained the contract at \$4.36 in May, increased his price to \$5.39. A contractor who had bid \$5.88 in May bid \$4.22 in June and got the contract. The other prices were \$4.61, \$4.74, \$5.30, \$5.39, \$5.97.

In September the field had narrowed down to four ostensible competitors. The winner of the first competition now increased his price from the \$4.36 offered in May to \$6.30. That firm was the highest bidder this time. The winner of the second competition at \$4.22 increased his price to \$6.28 in this September competition. A company which was highest bidder in the first competition at \$6.17 was lowest in this September competition at \$6.23. The fourth bidder, the one to whom the contract was given, bid \$5.37 in May, but \$6.25 in September. It is noteworthy that at this time the same specifications had produced an increase in price of approximately \$2.00 per ton.

In the first of two October competitions the lowest price offered was \$5.85. The winner of the first competition, however, had again raised his price and this time it was \$6.60. In the second October competition, the lowest price was again \$6.25.

In a November competition, the lowest price offered was once more \$6.25, but by a different contractor. In the six competitions, only one successful bidder offered the same price twice, but all had increased their prices substantially after the second competition. The explanation among contractors for this big change is that by September the possibility of *bona fide* competition by contractors not in collusion was eliminated for one reason or another.

Emboldened by their success in gaining control of the price and awards in 1938, the conspiring contractors evidently decided in the first 1939 competition to step-up the prices still further. Where the lowest bid in the last 1938 competition had reached a \$6.25 per ton level, the lowest bid in April, 1939, competition was \$6.66.

Conclusion.

The commission believes your Honor was justified in recently ordering these April, 1939, bids rejected. No legitimate reason has been given for a step-up in price from \$4.22 in the spring of 1938 to \$6.66 in the spring of 1939. The city officials stood by passively in 1938 while the contractors worked an old game to the disadvantage of the city. The city should now assume an aggressive attitude towards contractors who conspire to compel the city to pay exorbitant prices.

In the following section suggestions will be made to cope with the situation.

III. Methods of Providing for Paving Jobs.

The city has been making a practice of grouping a number of streets and advertising for bids for furnishing, laying and spreading the bituminous mixture on them, and furnishing all equipment for the work. The W. P. A. first prepares the sub-base.

In 1938 the city split the work into six contracts. To judge by the one advertisement so far this year the resulting bids of which have now been rejected, the plan was to continue this practice. The job advertised in 1939 called for 1,140 tons of mixture.

The amounts of paving required by each of the 1936 contracts was 1,400 tons, 3,200 tons, 625 tons, 2,530 tons, 570 tons and 330 tons. By splitting the whole work into those segments it gave each of the contractors in the combine an opportunity to obtain one or more contracts. It is significant that the firm which obtained the largest contract—3,200 tons—was not the low bidder in any competition thereafter; also that the firm which won the first small contract—625 tons—won the next small contract also—570 tons.

It has usually been found that the greater volume offered in a contract, the better will be the price to the city if there is honest competition.

When the city grouped a half dozen streets to be paved, it has not followed that the streets would be located in one particular section of the city. It has not followed either that the streets would be ready for treatment at approximately the same time.

The result has been that the contractor would move his equipment, the cost of which enters into the price the city paid, to a particular street. When that job was finished, it usually happened that the next one was not ready. Therefore, the contractor had to move his equipment back home and wait for instructions. Eventually he had to go to the expense of moving again from an outlying section, where most contractors have their plants, with consequent expense. The second street done might be in the North End, whereas the first might have been in the South End, but it has happened that two or more streets would be almost alongside each other, yet the moving from home each time was necessary.

The method of payment has been on a tonnage basis. In each case the city knew the actual measurement of the job—the square yards covered, and the depth of the mixture, from which it is easy to figure the cubical contents. The city formerly paid for pavement on a yardage-laid basis.

Under the new form, therefore, the weight slip which accompanies the load is the basis of payment. Again, therefore, it is necessary to check weights to determine if the city is obtaining what it pays

for. Yet the city apparently has been satisfied with whatever the weight slip showed.

Now the weight slips are made out by the contractor's employee. Therefore the city relies wholly upon the honesty of the contractor. The commission has found evidence that this confidence is sometimes misplaced.

The Finance Commission arranged to have official check made by the Sealer of Weights and Measures of loads delivered on a paving job where payment was by weight certificate. In six instances checked in two days, which were all that were checked at that time, the official sealer did not find one weight certificate correct. Four of the loads weighed less than the amount stated in the certificate. Two weighed more. The circumstances surrounding the delivery of the two latter loads gave impression of an effort to balance up after it was known that a false weight had been found. A driver gave an explanation which on investigation was found to be a false statement. In a similar check one week later, the official sealer found that in three more instances (again all the loads checked) the weight slips were inaccurate. At this time the first was substantially underweight, and the two later loads were overweight, but not quite enough to make up for the deficiency in the first load.

Conclusion.

The Finance Commission has stated in a previous section of this report that the city should take drastic action towards contractors who conspire to defeat *bona fide* competition. The city should also take action to restrict the possibility of such collusion, as well as to function more efficiently in paving work. To advertise for a yearly price for all such work, and to make it plain that the bidding must be *bona fide* or other means will be found to obtain the service might open up the competition. It has done so once before when instigated by the Finance Commission, and the price dropped over forty per cent.

Collusion among bidders is not a new trick in city work. The Finance Commission has heard contractor gossip of collusion in other big city jobs, notably among contractors supposedly competing for snow removal work. Some city employees who might reasonably have interfered still harbor the idea that they are powerless to prevent it. Therefore, no effort is made to prevent it.

The manner of laying out the work appears illogical. If a number of streets are to be treated in one section, it seems that there must be either poor planning, or something worse, if the streets are not prepared so that work on them may be continuous until completion. Even the lucky contractors who get the jobs complain about this. To split up the work into several contracts, and to split up each contract so that the work is scattered seems indefensible.

On the matter of the weights, it is an old story. City officials know that some contractors have to be watched carefully or the city will be cheated in weights. There have been too many instances of this found even to make it arguable.

Therefore, the city should arrange to have reliable check made of all weights and measures of delivery. This applies to oil, gasoline, sand, gravel, etc., just as much as to bituminous concrete. The present system of accepting without question weight slips made out by a contractor's employee is ludicrous in view of past experiences.

On paving jobs it seems a very questionable method of payment to have the furnishing, laying, spreading and finishing of payment based on such weight slips, when it would require less effort and be more easily checkable to pay by yardage measurement.

The Finance Commission offers these observations and suggestions now in the hope that changes in system and practice will be made before the city gets any farther into this year's paving work.

Respectfully submitted,

DAVID LASKER, Chairman,
ROBERT ROBINSON,
JAMES E. MAGUIRE,
JAMES H. FLAHERTY,
The Finance Commission.

Placed on file.

LAND SOLD TO LOEW'S, INC.

President MURRAY called up, under unfinished business, No. 4 on the calendar, viz:

4. Whereas, The Board of Street Commissioners of the City of Boston, by an order approved by his Honor the Mayor of Boston, May 12, 1939, discontinued a portion of the highway named Winchester street, Boston Proper, consisting of ten square feet contiguous to the premises of Loew's, Inc., situated on the southeasterly side of Winchester street, between Lincoln place and Church street; and

Whereas, Loew's, Inc., a corporation organized under the laws of the state of Delaware and having a usual place of business in the city, county and state of New York, is desirous of obtaining the ownership of said ten square feet; and

Whereas, The said ten square feet are no longer needed for public purposes, now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to convey to the said Loew's, Inc., by an instrument in writing, satisfactory in form to the Law Department of the City of Boston, and on the consideration of one dollar (\$1) paid

by the said Loew's, Inc., all the City of Boston's right, title and interest in the said ten square feet discontinued as aforesaid.

On May 15, 1939, the foregoing order was read once and passed, yeas 15, nays 0.

The order was given its second and final reading and passage, yeas 19, nays 0.

INDEFINITE POSTPONEMENT ON CONSTABLES.

Coun. ROSENBERG called up, under unfinished business, No. 1 on the calendar, viz.:

1. Action on appointments submitted by the Mayor April 17, 1939, of Constables authorized to serve civil process upon filing bonds, viz.: John J. Dillon, John A. May, Frederick J. Sarno.

Coun. ROSENBERG—Mr. President, at this time I am going to ask for indefinite postponement of No. 1 on the calendar. I might state that Mr. Dillon's name is on here, and he has passed on since the appointment, that Mr. Sarno has declined to serve as a constable this year, and that Mr. May has shown no interest in the matter of his appointment. Therefore, I move that they be indefinitely postponed. At the same time I would like to call up Nos. 2 and 3 on the calendar.

The question came on the motion to definitely postpone No. 1 on the calendar. The motion was carried.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

Coun. ROSENBERG called up, under unfinished business, Nos. 2 and 3 on the calendar, viz.:

2. Action on appointments submitted by the Mayor May 22, 1939, of Walter J. Stewart and Anthony J. DiStiso, to be Constables authorized to serve civil process upon filing bonds.

3. Action on appointment submitted by the Mayor May 22, 1939, of Eugene L. Murphy, George E. Munn, Waldo Malone, Warren F. Tapley, George W. McFadden, to be Weighers of Coal; and Guy L. Parks, John H. Ratigan, Walter Krockmal, George Hagopian, George Karakanian, to be Weighers of Goods.

The question came on confirmation. Committee, Coun. Irwin and Sullivan. Whole number of ballots 16, yes 16, and the appointments were confirmed.

HALTING OF DEMOLITIONS BY HOUSING AUTHORITY.

Coun. CAREY offered the following:

Ordered, That, in view of the methods of the Boston Housing Authority in taking properties in the Mission Hill area and in other districts of Boston where unfair and unjust appraisals are causing hardship and financial disaster to owners and tenants alike, the remedying of which conditions is apparently under the sole control and domination of the local Housing Authority, and further because the interests of the City of Boston and its taxpayers generally are being adversely affected and because legal redress of these wrongs can be secured only after long delay and expensive trial in court, his Honor the Mayor be requested to intervene with the local Housing Authority and secure from that body the fair consideration and cooperation which, if given, will accomplish the remedies which are necessary under the circumstances, and that his Honor the Mayor be further requested to halt all demolition work either until an impartial board hears the cases or until trial by jury is had.

Coun. CAREY—Mr. President, sympathy is always extended to those who lose their homes in hurricanes, floods and in other disasters, yet there is apparently no pity on the part of the Boston Housing Authority for those whose homes are now being confiscated through the heartless methods of the local Authority. The impression has been given to us by certain members of the local Housing Board that most of those who signed off their property in the areas taken for housing did so willingly, but I say to the members of the local Authority that this is not true. I have personally listened to complaints from property owners in the Mission Hill area and we have all listened to pathetic stories here in this Cradle of Liberty from owners in Charlestown, South Boston, and Ward 9 areas, where projects are to be constructed, and we have heard these owners tell of the pressure and the threats that were used on them in order to get their signatures. What would the average person do if told that unless he signed, the United States Marshal would come into this home, seize his belongings and place them in storage, and put him in the street? Naturally, with fear in his heart and not being financially able to fight the case, he would sign. That procedure is not democratic, and I emphasize that such procedure is not American. Because of the confiscation of these properties at the unbelievably unfair prices that have been paid, many home owners who have otherwise been able to struggle along and retain their little home will be forced to resort to public welfare, yet not one family now on welfare will be permitted to live in these housing projects because of lack of sufficient income. I insist, Mr. President, that when, through no fault of his own, you take a man's home away from him, in justice to him he should be compensated at a price that will justly reimburse

him and that will permit him to rehabilitate himself and his family in another locality. That is the American principle of life, liberty and the pursuit of happiness, and that is the doctrine to which every member of this Body should subscribe. Now is the time for this Council and his Honor the Mayor to demand that fair and full prices be paid. Now is the time while these buildings are standing and when the proceeds from the sales are most needed; now is the time, before it is too late, to accomplish the protection that these property owners are justly entitled to; now is the time for his Honor the Mayor and the members of this Body to put their own loved ones in the predicament that these home owners and tenants are in; now is the time to stop this race with death and destruction; now is the time for the Mayor to step in and to demand that all demolition work be halted until either trial by jury is had, or until an impartial appeal board is given opportunity to fairly and justly appraise these properties.

Coun. WILSON—Mr. President, there is very great merit in what the councilor from Roxbury says, and it is interesting to observe that when Old Harbor Village was taken by the Government for similar purposes the owners of that particular tract of land, which had really been sold for taxes, obtained, if I remember it correctly, 25 per cent over the assessed value, which is substantially more than the poor owners of Charlestown and Roxbury and South Boston are receiving at the present time from the Housing Authority. Of course this Housing Authority is a creature of the Council's own creation, because, although the conduct of some of my colleagues would make the public, perhaps, think that the Housing Authority is within the control of the Federal Government, or within the control of the Mayor, four out of the five members of the Housing Authority are appointed, not by the Mayor with the approval of the Council, not by the Council with the approval of the Mayor, but, according to the strict letter of the law, appointed jointly. Those controlling that Housing Authority are thus appointed jointly by the Mayor and the City Council. So that we have brought the situation—those who have supported this housing authority down through the months—largely down around our own ears.

The order was referred to the Executive Committee.

ACCESS TO RECORDS OF HOUSING AUTHORITY.

Coun. CHASE and WILSON offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to give copies of all records and books of account relative to all housing activities in the City of Boston to the City Auditor.

Coun. CHASE—Mr. President, to my way of thinking, there is no reason why the Boston Housing Authority should not have their books, accounts and records relative to the housing activities in the City of Boston open to the public, open for public examination. Mr. President, I contend that the Boston Housing Authority is nothing but a public institution. It is a creature of this Body and the Mayor, acting jointly, and I feel that inasmuch as this Council has something to do with the appointing of that body and the appropriation of the funds to carry on the activities of that body, we should have at all times those books open for inspection by any member of the Council or any member of the Boston public. I see no good reason why the Boston Housing Authority should not grant this request.

The order was referred to the Executive Committee.

SCHOOL COMMITTEE BUDGET.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor, particularly in view of the financial condition of the city, be requested to advise the City Council what steps he plans to take with reference to the 1939 budget of the School Committee, especially concerning:

1. Continued salaries aggregating in excess of \$60,000 to at least eight executives in the department.
2. Continued use of principals, day school teachers and central office clerks in the Boston evening schools.
3. Automobiles, maintenance cost for same, automobile mileage, and free taxicab service checks included in the transportation item for School Department executives.
4. An apparent annual expense in excess of \$40,000 for the repair and replacement of typewriters.
5. A continual annual expenditure in excess of \$100,000 for drawing and art supplies, an amount even exceeding the total annual expenditure of the School Department for text-books.

Passed under suspension of the rule.

SOLICITATION OF CASES AT CITY HOSPITAL.

Coun. WILSON offered the following:

Ordered, That the Boston Finance Commission and the trustees of the Boston City Hospital, be

requested, through his Honor the Mayor, to advise the City Council as to what, if anything, has been done concerning the reported investigation of active solicitation of legal work by attorneys among accident cases at the City Hospital and undue activity by certain doctors incident thereto.

Coun. WILSON—Mr. President, some months ago we heard that the Boston Finance Commission was making an investigation of outrageous conditions at the Boston City Hospital, whereby, as a result of collusion between certain ambulance chasing lawyers of the City of Boston and some of the medical fraternity and some of the attendants at the Boston City Hospital, it was reported that accident cases were picked up in that institution almost before they had time to draw their breath or come out of the ether. I understand that the Boston Finance Commission made a rather exhaustive investigation. What became of it is what interests me at the present time. The practice undoubtedly existed, and up to a period within the last two months was still going on, and it seems to me that the Board of Directors of the City of Boston and the public generally are entitled to know whether this situation has been officially ironed out, whether it has been winked at, or whether it is to end at some time in the near future.

The order was passed under suspension of the rule.

TAX TITLES ON YOUNG'S HOTEL.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to advise the City Council at once concerning the status of petitions filed in the Land Court as long ago as September 2, 1936, to enforce the tax titles held by the city on the so-called Young's Hotel property, originally covering taxes for the year 1932 in the sum of \$32,826.37, which were disposed of by the city in tax sale held as long ago as August 28, 1934.

Coun. WILSON—Mr. President, when we see the property of home owners in the City of Boston, and little dwelling houses throughout the city on which the taxes have not been paid and on which the necessary two-year period has run, pushed—and quite properly—through the Land Court so that the equity of redemption will be outlawed, even as a member of the bar I very frankly have been unable to understand the apparent reason for the delay in putting the Young's Hotel property through the Land Court in common with that of the little property owner. I don't know what strange power the owner or owners of that old building have, but I bear in mind that it was sold for 1932 taxes way back in 1934, and I bear in mind that it is long over-ripe to have been sent through the Land Court. I know for sure that the rental the city has been paying to house the municipal courts has, through a technicality, in effect been paid from one pocket into the other, reducing the 1933, 1934, 1935 and 1936 taxes. The 1932 taxes, for which the property was sold, have not yet been paid, and neither have the 1938 taxes, nor those of the current year. I don't know why this particular building, with the influence that these gentlemen, or this gentleman has, should be allowed to coast on indefinitely, while over two thousand privately owned properties are pushed through the Land Court. I urge, Mr. President, that it is high time that the situation regarding Young's Hotel—which has never been too fragrant down through the years—be brought right out in the open, in order that the public may know why this situation has existed year after year on that particular property. Is it to be occupied by the various offices of the Municipal Court of Boston, and then perhaps succeeded by some Federal Department, and then succeeded by some other State Department, until the owners of the building, who have not paid taxes on it for over seven years, finally catch up with themselves and get the property back? It is a situation that, frankly, I can't understand, and I think the public is entitled to an explanation.

Coun. CHASE—Mr. President, speaking on the order submitted by Councilor Wilson, I, too, can't understand why the City of Boston should be giving the owners of Young's Hotel preference,—something which the City of Boston positively would not do for some poor unfortunate widow who was back in the payment of her taxes. I can't conceive why such a thing should be allowed. The City of Boston should take that property over and house their municipal departments within its walls. We are paying in the vicinity of \$36,000 a year in rents. The Law Department, alone, on Beacon street, is costing the City of Boston about \$15,000 a year for rent, and it could be housed in that building, rent free, if the City of Boston would only foreclose on the tax title and take the property. It is, I think, about time that it was done, and I think the taxpayers who are forced to pay their taxes on time are very much interested in seeing that something is done.

The order was passed under suspension of the rule.

DEMOLITION OF ATLANTIC AVENUE ELEVATED.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to promptly advise the City Council with reference

to the legal rights, if any, of the City of Boston, through the Building Commissioner or otherwise, to condemn and assure demolition of the Atlantic avenue elevated structure.

Coun. WILSON—Mr. President, this was the order which, by action of the Executive Committee at our last meeting, except for the absence of some of the brethren, was to have been introduced and passed by the City Council. Since that time I understand that there have been conferences with the Mayor, and I have every hope that it is not impossible that the request originally made in the City Council and passed unanimously, that we not pay the Elevated anything at all for this abandoned structure, be complied with, and that at an early date, with an ironing out of the difficulties, we may be in a position to demolish it. But in the meanwhile there certainly is no objection in obtaining this opinion from the Corporation Counsel.

The order was passed under suspension of the rule.

SATURDAY MORNINGS OFF FOR HOSPITAL CLERICAL WORKERS.

Coun. WILSON and KELLY offered the following:

Ordered, That his Honor the Mayor be requested to include clerical workers at the Boston City Hospital in order recently issued permitting a number of Saturday mornings off, during the summer months, for all but necessary skeleton crews.

Passed under suspension of the rule.

MOVING OF FAMILIES FORCED TO EVACUATE.

Coun. WILSON and CHASE offered the following:

Ordered, That his Honor the Mayor be requested to promptly confer with the Boston Housing Authority with reference to an appropriation of money being made available for moving poor families who have recently received notice to vacate dwelling units located in each of the four areas taken by eminent domain proceedings for housing projects.

Coun. WILSON—Mr. President, a year ago February the Council, in my opinion without any legal authority whatever, on the assurance of the Housing Authority and the Mayor that the money would be paid back into the city treasury before the close of the year, appropriated out of the city treasury \$20,000, which, incidentally, has never been returned. After the time came when the Council's approval was not necessary, a transfer added another \$10,000 in November or December to the original \$20,000 for the expenses of the Housing Authority, or a total of \$30,000, and there is now pending before the Executive Committee of the City Council a further request for another \$25,000 for the expenses of the Housing Authority, largely, we are told, for pay roll purposes, bearing in mind that at the central office of the Housing Authority there are some twenty-five to thirty persons on a weekly pay roll of about \$1,500. Very frankly I state again that I question the legality of any such raid on the treasury of the City of Boston. But certainly if that is legal, and certainly if there is any contemplation on the part of any member of the Council to pass that \$25,000 on top of the \$30,000 which has now gone into the discard, apparently, the City of Boston must owe some duty to the poor and the destitute who, practically without warning, on a thirty-day notice, have been ordered out of their dwelling houses in four sections of the city, on the initiative of the Housing Authority, by eminent domain, a power never before exercised by any semi-private corporation—a power greater than the Mayor has, a power greater than the Governor of the Commonwealth has. Five men in a corporation, a private corporation, with power by eminent domain to drive from their homes and besides 6,200 families on thirty days' notice! Now, a lot of those families, we have been told at the hearing which was held in this hall, not only are on the public welfare rolls of the City of Boston, not only are, many of them, being now supported by W. P. A., but they actually literally have not got the price to get out inside of thirty days. If the city government of the City of Boston, in all its philanthropy and generosity for public housing, can illegally find money to meet the pay roll of the Boston Housing Authority to perpetuate this destruction of the financial structure of the city, then we ought to find sufficient money for the poor and destitute of Boston to move them out of those homes that they have got to leave as a matter of law and move to some other location, although anybody who knows the facts knows that 90 per cent of those families are going to be forced to move out of places that are livable into places a lot worse than the homes they have left. And so I urge the adoption of this order, feeling that if there is any legal authority in the city government to step into this situation it certainly owes a superior duty to the poor and the destitute who, indirectly through our action, are being thrown out of their homes—a duty superior to that which we owe, if any, to the Boston Housing Authority.

Coun. CHASE—Mr. President, some six months ago I raised the issue as to what was to happen

to the unfortunates who are compelled to move from these proposed housing sites, and not long ago I introduced an order into the Council similar to the one which Councilor Wilson has put in just now. That was six months ago, and we were led to believe at that time that some action would be taken whereby these poor and needy people who were forced to vacate would be given financial assistance in moving. But nothing has been done in the matter. I think it is a despicable thing, I think it is a miserable thing, that the Housing Authority should go to the extent of moving these people without making proper arrangements, and I think it is only proper that this Body, along with his Honor the Mayor, insist that the Housing Authority make ample provision to move these families.

Coun. GALVIN—Mr. President, about eight or nine months ago I introduced an order into the City Council that each family which resided in any apartment which was about to be demolished should be allowed \$5 for the purpose of moving. We have had no report from the Boston Housing Authority as to whether or not they were going to carry out that purpose, and I believe now that the time is ripe for the members of the Boston City Council to appropriate \$50,000 to the Welfare Department for that particular purpose and then let the Corporation Counsel fight it out with the Boston Housing Authority to see if they can't collect the money. Let us take care of these unfortunate people first and let them fight out the value that is attached to it afterward.

The order was passed under suspension of the rule.

INFORMATION FROM HOUSING AUTHORITY.

Coun. WILSON offered the following:

Ordered, That the Boston Housing Authority, through his Honor the Mayor, be requested to furnish the City Council promptly with the following items of information:

1. How much of the so-called \$15,000 "service charge" was paid to the City of Boston for Old Harbor Village prior to January 1, 1939?

2. How much of the \$30,000 appropriated by the City of Boston for the use of the Boston Housing Authority during 1938 was paid back into the city treasury prior to January 1, 1939?

3. In detail, exactly what disposition was made of the \$30,000 appropriated by the City of Boston for the Boston Housing Authority in 1938?

4. Give a financial statement of the assets and liabilities of the Boston Housing Authority (a) as of December 31, 1938, (b) as of June 1, 1939.

5. Give a schedule of the income and expenses of Old Harbor Village (a) for the period ending December 31, 1938, and showing the net income if any from operations and (b) for the full one-year period commencing May 1, 1938, and showing the net income if any from operations.

6. The excess over assessed valuation which was paid for real estate on which Old Harbor Village was constructed.

7. The total assessed valuation of each of the four locations in Boston recently taken by eminent domain proceedings.

8. The total appraisal valuation fixed by the Boston Housing Authority for each of the four locations in Boston taken by eminent domain proceedings.

9. The total number of dwelling structures (not units) (a) taken by eminent domain proceedings in each of the four locations and (b) the number of such dwelling structures now wholly or in part occupied by owners of the same.

10. The total estimated expense, including purchase price, of location and construction cost of each of the four locations now contemplated incident to recent takings by eminent domain proceedings.

11. The total number of families residing in the 822 dwelling units located in the fourth or Mission Hill area recently taken by eminent domain proceedings.

12. (a) The number of so-called tax title properties located in each of the housing areas and owned by the city as of May 1, 1939, with (b) the assessed value of the total number of tax title properties in each of the four areas.

13. Are the various so-called tax title properties owned by the City of Boston as of May 1, 1939, and which are included in the recent four takings by the Boston Housing Authority (a) to be paid for by the Housing Authority at the assessed valuation, (b) paid for by the Housing Authority at tax title figures or (c) donated by the city wholly or in any part?

14. The number of families in each of the four areas recently taken by eminent domain proceedings (a) now solely dependent for income on payment received from the Public Welfare Department (b) now solely dependent for income on payment received from the W. P. A.

15. The proposed so-called "service charge" planned for each of the four new housing projects now contemplated.

16. The total number of apartments at Old Harbor Village as of May 1, 1939, (a) occupied, (b) vacant.

17. The amount of the present weekly pay roll of officials and employees of the Boston Housing Authority, giving the Central Office and the office at Old Harbor Village separately.

18. The present number of paid officials and employees of the Boston Housing Authority, giving the Central Office and the office at Old Harbor Village separately.

Coun. WILSON—Mr. President, I urge upon your good self and the members of the Council the fairness of that list of questions, an answer to which I would assume among any group of supposed business men, directly or indirectly spending the money of the citizens of Boston, would be essentially necessary before they could justify, each one in his own mind, voting for either one of two orders now pending before the Council. One order, now pending before the Council, is whether to authorize the entering into new co-operation agreements involving more than twenty-seven million dollars; and the second order pending before us is an order to take from the city treasury \$25,000 for the operating expenses of this private corporation. I would assume that any member of the City Council, before voting on either one of those two measures, would need some information for the future, drawn from the experiences and the figures of the past. I would assume, for example, that any member of this Body, before voting for the \$25,000,—assuming that such a vote was legal, which I do not believe it is,—would want to know what was done with the \$30,000 in 1938. But most especially I would expect that before the City Council encouraged or made possible the expenditure of more than twenty-seven million dollars on housing in this city, they would want to know what the expense of the four housing projects just taken by eminent domain was. They would want to know, after those four projects are completed, what remains of the twenty-seven million dollars, before there is an authorization for further money. Very frankly, I can't visualize any member of this Council voting on either of those two measures and daring to stand for re-election, daring to meet any constituents this year without being able to explain the disposition of the \$30,000, without knowing what the four new projects would cost, without knowing how much leeway, if any, there is in the present twenty-seven million dollars. Now, with reference to some of the other inquiries, for some strange reason it seems almost impossible to get any tangible or detailed information from the publicity department of the Boston Housing Authority, except such information as they feel may draw tears from the eyes of the public. They not only do not advance the information but they are very slow to give the information when it is requested. There is not a private corporation in the whole Commonwealth of Massachusetts but which, five months after the close of the calendar year 1938, under the law is required to file in the office of the Commissioner of Corporations a certificate of condition showing its assets and its liabilities at the close of the year, and yet the chairman of the Boston Housing Authority—for whom personally I have every regard—really had the audacity about two weeks ago to tell the directors of the City of Boston that the Boston Housing Authority, appointed by the Mayor and the Council, in charge of these millions of dollars, and with the right to put thousands of people out of their homes by eminent domain, had no real, detailed idea as to the results of operating Old Harbor Village for the calendar year ending five months before. Anywhere but in this Body, anywhere but in Boston, Mr. President, that statement would sound ridiculous. And yet there are these two orders pending before us, one to increase the money above twenty-seven million dollars, the estimate spent for housing in Boston; the other for \$25,000 for operating expenses of the Housing Authority, and the Authority that asks us to pass the vote, five months after the close of the calendar year, can't give us any facts or figures on the operation of the six and a half million dollar project that they have been operating since May 1, 1938. I repeat, Mr. President, that any vote by any member of this Council on either of those two measures until we get some tangible information from the Housing Authority will make every man in this room who votes in favor of either one of those two measures look as ridiculous as a dwarf two inches high.

The order was passed under suspension of the rule.

FINANCE COMMISSION REPORT RE ELEVATED FAVORED.

Coun. TAYLOR offered the following:

Resolved, That the City Council of Boston hereby records itself in favor of the report pertaining to the Boston Elevated Railway Company, which was submitted to this Body today by the Boston Finance Commission.

Coun. TAYLOR—Mr. President, it is about time that something definite and concrete should be done pertaining to the millstone which has been tied around the necks of the taxpayers of the City of Boston for many years. Year after year the taxpayers of the City of Boston have been compelled to contribute generously towards

the huge deficit of the Boston Elevated Railway Company. I cannot understand why this company should have mounting deficits annually, when other railway companies in the country are able to run at a profit or at least not with such a great deficit. Is it because the stockholders of this great corporation are guaranteed by a contract with the State for annual dividends, that this concern must be run at a loss every year which loss must be paid by the citizens. If the Boston Elevated Railway Company were run by its own stockholders without any guarantee, do you think that there would be any such deficit? There is no question in my mind that the rolling stock of the Boston Elevated Railway Company is one of the finest, if not the finest of any railway company in the United States. Is it possible that they have in back of their minds that at some future date the Boston Elevated Railway Company will revert back to its stockholders and at that time it will receive a company with the best rolling stock and with tremendous assets paid for at the expense of taxpayers of the City of Boston? There must be some legitimate reason why the deficit is so great. When we take into consideration that the fare of 10 cents charged by this company is one of the greatest charged by any railway company, it is impossible to understand why this deficit should be so large and the only reasonable conclusion that can be arrived at is that there must be some mismanagement either by unreasonable overhead expense, which undoubtedly includes excessive salaries or the purchase of new equipment which is unnecessary, or the unreasonable charge of depreciation and obsolescence on the books annually. The Boston Elevated Railway Company will not cooperate with the trustees of the Boston Elevated Railway Company or the citizens of Boston. We have now on Atlantic avenue a structure which is in disuse because of an act of the Boston Elevated Railway Company Trustees, but which the stockholders have objected to and will not abandon because under their terms of the contract with the State, if they do abandon it it will be necessary for the citizens of Boston to pay them what they call the fair value of this useless structure. This structure is a barnacle on the ship of progress of Boston. If it were to be torn down Atlantic avenue undoubtedly would make a beautiful highway in the City of Boston, alleviating considerable traffic congestion in the City of Boston. It would be a great boon to real estate in that vicinity and would undoubtedly attract much building and many business men to that vicinity. I think the suggestion as reported by the Finance Commission should be approved and that we should indorse any action on their part to investigate into the finances of the Boston Elevated Railway Company to determine whether or not citizens of Boston are contributing to the welfare of wealthy stockholders, many of whom are always ready to shriek "Economy" and who are the first to suggest that city employees' salaries should be cut, when at the same time they are putting into their pockets undeserved dividends on their stock, paid by the taxpayers of the City of Boston. I ask the passage of this resolve.

Coun. IRWIN—Mr. President, I do not think that at this time this Body should go on record as favoring the spending of \$10,000 more of the taxpayers' money, appropriated to the Finance Commission to hire special investigators, special clerical service, in an investigation of the assets of the Boston Elevated. I think this would be doing a job that has already been started by the State. Governor Saltonstall requested, in a special message to the Legislature, \$39,000, or somewhere about that sum, to be given to the Department of Public Utilities for this same investigation. This bill was defeated, but a substitute bill is up before the Legislature at the present time, creating a special commission to study the assets and liabilities and the workings of the Boston Elevated. I think the Finance Commission, if the bill is passed, will obtain whatever information they desire at the cost of the State and we should not do a double job by putting \$10,000 more on the citizens of Boston. I think that, pending the outcome of that bill, this matter should lie on the table.

Coun. McMAHON—Mr. President, I ask that it be referred to the Executive Committee.

The resolution was referred to the Executive Committee.

PROHIBITION OF AUTOS FROM FRANKLIN PARK.

Coun. ENGLERT offered the following:
Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to place signs at Franklin Park prohibiting automobiles from entering the park, and thereby eliminate the possibility of accidents and injury to women and small children walking through the park.
Passed under suspension of the rule.

USE OF BREWSTER SCHOOL.

Coun. ROSENBERG offered the following:
Ordered, That the Superintendent of Public Buildings and the Boston School Committee be requested, through his Honor the Mayor, to consider the advisability of transferring the abandoned Brewster School, located on Morton

and Norfolk streets, to the Public Buildings Department, and that same be turned into a local recreational building for the use of the citizens of the community.

Coun. ROSENBERG—Mr. President, located at the corner of Morton street and Norfolk street is a large wooden schoolhouse structure that has been abandoned by the school authorities. There has been a great demand in the district for recreational facilities, for a building where the children and the youngsters might be kept off the street and given some useful training in order to curb the so-called child delinquency which occurs in certain sections of the district. This building is ideally located as a center, and if we can get the school authorities to transfer the building to the Public Buildings Department it can be used for the great benefit of the people of that district. I move the passage of the order.

The order was passed under suspension of the rule.

EXTENSION OF BUS LINE TO CARSON BEACH.

Coun. ROSENBERG offered the following:
Ordered, That the Board of Trustees of the Boston Elevated be requested, through his Honor the Mayor, to extend the route of the bus line which is operated during the summer months from Franklin Park Station to Carson Beach so that it will run from the junction of Morton street and Blue Hill avenue to Franklin Park Station and then over the usual route, on a five-cent fare.
Passed under suspension of the rule.

FENCE ON FRANKLIN FIELD.

Coun. ROSENBERG offered the following:
Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to erect a fence or some other ornamental decoration on Franklin Field adjoining the baseball grandstand in order that the view of the cemetery might be eliminated.
Passed under suspension of the rule.

ARC LIGHT, WARD 15.

Coun. KELLY offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install an arc light at the corner of Bodwell street and Baker avenue, Ward 15.
Passed under suspension of the rule.

SIDEWALKS, WARD 19.

Coun. LANGAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install sidewalks on Chestnut avenue, both sides, from Green street to Forbes street, Ward 19, under the W. P. A. plan of construction.
Passed under suspension of the rule.

RESURFACING OF BROOKDALE STREET.

Coun. LANGAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth pavement Brookdale street, Ward 19, under the W. P. A. plan of construction.
Passed under suspension of the rule.

TRAFFIC LIGHTS, WARD 19.

Coun. LANGAN offered the following:
Ordered, That the Traffic Commission, through his Honor the Mayor, be requested to install traffic lights on the following locations in Ward 19: On Centre street, in front of the Faulkner Hospital; on Centre street, at Louder's lane.
Passed under suspension of the rule.

WARREN SQUARE, WARD 19

Coun. LANGAN offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept Warren square, Ward 19, as a public highway under the W. P. A. plan of construction.
Passed under suspension of the rule.

UNDERPASS, PARSONS STREET.

Coun. SULLIVAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to arrange a W. P. A. project for the construction of a pedestrian underpass at Parsons street, Ward 22, abutting the present motor traffic underpass under the Boston & Albany tracks.
Passed under suspension of the rule.

SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of June.
Report accepted; said order passed.

USE OF BOWDOIN SCHOOL YARD.

Coun. FITZGERALD and SHATTUCK offered the following:
Ordered, That the School Committee be requested, through his Honor the Mayor, to consider the advisability of keeping the yard of the Bowdoin School on Myrtle street open after school hours and during the summer vacation period as a playground for the young children of the district.
Passed under suspension of the rule.

SHUTTLE LINE, NORTH-SOUTH STATIONS.

Coun. FITZGERALD offered the following:
Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to consider the advisability of operating a shuttle line between the North and South Stations during the summer months, the schedule for same to be so arranged that the trains will connect with outgoing and incoming boats of the Nantasket Steamship Line at Rowe's Wharf.
Passed under suspension of the rule.

WARD 13 IMPROVEMENTS.

Coun. HUTCHINSON offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface the following streets in Ward 13, under the W. P. A. plan of construction: Woodward Park street, Ingleside street.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Letterfine terrace, Ward 13, as a public highway, under the W. P. A. plan of construction.
Severally passed under suspension of the rule.

RESURFACING OF ASHLAND STREET.

Coun. FITZGERALD offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, Ashland street, Ward 3, under the W. P. A. type of construction.
Passed under suspension of the rule.

RECESS.

The Council voted at 3.27 p. m., on motion of Coun. AGNEW, to take a recess subject to the call of the Chair. The Council reassembled and were called to order by President MURRAY at 4.13 p. m.

OFFENSIVE MAGAZINES.

Coun. AGNEW offered the following:
Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to investigate the circulation and sale of various magazines in the city which are offensive in their contents and destructive to the morals of both children and adults.

Coun. AGNEW—Mr. President, at the present time, in my opinion, illustrating the lack of efficiency shown so far as investigation and observance is concerned throughout the city in various places, certain magazines are on sale today that should be barred from any worthwhile, decent newsstand. It certainly tends to create in the minds of the young in our city as well as the adults who seek out that sort of literature, anything but what is a help to the children of our city. I believe that the Police Commissioner could, through the officers of the various stations in the various sections of the city where it is happening, have those police observe on the stands the various magazines that are being sold and prohibit, or do something to prohibit, the importation of those magazines into the city and putting them on sale. It would certainly help so far as our youth are concerned, and it would certainly deter older people from seeking that kind of literature.
The order was passed under suspension of the rule.

IMPROVEMENT OF SUMMER STREET.

Coun. LYONS offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install W. P. A. sidewalks on both sides of the accepted portion of Summer street, Ward 20.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor,

to accept and lay out Summer street, Ward 20, as a public highway, under the W. P. A. plan of construction.

Severally passed under suspension of the rule.

PUBLIC HEARINGS ON FEDERAL HOUSING.

On motion of Coun. GALVIN the Council took up No. 5 on the calendar, viz.:

5. Ordered, That the Executive Committee of the City Council hold public hearings in each ward of Boston to determine the sentiment of the people of each ward in connection with further Federal housing in Boston.

Coun. GALVIN—Mr. President, in the last minutes of our last meeting I introduced an order before this Body to bring to each ward in the city an executive session of the City Council, in order that we might get the true sentiment of the people in each and every ward of the city. We had a public hearing here last week relative to the Federal Housing, and I found from my district that there were only approximately fifteen people here in protest on the housing. There are approximately thirty thousand residents in Charlestown, and I believe that the people of Charlestown, like all other districts of Boston, would like to be able to attend night meetings of the Boston City Council in their respective districts.

Coun. WILSON—Mr. President, with reference to the proposed order for a hearing in each ward—an evening hearing, as I gather, in each of the twenty-two wards of the city of Boston—I am, of course, in favor of permitting the residents and the taxpayers of the City of Boston to express their desires on an important matter which may mean the financial bankruptcy of the city, and which, if plans are carried out, will, of course, mean the removal of not less than thirty-five thousand self-supporting families from privately owned property to housing projects. It was for that reason that I introduced an order that his Honor the Mayor be requested at this year's City Election to provide that there should be a plebiscite on the city ballot this year, which would entail no additional expense, but could be effected on an election day now not many months removed. I, of course, bear in mind that in the referendum held last November in Wards 12, 18, 19 and 20, the vote was 14,170 for housing and 30,685 against. I, of course, bear in mind that at the public hearing which we held in this hall last week the vote in effect, so far as the extension of housing was concerned, was 136 against housing—and I have the cards here—and 89 in favor of an extension of housing, and out of the 89 votes in favor of an extension of the housing 29 votes, or almost exactly one third, were votes of persons now living at Old Harbor Village. So I know that, so far as this Council has ever had any information on the subject, the people of Boston are obviously at least two to one against these votes that we have been persistently passing. It seems to me, however, that a proper way of ascertaining the real public sentiment is to place it on the ballot. However, preceding a possible plebiscite—and I shall ask that the order in reference to the plebiscite be taken from the table today—I would like to inquire what suggestions the gentleman would make with reference to the locations where these hearings will be held. I mean, who is going to provide the lights and the expenses and the hall?

Coun. GALVIN—Mr. President, I believe the proper place to have these public hearings is in the high school in each ward in Boston, and the expense of engaging the high school is only approximately \$8 a night.

Coun. WILSON—Mr. President, do I understand that we have money available, or authority to make money available? I am only too delighted, if the gavel holds out, to preside at any or all of these meetings, but I would like to have somebody provide the facilities. As chairman of the committee, I should be very glad indeed, if given the resources, to have the first hearing in Charlestown.

Coun. GALVIN—Mr. President, in answer to the counselor from Dorchester, I believe that the money would come from the same fund from which we take the money to hire Faneuil Hall here for our weekly meetings.

Coun. TAYLOR—Mr. President, I move that the order be laid on the table.

The question came on Coun. Taylor's motion to lay the order on the table. The motion was declared carried.

Coun. AGNEW doubted the vote and asked for the yeas and nays. The roll was called and the motion was lost, yeas 7, nays 11:

Yeas—Coun. Carey, Chase, Englert, Fitzgerald, Hutchinson, Shattuck, Taylor—7.

Nays—Coun. Agnew, Fish, Galvin, Irwin, Kelly, Langan, Lyons, McMahon, Murray, Rosenberg, Wilson—11.

The question came on the passage of the order.

Coun. CHASE—Mr. President, I might say at the outset, if the Executive Committee of the Boston City Council was to hold a meeting in every ward of the city it would be ridiculous. You would not be able to get a true sentiment of the people. I believe that the majority of the people who would attend these ward meetings would be the radical members of the citizenry of Boston. You would have certain labor organiza-

tions going from ward to ward; you would have the reds going from ward to ward; you would have all the radicals in the city, who do not live in the individual wards, going there voicing their expression, raising unnecessary noises and disturbance in these meetings. There is only one fair way to get at the sentiment of the people of Boston, and that is to put the question on the ballot. Let the citizenry vote the democratic way. Don't be swept by the reds and radicals who go from ward to ward and bluff the people, the way they have done in the past, and the way they have connived to do in the future. I think the Council is doing a most foolish thing. You are playing into the hands of the reds. You should call the bluff of the reds and put the question on the ballot. Let the citizens of Boston express their opinion. Let the people have the question on the ballot where it belongs; let us not intercede.

Coun. IRWIN—Mr. President, I am very much surprised at the previous speaker, who has delayed the budget from coming before this Honorable Body due to little petty items, \$50 or \$100, the reason being given that it is for the sake of economy in the interest of the taxpayers, while on the other hand he would favor a plebiscite throughout this city that would cost thousands of dollars. I cannot understand that action of his and his attitude on this matter.

Coun. ROSENBERG—Mr. President and members of the Council I believe that a meeting of the Executive Committee in the various sections of Boston would be very helpful in getting the sentiment of the people living in those immediate sections. I believe that the primary purpose of this order would be to have the Executive Committee go into the various districts, and go into them at a time when the residents of the district would give a true expression of their sentiment. We know that when public meetings have been held here in Faneuil Hall only those who perhaps have leisure time, those who are connected with certain industry, have the opportunity of coming into such public hearings at Faneuil Hall during the day time. By having a public hearing in the evening, all the people who are interested, the real estate owners, the residents and the business people, will have an opportunity of coming in and having their voices heard in their respective communities, and I believe by that expression we will be able to get the true sentiment of the respective districts. It is not for the purpose of rabble-raising; it is for the purpose of getting the sentiment of the people in the respective districts. What of it if labor leaders come in or if real estate owners come in from various other sections? If they are interested in the district, resident in the immediate vicinity, those are the people that I believe the Executive Committee will listen to. In other words, when we have a public meeting here in Faneuil Hall we listen to the representatives from all over the city, but in the local districts we can restrict the hearings to the residents of the immediate district and to the taxpayers of those vicinities.

Coun. CHASE—Mr. President, in answer to the remarks from the counselor from East Boston (Coun. Irwin) I would say that the question before us has no bearing on the budget. I am surprised that he brings that issue into the question. I assure the gentlemen here that when the proper time comes for me to present the budget I will present it with recommendations for sizable reductions, and I hope the members of the Council will support those recommendations as they will mean a sizable cut in the tax rate. Now, in answer to what the other counselor says, may I say that if two thousand people come from the Blue Hill avenue section into my district because the people in that area are interested in housing, and jam themselves into a high school building that has a seating capacity of eight or nine hundred, clearly that will not help us, and that is a situation that may exist in my district or any other district. There are over 14,000 voters in my district, Mr. President.

Coun. ROSENBERG—Mr. President—
Coun. CHASE—Mr. President, there is not a schoolhouse there large enough.

Coun. ROSENBERG—Mr. President, will the counselor yield to a question?

Coun. CHASE—I do not yield.

President MURRAY—The counselor does not yield.

Coun. CHASE—There is not a building, Mr. President, in any ward in the city which is large enough to seat the entire voting citizenry of that ward. This is a ridiculous proposition. I am surprised that there is even one man in this Body who will support such a foolish, ridiculous idea as to vote public hearings in each ward, when you can get a true and accurate expression of the citizens of Boston on the ballot. Now, Mr. President, we have many questions on the ballot here. We have the question as to whether or not the Mayor of Boston shall be allowed to succeed himself. We have other questions. Why should not this question be put on the ballot so that every voter will not be placed at any inconvenience, that every voter will have ample opportunity to vote the way his honest conscience dictates? I say that if the Council adopts this order you will be defeating the purpose of democracy, you will be playing into the hands of the radicals and of red Russia.

Coun. AGNEW—Mr. President, did not the last speaker introduce an order pertaining to public hearings on housing at the last meeting?

President MURRAY—The Chair rules that No. 5 is what the gentleman called up.

Coun. AGNEW—That is not what I referred to, Mr. President. At the last meeting of the Council did not Councilor Chase introduce an order for public hearings?

Coun. CHASE—Mr. President, I shall be very glad to answer the man in charge of fish at the State House on that question. Yes, I introduced an order. I asked for a public hearing in Faneuil Hall to get at the sentiment of the people. But why did I ask for the hearing? For the same reason that the members of this Body so acted in regard to accepting the \$17,000,000 proposition, the same as they acted in regard to accepting the \$10,000,000 plan whereby Boston was to spend \$191,000,000. That is why I asked for a hearing, to get the immediate sentiment of the people, and I say it had that result, Mr. President. And if the man from the State House, who is so interested in fishing, were here a little more often, he would not have to ask that question. He would not think of asking that question.

Coun. TAYLOR—Mr. President, when this question of public hearing came up last week, I judged by the enthusiasm displayed by the councilor from the Back Bay (Coun. Chase) and the councilor from Dorchester—

Coun. WILSON—Which one?

Coun. TAYLOR—The councilor from Ward 17 (Coun. Wilson) that this hall would be filled to such an extent that the people would be way down to Commercial street and that we would have to use loud speakers in order that they might hear what was going on in this fine old edifice. Well, we got down here, and the chairman took a poll, and we found that there were 136 people in the entire City of Boston who were so interested against housing that they came down here to express their sentiment. One hundred and thirty-six people in Boston that were against housing. The City Council is making itself look ridiculous with these public hearings. It made itself look ridiculous at what I would call an inglorious demonstration that took place in this building. It was a disgrace to the City Council. And I do not believe that the public hearings will benefit us one iota, because the people are not interested. Those selfish people who have real estate, apartment houses from which they derive their income, are the only ones interested, and I don't think this Council ought to place itself on record as far as the public is concerned, as having gone far enough in these housing hearings, because the public of Boston did not show enough interest then to indicate that they were really interested. I think we ought to do away with all this public hearing business.

Coun. SHATTUCK—Mr. President, this is probably as important a question as we have had in the Council for a number of years. On many questions that are not as important we consult the voters by a referendum. That is the only way we can get the real sentiment of the people, and that gives every person an opportunity to voice his opinion. I believe that is the way we should handle this question.

Coun. AGNEW—Mr. President, I see no reason why, if the councilor from the Back Bay (Coun. Chase) saw fit to put in an order a couple of weeks ago asking for a public hearing in a certain district of Boston, he should now object to an order being put in by a councilor to have hearings in every section of Boston. What is the difference? Is there a choice in the sections of Boston where these hearings should be held, or is there some purpose or ulterior motive that causes it to be requested so far as one particular section is concerned? What is the difference? Let us go all over the city, and find out the sentiment of the people through these hearings. Instead of picking out one choice spot we can find out from all over Boston, and in my opinion Councilor Galvin's order is perfectly in order. With my experience at the State House, my intelligence leads me to believe that that is the proper thing to do. Probably some of my adversaries here, if they should reach the height of being in the State House, would have better judgment also.

Coun. FITZGERALD moved the previous question which prevailed.

The question came on the passage of No. 5 on the calendar. The roll was called and the order was passed, yeas 14, nays 4:

Yeas—Coun. Agnew, Carey, Englert, Fish, Galvin, Hutchinson, Irwin, Kelly, Langan, Lyons, McMahon, Murray, Rosenberg, Wilson—14.

Nays—Chase, Fitzgerald, Shattuck, Taylor—4.

Later in the session Coun. CHASE said:

Mr. President, I now move that the Council reconsider the vote on Councilor Galvin's order for public hearings in each of the twenty-two wards. If my motion for reconsideration prevails I shall then move to amend his order so that the order will read that only actual residents in each ward shall be able to attend these ward meetings.

The question came on reconsideration. Reconsideration was refused.

Coun. CHASE—Mr. President, I understand that this Body wants to go on record as making it possible—

President MURRAY—The counselor is out of order.

MOVING OF FAMILIES EJECTED BY HOUSING PROJECTS.

Coun. GALVIN offered the following:
Ordered, That his Honor the Mayor be requested to immediately establish an emergency

fund of fifty thousand dollars, to be expended under the jurisdiction of the Public Welfare Department, for the purpose of moving families ejected from the housing areas; and be it further

Ordered, That the Corporation Counsel be instructed to take steps to have the City of Boston reimbursed by the Boston Housing Authority for the amount of the fifty thousand dollars expended for the purpose stipulated.

Referred to Executive Committee.

LEAVE OF ABSENCE TO SPANISH WAR VETERANS.

Coun. GALVIN offered the following:

Ordered, That the members of the Spanish War Veterans Camp who are employees of the City of Boston be granted leave of absence on June 9, 10 and 11, without loss of pay, to attend the annual convention of the order at Brockton.

Passed under suspension of the rule.

PLEBISCITE ON HOUSING PROJECTS.

Coun. WILSON called up No. 7 on the calendar, viz.:

7. Ordered, That his Honor the Mayor be requested at this year's city election to provide for a plebiscite or referendum which will permit the voters of Boston to express their approval or disapproval of either the extension of Federal low rent housing in Boston or carrying out the proposed ten-year plan which the Housing Authority has informed the Council will finally house no less than 35,000 Boston families following an expenditure of \$191,000,000.

Coun. WILSON—Mr. President, with reference to this particular order, I do not assume it would require any great degree of explanation, since a very decided majority of the Council has vigorously voted in favor of a public hearing in the wards, and if you have a public hearing in every one of the twenty-two wards in the city I would assume that all who voted in favor of such a hearing, and also those who thought that the proper way to do it was by a plebiscite, would unite in a unanimous vote in favor of this order which requests the Mayor to provide for a plebiscite or a referendum which would permit the voters of Boston officially, in a democratic manner, when in the voting booth in each precinct in the city next November, officially express their preference on the question of housing. While it may be that these public hearings in the various wards of the city may get out some public thought and ideas on the subject, as at the hearing in Faneuil Hall there will probably be cheering sections present from Old Harbor Village and the office of the Housing Authority. I feel that the best way to ascertain the wishes of the voters is in the usual way provided in a democracy, as has been said, namely, by a plebiscite, one of which has already been provided for, as I understand it, in the city of Cambridge. As a matter of fact, despite what one of the councilors said, it will involve a very small additional expense, probably not amounting to \$100. The ballot for the City Election will be printed and there will be a referendum on the ballot whether the Mayor of Boston should be permitted to succeed himself or not, and then somewhere else on the ballot a few lines would be printed at very slight additional cost, probably for the ink only, on the question of the possible extension of public housing in Boston. I would like to ask that these be put on the record concerning the vote on this measure the editorial which appeared in the Boston evening *Traveler* of Thursday, May 18, 1939.

The editorial referred to is as follows:

"HIGH-HANDED SLUM CLEARANCE."

Slum clearance does not clear slums. Right here in Boston we have a great Federal apartment structure built on vacant land. The slum clearance plan calls for a ten-year program of \$150,000,000 for Boston alone. Some of it may actually be slum clearance, but there is great doubt that persons living in slums can afford to occupy slum clearance apartments.

The entire slum clearance program is an extravagant experiment, the cost of which must be borne in considerable degree by persons who are forced to live in less desirable quarters in order to build and maintain superior living quarters for the privileged few.

The Cambridge City Council had the good sense to ask that a vote be taken throughout the city on the question of accepting housing projects in that city for which the Federal Government had allotted \$4,500,000.

The Boston City Council, on the other hand, has less confidence in the wisdom of its people. When Councilor Wilson asked for a city-wide plebiscite to determine the sentiment of the people of Boston toward the \$150,000,000 housing program, the City Council tabled the measure.

Various arguments are advanced in favor of slum clearance. One is the false claim that slum clearance clears slums. A fear is expressed frequently that if we do not take the Federal grants, the money will go elsewhere. Yet if we do take the Federal grants, the city then loses a considerable income from taxes and is called upon to maintain various city services for the slum clearance structures.

What is the Boston City Council afraid of? Does it fear that the people would vote against the slum clearance program?

Coun. TAYLOR—Mr. President, in my opinion the City Council or the Mayor of Boston has no right to place upon the ballot any such question. We have no such power under our charter. That power lies in the State Legislature, and every referendum that we have had on our ballot, as far as the City of Boston is concerned, came from the State Legislature. This is a useless and idle gesture. In my opinion it is only done for the purpose of delay. I certainly believe that as long as we are going to have these public hearings in these various communities throughout the city that that ought to be sufficient, because we have no right to order a plebiscite, and in my opinion we will get nowhere with it.

President MURRAY—It is only a request of the Mayor, councilor.

The question came on the passage of the order.

The Chair was in doubt and the roll was called and the order passed, yeas 15, nays 3:

Yeas—Coun. Carey, Chase, Englert, Fish, Fitzgerald, Galvin, Hutchinson, Irwin, Kelly, Langan, Lyons, Murray, Rosenberg, Shattuck, Wilson—15.

Nays—Coun. Agnew, McMahon, Taylor—3.

RESOLUTION INDEFINITELY POSTPONED.

Coun. FITZGERALD called up No. 6 on the calendar, viz.:

6. Resolved, That the Boston City Council in session assembled go on record as favoring Senate Bill No. 5 for the repeal of Plan E and Proportionate Representation as embodied therein.

On motion of Coun. FITZGERALD the resolution was indefinitely postponed.

EXECUTIVE COMMITTEE REPORTS.

Coun. WILSON, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Stutz-Ruby Dancing School, Peabody Playhouse, June 7; Kathryn I. Brymer, Y. W. C. A. Auditorium, June 15; Martha Beegelman, Recital Hall, June 4; Stanley E. Brown, Jordan Hall, June 6; Marian Fisher, Music Hall, June 9; James A. Ecker, Majestic Theatre, May 24; Alice M. Astle, Whitton Hall, May 24; Lavinia A. Hogan, Jordan Hall, June 9; Mary E. Ring, Brightelmstone Hall, June 15; Esther Lyons, Jeremiah Burke Hall, June 12—recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

2. Report on order (referred May 22) that bill be drafted to authorize city to conduct monthly lottery, proceeds to be turned over to Public Welfare Department for relief purposes—that same ought not to pass.

The report was accepted and the question came on the passage of the order.

Coun. HUTCHINSON—Mr. President, here was a suggestion which would probably relieve the taxpayers of the City of Boston to the extent of six or seven million dollars a year. It would pay for the entire welfare cost of the city, it would decrease the burden which is on the taxpayers today, which we all want to do; it would eliminate a lot of the illegal number pool rackets; it would stop money flowing to foreign countries and make that money come into the treasury of the City of Boston for the good of the taxpayers. I do not see why some of the members of the Council are against a lottery when it would help the taxpayers, particularly when Harvard College was started by a lottery, and, as I understand it, this building was built by a lottery. It certainly would be a great aid to the city if we could run this lottery to help the taxpayers.

Coun. ROSENBERG—Mr. President, I might state with reference to the lottery, it is not so much a question of how much money it would bring to the city to help the taxpayers, but, as I understand, it is illegal to run a lottery in this country, it is illegal to run a lottery in the State of Massachusetts. I believe the State Legislature has been for years attempting to secure a lottery for the express purpose of alleviating the burden on the taxpayers of our Commonwealth, and that matter has not been able to pass the Legislature. I think by passing this order we would only be making an empty gesture. I therefore feel, although we might run the lottery if it was legalized, still we do not seem to be able to get the State Legislature to allow such action and therefore I want to merely state my point of view on the question.

The order was rejected.

3. Report on order (referred today) asking the Mayor to intervene with Housing Authority to accomplish necessary remedies and to halt all demolition work—that same ought to pass.

Report accepted; said order passed.

4. Report on petition (referred today) that license of Hart Bus Lines, Inc., be reissued in name of Sausg Transit Company—that permit be granted.

Report accepted; said permit granted.

5. Report on order (referred today) that Boston Housing Authority give copies of records and books of account relative to housing activities to City Auditor—that same ought to pass.

Report accepted; said order passed.

ONLY RESIDENTS TO SPEAK AT WARD HEARINGS ON HOUSING PROJECTS.

Coun. CHASE offered the following:

Ordered, That the City Council restrict the attendance of all speakers at the ward hearings on Federal Housing to be actual residents of the districts in which the hearings are to take place.

Coun. CHASE—Mr. President, I think that this Council is making a ridiculous showing this afternoon if they approve at these proposed ward hearings of allowing people from Dorchester to come into the Back Bay area and pack the hall where the hearing is to take place and to thus fool the citizenry of Boston at that particular hearing, the people in that section, all because of the overwhelming sentiment of the people from Dorchester. I say, Mr. President, that that is what will happen. I say, Mr. President, that these hearings should be restricted in attendance to only the actual residents of each ward. Mr. President, the City Council has been made ridiculous on occasions, and I predict, Mr. President, that this City Council will go down in the records of the history of Boston as being the most ridiculous body that ever served the city. You are endeavoring to fool the people. You have fooled the people before, and I say that the people in each ward will absolutely overwhelmingly defeat each and every member of this Body who refuses to allow the people of Boston to express their honest opinion. And I say, Mr. President, the only way that expression may be registered is through a plebiscite, through a vote. And, Mr. President, I say—

Coun. IRWIN—Mr. President, a point of information.

President MURRAY—Councilor Irwin rises for a point of information.

Coun. IRWIN—Mr. President, I believe that the laws that govern this Body say that if a member insults a fellow member, he should be made to apologize. I therefore ask that the rule be enforced.

President MURRAY—The Chair will state that it has heard no insult. I will also state that the Chair will rule this order out of order.

Coun. AGNEW—Mr. President, may I answer by saying that the councilor from Ward 4 has his own worries about getting back here for the second time.

President MURRAY—The gentleman is out of order.

COUNCILOR WILSON'S ANNOUNCEMENT OF WARD HEARINGS.

Coun. WILSON—Mr. President, as chairman of the Executive Committee, in order that it may be very apparent that we desire always to give service, I would like to make two announcements for the purpose of the record. The chairman of the Executive Committee would be very glad to call the first meeting of the Executive Committee on this question in the local wards in the ward of the councilor who presented the order, namely, the councilor from Charlestown, preferably on either Thursday or Saturday of this week, if he will make arrangements. I might state further that Councilor Kelly of Ward 15 desires the people of his ward to have an early hearing, and if he can make the arrangements the hearing in Ward 15 by the Executive Committee will be held on Thursday evening, June 15. At that time, I would state in advance, the Chair will rule, when the time comes, that since the purpose of these ward hearings is supposedly to ascertain local sentiment in each ward of the city with reference to public housing, at the meeting held in each of the wards of the city the Chair will rule, subject to being overruled by a vote of the Executive Committee, that those persons who will be allowed to address the Chair and speak at any one of those meetings in any ward must be residents or property owners in the ward where the hearing is held.

Coun. GALVIN—Mr. President, I believe that Councilor Wilson, being chairman of the Executive Committee, should designate the attaches of the City Council to make proper and suitable arrangement with the Schoolhouse Department to obtain various halls for those meetings. I further believe, although I am not positive, that when a public building is to be engaged for some sort of a public meeting, it has to be advertised in the newspapers. I am not positive, but I believe I have seen them advertised. I will gladly have the meeting in Charlestown tomorrow night or any night that the chairman sees fit, but I believe that the chairman of the Executive Committee should make the arrangements with the attaches of the City Council who—

President MURRAY—The Chair will state that these are not proper matters for discussion on the floor of the Council meeting and that the arrangements can be made at the Executive Committee meeting.

Coun. WILSON—Mr. President, the chairman of the committee desires to accommodate the councilor from Charlestown. Councilor Kelly thought that Thursday, the 15th, would be a good night, and I simply suggested Thursday, the 8th, in Charlestown, to give Charlestown the first hearing, or Saturday the 10th. That was the only purpose in mentioning dates.

Adjourned at 4.56 p. m., on motion of Coun. IRWIN, to meet on Monday, June 12, 1939.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

PUBLIC WELFARE DISTRICT SUPERVISOR,
DEPARTMENT OF PUBLIC WELFARE,
JULY 7, 1939.

Last date for filing applications, Friday, June 23, 1939, at 5 p. m.

Salary: The minimum salary is \$2,940 a year; the maximum salary is \$3,480 a year.

Duties: Under the direction of the Commissioner of Public Welfare and the immediate supervision of the Chief Supervisor of Social Service, to supervise the administration of public assistance in the municipalities in an assigned district; to direct district office staff activities; to interpret department policies and procedures to local administrative agencies in an assigned district; to maintain, strengthen, and extend sound methods of administration in local administrative agencies; to prepare a comprehensive and current report on local programs and developments; and to perform related work as required.

Applicants must meet the following requirements: Seven (7) years with the last ten (10) years of satisfactory, full-time, paid experience in a public or private social work agency adhering to acceptable standards, which must include at least three (3) years of recent satisfactory experience either in:

- (a) An executive capacity;
- (b) A case supervisory capacity; or
- (c) A field work capacity having supervision of local social work units.

Substitution of Education: Education may be substituted for experience other than executive, case supervisory and field work, year for year of graduate study in social work, and one year of undergraduate college for six months of experience.

Applicants must have demonstrated executive ability, tact, resourcefulness, initiative, superior judgment, good personality, demonstrated ability to deal effectively with officials, individuals and groups in a community, to assist in planning with and advising welfare boards and to plan, direct and supervise the activities of social workers. They must have a thorough understanding of the laws under which public assistance is administered and an understanding of municipal and town governments and the relationship between the state and local governments.

Applicants must be not more than fifty-four years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights of Examination: Training and experience, 4; practical questions, 4; personality and fitness, as determined by an oral interview, 2; total, 10.

Passing Requirements: Applicants will be required to obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CHIEF SUPERVISOR OF SOCIAL SERVICE, DEPARTMENT OF PUBLIC WELFARE, JULY 7, 1939.

Last date for filing applications, Friday, June 23, 1939, at 5 p. m.

Salary: The minimum salary is \$3,780 a year; the maximum salary is \$4,500 a year.

Duties: Under the direction of the Commissioner of Public Welfare and the Director of Aid and Relief, to direct and supervise the activities of all district office staff personnel; to direct and apply all rules, regulations, standards, policies and procedures relating to the administration and supervision of public assistance laws; to supervise a system of district office staff reports; and to perform related work as required.

Applicants must meet the following requirements: Eight (8) years, within the last twelve (12) years, of satisfactory, full-time, paid, social work experience in a public or private social work agency adhering to acceptable standards which must include at least three (3) years of recent satisfactory experience either in:

- (a) An executive capacity;
- (b) A chief case supervisory capacity in a large public or private family case work agency; or
- (c) A field work capacity having supervision of local social work units.

Substitution of Education: Education may be substituted for experience other than executive, chief case supervisory and field work, year for year of graduate study in social work, and one year of undergraduate college for six months of experience.

Applicants must have demonstrated executive and administrative ability, tact, resourcefulness, initiative, analytical ability, superior judgment, good personality, demonstrative ability to deal effectively with officials, individuals and groups in a community, to assist in planning with and advising welfare boards, and to plan, direct and supervise the activities of supervisors and social workers. They must have a thorough understanding of the laws under which public assistance is administered, and an understanding of municipal and town government and the relationship between the state and local governments.

Applicants must be not more than fifty-four years of age at the time of filing application. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights of Examination: Training and experience, 4; practical questions, 4; personality and fitness, as determined by an oral interview, 2; total, 10.

Passing Requirements: Applicants will be required to obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PITTSBURGH'S TRAFFIC SAFETY RECORD.

Pittsburgh has been adjudged the safest city in the United States in 1932, and the second safest in 1933 and 1934 among cities with populations over 500,000. Registrations in the city increased 4.4 per cent, gasoline consumption 7.7 per cent. In 1935, despite a 2.4 per cent decrease in traffic volume, adult fatalities increased 30 per cent, total fatalities 24 per cent, as compared with 1934.

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

U. S. H. A-AIDED PROJECTS, MASSACHUSETTS
2-1 AND MASSACHUSETTS 2-3.

The Boston Housing Authority will receive sealed bids for demolition of buildings and structures for U. S. H. A-Aided Projects Massachusetts 2-1 (Charlestown), and Massachusetts 2-3 (Mission Hill, Roxbury), or either of them, until twelve o'clock noon, Thursday, June 22, 1939, Daylight Saving Time, at the office of the Authority, 18 Oliver street, Boston, Mass., at which time and place all bids will be publicly opened and read aloud. Each bid must be in a sealed envelope, indorsed with the name of the bidder, the word "Demolition" and the Project number or numbers. Each bid must be accompanied by the bid security set forth in the contract documents. Contract documents, including plans and specifications, are on file and may be obtained at the office of the Authority, provided that a deposit of \$5.00 is paid to the Authority for each set thereof. The amount so deposited will be refunded upon return of such set in good condition before the opening of bids. Attention is called to the fact that a schedule of minimum wage rates, as set forth in the contract documents, must be paid on these Projects. Attention is also called to the requirements relating to Workmen's Compensation and to the conditions of employment. Each successful bidder will be required to furnish a satisfactory performance bond as set forth in the contract documents. No bid shall be withdrawn for a period of sixty days subsequent to the opening of bids without the consent of the Authority. The right is reserved by the Authority to reject any or all bids and to waive any informalities in bidding.

BOSTON HOUSING AUTHORITY.

(June 17.) by JOHN A. BREEN, Chairman.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GASOLINE.

The Supply Department of the City of Boston invites proposals for furnishing gasoline, for city departments, according to specifications, a copy of which may be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The bid with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before Monday, June 26, 1939, at 12 m., at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN.

(June 17.) Superintendent of Supplies.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction on Wednesday, June 21, 1939, at 11 a. m., all its right, title and interest in and to the two (2) following parcels of vacant land:

About 5,380 square feet of land on the easterly side of Grotter road, West Roxbury, being lot 15, and more fully described in tax deed recorded with Suffolk Deeds, Book 5437, page 291.

About 1,987 square feet of land on the easterly side of Grotter road, West Roxbury, being lot 16, and more fully described in tax deed recorded with Suffolk Deeds, Book 5437, page 292.

A deposit required at the time and place of sale of fifty dollars (\$50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 1008 City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL.

Custodian of Foreclosed Real Estate.

(June 10-17.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO HEATING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and installing manhole and handhole gaskets and fusible plugs for boilers in the various schools, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Monday, June 26, 1939, at said office with a certified check for \$250, payable to the city if the proposal is not carried out will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Superintendent of Construction. The Superintendent of Construction reserves the right to reject any or all proposals.

JAMES J. MAHAR.

(June 17.) *Superintendent of Construction.*

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING SHOP SUPPLIES AND EQUIPMENT FOR THE BOSTON PUBLIC SCHOOLS (CONSISTING OF PRINTING SUPPLIES).

The School Committee of the City of Boston invites bids for furnishing and delivering shop supplies and equipment as per schedule. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street, Boston. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Shop Supplies and Equipment (Printing Supplies)." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for twenty-five dollars (\$25), payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Wednesday, July 5, 1939. Copies filed with the Business Manager will be publicly opened at 12 o'clock m. of the day stated. The other copy also signed by the bidder must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. Successful bidders will be required to furnish a bond for not less than 50 per cent of the amount of the contract. If the amount of the award falls below \$500 said bond will not be required.

ALEXANDER M. SULLIVAN,

Business Manager of the School Committee.

(June 17.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about seven hundred (700) square feet of land with building thereon, on the northwesterly side of Border street, East Boston, numbered 20 in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5366, page 342, on Tuesday, June 20, 1939, at 10.30 a. m., on the premises, at a minimum price of one hundred twenty dollars (\$120).

A deposit required at the time and place of sale of fifty dollars (\$50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 1008 City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,

Custodian of Foreclosed Real Estate.

(June 10-17.)

W. P. A.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING PREMOULDED ASPHALT EXPANSION JOINTS FOR CONCRETE PAVEMENT.

The Supply Department of the City of Boston invites proposals for furnishing to the Public Works Department, Paving Division, premoulded asphalt expansion joints for concrete pavement, as per specifications. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each set of blank proposals taken out.* Bids, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Friday, June 23, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,

(June 17.) *Superintendent of Supplies.*

W. P. A.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING READY MIXED CONCRETE.

The Supply Department of the City of Boston invites proposals for furnishing for the Paving Division, Public Works Department, ready mixed concrete as per specifications, to be delivered as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each set of blank proposals taken out.* Bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Friday, June 23, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,

(June 17.) *Superintendent of Supplies.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about nine hundred thirty-nine (939) square feet of land with building thereon, on the northwesterly side of Franklin street, Charlestown, numbered 20 in the present numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5393, page 270, on Tuesday, June 20, 1939, at 11.30 a. m., on the premises, at a minimum price of five hundred dollars (\$500).

A deposit required at the time and place of sale of fifty dollars (\$50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 1008 City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,

Custodian of Foreclosed Real Estate.

(June 10-17.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR FURNISHING AND LAYING ASPHALT OR BITUMINOUS CONCRETE PAVEMENT TO RESURFACE WATER TRENCHES ON HUNTINGTON AVENUE, FROM TREMONT STREET TO BROOKLINE LINE, AND ON BEACON STREET, FROM CHARLES STREET TO DARTMOUTH STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and laying asphalt or bituminous concrete pavement to resurface water trenches on Huntington avenue, from Tremont street to Brookline line, and on Beacon street, from Charles street to Dartmouth street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Asphalt or Bituminous Concrete Pavement in Huntington Avenue, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, June 26, 1939, with a certified check for five hundred (\$500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. (Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two (\$2) dollars for each set of specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,

(June 17.) *Commissioner of Public Works.*

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective June 19, 1939:

Section 8, Part 2, is amended by striking out the following:

Van Ness Street, Roxbury.

Both sides, from Jersey street to Kilmarnock street, twenty-four hours.

WILLIAM P. HICKEY,

(June 10-17.)

Commissioner.

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

POPULATION OF UNITED STATES, NEW ENGLAND AND MASSACHUSETTS.

Continental United States (i. e., 48 states and the District of Columbia) in 1930, 122,775,046; outlying possessions, 14,233,389; total, 137,008,435; New England, 8,166,341; Massachusetts, 4,249,614 or 52.04 per cent of New England and ranking eighth in the Union. In density of population Massachusetts ranks second, i. e., 528 per square mile of land, Rhode Island ranking first, with 644 per square mile of land.

Population of the other New England States in 1930, ranking from the highest total: Connecticut, 1,606,903; Maine, 797,423; Rhode Island, 687,497; New Hampshire, 465,293; Vermont, 359,611. Density for New England, 132 per sq. m.; for U. S. (48 states and the District of Columbia) 41 per sq. m.

The population of the United States increased 16.1 per cent since 1920; that of New England 10.3 per cent and that of Massachusetts 10.3 per cent.

POLICE DEPARTMENT (STATISTICS FOR YEAR 1937).

Number of police force, December 1, 1937, was 2,262 (152 more than in 1936), viz.: the superintendent, 4 deputy superintendents, 27 captains, 67 lieutenants, 6 lieutenant-inspectors, 187 sergeants, 1,965 patrolmen and 5 patrolwomen, distributed in eighteen divisions, including the Traffic Division. Signal servicemen, 18; clerks, janitors, etc., 160, making the grand total personnel 2,444.

The cost of maintenance for calendar year 1937 was \$6,042,355, or \$202,702 more than in 1936.

Total number of arrests in year ending November 30, 1937, 95,948 (88,185 males and 7,763 females), or 14,600 more than in 1936; persons arrested on warrants, 14,212; without warrants, 58,052; summoned by the courts, 23,684; persons prosecuted, 58,391; of those arrested, 35,374 were released by probation officers or discharged at station houses and 2,183 were delivered to outside authorities, all others being held for trial; foreign-born persons arrested, 14,185, or about 14.78 per cent of the total; boys under seventeen years of age, 2,522; women and girls, all ages, 7,763; non-residents, 24,790, or 25.83 per cent of all arrested; minors, 8,402.

Drunkenness was the cause of 45,734 arrests, an average of 125 per day, or 47.67 per cent of total. This is 5,061 more than the number of such arrests in 1936 and 12,430 more than the average for the past five years. The prosecutions by the Homicide Division numbered 201; arrests for refusing to support family, 992; violation of City ordinances, 280; violation of traffic regulations, 10,194, or 5,482 more than in 1936; suspected persons, 5,426.

Sick and injured persons assisted, 9,281; insane persons taken in charge, 488; lost children restored to homes, 1,620; persons imprisoned, 6,935; persons fined, 17,556, the fines amounting to \$184,801; stolen property recovered, \$512,559; licenses issued, 21,897 (including 12,521 for dogs and 5,358 for vehicles and drivers), for which \$69,954.75 was received. Of 2,597 applications for license to carry loaded revolvers, 2,433 were granted.

Accidents from all causes in the streets, parks and squares caused death of 123 persons and injury to 6,985, or 7 less killed and 40 more injured than in 1936. Automobile accidents killed 86 and injured 4,413 or 11 less killed and 89 more injured than in 1936. The automobile fatalities were 69.9 per cent of total.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,571; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 29,938; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,519; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

RESTORATION OF SALARIES.

The Portland City Council has granted full restoration of salaries to all city employees, at an estimated cost (for the remaining six months of the year) of \$162,430. This will put the city in the red at the end of the year unless additional revenue is obtained. Increases and adjustments of salaries for individuals will be considered as soon as finances permit.

FOR AIDING BOYS.

In an effort to lend a helping hand to misfit and underprivileged boys and to stem the alarming flow of young men into penal institutions and lives of crime, Big Brother Bureaus are being organized by the police departments of various cities. The International Association of Chiefs of Police urges all police jurisdictions to join the Big Brother League.

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 31.

SATURDAY, JUNE 24, 1939.

No. 25

MAYOR TOBIN PAYS TRIBUTE TO HEROES OF BUNKER HILL—DELIVERS ORATION BEFORE DISTINGUISHED COMPANY OF PATRIOTIC CITIZENS AT CHARLESTOWN'S TRADITIONAL JUBILEE USHERING IN BUNKER HILL DAY CELEBRATION—LISTS NAMES OF SOME DISTINGUISHED MEN OF IRISH BLOOD WHO SHARED IN THAT EVENT, AND ALL GREAT INCIDENTS OF REVOLUTION, ALONG WITH GENERALS WARREN, PRESCOTT AND NOTED HOST OF OTHERS TO MAKE THIS LAND WHAT IT IS TO ALL RACES TODAY, A LAND OF THE FREE.

To this enthusiastic and distinguished company of patriotic American citizens, assembled for Charlestown's traditional jubilee on "The Night Before" Bunker Hill Day, I offer one suggestion as I open my brief remarks. I suggest that for our pleasure and instruction we cannot do better than recall just how the commanding generals of the British Army felt about the situation 164 years ago tonight—that is, on "The Night Before" the battle itself.

To say that the King's troops felt confident of victory is to put it mildly. They were cocky. They were absolutely assured. We don't have to guess about this. We know just how they felt.

We have the exact record of a remark made by Gen. John Burgoyne as he sailed into Boston Harbor on May 25, 1775, with two other "crack" generals of the British Army—Sir William Howe and Sir Henry Clinton. With these high officers there came also a large party of fresh troops from London to reinforce the British garrison already in Boston under Lieut. General Gage.

As the flagship of the fleet was nearing Boston, with Burgoyne, Howe and Clinton on board, a packet was hailed coming out, on its way to Newport.

"What news is there?" a voice called from the flagship.

"Boston is surrounded by 10,000 countrymen!" came the answer.

"How many regulars in Boston?"

"About five thousand."

"What! . . . Ten thousand peasants keep five thousand King's troops shut up! Well, let us in and we'll soon make elbow-room!"

It was General Burgoyne who spoke with such easy swagger as he sailed up the harbor; and the same absolute confidence that the British would lick the "Yankee Doodles" prevailed among their officers and men on the "Night Before" the amazing result of the conflict on Bunker Hill, when the "peasants" held the trained redecoats sternly at bay through many long and bloody hours.

You know the history of that day's brave work too well for me to weary you with another detailed telling. But it is always desirable to keep very clearly in mind the significance and force of the lesson taught not only to the British, but to all the world, by the outcome of the battle in Charlestown in 1775.

Enormous Consequences.

A famous statesman has supplied a good summary of the consequences. "The battle of Bunker Hill," he said, "was attended with the most important effects beyond its immediate result as a military engagement. It created at once a state of open, public war. There could now be no longer a question of proceeding against individuals, as guilty of treason or rebellion. That fearful crisis was past. The appeal now lay to the sword, and the only question was, whether the spirit and the resources of the people would hold out till the object should be accomplished. Nor were its general consequences confined to our own country. The previous proceedings of the colonies, their appeals, resolutions, and addresses, had made their cause known to Europe. Without boasting, we may say, that in no age or country has the public cause been maintained with more force of argument, more power of illustration, or more of that persuasion which excited feeling and elevated principle can alone bestow, than the revolutionary state papers exhibit."

From the stirring days of the Revolution itself, culminating in the glorious victory of General Washington over Lord Cornwallis at Yorktown, I wish to carry you on now to a later day which we may well hold in memory.

Fifty years after the battle the corner stone of Bunker Hill Monument was laid by General Lafayette himself. The French patriot, now in his old age, had returned upon a triumphal visit to the nation for whose liberty he had fought so hard in his youth.

Daniel Webster spoke the chief oration on June 17, 1825, when the corner stone was laid. Present among the eyewitnesses were some of the very men who risked their lives against the King's troops in the battle of Bunker Hill. To summon before you the touching scene at the corner stone, how can I do better than quote to you some of Webster's own words to the Revolutionary veterans, then assembled in Charlestown:

"Venerable men," he said, "you have come down to us from a former generation. Heaven has bounteously lengthened out your lives, that you might behold this joyous day. You are now where you stood fifty years ago, this very hour, with your brothers, and your neighbors, shoulder to shoulder, in the strife for your country.

(Continued on page 667.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

FORREST P. HULL, *Editor*, Room 40, City Hall.
JOSHUA H. JONES, JR., *Associate Editor*.
EDWARD F. O'DOWD, *Business Agent*, 18 Oliver Street, Fourth Floor.

Entered as second class matter at Boston Post Office.

The City Planning Board until further notice will be located at 18 Oliver street, fourth floor, telephone LAF. 5100.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, June 26, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending June 17, 1939.
Population as of July, 1938, Massachusetts State Census, 817,713; population estimated, July, 1939, United States Census Bureau, 811,816; number of deaths (stillbirths excluded): Residents, 147, nonresidents, 33; total, 180.

Death rate per 1,000 of population: All deaths, 11.53; nonresidents deducted, 9.41.

Death rate per 1,000 of population:

Last week, 11.98; corresponding week last year, 11.96.

Deaths by age periods, sex, etc.: Under one year, 19; one year to four years, inclusive, 2; sixty years and over, 108. Total deaths: Male, 101; female, 79; deaths in hospitals and institutions, 123; deaths of colored, 4.

REPORTABLE DISEASES: CASES AND DEATHS.*

ADDRESS OF MAYOR TOBIN.

(Continued from page 665.)

"Behold, how altered! The same heavens are indeed over your heads; the same ocean rolls at your feet; but all else, how changed! You hear now no roar of hostile cannon. You see no mixed volumes of smoke and flame rising from burning Charlestown. The ground strewn with the dead and the dying; the impetuous charge; the steady and successful repulse—all these you have witnessed, but you witness them no more. All is peace. The heights of yonder metropolis, its towers and roofs, which you then saw filled with wives and children and countrymen in distress and terror, have presented you today with the sight of its whole happy population, come out to welcome and greet you with an universal jubilee."

And who were the aged men who stood at the laying of the corner stone and heard this eulogy from Daniel Webster, in the presence of Lafayette?

We do not know their names precisely. But we do know that among the patriots of the battle on Bunker Hill there were not only such leaders as General Warren and Colonel Prescott, worthy descendants of the "Mayflower" stock, but representatives also of the less numerous but equally gallant groups, such as those who had come from France, the kindred of Boston's beloved hero, Paul Revere.

IRISH PARTICIPANTS.

Remarkably impressive is the roster of the Irish participants. I may say indeed that the battle could scarcely even have been fought by the patriots had it not been for a previous feat of one Irish American. I refer to Maj.-Gen. John Sullivan who had stormed Fort William and Mary, and had there captured the supplies of guns and powder which served as the armament of the troops that fought at Bunker Hill.

A leader in the battle itself was Col. John Stark who showed great bravery and devotion at the head of his New Hampshire troops, and afterward became a famous commander of the Revolution. It has been said of Colonel Stark that, "he inherited a good fund of mother wit, and a brogue as mellifluous as if he was born and reared on the banks of the Inchigeelagh, in the county Cork." Other officers were Col. John Patterson, Capt. Samuel Dunn and Lieutenant Dougherty. The whole list of Irish names found on the rolls of Bunker Hill in the Massachusetts archives is far too numerous to recite. There are two or three hundred names—countless Burkes, Collinses, Connors, Gilligans, McCarthys, McClareys, McGraths, McGuires, Sullivans and Shanahans, with the end of the alphabet brought up by an extraordinary roll call of as many as eighteen Welches. I am happy also to say that there were two Tobins, Matthew and Thomas.

And with a voice that must be hushed in respect even now, I remind you that left among the dead on that great field of honor, side by side with the lamented General Warren, there were Laurence Sullivan and John Dillon. Daniel McGrath was taken prisoner, and died in captivity.

In the memory of their sacrifice and that of thousands and thousands of courageous men who gave their lives in the long series of battles which followed Bunker Hill, and paved the way for the achievements of this nation, free and independent, a union one and inseparable, mighty in material power, great in faith

and in the hopes of the spirit, let me read to you a few stanzas of the Ode by Edwin Markham to Bunker Hill:

O Freedom, you whom tyrants cannot tame,
Our clarions, our laurels, for your name!
Once you toucht foot on this heroic hill,
And molded men into an iron will.

Here by this shaft your sons came forth to die

That Truth might live beneath this sheltering sky.

Here Warren came, all duty and all dare:
Wherever there was danger, he was there.
He was the spirit of this battle-slope:
Wherever men were hopeless, he was hope.

Freedom, for seven long, barefoot, hungry years,

You urged our heroes on thru blood and tears,

Till our embattled and victorious bands
Heartened your conscripts battling in all lands.

It was your glowing breath
That kindled life under the ribs of death.

And now our hearts return
To this high shaft toward which our spirits yearn.

Here were the grass-heaps and the fresh-dug well;

Here stood the dauntless heroes, daring all.
And we, your children of a later day,

Who walk a happier way,
Must never cease to wage your old debate,
Once heard on this low hill, so tall with fate.

And now, O Mother of the star-born Truth,

All shores begin to feel your touch of youth.

Now on all winds are heard
The new reverberations of your Word.

We lift glad hands; your banner is unfurled;

Your mightier dreams are whispering in the world.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, June 22:

FIRE DEPARTMENT.

James R. Allen, a pensioner, has been examined by the Medical Board of the Boston Retirement System and has been found to be physically capable of performing duty in the Boston Fire Department and has been reinstated at \$2,100 a year.

HOSPITAL DEPARTMENT.

The following special nurses have been employed at \$4.50 a day:

Marion Donovan, 2 days; Iris Farrell, Anna Ferraira, 1 day; Emily Haddad, 7 days; Helen Hoffman, 2 days; Maye Kozelsky, 7 days; Mary B. T. McAuley, 1 day; Genevieve Ploski, Esther Sharon, Frances Smith, 7 days; Mailda Tomassetti, Gene Zwiercan, Rita Gaffney, Margaret Lehman, Mary Perez, Helen Seymour, 1 day.

The following special nurses have been employed at \$4.50 a day:

Marion Donovan, Mary Doyle, 7 days; Margaret Fitzpatrick, Ann Forman, 1 day; Emily Haddad, Helen Hoffman, 7 days; Maye Kozelsky, Mary Perez, 4 days; Genevieve Ploski, Mary Purs-

ley, 1 day; Esther Sharon, 5 days; Frances Smith, 4 days; Genevieve Zwiercan, 1 day.

The Mayor has approved the following appointments:

HOSPITAL DEPARTMENT.

Rev. Emerson Floyd Blodgett, chaplain, at \$500 a year.

Elizabeth N. Wiley, floor duty nurse, at \$1,200 a year.

Dr. Paul Mapother, resident physician on the Skin Service, at \$1,200 a year and maintenance.

Dr. Blair V. Jager, third assistant in pathology, at \$1,000 a year.

Dr. George Maltby, resident on the Neurosurgical Service, at \$1,000 a year and maintenance.

Dr. William T. Salter, associate physician, at \$3,000 a year.

HOSPITAL DEPARTMENT (Sanatorium Division).

Dr. Joseph Sklaver, interne, at \$1,000 a year.

Rita Scully, temporary nurse, at \$1,020 a year.

Marion Sturtevant, temporary nurse, at \$1,020 a year.

James Glennon, kitchenman-waiter, at \$17.50 a week.

Francis O'Connor, kitchenman-waiter, at \$17.50 a week.

INSTITUTIONS DEPARTMENT.

Mary M. Murphy, staff nurse, at \$960 a year and maintenance, at Long Island Hospital.

PARK DEPARTMENT.

William C. Delaney, Superintendent of Golf Clubhouse, at \$35 a week.

PUBLIC WELFARE DEPARTMENT.

Gertrude Carty, provisional aid and settlement agent, at \$1,000 a year.

The Mayor has approved the following promotion:

INSTITUTIONS DEPARTMENT.

John J. Graham, from helper in butcher shop to helper in serving room, from \$500 a year and maintenance to \$526 a year and maintenance, at Long Island Hospital.

POLICE DEPARTMENT ORDERS.

General Order No. 353.

The following transfer is hereby ordered to take effect Saturday, June 17, 1939, at 7.45 o'clock a. m.:

Patrolman Francis L. Carney, from Division 3 to Division 19.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 354.

The following transfer is hereby ordered to take effect Wednesday, June 21, 1939, at 7.45 o'clock a. m.:

Patrolman Samuel J. Willis, from Bureau of Criminal Investigation to Division 16.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon June 14 the Mayor approved a contract with P. J. Cantwell & Son for a new sewing room at the Charlestown High School. Bids, opened June 8, were as follows:

P. J. Cantwell & Son, \$923; Walter Curley & Son, \$1,163; R. J. Connolly, Incorporated, \$1,244; D. A. Rossano, \$1,658; Edward Herman, \$1,835.

Upon June 14 the Mayor approved a contract with R. J. Connolly, Incorporated, for a new teachers' and nurse's room at the Theodore Lyman School. Bids were as follows:

R. J. Connolly, Incorporated, \$1,200; P. J. Cantwell & Son, \$1,319; Chandler Construction Company, Incorporated, \$1,370; D. A. Rossano, \$1,509; John Rugo & Son, Incorporated, \$1,537; White Construction Company, \$1,750; Edward Herman, \$1,940.

SUPPLY DEPARTMENT.

Upon June 3 the Mayor approved a contract with the Progressive Iron Works, Incorporated, for furnishing structural steel, W. P. A. Requisition No. 6, W. P. 18644, as per specifications and plans, for the Hancock Street Yard, Dorchester, Paving Division, Public Works Department, the only bidder, for new billet structural steel, at a total cost of \$2,336, less one half of 1 per cent cash discount for payment in ten days. Bids, opened May 5, were as follows:

All Structural Steel Necessary, New Billet.—Progressive Iron Works, Incorporated, \$2,336.

Alternate Bid, All Structural Steel, Rail Steel.—Progressive Iron Works, Incorporated, \$2,336.

Cash Discount, Ten Days.—Progressive Iron Works, Incorporated, one half of 1 per cent.

Upon June 3 the Mayor approved a contract with the Crystal Concrete Company for furnishing 925 cubic yards ready mix concrete (1-2-3½), W. P. A. Requisition No. 716, W. P. 9509, to be delivered to Mt. Pleasant street, Roxbury, Paving Division, Public Works Department, the lowest bidder, at a price of \$5.50 per cubic yard, less 3 per cent cash discount for payment in ten days. The amount of the contract was \$5,087.50. Bids, opened May 11, were as follows:

925 Cubic Yards Ready Mix Concrete, 1-2-3 1/2 Mix, as Per Specifications, Per Cubic Yard.—Crystal Concrete Company, \$5.50; total, \$5,087.50; The Whittemore Company, \$6.75; total, \$6,243.75; J. P. O'Connell Company, \$5.65; total, \$5,226.25.

Cash Discount, Ten Days.—Crystal Concrete Company, 3 per cent; The Whittemore Company, 2 per cent; J. P. O'Connell Company, 2 per cent.

Net Total.—Crystal Concrete Company, \$4,934.87; The Whittemore Company, \$6,118.87; J. P. O'Connell Company, \$5,121.72.

Upon June 3 the Mayor approved a contract with the Lynchburg Foundry Company for furnishing Class A Iron castings for the Water Division of the Public Works Department. The total

amount of the contract was approximately \$11,880. Bids, opened April 14, were as follows:

Approximately 300,000 Pounds Class A Iron Castings.—Lynchburg Foundry Company, 3.96 cents per pound; total, \$11,880; E. L. LeBaron Foundry Company, 4.49 cents per pound; total, \$13,470; Warren Foundry and Pipe Corporation, 4.875 cents per pound; total, \$14,625; United States Pipe and Foundry Company, 4.45 cents per pound; total, \$13,350.

Location of Foundry at Which Castings Will Be Made.—Lynchburg Foundry Company, Lynchburg, Va.; delivered Boston Water Yard in carlots of 40,000 pounds; E. L. LeBaron Foundry Company, Brockton, Mass.; Warren Foundry and Pipe Corporation, Phillipsburg, N. J.; United States Pipe and Foundry Company, Chattanooga, Tenn., and Burlington, N. J.

Upon June 3 the Mayor approved a contract with the Keasbey & Mattison Company for furnishing asbestos sheathing, W. P. A. requisition No. 10, W. P. No. 18483, to be delivered to 521 Commercial street (Harbor Police), Police Department. Bids, opened May 9, were as follows:

2.625-Inch Pitch Corrugated Asbestos Sheathing.

167 Sheets 8-Foot, 6-Inch, Per Sheet.—Keasbey & Mattison Company, \$3.12.

10 Sheets 8-Foot, Per Sheet.—Keasbey & Mattison Company, \$2.93.

33 Sheets 7-Foot, 6-Inch, Per Sheet.—Keasbey & Mattison Company, \$2.73.

75 Sheets 6-Foot, 6-Inch, Per Sheet.—Keasbey & Mattison Company, \$2.35.

34 Sheets 6-Foot, Per Sheet.—Keasbey & Mattison Company, \$2.15.

203 Sheets 5-Foot, 6-Inch, Per Sheet.—Keasbey & Mattison Company, \$1.95.

78 Sheets 5-Foot, Per Sheet.—Keasbey & Mattison Company, \$1.76.

87 Sheets 4-Foot, 6-Inch, Per Sheet.—Keasbey & Mattison Company, \$1.56.

64 Half Sections Adjusted Pitch Ridge Roll, 4-Foot Lengths, Each.—Keasbey & Mattison Company, 40 cents.

10 Pieces 6-Inch by 6-Inch by Three Eighths Inch by 8-Foot Asbestos Corner Angles, Each.—Keasbey & Mattison Company, \$1.20.

1,950 3-Inch Galvanized Toe Clips, Each.—Keasbey & Mattison Company, 1.6 cents.

90 Galvanized Bolts, One Quarter Inch by 10-Inch Round Head, Each.—Keasbey & Mattison Company, 1.8 cents.

1,100 Galvanized Bolts, One Quarter Inch by 9-Inch Round Head, Each.—Keasbey & Mattison Company, 1.8 cents.

760 Galvanized Bolts, One Quarter Inch by 7-Inch Round Head, Each.—Keasbey & Mattison Company, 1.7 cents.

225 Galvanized C Clips, Each.—Keasbey & Mattison Company, 1.8 cents.

225 Galvanized Bolts, One Quarter Inch by 5-Inch Round Head, Each.—Keasbey & Mattison Company, 1.4 cents.

650 Siding Clips for Two and Five Eighths, Corrugated, Each.—Keasbey & Mattison Company, 2 cents.

1,650 Galvanized Bolts, One Quarter Inch by 2-Inch Round Head, Each.—Keasbey & Mattison Company, .6 cent.

500 Galvanized Bolts, One Quarter Inch by One and One Half Inch Round Head, Side Laps, Each.—Keasbey & Mattison Company, .5 cent.

4,400 Lead Washers, Seven Eighths Inch O. D., Each.—Keasbey & Mattison Company, .3 cent.

5,200 Galvanized Washers, Three Quarter Inch, O. D., Each.—Keasbey & Mattison Company, .1 cent.

325 Pounds Gray Slater's Cement, Per Pound.—Keasbey & Mattison Company, 7.3 cents.

Total.—Keasbey & Mattison Company, \$1,736.50; discount, 2 per cent, ten days; bid based on receiving award for all items or none; Loren W. Marsh, Agent for Johns-Manville Company, \$1,973.01; quotation received on informal bid.

Upon June 14 the Mayor approved a contract with Sheehan, O'Brien Company for furnishing radiation to the Public Buildings Department, W. P. A. Project No. 18255. Informal bids were requested of plumbing houses and the following results were obtained:

Sheehan, O'Brien Company, \$1,358.02; 2 per cent, ten days; Marshall-Horner Company, \$1,411.47; 2 per cent, ten days; Crane Company, \$1,411.95; 2 per cent, 10th proximo; McAuliffe & Burke, \$1,521.60; 2 per cent, 10th proximo; alternate bid, \$1,483.56; 2 per cent, 10th proximo.

Upon June 14 the Mayor approved a contract with the Everett Fuel Company for furnishing anthracite coal to be delivered to the city departments by truck, as required, from June 1, 1939, to December 31, 1939, with the privilege of purchasing on the same terms and conditions extended to April 30, 1940. The approximate amount of the contract was \$47,855, less 2 per cent cash discount for payment in ten days, or \$46,897.90. Bids, opened May 16, were as follows:

Approximate Amounts on All Items.

1,000 Net Tons Egg Coal, Per Net Ton.—The Boston Ice Company, Division of the American Ice Company, \$9.68; total, \$9,680; Tremont Coal and Ice Company, \$9.48; total, \$9,480; Everett Fuel Company, \$9.71*; total, \$9,710; Staples Coal Company, doing business as City Fuel Company, \$9.52; total, \$9,520; Metropolitan Coal Company, \$10.03; total, \$10,030; White Fuel Corporation, \$9.54; total, \$9,540; Tidewater Coal Company, \$9.79; total, \$9,790.

2,500 Net Tons Stove Coal, Per Net Ton.—The Boston Ice Company, Division of the American Ice Company, \$9.68; total, \$24,200; Tremont Coal and Ice Company, \$9.48; total, \$23,700; Everett Fuel Company, \$9.73*; total, \$24,325; Staples Coal Company, doing business as City Fuel Company, \$9.77; total, \$24,425; Metropolitan Coal Company, \$10.03; total, \$25,075; White Fuel Corporation, \$9.54; total, \$23,850; Tidewater Coal Company, \$9.89; total, \$24,725.

2,000 Net Tons Buckwheat Coal, Per Net Ton.—The Boston Ice Company, Division of the American Ice Company, \$7.51; total, \$15,020; Tremont Coal and Ice Company, \$7.01; total, \$14,020; Everett Fuel Company, \$6.91*; total, \$13,820; Staples Coal Company, doing business as City Fuel Company, \$7.19; total, \$14,380; Metropolitan Coal Company, \$7.24; total, \$14,480; White Fuel Corporation, \$7.74; total, \$15,480; Tidewater Coal Company, \$6.96; total, \$13,920.

Warren, Boston; Tremont Coal and Ice Company, H. N. Hartwell & Son, Incorporated, Boston, Mass.; White Fuel Corporation, Sullivan Trail Coal Company.

* Contract awarded.

Upon June 14 the Mayor approved a contract with the Waghorne-Brown Company for furnishing structural steel for the Equipment Building, at the George Wright Golf Course, Park Department, W. P. A., requisition No. 58, W. P. 17756, at a total cost of \$1,092, less one half of 1 per cent cash discount for payment in ten days.

This contract supersedes contract dated May 29, 1939, between the City of Boston and Waghorne-Brown Company for furnishing structural steel for this job at a total cost of \$991.25, advertised bids on which were publicly opened and read on April 14, 1939. The contract dated May 29, 1939, has been canceled, and said cancellation is agreeable to both the Supply Department and Waghorne-Brown Company, as the plans and specifications upon which the bids were based were incorrect.

Bids, opened June 1, were as follows:
All Structural Steel Necessary for Equipment Building at George Wright Golf Course, Exact Quantities to be Determined by Bidders from Plans and Specifications Mentioned.—Grosser & Shlager Iron Works, total cost, \$1,115; Waghorne-Brown Company, total cost, \$1,092.

Cash Discount, Ten Days.—Grosser & Shlager Iron Works, 1 per cent; Waghorne-Brown Company, one half of 1 per cent.

Net Total.—Grosser & Shlager Iron Works, \$1,103.85; Waghorne-Brown Company, \$1,086.54.

To be delivered immediately upon request and as required to the George Wright Golf Course, 420 West street, Hyde Park.

Upon June 19 the Mayor approved a contract with the Everett Fuel Company for furnishing approximately 75,000 gallons commercial kerosene to be delivered to the city departments, as required, until December 31, 1939, with the privilege of purchasing on the same terms and conditions extended to June 1, 1940, at a price of 6.23 cents per gallon, less 2 per cent cash discount for payment in ten days. The approximate amount of the contract will be \$4,672.50. Bids, opened June 8, were as follows:

Approximately 75,000 Gallons Commercial Kerosene, as Per Specifications, Per Gallon.—Everett Fuel Company, 6.23 cents; total, \$4,672.50; cash discount, ten days, 2 per cent.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Navillus terrace, Dorchester district, as a highway, from Winter street westerly, bounded and described as follows:

A highway named Navillus terrace is hereby laid out, from Winter street westerly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Winter street, by two measurements, twenty-five and 72-100 feet on a curve of one hundred and seventy feet radius and fifteen and 45-100 feet; northerly by the line of Navillus terrace, as hereby established, two hundred forty-one and 35-100 feet; easterly by the line of Navillus terrace, as hereby established, forty and 4-100 feet; and southerly by the line of Navillus terrace as hereby established, two hundred thirty and 19-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Navillus terrace will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Navillus Terrace, Dorchester, Assessment Plan, April 20, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Minnie Freedman, Bessie A. Kargir.....	\$130 98
2. Stanley Chmielewski, Antonia Chmielewski.....	105 12
3. John H. Goggin, Mary L. Goggin, City of Boston Tax Deed.....	100 68

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Navillus terrace, Dorchester district, as a highway, from Winter street westerly, under the order of the Board of June 5, 1939, and awards no damages therefor.

BOSTON'S GREETINGS TO BOSTON, ENGLAND.

Dr. John W. Bartol who sailed on June 21 on the "Queen Mary" carried the following official letter of greeting from his Honor, Maurice J. Tobin, Mayor of Boston, Mass.:

HON. J. R. MOWBRAY, Mayor, and Admiral of the Port of Boston, Lincolnshire, England.

YOUR WORSHIP,—I send greetings from the new Boston to the Old Boston through Dr. John Bartol, who is making a personal trip to England and will take part in the ninth annual pilgrimage.

Mingled with my official greetings are those of myself to you and your associated officials and to the citizens generally, and my sincere hope that your program as planned will be carried out with usual success and satisfaction.

I wish I might be with you to share in the exercises, to partake of your hospitality and to visit the many places of historic interest in Old Boston and its neighborhood, but that is impossible at this time. My thoughts will be with you, however, and I shall await with interest a report of the occasion.

Very sincerely,

MAURICE J. TOBIN, Mayor.

Doctor Bartol will also present to the officials of Boston, England, a check for \$800, raised locally, to furnish and decorate the American Room in the famous Fyde House of Boston, England. This room was accepted last year by another Bostonian, Hon. Joseph P. Kennedy, American Ambassador to the Court of St. James, for the use of American visitors to the old borough from which our city took its name. The ceremony of acceptance was broadcast throughout Great Britain and her colonies.

Doctor Bartol is heading a group of visitors to Old Boston on the ninth annual pilgrimage from this city. These visits were inaugurated the year after the Tercentenary Celebration of the founding of our Boston in which ceremonies a delegation of officials from Boston, England, participated.

The good-will fund which Doctor Bartol is presenting was raised by a committee of citizens of Boston, Mass., of which Allen Forbes, president of the State Street Trust Company, acted as treasurer. The fund is not completed and any additional subscriptions will be forwarded to Boston, England, for use in the Fyde House.

REPORT OF FREDERICK J. GILLIS, ASSISTANT SUPERINTENDENT, ON ATTENDANCE AT CONVENTION OF EASTERN DISTRICT SOCIETY OF THE AMERICAN ASSOCIATION FOR HEALTH AND PHYSICAL EDUCATION.

The following is the report on attendance at the National Convention of the Eastern District Society of the American Association for Health, Physical Education and Recreation, held May 3-6, 1939, at Hotel Pennsylvania, New York City:

Arrived in New York City Tuesday evening, May 2, 1939. Wednesday, May 3, devoted to visiting schools, DeWitt Clinton High (Boys) and Jane Addams (Industrial, Girls), inspection of their facilities for academic, industrial, health and physical education aspects of school life. Attended Legislative Council meeting of the convention and opening session in the evening. No central theme for the convention this year.

Section meetings were held during Thursday morning and afternoon and Friday morning. General meetings were held each evening, and Thursday and Saturday mornings. The most interesting address at a general meeting was that of Sanford Bates, Executive Director, Boys' Club of America. His address was entitled "The Leisure Time Challenge to Youth."

The section meetings were devoted to consideration of such subjects as Recreation, Intramural Athletics, Camping, Teacher Training, College Men's Physical Education, Research, Health Education, Nutrition, the Dance, Women's Athletics, Safety Education, Men's Athletics, School Physicians, Public and Private Schools, School Dentists and Dental Hygienists. This latter section brought out the activities of the newest section of the Association concerned with state policies governing School Dental Health, the teaching of Dental Health, Dental Hygiene, Motion Pictures and problems relating to the preparation of personnel. Particularly interesting was:

(a) The discussion of Teacher Training. Fundamentally it is the same as the training for any other field of teaching, a broad general background with specialization for the particular field, whether Physical Education, Health Education or Recreation.

(b) College Men's Physical Education, with the discussion centering around the enrichment of the program through Health Service, required physical education, intramurals and recreation.

(c) Health Education — nutrition. The theme of this section meeting was "Teaching the Essentials of an Adequate Diet," and the discussion concerned elementary, junior and senior high school pupils. It also brought out the use of health films, the expressed health problems of high school pupils, and the methods of sharing values in radio health education.

(d) Safety Education. This was a section meeting of great interest, particularly the discussion of the Administration of Safety Education. The main topics discussed were:

1. The major duties of an administrator of safety education.

2. The major functions of the school staff in relation to the school safety program, the superintendent, principals, teachers, nurses and custodians.

3. How the supervisor of safety education may utilize community agencies in the furtherance of his program.

4. The legal aspects of safety education in the state and city.

5. The responsibilities of the administrator of safety education in program construction.

Friday afternoon, May 5, was spent at the industrial and scientific exhibits of the World's Fair.

Saturday morning, May 6, was devoted to conference with the executive in planning for the convention in Boston in 1940.

The final activity was the Legislative Council luncheon Saturday afternoon. At this luncheon the Convention Manager made his final report.

Respectfully submitted,

FREDERICK J. GILLIS,
Assistant Superintendent.

CIRCULAR LETTER NO. 12.

CITY OF BOSTON,
MAYOR'S OFFICE, June 6, 1939.

To All Department Heads.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to employees in your department who are alternates or delegates of the American Legion, to attend the State Convention to be held on August 17, 18, 19, 1939, at Taunton, Mass.

Also on September 25, 26, 27 and 28, 1939, to be held at Chicago, Ill.

Respectfully,

MAURICE J. TOBIN, Mayor.

LAND-TAKING IN EAST BOSTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Frankfort street, East Boston district, as a highway, from Neptune road to Island street, bounded and described as follows:

An extension of the highway named Frankfort street is hereby laid out, from Neptune road to Island street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by Neptune road, fifty feet; northwesterly by the line of Frankfort street as hereby established, five hundred and fifty feet; southwesterly by Island street, fifty feet; and southeasterly by the line of Frankfort street, as hereby established, five hundred and fifty feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Frankfort street will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Frankfort Street, East Boston, Assessment Plan, April 22, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

FIRE DEPARTMENT ORDERS.

General Order No. 28.

I. RETIREMENTS.

The following retirement which took effect at 8 a. m., Wednesday, June 14, 1939, is hereby announced:

Ladderman William M. Lydon of Ladder Company 16.

The following retirement which will take effect at 8 a. m., Saturday, June 24, 1939, is hereby announced:

Storekeeper and Property Clerk John J. Kelly of the Maintenance Division.

Storekeeper and Property Clerk Kelly was appointed to the Fire Department on April 28, 1899, and was promoted to the position of storekeeper and property clerk on January 31, 1916. Ladderman Lydon was appointed to the department on September 30, 1910, and both of these men leave the department with the best wishes of their associates.

II. A. D. T. ASSIGNMENT.

The following signal numbers are to be added to the running cards of the A. D. T. Company in this department:

Signal 635, Thompson's Spa, Incorporated, 219-239 Washington street. Apparatus to respond: Engine 4, Ladder 24. District Chief 5. The nearest box is 1272.

Signal 636, 133-137 Federal street. Apparatus to respond: Engine 25, Ladder 8, District Chief 5. The nearest box is 1423.

Signal 637, 139-141 Federal street. Apparatus to respond: Engine 25, Ladder 8, District Chief 5. The nearest box is 1423.

Company commanders will substitute Engine Company 25 for Engine Company 7 aside of A. D. T. Signal 515 on page 18 of the A. D. T. running card. Signal 515 is located at 109-115 Federal street.

III. BOSTON AUTOMATIC ASSIGNMENT.

The following signal numbers are to be added to the running cards of the Boston Automatic Fire Alarm Company in this department:

Signal 1391, Park Street Church, restaurant, Tremont street.

Signal 1392, Park Street Church, flower shop, Tremont street.

Signal 1393, Park Street Church, corner Park and Tremont streets.

Signal 1394, Park Street Church, cock loft and spire.

Signal 1395, Park Street Church, shoe store, Park street.

Apparatus to respond to all foregoing signals, Engine 4, Ladder 24, District Chief 5. Nearest box is 1441.

IV. ILLEGAL FIREWORKS.

The following communication concerning illegal fireworks and firecrackers has been received from the State Fire Marshal:

To: Heads of Fire Departments.

Subject: Illegal Fireworks.

The following list of fireworks and firecrackers have been declared illegal by this office and their sale is prohibited within the Commonwealth of Massachusetts:

Yankee Boy Salutes or firecrackers bearing the American Flag.

All firecrackers and salutes over 2 inches in length and three eighths inch diameter.

All whistling items (or items containing a whistling or screeching effect).

National Round Torpedoes (except limit size three quarter inch).

Globe Torpedoes (except limit size three quarter inch).

Marble Torpedoes (except limit size three quarter inch).

Unexcelled Torpedoes (except limit size three quarter inch).

Cherry Torpedoes (except limit size three quarter inch).

Bing Bang Flash Salute, Marble Silver Slash Salute, Impact Flash Salute, Cherry Flash Salute, O. K. Flash Salute, Tubular Flash Salute, Whoopee Tubular Flash Salute, Globe Flash Salute, Radio Flash Salute, Musical Salute, White Mule, Bengal Blast, Radio Beacon, Glittercracks, Krak-O, Silver Blast, Bull Dog Salute, Repeating Flash Salute, Sky Screamers, Triumph Penny Vesuvius Fountains, Musical Vesuvius Fountains, Sky Bombs, 2 and 3 Report Flash Salutes, Stampede-O, Step-on Torpedoes, Son of Gun, Devil Dogs, Auto Tire Jokers, Auto Burglar Alarms, Potash Canes, Potash Ammunition, Paper Balloons, Blank Cartridges, Blank Cartridge Pistols, Screaming Bombs.

You are requested to advise fireworks dealers to this effect, so that the sale of these articles will be prevented. Anyone selling such articles should have their permit revoked, and, if you deem it necessary, they should be prosecuted.

STEPHEN C. GARRITY,
State Fire Marshal.

District chiefs and inspectors of the Fire Department will see that the provisions of the foregoing order are carried out. Any violations discovered should be reported to the Fire Prevention Division immediately.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

CIRCULAR LETTER NO. 15.

CITY OF BOSTON,
MAYOR'S OFFICE, June 6, 1939.

To All Department Heads.

GENTLEMEN,—You are hereby directed to grant leave of absence to employees in your department who are delegates or alternates of the Yankee Division Veterans Association, to attend the Annual National Convention to be held on June 22, 23, 24 and 25, 1939, to be held in Hartford, Conn.

Respectfully,

MAURICE J. TOBIN, Mayor.

TRAFFIC COMMISSION RULINGS.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

JANITOR SERVICE, JULY 27, 1939.

Last date for filing applications, Thursday, July 13, 1939, at 5 p. m.

This is the regular examination for the janitor service of the State and of all cities and of such towns in the State as are classified under civil service.

After July 1 there will be two vacancies in the Attleboro School Department.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: Applicants must obtain at least 60 per cent in practical questions and at least 70 per cent in experience and in general average in order to become eligible.

Physical fitness to be determined by physical examination.

INDUSTRIAL RELATIONS ADJUSTER, DEPARTMENT OF LABOR AND INDUSTRIES, AUGUST 4, 1939.

Last date for filing applications, Friday, July 21, 1939, at 5 p. m.

This examination is open to males only.

The minimum salary is \$2,640 a year; the maximum salary is \$3,180 a year.

Duties: To investigate conditions with regard to strikes, lockouts and other labor difficulties. To conciliate disputes between employers and employees. To obtain necessary facts and information for the Board in the arbitration of any industrial dispute between employer and employee. To act as expert for the Board in matters before it in arbitration.

Applicants should have a knowledge of the location of the various types of industries in the various cities and towns of the Commonwealth. Applicants should have an intimate knowledge of the provisions of chapter 150, sections 1 to 10, inclusive, and chapter 149, section 22.

Entrance Requirement: Applicants must have had at least four years of progressive, responsible, successful, full-time paid employment either:

(a) In industry or business, at least two years of which must have been as an employer, administrative official, personnel officer, or as a recognized representative, actively participating in the improvement of working conditions through the development of a comprehensive personnel program or through the development of definite employer-employee relations policies; or

(b) In a State or Federal agency administering labor laws, or in other agencies or organizations concerned with the promotion of improved labor standards; or

(c) In a State or Federal agency engaged in the investigation of employee-employer relationships, or engaged in economic investigations relating to wage-earners; or

(d) Any time-equivalent combination of (a), (b) and (c).

Substitution of Education: Applicants may substitute one year of study successfully completed in a college or university of recognized standing, a school

of accountancy or a school of business administration for six months of the experience prescribed up to a maximum of two years of experience.

Applicants may substitute year for year post-graduate study in the field of economics or political science, successfully completed in a college or university of recognized standing up to a maximum of one year.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

PART-TIME OCCUPATIONAL THERAPIST, TUBERCULOSIS HOSPITAL, BOARD OF HEALTH, CAMBRIDGE, AUGUST 15, 1939.

Last date for filing applications, Tuesday, August 1, 1939, at 5 p. m.

This examination is open to residents of the State.

Salary: \$5.00 a day, two days a week.

Duties: To visit patients for whom occupational therapy has been prescribed. To suggest and supervise projects, educational and vocational activities, to prepare and deliver the materials necessary to carry them out, and to assist with or conduct parties and other recreational activities. To requisition necessary supplies for the department and keep all materials used in order. To keep an accurate account of assets and expenditures, prepare monthly reports of work done in the department, and keep notes on the work and progress of each patient.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PART-TIME PATHOLOGIST, MUNICIPAL HOSPITAL, HAVERHILL, AUGUST 15, 1939.

Last date for filing applications, Tuesday, August 1, 1939, at 5 p. m.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR FURNISHING OF BITUMINOUS CONCRETE PAVING MIXTURE, INCLUDING ONE SUPERVISOR, FOUR QUALIFIED RAKERS, TOOLS, INCLUDING EIGHT TO TEN TON TANDEM ROLLER AND OPERATOR.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing of bituminous concrete paving mixture, including one supervisor, four qualified rakers, tools, including eight to ten ton tandem roller and operator. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing of Bituminous Concrete Paving Mixture, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, July 6, 1939, with a certified check for four thousand (4,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two (2) dollars for each set of specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(June 24.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN, STRAW AND MASH.

The Supply Department of the City of Boston invites proposals for furnishing for city departments, hay, grain, straw and mash, as per specifications to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Wednesday, June 28, 1939, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(June 24.) Superintendent of Supplies.

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

U. S. H. A.-AIDED HOUSING PROJECT, MASSACHUSETTS 2-1.

The Boston Housing Authority will receive sealed bids for the construction of U. S. H. A.-Aided Housing Project, Massachusetts 2-1, located in the Charlestown district, Boston, Mass., until 12 o'clock noon, Daylight Saving Time, July 17, 1939, at the office of the Boston Housing Authority, 18 Oliver street, Boston, Mass., at which time and place all bids will be publicly opened and read aloud. Bids shall be submitted in triplicate, in a sealed envelope, indorsed with the name of the bidder and marked "Charlestown District U. S. H. A.-Aided Housing Project, Mass. 2-1." Each proposal shall set forth separate bids for each of the following base proposals:

Base Proposal No. 1.—Construction of all work of the entire project, including Site Developments, Landscape Work, Plumbing, Heating, and Electrical Work.

Base Proposal No. 2.—Construction of all work of the entire project, including Site Developments, Landscape Work, Plumbing, Heating, and Electrical Work, omitting Buildings Numbered 41, 42 and 43, as shown on plans.

The attention of bidders is directed to the alternates under each base proposal. The successful bidder will be required to furnish a satisfactory performance bond, as set forth in the specification. Attention is called to the minimum wage rates which must be paid on this project, as set forth in the schedule of minimum wage rates determined for this project by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of chapter 461 of the Acts of 1935 and made a part of the specification. Attention is also called to the requirements relating to Workmen's Compensation and to conditions of employment. Contract documents, including plans and specifications, are on file at the office of the Boston Housing Authority at 18 Oliver street, Boston, Mass., and may be obtained by depositing \$125 in the form of a certified check payable to the Boston Housing Authority for each set of documents so obtained. The amount of the deposit will be refunded upon return of each set in good condition within ten days after the opening of bids. A certified check or bank draft payable to the Boston Housing Authority, United States Government Bonds, or a satisfactory bid bond executed by the bidder and a surety company authorized to transact business in the Commonwealth of Massachusetts, in the amount set forth in the specification must be submitted with each bid. No bid shall be withdrawn for a period of sixty (60) days subsequent to the opening of bids without the consent of the Boston Housing Authority. The Boston Housing Authority reserves the right to reject any or all bids and to waive any informalities either in the bidding or in the proposals.

BOSTON HOUSING AUTHORITY,
(June 24.) by JOHN A. BREEN, Chairman.

W. P. A.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LOUD-SPEAKING EQUIPMENT.

Proposals on blanks obtained at the office of the Supply Department, 1001 City Hall Annex, for furnishing loud-speaking equipment to the Park Department, Boston Municipal Airport, signed by the bidder and left before 12 o'clock noon on Friday, June 30, 1939, at the office of the Supply Department, with a certified check for \$100, payable to and to become the property of the city if the proposal is not carried out, will then and there be publicly opened and read. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening bids. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(June 24.) Superintendent of Supplies.

PROCEEDINGS OF CITY COUNCIL.

Monday, June 12, 1939.

Regular meeting of City Council in Faneuil Hall, at 2 p. m., President MURRAY in the chair. Absent, Coun. McMahon and Norton.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Measurers of Leather: William H. Parrott, 63 Blue Hill avenue, Roxbury; George L. Runey, 65 Corona street, Dorchester.

Constables for term of one year, beginning with first day of May, 1939, with authority to serve civil process upon the filing of the necessary bonds: Samuel Goldkrandt, 27 Howland street, Ward 12; Joseph J. Cunningham, 75 Congreve street, Ward 20; David Kaplan, 639 Morton street, Ward 14.

Weigher of Coal: Eugene L. Murphy, 42 Ashland street, Taunton, Mass.

Severally laid over a week under the law.

SURVEY OF ARBORETUM HEIGHTS SECTION.

The following was received:

City of Boston,

Office of the Mayor, June 9, 1939.

To the City Council.

Gentlemen,—I transmit herewith letter from the Commissioner of Public Works relative to your order of May 15, 1939, concerning the making of a survey of the Arboretum Heights section of Ward 19 with a view to resurfacing all streets in this section which may require the same.

Respectfully,
MAURICE J. TOBIN, Mayor.

Placed on file.

City of Boston,

Public Works Department, June 7, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works make a survey of the Arboretum Heights section of Ward 19 with a view to resurfacing all streets in this section which may require same.

A survey has been made in this locality and the following is the list of public streets therein which are in good condition and in no immediate need of reconstruction:

Arboretum road, Calvin road, Lila road, Malcolm road, Rambler road, Westchester road, Whitcomb avenue.

However, there are two more streets in this section, namely, Elwell road and Winchester terrace, which are in a poor condition. As these two streets are private ways this department has no jurisdiction therein.

The matter of their acceptance comes within the jurisdiction of the Board of Street Commissioners, Room 401, City Hall Annex, Boston.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

CLEANING OF LINCOLN STATUE.

The following was received:

City of Boston,

Office of the Mayor, June 9, 1939.

To the City Council.

Gentlemen,—I transmit herewith letter from the chairman of the Boston Art Commission relative to your order of May 15, 1939, concerning the thorough cleaning of the statue of the Great Emancipator, Abraham Lincoln, in Park square, as a W. P. A. project.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,

Art Commission, June 7, 1939.

To: Office of the Mayor.

Subject: Cleaning statue of Lincoln in Park Square.

Examination: The statue is in pretty good shape as it is. The polished granite base is in perfect condition. The bronze work is turning a fine green like the Washington statue and this patina should not be destroyed. The cut granite base is somewhat discolored by water streaks from the

daily watering of the flower-groups at each corner of the statue, but this is not offensive.

Report: This commission does not recommend cleaning this statue at this time.

ROBERT P. BELLows, Chairman.

Placed on file.

DATA ON CITY YARDS.

The following was received:

City of Boston,

Office of the Mayor, June 9, 1939.

To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of May 15, 1939, concerning the number and location of all city yards now in use at the present time.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,

Public Works Department, June 2, 1939.

William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I have a copy of the following order that was passed in the City Council on May 15:

"Ordered, That the Commissioner of Public Works, through his Honor the Mayor, be requested promptly to advise the City Council the number and location of all city yards now in use at the present time."

Following are the locations of all the yards used by the various divisions of this department:

11 Child street, Jamaica Plan, Paving Service, Water and Sewer Divisions.

44 Gibson street, Dorchester, Water, Sewer and Sanitary Divisions.

315 Western avenue, Brighton, Water and Sewer Divisions.

596 Albany street, City Proper, Water Division (High Pressure).

686 Albany street, City Proper, Paving Division.

650 Albany street, City Proper, Sanitary Division.

680 Albany street, City Proper, Sewer Division.

710 Albany street, City Proper, Water Division.

261 Rutherford avenue, Charlestown, Sanitary Division.

312 East Eagle street, East Boston, Paving Service, Sanitary and Sewer Divisions.

282 Highland street, Roxbury, Paving Service and Sanitary Division.

162 Hancock street, Dorchester, Paving Service and Sanitary Division.

101 Southampton street, Roxbury, Paving Service.

160 Chestnut Hill avenue, Brighton, Paving Service.

Rear 372 Columbia road, Dorchester, Paving Service.

8 Dana avenue, Hyde Park, Paving Service.

H and East Second streets, South Boston, Sanitary Division.

Walter street, at Centre street, West Roxbury, Sanitary Division.

22 North Grove street, City Proper, Sanitary Division.

Atkinson street, Roxbury, near Southampton street, Bridge and Ferry Division.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

OPENING OF SCHOOL YARDS IN SUMMER.

The following was received:

City of Boston,

Office of the Mayor, June 9, 1939.

To the City Council.

Gentlemen,—I transmit herewith letter from the Secretary of the School Committee of the City of Boston relative to your order of May 22, 1939, concerning the keeping of the school yards in Ward 13 open after school hours and during the summer vacation period, in order that the children of the district may have a safe place in which to play.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,

School Committee, June 7, 1939.

Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Sir,—The School Committee in conference on May 31, received the order passed in City Council May 22, 1939, requesting the Committee, through your Honor, to keep the school yards in Ward 13 open after school hours and during the summer vacation period, in order that the children of the district may have a safe place in which to play.

The Committee has asked me to say that from time to time school yards have been opened for unsupervised play, but the results have been far from satisfactory. There have been complaints from people living in the immediate neighborhood and a good deal of damage in the way of breaking glass in the school buildings has resulted.

Last year a number of streets were roped off and set apart for play during specified hours, but here again the results were unsatisfactory. The Committee now is making a further study of the possibilities of unsupervised play activities, but nothing definite can be said at this time.

The Committee would call your attention to the fact that in Ward 13 there are seven playgrounds, namely:

Benedict Fenwick, Cora L. Etheridge, Edward Everett, John L. Motley, John Winthrop (park playground), Phillips Brooks, Richard C. Humphreys.

Within the very definite present financial limitations, the Committee feels that it will not be possible to extend playground activities this year.

Respectfully yours,
ELLEN M. CRONIN,
Secretary.

Placed on file.

BUDGET FOR REMAINDER OF YEAR.

The following was received:

City of Boston,

Office of the Mayor, June 12, 1939.

To the City Council.

Gentlemen,—I submit herewith and recommend for your favorable action the accompanying appropriation order for that portion of the fiscal year not covered by the action already taken by your Honorable Body. This budget is in substitution of the remainder of the original budget recommendations, of which seven twelfths have already been approved by the Council. There is embodied in this current order for appropriations for city departments practically all of the cuts recommended by your Committee on Appropriations, the elimination of all step-rate provisions for positions carrying compensation ranges of \$2,100 or over, and, in addition, a flat rate reduction of one per cent in the "A-Personal Service" item of all city departments. Recommendations for county departments include all the recommendations of the Committee on Appropriations, certain slack which has accumulated since the first of the year and which could not have been anticipated at that time, and the elimination of step-rate provisions for positions carrying compensation ranges of \$2,100 or over.

After a most painstaking personal review of the budget items and giving the matter careful consideration, these budget reductions represent, in my opinion, the most practical way of coping with the situation and the most efficacious method of obtaining further substantial reductions in the original budget allowances.

It may well be that in budget groups other than "A-Personal Service" there are items in which minor reductions can be effected, but the reductions that I have recommended in the "A" item is so drastic and arbitrary that it will be difficult for some departments to meet it, and for that reason I deem it prudent to leave other budget items unadjusted as a cushion against the non-realization of this "estimated slack." Under such an arrangement discretion and responsibility in the matter of executing economies made necessary by these curtailments is fixed on the various department heads and officials of the city government possessed of immediate detailed knowledge of ways and means of accomplishing this objective. The total of the reductions in the city and county budgets from the original figures submitted is \$276,250.85.

Respectfully yours,
MAURICE J. TOBIN, Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1939, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or County of Suffolk, or the departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment to the State, under the provisions of chapter 488 of the Acts of 1895 and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes be met by the income of

said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; and the appropriation for the City Record be met by the income of said publication and any excess over income from taxes; and the appropriation for the Traffic Tunnel be met by the income from tolls and any excess over income from taxes, in accordance with the provisions of section 11, chapter 297, of the Acts of 1929, as amended by chapter 74 of the Acts of 1935; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1938, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation, by the income of the financial year beginning January 1, 1939, and by taxes on the polls and estates in the City of Boston, and by the proceeds of any duly authorized loans.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city and all taxes assessed for meeting the city's proportion of the State tax for the year 1939, or for any other taxes or assessments payable to the Commonwealth shall be payable in two equal installments, on July first and on October first of 1939; that interest shall be charged on all taxes remaining unpaid after the first day of November, 1939, in accordance with the provisions of chapter 59, section 57, of the General Laws, as amended, until paid, except the taxes assessed upon shares of national banks, which shall bear interest at the rate of 12 per cent per annum from the first day of October, 1939, until paid, and that all interest which shall have become due on taxes shall be added to and be part of such taxes.

Ordered, That except as the appropriation for any purpose or item shall be increased by additional appropriations or transfers lawfully made, no money shall be expended by any department for any of the purposes or items designated in the tables and schedules hereinafter set out in excess of the amount set down as appropriated for such specific purpose or item.

Referred to Executive Committee.

LOAN FOR OVERLAY DEFICITS.

The following was received:

City of Boston,
Office of the Mayor, June 12, 1939.
To the City Council.
Gentlemen,—I am in receipt of the attached recommendation from the City Auditor. In view of the fact only a small balance remains in the reserve account established to meet overlay deficits and there still remains on the books of the city a sizable amount of taxes assessed in the years 1929 to 1937, inclusive, which later may prove uncollectable, I am in agreement with the auditor's recommendation that a loan of \$1,000,000 be issued to permit the further elimination from the books of the city of doubtful and questionable assets. I submit herewith a loan order for this purpose and respectfully recommend its adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Auditing Department, June 9, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.
Dear Sir,—Under the provisions of section 1 of chapter 235 of the Acts of 1938, the city was authorized to borrow not in excess of \$9,000,000 for the funding of overlay deficits resulting from the granting of abatements by the assessors in amounts in excess of that provided for this purpose in the tax levies for the years 1929 to 1937 inclusive. Last year, \$7,000,000 was actually borrowed for this purpose. At the present time, roughly, ninety-five per cent (95 per cent) of this amount has been utilized for the purposes authorized and only a small balance remains unused. Since further substantial overlay deficits may be anticipated, I feel it is desirable that authority should be secured to issue an additional \$1,000,000. I recommend therefore that an order be sent to the City Council authorizing an appropriation in this amount.
Respectfully,
CHARLES J. FOX, City Auditor.

Ordered, That under the provisions of section 1 of chapter 235 of the Acts of 1938, the sum of \$1,000,000 be, and the same hereby is, appropriated, to be used for the funding of overlay deficits and other items, and that the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount.
Referred to Executive Committee.

APPROPRIATION FOR SNOW REMOVAL.

The following was received:

City of Boston,
Office of the Mayor, June 12, 1939.
To the City Council.
Gentlemen,—I am advised by the City Auditor that expenditures for snow removal to date total four hundred and twenty-two thousand, nine hundred and ninety-seven dollars and seventy-one cents (\$422,997.71) and that appropriations voted by the City Council total four hundred thousand dollars (\$400,000),

leaving a deficit of, roughly, twenty-three thousand dollars (\$23,000) in the snow removal account as it stands on the books of the Auditing Department. In order to remove this deficit, I recommend that twenty-five thousand dollars (\$25,000) of the balance remaining unappropriated in the Highway Fund Distribution received from the state in nineteen hundred and thirty-eight be appropriated for snow removal. I submit herewith an appropriation order for this purpose and respectfully recommend its adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That, as authorized by the provisions of chapter two of the Acts of nineteen hundred and thirty-nine, from the sum of one million, one hundred ninety-four thousand three hundred (1,194,300) dollars, being the unexpended balance of funds distributed to the City of Boston under the provisions of chapter five hundred of the Acts of nineteen hundred and thirty-eight, the sum of twenty-five thousand dollars (\$25,000) be, and hereby is, appropriated, for construction, reconstruction, maintenance and repair of roads, streets and highways other than state highways, surface drainage, sidewalks, curbs and bridges, whether such work be ordinary or otherwise, said sum to be expended, under the direction of the Commissioner of Public Works, as follows:

Snow Removal.....\$25,000 00

Referred to Executive Committee.

TRANSFER FROM PARKMAN FUND.

The following was received:

City of Boston,
Office of the Mayor, June 12, 1939.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Park Commissioners requesting the transfer of the sum of \$35,000 from the income of the George F. Parkman Fund to the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

I submit herewith an appropriation order and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, June 8, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—By vote of the Board of Park Commissioners you are respectfully asked to request the City Council to transfer from the income of the George F. Parkman Fund the sum of \$35,000, which is now available, to be expended, under the direction of the Board of Park Commissioners, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance
and Improvement of.....\$35,000 00

When making up the budget estimates for the year 1939, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item A-1, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1939, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Park Department.

Respectfully yours,
WILLIAM F. LONG, Chairman.

Ordered, That the sum of \$35,000 be, and hereby is, appropriated, from the income of the George F. Parkman Fund, to be expended under the direction of the Park Commissioners, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on
January 12, 1887, Maintenance
and Improvement of.....\$35,000 00

Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Clayton's, Inc., for compensation for damage to property on Winter street, caused by bursting of water main.

Cole Brothers, for refund on fire escape application.

Mrs. M. M. Eastman, for compensation for injuries caused by an alleged defect at Tremont and West streets.

Benjamin F. Folsom, for compensation for damage to property at 52 La Salle street, during construction of street.

David E. Maglio, for compensation for damage to property caused by city car.

Edwin J. McLaughlin, to be reimbursed for judgment issued against him.

Edwin J. McLaughlin, to be reimbursed for judgment issued against him.

Joseph T. O'Halloran, to be reimbursed for judgment issued against him.

Harry Poock, for compensation for injuries caused by being struck by pipe carried by fireman.

William M. Thompson, for compensation for damage to car by city wagon.

Alice M. Devitt, for compensation for injuries caused by an alleged defect in Washington street.

Executive.

Petition of Mary G. McDermott, to be paid annuity on account of death of her husband, John J. McDermott, late member of the Fire Department.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.:

Mary Campbell, Jordan Hall, June 14.

Rosalie Mann, Irving Adams Post, June 20.

Mildred C. Sacco, East Boston High School, June 19.

Marie E. Morin, Brighton High School, June 12.

Committee on Ordinances.

Petition of Shell Oil Company for driveway opening at 1942 Centre street and Bellevue street.

HEARING ON EASTERN MASSACHUSETTS STREET RAILWAY PETITION.

Notice was received from the Department of Public Utilities of hearing to be given June 14, 1939, at 10.30 a. m., on petition of Eastern Massachusetts Street Railway Company for license for operation of motor vehicles on Neponset River Bridge, Blue Hill avenue, between bridge and Seaver street; Seaver street, between Blue Hill avenue and Columbus avenue; Columbus avenue, between Seaver street and Park square; Stuart street, between Columbus avenue and Broadway; Broadway, between Stuart street and Park square.

Referred to the Executive Committee.

NOTICE OF TRACK LOCATION.

Notice was received from the Board of Street Commissioners of 94th location granted to Boston Elevated Railway Company, single track curve in Beacon street, Brighton, at Cleveland Circle.

Placed on file.

CONSTABLES' BONDS.

The constables' bonds of Aber Uckerman and Walter J. Stewart, having been duly approved by the City Treasurer, were received and approved.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President MURRAY called up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointments submitted by the Mayor June 5, 1939, of constables authorized to serve civil process upon filing bonds, viz.: George A. Graham, James McGrath, William J. McCorkle.

2. Action on appointment submitted by the Mayor June 5, 1939, of Julius Stepat, to be a Weigher of Coal.

The question came on confirmation. Committee, Coun. Irwin and Sullivan. Whole number of ballots 12, yes 12, and the appointments were confirmed.

REPORT OF COMMITTEE ON APPROPRIATIONS.

Coun. CHASE, for the Committee on Appropriations, submitted the following:

The Committee on Appropriations, to whom was referred, on March 27, 1939, the message of the Mayor and appropriation orders for the year 1939, having already made a partial report covering seven twelfths of the appropriations, respectfully submit the following, covering the remainder of the necessary appropriations for the year 1939.

For the Committee,

PERLIE DYAR CHASE, Chairman.

Coun. Chase and Shattuck dissent from the foregoing report.

(Accompanying the report was the appropriation order as recommended by the committee, summarized as follows:)

City departments.....	\$11,154,236 01
County departments.....	1,515,565 27
Total	\$12,669 801 28
Revenue departments.....	809,818 67
Total	\$13,479,619 95

MINORITY REPORT OF COUNCILOR CHASE AND SHATTUCK.

The undersigned members of the Committee on Appropriations dissent from the report of the majority of the committee and recommend the passage of the accompanying order.

PERLIE DYAR CHASE.
HENRY L. SHATTUCK.

(Accompanying the report of the minority was the appropriations as recommended by them, summarized as follows:)

City departments.....	\$10,839,933 63
County departments.....	1,462,481 86
Total	\$12,302,415 49
Revenue departments.....	783,574 97
Total	\$13,085,990 46

(The reductions recommended in specific appropriations are fully itemized in the following statement by Coun. Chase.)

Coun. CHASE—Mr. President, the members of this Body realize the desperate financial condition of the city. We realize that the taxpayers of Boston rightfully rely on the City Council to do its share to reduce the tax burdens of our people in so far as it can reasonably be done. We have no right to evade that responsibility. It is no answer to say that the amount suggested in cuts may, or may not, be relatively small in amount. Every little bit helps. Because we cannot agree on a cut of a million is no reason why we should not make a cut of even ten dollars, if such a saving may be made. Although there are other cuts which I personally feel might possibly be made, I have purposely kept to figures with which I feel no reasonable man, with the interests of the city at heart, can reasonably fail to agree. The minority report has recommended no cuts in the following budgets: City Hospital, Sanatorium Division, Child Welfare Division, Long Island Hospital, Welfare Department, Wayfarers' Lodge, House of Correction, Temporary Home, Soldiers' Relief, or Suffolk County Jail (except \$500 recommended to be cut from Item B, Contractual Services, for electricity). Thus, no claim can be made that the proposals can be conceivably unjust to the sick, needy or destitute. As a practical matter, I feel that additional savings may well have been effected by the Mayor and money can be obtained even for the entire items for Conventions and for Celebrations, bearing in mind that further savings may well be effected in all departments through more centralized purchasing, and also not forgetting that even with the suggested cut of twenty-five thousand from the proposed Contingent Fund the combined Contingent and Reserve Funds this year will be substantially larger than either in 1938 or 1937, with the figures appropriated. I make these recommendations as one who has attended every minute of every day of some ten weeks of intensive consideration of every budget item. While I make no claim that I cannot be wrong, I believe I have the right to expect that such councilors as may disagree with the recommendations shall be reasonably familiar with the budget details. And I make these suggestions with a serious realization that the taxpayers of the City of Boston have a right to expect that this Council will make every reasonable effort to do its part in fighting against an increase in the present excessive tax rate. We cannot afford to have any part in adding to a burden which will break the backs of every taxpayer in Boston. It is my opinion that thousands of dollars were needlessly spent for outside repair work on city auto trucks. In view of the large number of automobile mechanics in the regular employ of the city service, I am of the opinion that the city has ample facilities for repairing its own trucks. Therefore, I recommend that the Council consider reducing the B, Contractual Service budget in the Paving Service by five thousand dollars (\$5,000) and B, Contractual Service in the Sanitary Service by ten thousand dollars (\$10,000). Councilor Shattuck and I concur in the opinion that the Hospital, Sanatorium, etc., budgets before mentioned, should be accepted as

submitted by the Mayor, and so report it in the minority report. Statistics show that every year between five and six per cent of the total number of employees in the city service leave the pay roll either from death, retirement or resignation. Although his Honor the Mayor has stated that he does not intend to fill any vacancy unless absolutely necessary, the budget allowances for personal service show that less than one per cent has been deducted for vacancies which may occur during the year. With this in mind, Councilor Shattuck and I concur in the opinion that all municipal, county allowances for personal services may be reduced by one and one half per cent and they are reported in the minority report. After careful study of the budget, Councilor Shattuck and I are of the opinion that it is not unreasonable to assume that the county officials and municipal department heads may carry on their particular function without impairing the service by a one per cent less allowance in all their budget items, except F, Pension Items, and those items specifically recommended for reduction, as follows:

CUSTODIAN, COURT HOUSE.	
A. Personal Service.....	\$1,342 00
B. Contractual Services.....	10,000 00
C. Equipment (electric fans, desk lamps and miscellaneous equipment)	8,777 00
D. Supplies (paper drinking cups and miscellaneous toilet and cleaning supplies).....	1,000 00
E. Materials (electric bulbs, etc.)....	4,000 00

SUFFOLK COUNTY JAIL.

B. Contractual Services (electricity),	\$500 00
CONTINGENT FUND.....	\$25,000 00
CONVENTIONS	\$2,000 00
PUBLIC CELEBRATIONS.....	\$5,000 00

BUILDING DEPARTMENT.

C. Equipment (new automobile)....	\$550 00
-----------------------------------	----------

LICENSING BOARD.

B. Contractual Services (transportation)	\$250 00
C. Equipment	398 00

PUBLIC BUILDINGS DEPARTMENT.

B. Contractual Services (general repairs)	\$2,000 00
Special Appropriations (bridge repairs, etc., electrical work on Charlestown Bridge)	16,000 00

TUNNEL BUDGET.

C. Equipment (traffic signs and equipment)	\$500 00
--	----------

CITY RECORD.

B. Contractual Services (printing),	\$1,000 00
-------------------------------------	------------

The savings as suggested in this report will total a sum of \$423,169.21 over the allowances as originally presented by the Mayor. While the budget we have recommended may not meet with the approval of the other members of the Council, we believe that the specific cuts we have submitted are of sufficient value to merit the Mayor's consideration and in many instances can be put into effect by executive action. Whatever may be the final action of the Council, the fact that his Honor the Mayor has seen fit to recommend today a budget reduced in a considerable degree over his original recommendations is sufficient evidence that the work of the committee has resulted in bringing to the attention of the city officials, savings in department appropriations which otherwise might have escaped attention.

The two reports were referred to the Executive Committee.

ELECTRIC FANS IN SUBWAY TRAINS.

Coun. ROSENBERG offered the following:

Ordered, That the trustees of the Boston Elevated Railway be requested, through his Honor the Mayor, to install electric fans in the subway trains for use during the summer months to provide added comfort for the passengers, in view of the fact that the same service is being rendered to commuters in other large cities of the country where subway service is in operation.

Coun. ROSENBERG—Mr. President, in other large cities of the country where the fare is less than ten cents, such as New York, Chicago and Cleveland, I am informed, the commuters on the trains and subways in those cities receive the comfort during the hot summer days of having electric fans in operation for their convenience. Here in Boston, with the highest fare of any city or town in the country, I believe that the Boston Elevated Trustees owe

it to the citizens of Boston and of Greater Boston to give the same amount of service as is given in other cities and towns, and I trust as the result of this order the trustees of the Elevated will deem it advisable to have the fans installed.

The order was passed under suspension of the rule.

LUNCHROOM, FRANK V. THOMPSON SCHOOL.

Coun. ROSENBERG offered the following: Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to make arrangements to provide a proper lunch room for the students of the Frank V. Thompson School who are forced to sit on the steps of the school to eat their lunches.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. TAYLOR, for the Committee on Ordinances, submitted the following:

1. Report on petition of Edna Long (referred April 24) for driveway opening at 2870 Washington street, Ward 11—that permit be granted.

2. Report on petition of S. Newman (referred May 22) for driveway opening at 141 Cambridge street, Ward 22—that permit be granted.

Reports accepted; permits granted under usual conditions.

SATURDAY MORNINGS FOR HOSPITAL CLERICAL WORKERS.

Coun. KERRIGAN offered the following:

Ordered, That the trustees of the Boston City Hospital inform the City Council what action has been taken to give clerical workers at the hospital the same privileges as other city employees in the matter of Saturday mornings off during the summer months.

Passed under suspension of the rule.

INFORMATION FROM HOUSING AUTHORITY.

Coun. WILSON offered the following: Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to at once advise the City Council in writing:

1. What exact legal procedure the Boston Housing Authority is permitted to follow in efforts made by it to remove, from structures located in the various areas recently taken by eminent domain proceedings, such occupants as have received a written notice to vacate.

2. Whether the continued service of a man as a member both of the Boston Housing Authority and the State Housing Authority at the same time is legal.

3. By what authority, if any, resident owners in dwellings taken by the Boston Housing Authority, under eminent domain proceedings, are prevented from removing kitchen stoves which may or may not be part of the realty.

Coun. WILSON—Mr. President, very briefly, those questions or inquiries of the Corporation Counsel are for the purpose of determining what his opinion is concerning the dual capacity of Mr. John Carroll as a member of both the State and City Housing Authorities. In my opinion, for what it may be worth, that situation is absolutely illegal and may well invalidate some of the action of the Housing Authority, and so I desire the opinion of the Corporation Counsel. I have in mind, also, the inquiry as to the procedure the Housing Authority will follow in actually evicting 6,200-odd persons who have been given the thirty-day notice to move out of four of the housing projects. Very frankly, I was initially under the impression that the usual procedure of a landlord might have to be followed with ejectment proceedings in the district court, but I understand now that it is possible, under the eminent domain act, that that procedure may not be necessary and that other procedure will be followed. In view of the inquiries that we got from desperate residents in the Charlestown area at the hearing last week I believe that the information should be made readily available. The other item perhaps is less important, except to the unfortunates who are hit by the ruling. As I understand, agents of the Boston Housing Authority are actively present on the streets of Charlestown, and some rule has been laid down to the effect that a resident of one of the houses to be demolished can remove various personal property, including his kitchen stove if he wants it, but none of the 180-odd resident owners in the Charlestown area are being permitted to remove even

the kitchen stove from apartments which are to be totally demolished, preparatory to the housing project. I would be interested to know on what theory, either of fairness or law, that procedure is being followed.

The order was passed under suspension of the rule.

CESSATION OF EMINENT DOMAIN PROCEEDINGS UNTIL PLEBISCITE.

Coun. WILSON offered the following:

Ordered, That his Honor the Mayor be requested to urge the Boston Housing Authority to proceed no further with eminent domain proceedings incident to housing projects unless and until the voters of the City of Boston have been permitted to express their preference in a plebiscite incident to the City Election of November, 1939.

Coun. WILSON—Mr. President, I can't believe but that that order will meet with the approval of the Council, in view of the fact that a week ago we voted for a plebiscite in the City of Boston on the question of extension of housing. I bear in mind that the referendum on the ballot in four of the wards of the city last November was over two to one against housing, and that at the public hearing here in Faneuil Hall the vote was approximately two to one against housing, even despite the presence of the cheering section from Old Harbor Village, which came here as a result of the fact that there was placed in every letter slot in Old Harbor Village, in the 1,016 apartments, on the day before the public hearing in Faneuil Hall, a typewritten notice requesting each of the tenants to be present at Faneuil Hall and vote "Yes," in favor of housing. I make that motion having in mind also the votes at the public hearing in Charlestown last week, at which time, in a hall crowded with people, only twenty persons rose and voted in favor of the housing. We are still living in a democracy—at least, in name—and since there is a City Election only five months away, and since the election machinery will be utilized for that purpose and the ballots will be available, it, of course, will be no additional expense to the city. I believe, therefore, that, pending any further taking by eminent domain and the herding of these various families like cattle into some other slum area, no further steps should be taken at least until the people of Boston, who in the last analysis are the persons most interested, shall have a right to state their opinion in the plebiscite which we have voted for next November.

Coun. TAYLOR—Mr. President, I move that the matter be referred to the Executive Committee.

Coun. SHATTUCK—Mr. President, in this morning's Post there is a very interesting article on the subject of housing, containing some valuable statistics. I wish to put that in the record and will ask that it be printed as a part of my remarks.

President MURRAY—If there is no objection the matter will be incorporated in the record.

The newspaper article is as follows:

[Boston Post, Monday, June 12, 1939.]

SHOWS TOO MUCH SPENT ON HOUSING.

Statistics on Boston Projects Cited by Congressman.

By Robert L. Norton.

The average taxpayer, who does not benefit by low cost housing in Boston, will make a substantial contribution to these projects. He contributes two ways, first to the Federal subsidy of \$212.51 for each family and, second, \$141.83 a year to the local housing authorities.

Cites High Cost.

In a table assembled from the reports of the United States Housing Authority, Congressman White of Ohio shows that total Federal subsidies over sixty years for the Boston projects will cost \$43,440,600. During the same period the total local subsidies will run to \$49,794,240 and the total public funds per family unit during the life of the project will be \$20,854.20.

The Cambridge project will receive \$4,657,800 in Federal subsidies and \$5,272,860 in local subsidies. In effect, this is a rent subsidy which comes out of the public purse.

"While all responsive and responsible citizens surely are willing to support any practical and reasonable program of slum clearance, these results of the present law are manifestly unfair," says Mr. White.

1. The rents are too high for slum dwellers, even after subsidies.

2. The Federal Government is required to contribute \$3,000,000 for every \$1,000,000 of construction.

Barely Scratches Surface.

3. Under present high costs, the program already undertaken barely scratches the surface and indicates that the cost of meeting complete demands would be far beyond the most rosy visions of the resources of government.

4. The average citizen who lives in a \$2,282 home obtained at his own expense is compelled under this program to supply \$5,534 homes for others, with additional subsequent costs bringing the total to an average of \$21,417 in the final analysis.

The Congressman's analysis of the housing program is of particular interest because of the controversy over slum clearance which is raging at this time in Boston and in every other city in the country. He shows indisputably, that housing is not to be furnished to the 17 per cent of the families of the country whose incomes are \$800 a year or less.

Poor Do Not Benefit.

On the basis set by the government, which contends that not more than one fifth of the budget of the low income families should be budgeted for rent, these people do not benefit by the present slum clearance. The average family income of the tenants occupying forty-one of the Federal projects is \$1,245 a year, which is considerably above the limit for any true low-cost housing.

Out of the 14,185 families now occupying these projects there are 475 families with incomes up to \$850 a year, 3,160 families with incomes just over \$850, 7,775 families with incomes from \$1,000 to \$1,439, 1,400 families with incomes of \$1,440 to \$1,599, 500 families with incomes of \$1,600 to \$1,799, and 875 families with incomes of \$1,800 to \$2,399.

If, according to the expressed intent of President Roosevelt, all families with incomes of \$780 a year or less are to be provided with Government housing, with combined Federal and local subsidies of \$356.94 per family as at present, it will cost the American public \$1,427,760,000 per year or nearly 86 billions for sixty years. And if these benefits are extended to all families with an income of \$1,450 a year or less, only \$300 more than the limits fixed at present, then the total subsidy would run to over five billions a year or the astronomical total of 300 billions for sixty years.

The order was referred to the Executive Committee.

DATA ASKED OF HOUSING AUTHORITY.

Coun. WILSON offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to promptly advise the City Council:

1. Whether the change from the 1,015 dwelling units and 840 families, estimated to be located in the Charlestown housing project area as of December, 1938, to 1,039 dwelling units and 676 families as of May, 1939, is the result of any changes in the location of the area taken or a result of 164 families moving out during the past five months or more.

2. What reasonable objection, if any, there is to permitting resident owners in the housing districts to remove kitchen ranges from houses which are to be totally demolished by the Housing Authority and from which houses occupants have been given a thirty-day notice to vacate.

3. What is the official rank and status of individuals now located in the Charlestown housing area who are acting as watchmen and who are forbidding resident owners to remove such articles as kitchen stoves from buildings which are to be totally demolished.

4. Exactly what legal procedure is contemplated by the Boston Housing Authority relating to occupants in various housing areas now taken by eminent domain proceedings and who have been given a thirty-day notice to vacate.

5. Exactly what steps, if any, are being taken by the Boston Housing Authority to aid occupants in the various housing areas to find homes of equal rental, comfort and sanitation; and if any steps are being taken, then what is the name of the agent in charge of such work, and where is he located.

Passed under suspension of the rule.

COPIES OF LAWS APPLICABLE TO HOUSING AUTHORITY.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to furnish the Clerk of Committees of the City Council copies of any and all Federal and State laws now applicable to the Boston Housing Authority, and especially its authority for eminent domain proceedings and the removal of occupants and their property from areas chosen for housing projects; also a copy of any present agreement now in effect between the Boston Housing Authority and the City of Boston.

Passed under suspension of the rule.

BILL IN EQUITY FOR APPOINTMENT OF ELEVATED RECEIVER.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel be ordered to bring a Bill in Equity, on behalf of the City of Boston as a stockholder of Boston Elevated Railway Company, in the Supreme Judicial Court of Massachusetts for appointment of a receiver of said company, on the grounds of mismanagement, fraud and insolvency; and that said continued insolvency will jeopardize the finances of the City of Boston.

Coun. WILSON—Mr. President, there is nothing startling about that suggestion. The common stockholders will continue to collect the guaranteed 5 per cent dividends just so long as the City of Boston, which pays 66 per cent of the annual deficit of this insolvent street railway company, is content to sit back and be bled white. This year the deficit will add just about \$1.25 per one thousand to the tax bill of every property owner in Boston. I am convinced that one way to end the ridiculous situation which has made Metropolitan Boston the laughing stock of the rest of the country is to make possible a suit by the City of Boston as a stockholder. Those who are sitting closest to the gravy dish will tell you that is a wild idea. The same powerful influences which have induced a sleepy Legislature in past years to sell out the people of Boston for a gold brick will say that the idea is impracticable. We will find out whether it is practical or not. We will see whether the stockholders who have the nerve to ask \$60 a share for stock you could buy in the open market today for \$47.50 will be able to laugh this off. The Boston Elevated Railway Company has been able to bluff the Massachusetts Legislature and bluff the people of Boston for a good many years. Boston has more at stake than any stockholder or any individual. As a stockholder I say the City of Boston can bring this issue to a head. I understand the Legislature actually contemplates putting the entire headache back on the shelf for a couple of years, and yet this year, with an almost insolvent city and with the taxpayers faced with a record tax bill, the Elevated deficit tossed back in our laps is the highest ever. Here is an opportunity to let the people of Boston and the people of Massachusetts know that the Boston City Council is something more than a memory. All I ask you to do is to pass this order. I have every assurance that the Mayor of Boston is big enough and farsighted enough to back up the City Council. I believe he means business. I can't believe he will let any bank or any financial clique stand between him and the taxpayers and car riders of the City of Boston. What I ask can be done. No individual stockholder will do it, but the great City of Boston as a stockholder can do it, with all the power of the city making the fight. For that purpose, Mr. President, I have taken the liberty of asking various members of the Council to sign the following agreement, which has already been signed by the following members of the Council: Councilors Kelly, Fish, Carey, Englert, Kerrigan, Irwin, Galvin, Taylor, Hutchinson, Rosenberg, Wilson, Sullivan, Langan, and Murray. We would welcome additional signatures from other members of the Council who may wish to sign the agreement, which reads: "The undersigned members of the Boston City Council in order to qualify the City of Boston as a stockholder in the Boston Elevated Railway Company for the purpose of instituting a suit for the appointment of a receiver for the said company on the grounds of mismanagement, fraud, and insolvency, agree to share pro rata in the purchase of one share of the common stock of the Boston Elevated Railway Company, to be taken in the name of the City of Boston and donated to the city for that purpose." And to relieve the minds of the various members of the Council, if they need their minds relieved, I may say that there is no possibility of the stockholders of the company holding up the stock because I had the office of Burr, Gannett & Company this morning make the purchase for me of one share of stock at \$47.50.

Coun. SHATTUCK—Mr. President, I have no interest in the Elevated one way or the other, and never have had, but I did serve in the Legislature for eleven years, before the extension was passed. That was after the first Public Control Bill was voted. I was not yet a member of the Legislature at that time. I ceased to be a member of the Legislature before the extension was voted, so that I have not committed myself in any way on the subject of tying up the city with this contract. I was in favor during my membership the last time—while I was a member the question came up—I was in favor of public ownership of the Elevated. That was my position. I do not believe that

we should pass this order in the form stated, for two reasons: In the first place, it charges insolvency of the Elevated. I do not believe the Elevated is insolvent. The Elevated is the landlord of the property; the City of Boston is the tenant. The City of Boston, under a contract, is paying the Elevated a rental, and the Elevated is paying the wages, it is paying for the materials, it owes no bills on which it can be declared insolvent. That is a contract for a term of years, which I do not believe can be abrogated except by the consent of both parties, any more than any other contract can be. That is No. 1. Secondly, this order charges fraud. What evidence have we got of fraud? Are we going to bandy about charges of fraud without any evidence of it, without any hearing, or without the presentation of testimony? I do not believe we ought to do any such thing. I shall vote against the order, and I shall ask for a roll call.

Coun. WILSON—Mr. President, may I state, in answer to some of the suggestions which were made, that from an operating viewpoint, a private corporation in this state which cannot come any nearer to paying its bills than the Boston Elevated Railway Company does, and which tosses back a deficit aggregating millions of dollars each year to the public, in my mind might be characterized as having a deficit and as being insolvent. Now, on a possible technical question of fraud, I bear in mind two items that might suggest themselves. The first is that the books of a semi-public or semi-private corporation still carry as a tangible asset of that road the abandoned Atlantic avenue elevated structure at a figure in excess of two million dollars, when, as a matter of fact, the line has been totally abandoned and thrown to the winds since last autumn. I also bear in mind these two statements made by two reputable firms of accountants,—the statement of Patterson, Teele & Dennis, who examined the accounts annually from 1919 to 1930, inclusive, and wrote to the board of trustees of the company in 1923 and 1924, flatly as follows: "The road and the equipment are shown at book values without adequate provision for depreciation prior to June 30, 1918." And there is the statement in writing by Lybrand, Ross Brothers & Montgomery, certified public accountants, who examined the company's books from 1931 to 1938, inclusive, and who also wrote to the board of trustees of the company identical letters in each of those years, as I understand it, that in their opinion the amount of accrued depreciation appearing in the accompanying balance sheet is inadequate. Of course, technically, if no other way, it is a fraud on the public and on the investors to carry year after year as assets valued at millions of dollars, assets which as a matter of fact are not worth the paper they are written on, assets concerning which the officials of the road and the trustees have been advised by reputable certified public accountants year after year are—if you want to put it that way—false to an extent that they should be corrected.

Coun. SHATTUCK—Mr. President, the fact that the Elevated has a deficit in its annual operations does not mean that it is insolvent. If the gentleman will read the Public Control Act he will see that a part of the contract is that the operating deficit shall be paid by the district served, through the Commonwealth in the first place and then distributed by the Commonwealth among the several cities and towns. That is all a part of the contract, and that contract has been made; it is water over the dam.

The order was referred to the Executive Committee.

SUBSTITUTE BILL FOR REMOVAL OF ELEVATED STRUCTURE.

Coun. WILSON offered the following:

Resolved, That the Corporation Counsel for the City of Boston, through his Honor the Mayor, be ordered to substitute the bill for the removal of the Atlantic avenue structure in the City of Boston, accompanying this resolve, for House Bill 116 of 1939, heretofore filed by the Corporation Counsel in the General Court, and now pending before House Committee on Ways and Means, and relating to purchase of Atlantic avenue structure; and that the Corporation Counsel be ordered to press allowance of the substituted bill before Joint Rules Committee of the General Court; and to press enactment of the substituted bill before all committees and the Senate and House of Representatives of the General Court.

Coun. WILSON—Mr. President, as I remember it, unofficially we received an oral opinion from the Corporation Counsel, who expressed some doubt as to the power of the trustees of the Elevated to abandon the Atlantic avenue structure. I have that opinion in mind, and I urge that, under the sections of the Acts of 1918, chapter 159, while the directors

of the company have certain powers to object to the extension of the road, I am convinced that the courts of this Commonwealth will uphold the opinion that they have not the power to object to an abandonment. And I bear in mind the history of the Boston Elevated Railway Company. In 1918, when the trustees took over the Elevated, there were 425 miles of surface track in operation. Up to December 31, 1938, 170 miles of those surface tracks had been abandoned, and the trustees did not even bother to remove the surface tracks. In 1935 a portion of the Atlantic avenue structure from Washington street through Castle to the Tremont Street Subway was removed, thus destroying the Atlantic avenue structure for loop trains. No bill was filed in the General Court to authorize the trustees to abandon those 170 miles of surface tracks or to remove that portion of the Atlantic avenue structure. All of those abandonments were accomplished by the trustees of the Elevated road under powers conferred by Special Acts of 1918, chapter 159. So I urge that as a reason for the adoption of the order which has just been introduced.

The order was referred to the Executive Committee.

ROPING OFF STREETS.

Coun. LYONS and LANGAN offered the following:

Ordered, That the City Messenger be authorized to rope off certain sections of the route of the Annual Ten Mile Road Race of the Holy Name A. A., to be conducted on June 24, 1939, through the streets of Roslindale and Jamaica Plain, the expense of same to be charged to the City Council appropriation for Ropes, Flags and Stakes.

Passed under suspension of the rule.

RECESS.

The Council at 3.05 p. m., voted to take a recess subject to the call of the Chair. The members reassembled at 4.45 p. m., and were called to order by President MURRAY.

EXECUTIVE COMMITTEE REPORTS.

Coun. WILSON, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Mary Campbell, Jordan Hall, June 14; Rosalie Mann, Irving Adams Post, June 20; Mildred C. Sacco, East Boston High School, June 19; Marie E. Morin, Brighton High School, June 12—recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

2. Report on order (referred today) that Corporation Counsel bring a Bill in Equity on behalf of city as stockholder of Boston Elevated Railway Company for appointment of receiver of said company on grounds of mismanagement, fraud and insolvency—that same ought to pass.

The report was accepted and the question came on the adoption of the order.

Coun. AGNEW asked for a roll call. The order was passed, yeas 10, nays 4.

Yeas—Coun. Carey, Englert, Fish, Hutchinson, Irwin, Kelly, Langan, Murray, Rosenberg, Wilson—10.

Nays—Coun. Agnew, Fitzgerald, Lyons, Shattuck—4.

3. Report on resolve (referred today) substituting bill submitted for removal of Atlantic avenue structure for House Bill 116 of 1939—that same ought to pass.

Report accepted; said order passed.

4. Report on order (referred today) requesting Mayor to urge Housing Authority to proceed no further with eminent domain proceedings until plebiscite of voters is held November, 1939—that same ought not to pass. The report was accepted and the question came on the passage of the order.

Coun. WILSON—Mr. President, speaking on that order, I can't believe that the members of this Council, on serious thought, really propose to go on record as in opposition to the spirit in which this order is offered. All that it asks is for the Mayor of Boston to urge the Boston Housing Authority not to proceed with any further eminent domain proceedings until the people of Boston shall have had an opportunity, within a few short five months, to express their feelings on the question of public housing. I bear in mind that this semi-private corporation, the Boston Housing Authority, composed of five ordinary mortals, not supermen—a clergyman, to be sure, a hotel man, an architect,—just ordinary mortals and not supermen—has been given the authority, under

the housing law, to reach down into the community and say, "This area of so many acres is confiscated and you are ordered to move out within thirty days." During the past month 6,200 persons in Boston have been affected by the order that within thirty days they should move out from the homes they have known and find a home elsewhere if they can. Four of those localities, involving, as estimated, over 6,000 people in this city, have been taken by eminent domain. They can't conceivably build one, let alone all four, of these vast housing projects before next November, and all that we ask in this order is that, irrespective of Old Harbor Village, which is completed, irrespective of the four that have been taken by eminent domain proceedings, they not proceed with the fifth and the sixth and the seventh, at least, during the next five months. What is the matter with the members of the Council?

Coun. AGNEW—Nothing.

Coun. WILSON—The councilor from Ward 21 says "Nothing." Well, the people of the City of Boston may express their thoughts on that subject in other ways not very long from now. Some members of the Council have heard, have been present in public hearings—one in this hall and one in Charlestown—and some of them are beginning to wake up to the fact that it is not a one-way street; that instead of an overwhelming popular sentiment in favor of subsidized, taxfree, low-rent housing as at present offered, the great majority of the people of Boston are still in the frame of mind that they were in when the people of four wards last November had a plebiscite. They are against housing, or I miss my guess. We are still a democracy. More areas have been taken than can possibly be constructed if every man in Boston goes to work between now and November. All we are asking in this order is that the Mayor urge the Housing Authority not to swoop down on some other area between now and November, until the people shall have a chance to speak. I am amazed that any representative of the people in any ward of the city should vote against the order as it now reads.

Coun. CAREY—Mr. President, I would like to have the members of this body accompany me into the Mission Hill district, where a housing project was originally conceived and an area of land taken not any larger than a fair-sized city block. A short time later, when the Housing Authority evidently thought that this body was going to be heart and soul in favor of housing, they decided to go a step further, and they then took an area perhaps the size of three ordinary city blocks, and lo and behold, last week what do we find? They are throwing their hands out over there, the hands of a giant, and taking a much larger area. What do we find in my district today as a result of it? A parade of homeless. It would be pitiful to have any member of this body go on record as giving this authority, this unwarranted exercise of power, without looking further; this taking away from them, by the right of eminent domain, their homes at a time when we did not think—or I personally, at any rate, did not think—that our action would be so vicious. We have seen in the newspapers within the last week or two word pictures of the refugees from Germany floundering about in the Atlantic Ocean, with no place to go. But I say to you, Mr. President and members of this body, that those stories and those pictures do not compare in pity with what is going on in my district, and I dare to say in other districts today, in the parade of the homeless. I think the members of this Council might well consider delay and passing favorably the order of Councilor Wilson.

Coun. SHATTUCK—Mr. President, thousands of people are being driven from their homes today to make a place, to make room, for the four projects which are now on the way. They are finding great difficulty in getting new homes equally good and at reasonable rents. There is a wholesale exodus, thousands of people. I do not believe we should increase that number at the present time. I do not believe we should do anything to make it even more difficult by putting more people into the market, forcing more people on the move; and, therefore, I feel that at least a delay is something that will alleviate a very serious situation, because many of the people, as I say, are finding great difficulty in replacing the homes which they have left, getting good homes and at reasonable rents.

Coun. AGNEW—Mr. President, some few months ago, when the original housing order was before us, the Council may well throw their memories back to the discussion and debate that was had on the floor at that time in regard to delaying action in reference to housing. And it may be recalled that after a consideration of the entire subject for a period of about one hour, the majority of the Council came out on the floor and was very anxious at that time to pass the twenty-odd million dollars for housing. A special

meeting was held, many motions on this floor were made, and the Council was successful in having a special meeting a few days afterwards. The same plea was made at that time by certain members of the Council, whose names I might call, "Don't rush into the appropriation of money for housing at this particular time without adequate discussion." Eventually it was passed, and the Housing Authority was given this authority to proceed on the housing problem. Now we are asked to use dilatory methods pertaining to housing. In some respects, in most respects, I am in favor of housing where it is going to help the unfortunate in any way so far as making their living conditions better. I consider the matter more than politically, and I feel it is more than a matter of argument as to the value of housing. I am in favor of housing, in favor of housing where it is going to help the living conditions of the people in the various sections of our city where I think they can be helped—South Boston, Roxbury, Charlestown, East Boston, and other sections—and I don't think we should be asked to obstruct any of the functions of our government which are helping the people. Ireland has accepted housing more than this country has ever accepted it, and it has been proven beyond a doubt that in that country it has helped the people beyond any measure that we could imagine. If the same thing can be effected in this country through our President, I think it is something that we should proceed with, and that we should uphold his hand.

Coun. WILSON—Will the gentleman yield?

Coun. AGNEW—The gentleman does not yield. We have had in Congress from this district and from Boston one of the greatest leading men in public life that this state ever produced. Congressman McCormack has at heart the welfare of the ordinary person. Being one himself, he knows what is good for the people and what is not. And I am ready to follow along in line with him. If in his opinion housing is a good thing for Boston, then I believe the same way. And I am not of the opinion that we should delay any longer in carrying out the ideas of the Federal Government relative to the people of our city who need better living conditions. We are asked to help them. I am going to help them with the belief that eventually they will recognize the fact that they are being helped and not have the feeling that some seem to have today, that they are not getting enough money for their houses, that the government is not treating them right, because the Federal Government in taking their houses, does not have the idea that they should receive all sorts of money out of proportion to the value of their property. Eventually they will all be satisfied, with better places to live.

Coun. CHASE—Mr. President, I have considered this proposition that is before us and I was very much impressed by the testimony of various people who appeared before the Executive Committee relative to the slum clearance to take place in Charlestown, South Boston, Roxbury, and other sections. I was especially impressed by the testimony of a colored lady who raised her voice in Dorchester, contending that her people would be forced into rat-infested sections much worse than the sections which were about to be torn down. I was also very much interested in the testimony of various people in Charlestown on the matter. And I must say, Mr. President, that the methods used by the Boston Housing Authority have been such as would be expected in this country if it were under the domination of some ruler like Hitler or Stalin of Russia. But this is America, Mr. President, and the poor people are being affected by this proposal. I think it is only proper for this Council, which contends that it has such a feeling of humanitarianism, to delay this matter until the poor people are properly housed.

Coun. LANGAN—Mr. President, I was not a member of this body when the order allowing housing to the extent of \$27,000,000 was passed. I have, however, followed the progress of housing as presented in this Council very closely, and I look with distaste upon many of the things that have come about as the result of the exercise of the powers of the Boston Housing Authority. I am entirely in sympathy with those individuals who find themselves temporarily without homes. I find myself entirely in sympathy with those who look with disfavor upon housing in that aspect. On the other hand, the order which was introduced into the Council today directs itself at a balance of \$8,000,000 with the estimates over and above the present projects, and I must confess frankly that I fail to see any connection between that and the order introduced by Councilor Wilson, which calls for holding up more exercise of the eminent domain right until such time as we have a plebiscite. I wonder what connection there is between a plebiscite

and the fact that people are being thrown out of their houses. I say that our remedy is, as a body, to ask the Mayor to see that some remedy is given to those individuals. But this Council has already sanctioned Federal housing up to the extent of \$27,000,000, and I say, having once passed that order, we now have a duty and obligation not to hamper the exercise of those functions which will carry out housing to that extent.

The question came on the passage of the order. The Chair was in doubt and the roll was called. The order passed, yeas 10, nays 7: Yeas—Coun. Carey, Chase, Englert, Fish, Fitzgerald, Kelly, Lyons, Rosenberg, Shattuck, Wilson—10.

Nays—Coun. Agnew, Harris, Hutchinson, Irwin, Langan, Murray, Taylor—7.

Coun. AGNEW moved to reconsider the foregoing vote. The motion was lost, yeas 8, nays 9:

Yeas—Coun. Agnew, Harris, Hutchinson, Irwin, Langan, Murray, Rosenberg, Taylor—8.

Nays—Coun. Carey, Chase, Englert, Fish, Fitzgerald, Kelly, Lyons, Shattuck, Wilson—9.

5. Report on message of Mayor and order (referred today) appropriating \$35,000 from income of Parkman Fund, to be expended under direction of Park Commissioners—that same ought to pass.

Report accepted; said order passed, yeas 17, nays 0.

6. Report on message of Mayor and order (referred today) that \$1,000,000 be appropriated for funding of overlay deficits and other items—recommending reference to Committee on Finance.

Report accepted, said reference ordered.

7. Report on supplemental budget of Mayor and appropriations (referred today) for balance of year 1939—that same ought to pass.

The report was accepted and the question came on the passage of the order.

Coun. WILSON—Mr. President, I desire at this time to move to substitute the order introduced by Councilor Chase, which would assure a reduction in the 1939 budget, as I understand it, of \$423,169.21 as against the compromise figure of \$276,250.85. I bear in mind the original message of his Honor the Mayor on March 27, in which he stated: "The allowances in this budget represent, in my opinion, the lowest appropriations possible without seriously crippling the services rendered by the city, and without reducing salaries of city and county employees. . . . In the event that your Honorable Body feels after deliberation that parings in these allowances could be made without jeopardy to the services or the functions of the municipal government, I sincerely hope that you will not hesitate to reduce these estimates." I am one of those who believe that the members of the Committee on Appropriations, who spent many hours and days of effort during the past eight or ten weeks going over this budget item by item, have really accomplished something of which they should justly feel proud in a year when the City of Boston is in such desperate financial condition, and I think that the members of the Committee on Appropriations who did give their time to that labor are primarily entitled to credit for even the compromise figure which today has been suggested by the Mayor, because, as the Mayor quite properly suggested in his message of last March, the Budget Commissioner and the city authorities other than the Council had pulled the figure down to what they felt was an irreducible minimum. Now as the result of the detailed questioning of the department heads—and I am not a member of the Committee on Appropriations so that I am not patting myself on the back, Mr. President—as a result of the hearings and the interviews with the department heads and constant hammering at the Budget Commissioner, it appears that over the week end—and I honor him for that—the Mayor finally came to the conclusion that apparently better than half of the proposed cuts recommended by the committee, or recommended by the minority of the committee, should even in his opinion be put into effect at this time. The Mayor's message to the Council says the allowance this year for special items, consisting primarily of aid to dependent children, dependent aid and old age assistance, is \$10,304,364.23. Last year the Welfare expenditures ran \$10,685,436—over and above Federal aid of \$2,442,417—of which amount it was necessary to raise \$2,860,500 through loans. The Mayor said with reference to these Welfare items: "It is not intended that your Honorable Body interpret the allowance for Special Items (Welfare assistance) as an estimate of the requirements for relief assistance for the full year. What they will be is highly conjectural." The report of the Welfare Department for the week ending May 5 showed 30,722 active cases as against 28,137 cases during the same week in 1938, or 2,585 cases more for the week, and the expenditures during the week were \$41,718.73 higher than the expenditures for the corresponding week in 1938. It is therefore plainly evident that the budget allowance for Welfare cannot be cut,

is inadequate, and that a very substantial amount of additional money must be raised by loan or otherwise to meet this item. And so the Council should not flatter itself that it is doing the job that perhaps some of us felt was being done. Very frankly, Mr. President, on the question of this one per cent cut, or as I believe Councilor Chase has said, a 1½ per cent cut, I think the only cut that can be made in this budget is on this personal item, and the cut can be made without cutting a single salary or firing a single employee. I call your attention to the information furnished by the Budget Commissioner on page 233 of the Council minutes, in response to questions as to personnel. Basing my statement on those figures, there were 396 less city department employees, exclusive of the schools, on January 1, 1939, than there were on January 1, 1938. The number of actual vacancies created by death, retirement, or otherwise during 1938 and not yet filled was 297. Roughly, then, we have the right to assume that ninety-nine vacancies, or about 25 per cent of the thirty-eight vacancies other than the schools, were filled. But we are told the annual salary total for the positions that became vacant and were not filled amounted to \$439,835. Yet the budget personal service items are only \$112,408.25 less in 1939 than was spent for the same city departments in 1938. Or, taking it another way, since there were 396 less employees in January of this year than there were in January, 1938, if we assume only \$15 a week for each of the 396, the saving would amount, or should amount, to over \$300,000, and yet this year's personal service items are only, as originally submitted, \$112,408 less than was spent in 1938. It becomes self-evident, therefore, as a matter of arithmetic and as a matter of figures, that there is slack there, and there is no reason to assume that there won't be 396 further vacancies this year. In addition to that fact—and I believe I am correct in these figures—the Reserve and Contingent Funds for the year 1939, as set forth in the budget, were \$420,500, as against an average for each of the past three years amounting to \$300,000. So that in the budget as originally submitted there was an additional leeway of \$120,000 over and above the money that was in the budgets of the past three years. Bearing that all in mind, Mr. President, my thought goes back to the hundreds of people in the Dorchester area which I represent, who have not paid, let alone this year's taxes but last year's taxes, and maybe those of the year before. We know what the present tax rate is, and no matter whether it is an increase of 50 cents or 25 cents or a dollar or five dollars, the psychological effect of banging the unfortunate property owners and taxpayers of Boston with one dime of increased tax rate this year, in my mind, will be tremendous. I do not mean it will be tremendous from a political point of view. I mean, from the point of view of the financial structure of the city and the happiness and sense of security in those homes. So I think that within reason we ought to go the limit on the reductions to be made in this particular budget. In closing I want again to repeat that I want to give every credit, so far as I am concerned, to the Appropriations Committee for the work that was done. I think they did a wonderful job, because I realize that great cuts were made before they cut the budget. I believe that the work they did with the Budget Commissioner—who, as I understand it, consistently stated that the budget could not be cut another dime on Friday night—was the real reason that influenced the Mayor in his broadness of vision and his wisdom and his fairness to meet even the minority of the committee more than half way. He is a practical man. I think that he is now convinced that the budget should be cut an additional amount. Perhaps I am not so practical. He is not voting here today. I am voting as my conscience dictates, and I move, sir, that we substitute for the report of the Executive Committee the report filed by Councilor Chase and the Committee on Appropriations: in other words, calling for a cut of \$423,169.21 rather than a cut of \$276,250.85.

Coun. TAYLOR—Mr. President, since the Mayor was inducted into office I don't think anyone can complain against or criticize his actions pertaining to the curtailment of the expenses of the City of Boston. From the moment he stepped into office, all along it has been his desire to cut the expenses of the City of Boston. He did it the first year and he attempted to do it the second year and he sent into this Council a budget less by \$1,800,000. When the councilor from Dorchester says that the budget can be cut further he perhaps has not the first-hand knowledge of the various departments that the Mayor has. The Mayor requested the City Council and the Committee on Appropriations to cut it if they possibly could do so, but you can only cut so far. You can't cut beyond the point where you are going to impair the public service; when you reach that point you can't go any farther, because

if you do somebody in the city is going to suffer. And that is the reason why people pay taxes, to receive public service. The Mayor wants to cut it as far as possible. He courteously called us in today and told us that he believes that we could cut the personnel one per cent more. Although the budget won't stand it, he feels that during this year perhaps there will be sufficient vacancies, sufficient deaths and retirements, and sufficient funds in the rest of the departments that might be transferred which will take care of any other personnel without cutting into the salaries one cent. He has done this because he feels more for the taxpayer than any Mayor we have had for some time, and he has attempted to do a good job. Now, when he says \$276,000, I know that it cannot be cut a nickel farther unless something unforeseen takes place. We know that the Mayor of Boston has cut so much of the tax rate as is attributable to the City of Boston in the last two years—there is no question of doubt about that. We know that the administrative expense of Boston is much less than when he came in. We know where the increase comes from. It comes from the added Welfare Department expense, from the added tax that the State has put upon us, from the added increase in the Elevated deficit. That is where the increase comes. It is not because of any action of the Mayor or the City Council: it is because of things over which he has no control. That is where the increase is coming from. This state does not contribute towards welfare as other states do; this state only taxes the cities and towns. That is the reason why we are going to have an increase, if we do have one, in the City of Boston. It will be no fault of the Mayor or no fault of the City Council. If the Mayor says \$276,000, in view of his attitude about reducing expenses, is the proper amount, I do not think that we ought to substitute the committee's report. I heard Councilor Shattuck say that he, as a member of the minority committee, is also willing to accept the Mayor's suggestion. I do not think any report should be substituted but that we should accept the suggestion of the Mayor.

Coun. SHATTUCK—Mr. President, in connection with the report which your committee made last week, today his Honor the Mayor suggested an amendment, cutting down the original budget and meeting more than halfway the proposals made by the minority of your committee. I think that the Mayor in large part is in sympathy with the minority of the committee and has gone more than halfway in meeting the position of the minority. I am willing to accept the proposal that he has made.

Coun. ROSENBERG—Mr. President, I might state that the budget as submitted, with the cuts recommended by the Mayor, in my opinion is the matter which the Council should really act upon this afternoon. I wonder how many of the members realize how much the budget has really been cut. I know of one department in the city today which has been cut to such an extent that some of the employees have been bringing in their own typewriters in order to do the work. That shows how closely the repairs have been cut in some of the departments. I am also aware of the fact, Mr. President, that one of our district courts, which in previous years was allotted money for the use of ice water and a cooler in the court, has had its allotment so cut that those things have been taken from that particular court. The court clerk formerly used to be able to answer communications from lawyers, and today the communications sent to that particular court are usually unanswered because of the lack of funds for answering letters and communications. Unless you send a self-stamped, return envelope your letters are not answered, but you have to make telephone calls in order to get the desired information. I believe that the same condition exists in other places, and in practically all of the departments. The budget has been clipped as closely as possible, and in one or two of the county departments the Mayor has made certain recommendations, and I therefore think that the recommendations made by his Honor the Mayor constitute the budget we should vote on, and we should therefore vote against the budget now presented by the minority.

Coun. CAREY—Mr. President, as a member of the Committee on Appropriations I sat in on every hearing that was held on the budget by the Committee on Appropriations in 1939, and I believe I can safely say that no budget has ever been passed upon by any Mayor or any City Council in the city's history that was so closely scrutinized by the committee as was the budget for the year 1939. There were certain cuts made by the committee, and not until seven o'clock on last Friday evening did the Committee on Appropriations terminate its hearings on the budget. At that time there was the question as to whether or not any cut might be

made in the Personal Service item. The Budget Commissioner at various times expressed his opinion that paring had been done right down to the bone. Any cuts that could have been wisely made were made by the committee in its various sessions. I sincerely feel that the budget as presented today, prepared by this Council, has been prepared as closely as could possibly be done without impairing the city service, and so I shall have to accept the recommendations of the Mayor today.

Coun. IRWIN—Mr. President, I believe that every councilor here has made up his mind. We have given it just as much serious thought as any member of the Appropriations Committee has, and I do not think that any more oratory will change one single vote. I therefore move the previous question.

The question came on Councilor Wilson's motion to substitute. The roll was called and substitution was lost, yeas 2, nays 16:

Yeas—Coun. Chase, Wilson—2.
Nays—Coun. Agnew, Carey, Englert, Fish, Fitzgerald, Galvin, Harris, Hutchinson, Irwin, Kelly, Langan, Lyons, Murray, Rosenberg, Shattuck, Taylor—16.

The question came on the passage of the order, as submitted by the Mayor. The roll was called and the order was passed, yeas 18, nays 0:

Yeas—Coun. Agnew, Carey, Chase, Englert, Fish, Fitzgerald, Galvin, Harris, Hutchinson, Irwin, Kelly, Langan, Lyons, Murray, Rosenberg, Shattuck, Taylor, Wilson—18.
Nays—0.

8. Report of Committee on Appropriations (majority report, Coun. Chase and Shattuck dissenting) (referred today) on message of Mayor and appropriations for year 1939—recommending that same be placed on file.

Report accepted; said report placed on file.
9. Report by Committee on Appropriations (minority report of Coun. Chase and Shattuck) on message of Mayor and appropriations for year 1939—recommending that same be placed on file.

The report was accepted and said report was placed on file.

10. Report on message of Mayor and order (referred today) appropriating \$25,000 from Highway Fund Distribution for deficit for snow removal—that same ought to pass.

The report was accepted and the order was passed, yeas 17, nays 0.

11. Report on message of Mayor and order (referred April 17) appropriating \$1,194,300 of Highway Fund money—recommending passage of accompanying order, viz.:

Ordered, That, as authorized by the provisions of chapter two of the Acts of nineteen hundred and thirty-nine, from the sum of one million, one hundred and ninety-four thousand three hundred (1,194,300) dollars, being the unexpended balance of funds distributed to the City of Boston under the provisions of chapter five hundred of the Acts of nineteen hundred and thirty-eight, the sum of two hundred and fifty-five thousand dollars (\$255,000) be, and hereby is, appropriated, for construction, reconstruction, maintenance and repair of roads, streets and highways other than state highways, surface drainage, sidewalks, curbs and bridges, whether such work be ordinary or otherwise, said sum to be expended, under the direction of the Commissioner of Public Works, as follows:

**PUBLIC WORKS DEPARTMENT.
Paving Service.**

A. Personal Service.....\$255,000 00

The report was accepted, and the order was passed, yeas 17, nays 0.

THE NEXT MEETING.

On motion of Coun. FITZGERALD the Council voted that when it adjourn it be to meet on Monday, June 26, at 2 p. m.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LANGAN, for the Committee on Claims, submitted the following:

1. Report on petition of Cornelius F. Mahoney (referred May 15) to be reimbursed for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to Police Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of fifty-nine dollars and eighty cents (\$59.80) be allowed and paid to Cornelius F. Mahoney in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Police Department, said sum to be charged to the Contingent Fund.
Report accepted; said order passed.

2. Report on petition of Edmund F. McKenna (referred June 5) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Paving Division of Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred sixty dollars (\$160) be allowed and paid to Edmund F. McKenna in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Paving Division, Public Works Department, said sum to be charged to the Contingent Fund.
Report accepted; said order passed.

3. Report on petition of Neil M. Murphy (referred June 5) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of one hundred dollars (\$100) be allowed and paid to Neil M. Murphy in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.
Report accepted; said order passed.

4. Report on petition of Francis E. Glennon (referred June 5) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of ninety-six dollars (\$96) be allowed and paid to Francis E. Glennon in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.
Report accepted; said order passed.

5. Report on petition of Daniel P. Dacey (referred June 5) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor apparatus belonging to Fire Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of two hundred fifty-five dollars (\$255) be allowed and paid to Daniel P. Dacey in reimbursement for amount of execution issued against him on account of his acts as operator of motor apparatus belonging to the Fire Department, said sum to be charged to the Contingent Fund.
Report accepted; said order passed.

6. Report on petition of Patrick J. Donelan (referred June 5) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Fire Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of fifty-four dollars (\$54) be allowed and paid to Patrick J. Donelan in reimbursement for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Fire Department, said sum to be charged to the Contingent Fund.
Report accepted; said order passed.

PLAYGROUND, LAMARTINE AND GREEN STREETS, WARD 19.

Coun. LANGAN offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to consider the advisability of establishing a playground on the vacant land at the corner of Lamartine and Green streets, Ward 19.
Passed under suspension of the rule.

RESURFACING OF PAUL GORE STREET.

Coun. LANGAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Paul Gore street, Ward 19, under the W. P. A. plan of construction.
Passed under suspension of the rule.

OBSERVANCE OF BUNKER HILL DAY.

Coun. IRWIN, for Coun. Galvin, offered the following:
Whereas, The greatest heritage of the youth of our nation is the right of citizenship; and

Whereas, Through the discontent of some and the apathy of others, the great boon of citizenship has lost its full significance; and

Whereas, A movement is now spreading throughout the nation to give full recognition of appropriate observance of a day set apart

to welcome into full citizenship the young men and women of America who have attained their majorities and are now entitled to say to themselves, "I am an American"; therefore, be it

Resolved, That the City Council of Boston give its complete indorsement of the Bunker Hill Day observance relative to the young citizens, and also attend in a body the ceremonies to be held at the foot of Bunker Hill monument following the parade on next Saturday afternoon.

Passed under suspension of the rule.

BOSTON PROPERTY OWNED BY EASTERN MASSACHUSETTS STREET RAILWAY COMPANY.

Coun. ROSENBERG offered the following:
Ordered, That the Board of Assessors, through his Honor the Mayor, be requested to inform the Boston City Council the amount of personal property and the amount of real estate held and owned by the Eastern Massachusetts Railway in Boston, together with a description and location of same in their report to the Council.
Passed under suspension of the rule.

SIDEWALKS, WARD 15.

Coun. KELLY offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Church street, from High street to Winter street, Ward 15, in front of the estates bordering thereon; said sidewalk to be from 8 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Commissioner of Public Works make a sidewalk along High street, from Hancock street to Church street, Ward 15, in front of the estates bordering thereon; said sidewalk to be from 8 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.
Severally passed under suspension of the rule.

SALE OF CIGARETTES BY VENDING MACHINES.

Coun. WILSON offered the following:
An Ordinance Concerning the Sale of Cigarettes or Tobacco by Vending Machines.
Be it ordained by the City Council of Boston, as follows:

Section 1. No person shall vend or sell cigarettes, cigars or tobacco by the use of automatic vending machines or locate, install, keep, maintain, or use, or permit the location, installation, keeping, maintenance or use upon his premises of any vending machine, automatic vending machine, or coin controlled, or coin operating machine, or other mechanical device used or engaged to be used for the sale or distribution of cigarettes, cigars, or other tobacco products by such method until said person has obtained a license therefor from the Police Commissioner.

Section 2. Such licenses shall be for the term of one year from the date of issue, and the license fee shall be \$5.00 for each vending machine, automatic vending machine, or coin controlled, or coin operating machine or other mechanical device used or engaged to be used for the sale or distribution of cigars, cigarettes, or other tobacco products by such method, and shall be granted subject to the following rules and regulations and such other regulations as may be imposed by the Police Commissioner, and violation thereof shall be cause for immediate revocation:

a. Any person, firm or corporation using, locating, installing, keeping, maintaining or permitting said use, location, installation, keeping or maintenance of a cigarette or tobacco vending machine upon his premises shall first make application in writing for a license for each said machine to the Police Department, which application shall set forth the name, nationality, residence, and present occupation of the applicant and that such applicant is a citizen of the United States; the full name and address of the proposed licensee; the full name and address of the owner of said machine; the specific name and kind of machine, with the name and address of the manufacturer, and the specific location where the machine is to be set up and operated.

b. Any firm or corporation making such application shall designate in writing the

member of such firm or the individual officer of such corporation to execute such application in the name and behalf of said firm or corporation.

c. No person, no ta citizen of the United States shall be granted such a license.

d. Upon conviction, as set forth in Section 3 of the Ordinance, the license or licenses of any person or persons, firm, or corporation so convicted shall be revoked and at least six months shall elapse before another license or licenses shall be granted to said person or persons, firm or corporation.

e. A license for any such machine shall be a license for such machine only at the location specified in the application and any transfer of such machine to another location shall require a new license.

f. The Licensing authority, or the Sealer of Weights and Measures, shall issue a metal plate to the applicant, which shall be fastened or exposed in a conspicuous place on each machine so licensed before such machine may be used or operated. Such plate shall specify the year of the current license, the name and address of the owner, the name and address of the licensee, the address of the location where such machine is licensed to be operated and a statement that such machine is not to be operated by any minor.

g. Each license granted shall be for a separate machine or apparatus at a designated location for a period of one year, or part thereof, upon payment of a license fee of \$5.00 per annum for each machine at such location, which license shall expire on the 31st of December following the granting thereof, and similar application shall be made for the renewal of any such license.

h. Before such machine is licensed, it shall annually be tested as to its mechanical operation by the Sealer of Weights and Measures of the City of Boston, who shall certify to the Licensing authority that the machine is in proper working order. The sealer may test such machine at such other times as he may deem necessary or expedient and the license of any machine certified by him as having been found not in good mechanical working order shall at once be revoked.

i. The Board of Health, at intervals, may inspect such machines and if, on such inspection, the merchandise in such machines is found not to be reasonably fresh, and merchantable, or if the machine or merchandise is certified by the Board of Health not to be in sanitary condition, then the license shall be at once revoked.

j. It shall be the duty of the Police Department to keep such machines under reasonable supervision and to diligently and promptly institute prosecution in any and all cases where any such machine is operated by a minor.

k. There shall be affixed conspicuously to the front of each machine a metal plate or sign with the words,—The sale of Cigarettes to Minors is Prohibited by Law,—printed plainly in letters not less in size than eighteen point capitals, bold face.

Section 3. Any person violating the provisions of this ordinance shall, upon conviction, be subject to a penalty not exceeding \$20.00 for each offense.

On motion of Coun. WILSON the ordinance was referred to the Executive Committee.

ADJOURNMENT.

Coun. IRWIN doubted the presence of a quorum, and on a count of the members it appeared that a quorum was not present.

Coun. WILSON doubted the vote and asked for a roll call.

The clerk called the roll, which showed the following members present: Coun. Carey, Chase, Englert, Hutchinson, Irwin, Kelly, Langan, Murray, Rosenberg, Shattuck, Wilson—11.

A quorum not appearing to be present, the Council stood adjourned to Monday, June 26, 1939, at 2 p. m.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Sanderson place, Brighton district, as a highway, from Faneuil street southwesterly, bounded and described as follows:

A highway named Sanderson place is hereby laid out, from Faneuil street southwesterly, and ordered constructed:

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by Faneuil street, forty and 8-100 feet; northwesterly by the line of Sanderson place, as established by this order, three hundred forty-five and 96-100 feet; southerly by the line of Sanderson place, as established under this order, by a curved line of twenty feet radius, sixty-two and 84-100 feet; and southeasterly by the line of Sanderson place, as established under this order, three hundred forty-three and 37-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Sanderson place will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Sanderson Place, Brighton, Assessment Plan, April 18, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Sanderson place, Brighton district, as a highway, from Faneuil street southwesterly, under the order of the Board of June 5, 1939, and awards no damages therefor.

CIVIL SERVICE EXAMINATIONS. (CITY SERVICE.)

AID AND SETTLEMENT AGENT, BOSTON
OVERSEERS OF PUBLIC WELFARE, JULY 25, 1939.

Last date for filing applications, Tuesday, July 11, 1939, at 5 p. m.

This examination is open to both males and females:

Salary: \$1,000 a year.

Duties: To interview relief recipients and determine legal settlements. Applicants should have a thorough knowledge of the sources of information available in proving legal settlements. Applicants should be able to evaluate the information received and apply this information in accordance with the law.

Applicants should also have a thorough knowledge of chapter 116 of the General Laws; of sections 14, 18, 25, 26, 27 of chapter 117 of the General Laws; and of section 42 of chapter 121 of the General Laws.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PLUMBING INSPECTOR, BOSTON BUILDING
DEPARTMENT, AUGUST 2, 1939.

Last date for filing applications, Wednesday, July 19, 1939, at 5 p. m.

Salary: \$2,000 a year.

Duties: To inspect all phases of the various branches of plumbing while same are in the process of construction, repair or alteration, in compliance with the legal requirements of statute law.

Under chapter 142, section 11, of the General Laws, inspectors of plumbing shall be practical plumbers, and shall also have had practical experience, either as master plumbers or as journeymen, continuously during the five years next preceding the date of appointment. According to section 12, chapter 142, of the General Laws, no person can be employed in this position who, at the time of said employment, engages in or works at the business of plumbing. Applicants must have either a journeyman's or master plumber's license.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of \$1,200-plus up to \$200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of \$400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 31.

SATURDAY, JULY 1, 1939.

No. 26

MAYOR TOBIN DELIVERS ADDRESS AT 87TH ANNUAL GRADUATION EXERCISES OF DORCHESTER HIGH SCHOOL FOR GIRLS—PAYS TRIBUTE TO MISS TWIGG, HEAD MASTER FOR TEN YEARS, AS BEING INSPIRATION TO THOSE WHO HAVE COME UNDER HER INFLUENCE AND THEN MOVED ALONG TO FACE THE WORLD'S PROBLEMS—ALSO EULOGIZES THE LATE HENRY L. HIGGINSON FOR CONTRIBUTION TO CULTURE OF CITY AND URGES AUDITORS TO EMULATE THE HIGH-MINDED CITIZENS WHO HAVE SERVED TO MAKE BOSTON SO NOTABLE.

At the 87th annual graduation exercises of the Dorchester High School for Girls, at Symphony Hall, Mayor Tobin delivered the address as follows:

The Head Master, Miss Twigg, and Teachers of the Dorchester High School for Girls, Members of the Graduating Class, Parents and Friends.

How glad I am to greet you on this day of youth triumphant! The occasion upon which we are met brings more than 600 members of this great high school's class of 1939 to honorable completion of twelve years of faithful study in the schools of Boston—twelve years of steady advance from childhood to the blessed maturity of young womanhood.

Happy as I am in such achievement by 615 girl graduates, I am especially proud, also, as Mayor of Boston, that the city has given them, in all their long and sometimes difficult onward march, the guidance and training made available by public schools which rank among the best in the American nation. Surely such advantages enjoyed in the past are a contribution which will endure, as a force for good, far into the future.

I have particularly in mind, of course, the excellence of the high school whose 87th annual Commencement we now celebrate. A worthy record has indeed been maintained ever since 1852, when the first high school in Dorchester was founded; but I would remind you that we mark today an anniversary of still brighter significance in the life of the Dorchester High School for Girls as a separate institution.

Tribute to Miss Twigg.

It was in September, 1929, that the High School for Girls first acclaimed a new head master just then appointed. She had already proved her possession of great ability as a teacher, and she was now to show, also, her command of unusually valuable qualities as an administrator. I refer to your well-beloved head master, Miss Alice M. Twigg, who now attains, as school years are reckoned, her tenth anniversary in the principal office.

Members of the Class of 1939, I know that you are proud to be the tenth group of seniors graduated under Miss Twigg as head master. I know that you share with me, also, a very warm appreciation of the service given by all the teachers in the Dorchester High School for Girls. The training, the inspiration, received from a truly devoted teacher is a gift of value beyond all pay and all price, as you will more and more realize as you go on to find and take your places in a workaday world which is, on the whole, sound and good, but which too often seems more aggressive than it does altruistic.

A year ago at Commencement time I was asked to address the graduates of my own high school in Boston—the High School of Commerce. To the seniors there I made a statement which I repeat to you now, namely, that "I am not going to build up a glamorous picture of the future. Too many advisers have told graduates in the past that the world lay at their feet."

The truth is, as you all know, that we are living in a time of continued economic strain, and the big question which confronts the high school graduate of today is not what easy choice he or she will make among many opportunities standing wide open, but where to attain even one opportunity of assured advancement.

Problems to Face.

This question does indeed bring youth today—our girls almost as often as our boys—face to face with a problem very realistic and concrete. Its proper solution is likely to require clear thought of the most definite and positive sort, accompanied by persistent effort. The facts are inescapable, and I shall return to them later, but I would like to speak to you first of fancies—of "such stuff as dreams are made on."

I have always believed that the intellect serves at its best only when aided by the imagination; and I was pleased to find this opinion confirmed the other day by a well-qualified author who recently wrote an essay in praise of dreams.

"Dreams," said this practical philosopher, "are the first shape that ambitions take . . . and you won't get far without ambitions, if indeed you start at all."

That is sound counsel, and our author goes a stage farther. She says that youth may well be encouraged not only in dreams, but even in what is known as daydreams of high ambition and future hopes.

As to such fancies, modern psychologists have spread needless fear, she thinks. Ambitious "daydreams do not grow out of conceit or a mere need to flatter one's ego," she says. "You may fear that they do, but the truth is that daydreams are sparks in your mind, and it is important to keep them alive."

(Continued on page 691.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

Editor, Room 40, City Hall.

The Statistics Department and *City Record*, until further notice, will be located at 18 Oliver street, fourth floor, telephone LAF. 5100. Subscriptions and sales of the *City Record* will be promptly handled at the above address.

The City Planning Board until further notice will be located at 18 Oliver street, fourth floor, telephone LAF. 5100.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, July 10, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

Death rate per 1,000 of population:

Last week, 11.53; corresponding week last year, 14.15.

Deaths by age periods, sex, etc.: Under one year, 17; one year to four years, inclusive, 6, sixty years and over, 99. Total deaths: Male, 103; female, 92; deaths in hospitals and institutions, 123; deaths of colored, 6.

ADDRESS BY MAYOR TOBIN.

(Continued from page 689.)

Remember that "you wouldn't even dream of being a great scientist, or a fashion executive, or an extra successful wife, unless you had some latent abilities along these lines waiting to be developed."

That statement seems logical, but I shall make you a declaration which, in our present surroundings, may have still greater force.

Do you know what called this great building of bricks and mortar into existence—this beautiful Symphony Hall where we are now assembled? It was a dream—a daydream—that gave birth to Symphony Hall, and the records of history prove it.

A FOREMOST CITIZEN.

Your fathers and mothers know well the name of Henry Lee Higginson. A generation ago he was everywhere recognized as one of Boston's foremost citizens.

But I must now go all the way back to the years from 1856 to 1860, when Henry Higginson was only a little older than the members of this senior class. After completing only a few months of the normal undergraduate course at Harvard College, he had tried his hand for a brief time in business in Boston. Dissatisfied, and doubtful as to his choice of a lifework, he had gone across the ocean for a period of travel and reflection in Europe.

Young Higginson supposed he would make only a brief tour, but his stay lengthened to four years. While visiting in Vienna, he decided that he would give himself with all seriousness to the study of music. His financial means at that time were slender. He gave tutoring lessons in English, to help pay the cost of the piano lessons which he himself took from a Viennese teacher. Many hours a day he held himself at his task, but, by an unusual misfortune, his persistence was his undoing. His left arm having been slightly injured, he disregarded the strain and went right on practising. As a result, the injury, which need only have been temporary, became permanent, a lifelong trouble.

Only slowly did young Higginson come to recognize that the harm was incurable, but finally he gave up the study of music. Returning to the United States in 1860, he found the country on the verge of the Civil War. At once he took service at the front, and fought with great courage and ability until wounded home. Thereafter, he entered the field of business and banking, for which he himself recognized that he had natural talent.

I have said that Henry Higginson gave up music as his vocation, but one purpose he never abandoned, namely, to give great music to Boston. During his travel in Europe he had decided that the one cultural institution most lacking in this city, and indeed in all the United States, was a symphony orchestra of the first order of excellence. As a young man, not twenty-five years old, he resolved that if he ever had the financial means to do so he would establish such an orchestra here in Boston. He knew that the project could not be self-sustaining, and that he would have to contribute from twenty-five to fifty thousand dollars a year for its support.

In 1880, after seventeen years in business, the time came when Henry Higginson found himself well on the way to amass a large fortune. So he said to his wife, "You must help me make a decision. There are two courses before

me. Either I can drop business now, retire, and lead a life of comparative leisure; or I can continue to work and by my earnings establish an orchestra. This has been the dream of my life. I should like to do it if you agree with me."

SYMPHONY FOUNDER.

His wife gave cordial assent, and Mr. Higginson established the first series of concerts in the very next year—1881. The course drew a large audience, and their founder immediately began the permanent plan of the Boston Symphony Orchestra. Each year, until the midst of the World War thirty-five years later, he gave the whole sum needed to meet the cost of the orchestra, the annual contribution ranging well above twenty-five thousand dollars. As you may know, the Boston orchestra became famous throughout the United States, setting a standard of excellence such as this nation has never known before, and inspiring other cities to establish the many great similar orchestras which happily exist in the United States today.

Such a gift is rare, even in the annals of America's many large private philanthropies. Usually the large gifts are made either at death, or somewhat late in life, after the donors have acquired great fortunes and are casting about for some worthy public purpose to which a part of their money may be devoted. Major Henry Lee Higginson, on the other hand, made his great decision while he was still a young man of comparatively little means, and what is more, he carried that decision through to a conclusion.

And so I say, and Major Higginson said himself, it was a "dream" that created both the Symphony Orchestra and this noble Symphony Hall where we meet today.

Dreams may bring to pass happy and lofty results in your own lives.

Of course, it is not enough merely to dream. You must think about your dreams. You must decide which of them are most worthwhile, which sparks of hope and purpose burn the brightest within you. You must make the choice and follow them in action and with unyielding effort.

If you do this, brilliant, indeed, may be the result. In any case, the outcome will be the better for your firm attempt. You know the verse from O'Shaughnessy's Ode:

With wonderful deathless ditties
We build up the world's great cities,
And out of a fabulous story
We fashion an empire's glory:
One man with a dream, at pleasure,
Shall go forth and conquer a crown;
And three with a new song's measure
Can trample an empire down.

Of course, none of us need expect, or even desire to gain a material empire. But let us dream well, fix a purpose, act upon it, and we may, indeed, rule over an empire of happiness in the good of others and in the peace of our own souls.

Most eagerly do I wish to you such achievement, and I know that you are well prepared to go forth and gain it.

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, June 29:

PARK DEPARTMENT.

Approval has been given for the temporary employment of the following matrons until September 12, at \$22 a week:

Mary Abberton, Hannah F. Barry, Mary A. Blong, Catherine J. Breslin, Margaret M. Broderick, Mary E. Burke, Ellen V. Carey, Hannah M. Carey, Nora Carson, Sarah L. Cleary, Margaret G. Conley, Catherine Connelly, Nora T. Crowley, Mary T. Daly, Mary Donahue, Ellen Duggan, Delia M. Foley, Catherine E. Ford, Mary E. Gillis, Cecilia G. Gilroy, May J. Gormley, Helen F. Harney, Catherine T. Higgins, Margaret M. Hurrie, Helen Keedy, Ellen J. Kelliher, Mary T. Kelley, Hannah F. Kelly, Julia A. Kennedy, Mary A. Kenney, Mary E. Leo, Mary M. Long, Mary E. Lynch, Lillian J. MacMillen, Ethel L. Mahoney, Mary Mahoney, Nora Manning, Mary E. McCarthy, Helene E. McCormack, Delia McDonald, Mary F. J. McKenna, Catherine McKillop, Ellen M. McLuckie, Mary A. McMahan, Catherine A. McManus, Mary A. Moore, Annie M. Morgan, Mary E. Moriarty, Mary F. Mulcahy, Annie F. Murphy, Annie E. Murray, Elizabeth V. Norton, Margaret T. O'Connell, Anna V. Orth, Elizabeth M. Powers, Anna V. Rochfort, Catherine F. Rooney, Mary T. Sullivan, Elizabeth I. Welch, Mary A. Wheeler.

Approval has been given for the temporary employment, for a period until September 12, of the following lifeguards at \$5 a day:

Edward A. Aaron, Felix A. Abruzzi, William A. Ballem, Vincent E. Black, John J. Boyle, John L. Brennan, Jr., James H. Connell, Patrick J. Costello, James A. Cullen, Joseph T. Donovan, John J. Doran, William V. Driscoll, George R. Egan, Leonard M. Foley, Martin W. Foley, William G. Freel, Ernest A. Goglia, Adolph H. Gruhn, Frederick E. Hopkins, Jr., Edward V. Irving, Frank G. Jones, William E. Kearns, John E. Mahan, Cornelius J. Mahoney, Paul Mann, John S. McDonough, Edward J. Meleedy, Jr., Alfred A. Merlino, John J. Mullen, John J. Murnane, Albert Palumbo, Lewis B. Paluso, Charles H. Pope, Samuel F. Prescott, Edward J. Rogers, John A. Rooney, Frank Rychlak, Timothy F. Scannell, Henry M. Walmsley, Edward M. Walsh.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon June 27 the Mayor approved a contract with the Atlas Roofing and Skylight Works for roofing work at the Harvard School. The following is the list of bids:

Atlas Roofing and Skylight Works, \$1,287; H. Van Noorden Company, \$1,319; Burgess & Blacher Company, \$1,370; H. A. Smith, \$1,390; John J. Hourihan, \$1,407; J. E. Morin, \$1,419;

Atlantic Roofing and Skylight Works, \$1,872; Eagle Roofing and Skylight Works, \$3,040.

Upon June 27 the Mayor approved a contract with contractors as indicated for furnishing and delivering ventilating fans to various schools for the year 1939. Bids were as follows:

C. J. Cox Engineering Company: Award items, net prices, Item 3, 3-phase, \$154; Item 4, 3-phase, \$154; Item 4, 1-phase, \$171.

Davidson Fan Company: Award items less 2 per cent, ten days, Item 1, \$447; Item 2, \$740; Item 3, D. C., \$154; Item 4, D. C., \$205; Item 10, 1-phase, \$259; Item 10, D. C., \$271.

Electric Blower Company: Award items, less 1 per cent, ten days, Item 3, 1-phase, \$158.85; Item 5, 3-phase, \$165; Item 5, 1-phase, \$163; Item 5, D. C., \$165; Item 6, 3-phase, \$170.25; Item 6, 1-phase, \$176; Item 6, D. C., \$217.25; Item 7, 3-phase, \$191; Item 7, 1-phase, \$199; Item 7, D. C., \$234.50; Item 8, 3-phase, \$194; Item 8, 1-phase, \$214; Item 8, D. C., \$244.50; Item 9, 3-phase, \$212; Item 9, 1-phase, \$227.50; Item 9, D. C., \$260; Item 10, 3-phase, \$217.

Without Discount.

Item 1.—Davidson Fan Company, \$447; Electric Blower Company, no bid; C. J. Cox Engineering Company, \$505.

Item 2.—Davidson Fan Company, \$740; Electric Blower Company, no bid; C. J. Cox Engineering Company, \$780.

Item 3, 30-Inch, 500 R. P. M.—Davidson Fan Company, \$162, 3-phase; \$165, 1-phase; \$154, D. C.; Electric Blower Company, \$160.25, 3-phase; \$158.85, 1-phase; \$160.85, D. C.; C. J. Cox Engineering Company, \$154, 3-phase; \$171, 1-phase; \$243, D. C.

Item 4, 30-Inch, 550 R. P. M.—Davidson Fan Company, \$165, 3-phase; \$179, 1-phase; \$205, D. C.; Electric Blower Company, \$163.25, 3-phase; \$174.25, 1-phase; \$208.75, D. C.; C. J. Cox Engineering Company, \$154, 3-phase; \$171, 1-phase; \$243, D. C.

Item 5, 36-Inch, 350 R. P. M.—Davidson Fan Company, \$178, 3-phase; \$180, 1-phase; \$171, D. C.; Electric Blower Company, \$165, 3-phase; \$163, 1-phase; \$165, D. C.; C. J. Cox Engineering Company, \$196, 3-phase; \$208, 1-phase; \$277, D. C.

Item 6, 36-Inch, 450 R. P. M.—Davidson Fan Company, \$181, 3-phase, \$195, 1-phase; \$220, D. C.; Electric Blower Company, \$170.25, 3-phase, \$176, 1-phase; \$217.25, D. C.; C. J. Cox Engineering Company, \$202, 3-phase; \$215, 1-phase; \$277, D. C.

Item 7, 42-Inch, 325 R. P. M.—Davidson Fan Company, \$202, 3-phase; \$218, 1-phase; \$243, D. C.; Electric Blower Company, \$191, 3-phase; \$199, 1-phase; \$234.50, D. C.; C. J. Cox Engineering Company, \$229, 3-phase; \$239, 1-phase; \$339, D. C.

Item 8, 42-Inch, 400 R. P. M.—Davidson Fan Company, \$206, 3-phase; \$238, 1-phase; \$253, D. C.; Electric Blower Company, \$194, 3-phase; \$214, 1-phase; \$244.50, D. C.; C. J. Cox Engineering Company, \$241, 3-phase; \$251, 1-phase; \$346, D. C.

Item 9, 48-Inch, 250 R. P. M.—Davidson Fan Company, \$224, 3-phase; \$238, 1-phase; \$263, D. C.; Electric Blower Company, \$212, 3-phase; \$227.50, 1-phase; \$260, D. C.; C. J. Cox Engineering Company, \$263, 3-phase; \$274, 1-phase; \$360, D. C.

Item 10, 48-Inch, 300 R. P. M.—Davidson Fan Company, \$227, 3-phase; \$259,

1-phase; \$271, D. C.; Electric Blower Company, \$217, 3-phase; \$263, 1-phase; \$271, D. C.; C. J. Cox Engineering Company, \$271, 3-phase; \$286, 1-phase; \$370, D. C.

With Discount.

Item 1.—Davidson Fan Company, \$438.06*; Electric Blower Company, no bid; C. J. Cox Engineering Company, \$505.

Item 2.—Davidson Fan Company, \$725.20*; Electric Blower Company, no bid; C. J. Cox Engineering Company, \$780.

Item 3, 30-Inch, 500 R. P. M.—Davidson Fan Company, \$158.76, 3-phase; \$161.70, 1-phase; \$150.92*, D. C.; Electric Blower Company, \$158.65, 3-phase; \$157.26*, 1-phase; \$159.24, D. C.; C. J. Cox Engineering Company, \$154*, 3-phase; \$171, 1-phase; \$243, D. C.

Item 4, 30-Inch, 550 R. P. M.—Davidson Fan Company, \$161.70, 3-phase; \$175.42, 1-phase; \$198.85*, D. C.; Electric Blower Company, \$161.62, 3-phase; \$172.51, 1-phase; \$206.66, D. C.; C. J. Cox Engineering Company, \$154*, 3-phase; \$171*, 1-phase; \$243, D. C.

Item 5, 36-Inch, 350 R. P. M.—Davidson Fan Company, \$174.44, 3-phase, \$176.40, 1-phase; \$167.58, D. C.; Electric Blower Company, \$163.35*, 3-phase; \$161.37*, 1-phase; \$163.35*, D. C.; C. J. Cox Engineering Company, \$196, 3-phase; \$208, 1-phase; \$277, D. C.

Item 6, 36-Inch, 450 R. P. M.—Davidson Fan Company, \$177.38, 3-phase; \$191.10, 1-phase; \$215.60, D. C.; Electric Blower Company, \$168.55*, 3-phase; \$174.24*, 1-phase; \$215.08*, D. C.; C. J. Cox Engineering Company, \$202, 3-phase; \$215, 1-phase; \$277, D. C.

Item 7, 42-Inch, 325 R. P. M.—Davidson Fan Company, \$197.96, 3-phase; \$213.64, 1-phase; \$238.14, D. C.; Electric Blower Company, \$189.09, 3-phase; \$197.01*, 1-phase; \$232.15*, D. C.; C. J. Cox Engineering Company, \$229, 3-phase; \$239, 1-phase; \$339, D. C.

Item 8, 42-Inch, 400 R. P. M.—Davidson Fan Company, \$201.88, 3-phase; \$233.24, 1-phase; \$247.94, D. C.; Electric Blower Company, \$192.06*, 3-phase; \$211.86*, 1-phase; \$241.56*, D. C.; C. J. Cox Engineering Company, \$241, 3-phase; \$251, 1-phase; \$346, D. C.

Item 9, 48-Inch, 250 R. P. M.—Davidson Fan Company, \$219.52, 3-phase; \$233.24, 1-phase; \$257.74, D. C.; Electric Blower Company, \$209.88*, 3-phase; \$224.73*, 1-phase; \$257.40*, D. C.; C. J. Cox Engineering Company, \$263, 3-phase; \$274, 1-phase; \$360, D. C.

Item 10, 48-Inch, 300 R. P. M.—Davidson Fan Company, \$222.46, 3-phase; \$253.82*, 1-phase; \$265.58*, D. C.; Electric Blower Company, \$214.83*, 3-phase; \$260.37, 1-phase; \$268.29, D. C.; C. J. Cox Engineering Company, \$271, 3-phase; \$286, 1-phase; \$370, D. C.

Discount.—Davidson Fan Company, 2 per cent; Electric Blower Company, 1 per cent; C. J. Cox Engineering Company, net.

* Contract awarded.

PARK DEPARTMENT.

Upon June 27 the Mayor approved a contract with the Cambridge Cement Stone Company for furnishing and erecting cast stone for the bandstand at Franklin Park, as follows: Cambridge Cement Stone Company, \$2,495.

Of four concerns who secured specifications on this work, only one submitted a bid—the Cambridge Cement Stone Company, 156 Lincoln street, Cambridge.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing laboratory supplies and equipment for Boston public schools. Bids, opened Monday, April 3, were received from the following concerns:

Cambosco Scientific Company, Central Scientific Company, Chicago Apparatus Company, A. E. Halperin, Howe and French, Spencer Lens, Standard Scientific Supply Corporation, W. W. Walsh Manufacturing Company.

Awards were made to the lowest responsible bidders in accordance with specifications and contracts awarded as follows:

May 20, 1939, Cambosco Scientific Company, \$1,387.77; May 24, 1939, Central Scientific Company, \$904.60; May 29, 1939, Chicago Apparatus Company, \$694.34.

The School Committee has approved proposals for furnishing art education and manual training supplies (including crayons for use in kindergartens) for Boston public intermediate and elementary schools. Bids, opened Wednesday, April 12, were received from the following concerns:

Art Craft Industries, Bigelow & Dowse Company, E. E. Babb & Co., Boston Envelope Company, Milton Bradley Company, Columbia Mills, Incorporated, General Crayon Company, Gledhill Brothers, Incorporated, Gregg Publishing Company, J. L. Hammett Company, B. L. Makepeace, Incorporated, Massachusetts Envelope Company, Ralph S. Pease, Incorporated, George Smith, Wadsworth Howland & Co., Henry S. Wolkins Company.

Awards were made to the lowest responsible bidders in accordance with specifications and contracts awarded as follows:

June 8, 1939, Milton Bradley Company, \$14,618.21; June 2, 1939, Gledhill Brothers, Incorporated, \$2,348.25; May 29, 1939, J. L. Hammett Company, \$6,155.23; June 2, 1939, Henry S. Wolkins Company, \$877.78.

SUPPLY DEPARTMENT.

Upon June 27 the Mayor approved a contract with the New England Coke Company, the only bidder, for furnishing coke for the Institutions and Penal Institutions Department. The approximate amount of the contract was \$3,048.75. Bids, opened June 15, were as follows:

Approximately 200 Tons Egg and Stove Coke, Mixed, to the Penal Institutions Department, Deer Island, to be Delivered by Truck into Bins via Winthrop, Per Ton of 2,000 Pounds.—New England Coke Company, \$8.90.

Approximately 125 Tons Stove Coke to the Long Island Hospital, Long Island, Delivered in the Bins, Per Ton of 2,000 Pounds.—New England Coke Company, \$10.15.

Total.—New England Coke Company, \$3,048.75.

Cash Discount, Ten Days.—New England Coke Company, 2 per cent, fifteen days.

CLAIMS ALLOWED.

The Mayor has approved, upon recommendation of the Corporation Counsel, the following claims:

William Gordon, 148 State street, Boston, in the sum of \$10, as refund of fee paid to the Police Department for sightseeing automobile permit, which was never used.

Nathan Kramer, 27 Julian street, Roxbury, in the sum of \$5, as refund on Sunday license and ice cream license issued on April 10, 1939, to take effect May 1, 1939, but not used.

Elizabeth Barnes, in the sum of \$70, for damage to property at 23 Gates street, South Boston, on January 27, 1939, caused by bursting of water pipe.

Pasquale Napolitano, 292 Chelsea street, East Boston, to be reimbursed in the sum of \$97.50, as the result of an accident which occurred on November 4, 1938, while employed as a chauffeur in the Sanitary Division of the Public Works Department, a city-owned truck, of which he was the operator, which struck the automobile of Harry M. Noonan, 149 Whitney avenue, Bridgeport, Conn., at North Washington and Thacher streets, causing damage.

Leonard Pasalaqua, in the sum of \$77, for expense incurred in digging up property to locate leak in pipe in October, 1937, at 19 Sullivan street, Charlestown.

Daniel Sullivan, 60 Mt. Pleasant avenue, Roxbury, in the sum of \$35, for personal injuries received on July 29, 1938, by falling into a hole in the sidewalk (crosswalk) at the corner of Mt. Pleasant avenue and Forest street, Roxbury, in front of the premises known as the Hunneman estate.

Randolph G. Webber, 108 Lothrop street, Beverly, in the sum of \$75, for personal injuries sustained on March 3, 1939, as the result of a fall on the sidewalk in front of 9 Pemberton square, due to a hole in the sidewalk.

Edward H. Lally, 5 Lenox street, Beverly, in the sum of \$25, for personal injuries received on June 28, 1938, by falling on the sidewalk at the Quincy Market on South Market street, as the result of an accumulation of refuse on the sidewalk.

David Kasok, 74 American Legion Highway, Dorchester, in the sum of \$130, for damage to property at 157-161 Cambridge street, Boston, caused by backing up of sewage in October, 1938.

Theresa Iudica, 179 Princeton street, East Boston, in the sum of \$10, for personal injuries sustained on January 11, 1939, caused by defect in sidewalk on Putnam street.

Marion Harrington, 603 Beech street, Roslindale, in the sum of \$35, for damage to car on December 30, 1938, caused by defective condition of the highway at the intersection of Poplar and Glen-dower streets, Roslindale.

Elizabeth P. Galvin, 59 Washington street, Charlestown, in the sum of \$10, for damage to car on February 23, 1939, caused by snow and ice falling from the roof of the English High School.

Edward H. Gallagher, 33 Whipple avenue, Roslindale, in the sum of \$40, for damage to car caused by defective condition of the highway at the intersection of New Heath street and Columbus avenue, on November 16, 1938.

Grace E. Doherty, 93 Falcon street, East Boston, in the sum of \$50, for personal injuries sustained on August 13, 1938, by falling on the sidewalk on Brook street, East Boston, as the result of bricks being piled on the sidewalk, without lights.

Edwina M. Connell, 221 Vermont street, West Roxbury, in the sum of \$15, for damage to automobile on September 9, 1938, caused by defect in roadway on Columbia road, South Boston.

Elizabeth Cloney, 39 Tonawanda street, Dorchester, in the sum of \$12.50,

for damage to automobile caused by driving into a hole in the highway on Crawford street, Roxbury, near Elm Hill avenue, on February 27, 1939.

Mae McDonough, 88 Summer street, Stoneham, in the sum of \$75, for personal injuries received on September 14, 1938, as the result of falling on the sidewalk at 28 Franklin street, Boston, caused by defective condition of the sidewalk.

Ethel Betts, 145 Sydney street, Dorchester, in the sum of \$90, for personal injuries sustained by reason of falling on Sydney street, due to defective condition of sidewalk, on November 25, 1938.

Celia A. Finnegan, 9 Eleanor street, Allston, in the sum of \$15, for damage to property at 9 Eleanor street, caused by leak in water pipe.

John J. Todd, 538 East Sixth street, South Boston, to be reimbursed in the sum of \$25, as the result of an accident which occurred on April 18, 1938. While in the performance of his duty as a police officer attached to division 10, and while operating a police patrol wagon, he struck Maria Ginty, of 118 Walworth street, Roslindale, causing personal injuries.

Sarah Moger, 4 Carlisle street, Roxbury, in the sum of \$7, as refund on fruit license and soft drink license.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Roxbury and are bounded as follows:

A parcel of land, owners unknown, being Number 8 Oakview avenue, bounded:

Westerly by Marcella street, nineteen feet; northerly by the line of Oakview avenue, one hundred and 79-100 feet; easterly by the end of Oakview avenue, ten and 81-100 feet; and southerly by the line of Oakview avenue, ninety-seven and 45-100 feet, containing fourteen hundred and sixty-one square feet, more or less.

A parcel of land, supposed to belong to Catherine Fallon and Mary Cullinane, bounded:

Westerly by the end of Oakview avenue, nine and 19-100 feet; northerly by land of Catherine M. O'Leary, eight feet; easterly by other land of Catherine Fallon and Mary Cullinane, seven and 5-100 feet; and southerly by the same, eight and 32-100 feet, containing six square feet, more or less.

A parcel of land, supposed to belong to Catherine M. O'Leary, bounded:

Westerly by a passageway, twenty-two and 6-100 feet; northerly by land of the Trimount Co-operative Bank, eight feet; easterly by other land of Catherine M. O'Leary, twenty-two and 6-100 feet; and southerly by land hereinbefore taken from Catherine Fallon and Mary Cullinane, eight feet, containing one hundred and seventy-seven square feet, more or less.

A parcel of land, supposed to belong to Trimount Co-operative Bank, bounded:

Westerly by passageway, twenty-two and 18-100 feet; northerly by land of Sarah Helliwell, eight feet; easterly by other land of Trimount Co-operative Bank, twenty-two and 18-100 feet; and southerly by land hereinbefore described as taken from Catherine M. O'Leary, eight feet, containing one hundred and seventy-seven square feet, more or less.

A parcel of land, supposed to belong to Sarah Helliwell, bounded:

Westerly by a passageway, forty-two and 7-100 feet; northerly by land supposed to belong to Helen Darles, eight and 12-100 feet; easterly by other land of Sarah Helliwell, forty and 52-100 feet; and southerly by land hereinbefore taken from Trimount Co-operative Bank, eight feet, containing three hundred and thirty square feet, more or less.

A parcel of land, supposed to belong to Helen Darles, bounded:

Westerly by land of Louis Cabot and Beatrice Cabot and land of Elizabeth M. Donelan, twenty-five and 3-100 feet; northerly by land of Workingmens Co-operative Bank, eight and 12-100 feet; easterly by other land of Helen Darles, twenty-five and 4-100 feet; and southerly by land hereinbefore taken from Sarah Helliwell, eight and 12-100 feet, containing two hundred and three square feet, more or less.

A parcel of land, supposed to belong to Workingmens Co-operative Bank, bounded:

Westerly by land of Elizabeth M. Donelan and Jane A. Campbell, twelve feet; northerly by other land of Workingmens Co-operative Bank, eight and 12-100 feet; easterly by other land of Workingmens Co-operative Bank, eleven and 82-100 feet; and southerly by land hereinbefore taken from Helen Darles, eight and 12-100 feet, containing ninety-seven square feet, more or less.

The sewerage works to be constructed are as follows: Two hundred and twenty-eight linear feet of twelve-inch sanitary sewer.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Oakview avenue will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1221, Sewerage Works, Oakview Avenue, Roxbury, May 20, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Workingsmens Co-operative Bank, \$100 00	
2. Helen Darles.....	50 00
3. Sarah Helliwell.....	50 00
4. Trimount Co-operative Bank.....	50 00
5. Catherine M. O'Leary.....	50 00
6. Catherine Fallon, Mary Cullinane,.....	50 00
10. Antonio Fabio, Antonietta Fabio,.....	50 00
11. Theresa A. Schlaich.....	50 00
Total.....	\$450 00

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Oakview avenue, Roxbury district, under the order of the Board of June 23, 1939, and awards no damages therefor.

CIVIL SERVICE EXAMINATIONS. (CITY SERVICE.)

ADJUTANT AND SETTLEMENT AGENT, BOSTON
OVERSEERS OF PUBLIC WELFARE, JULY
25, 1939.

Last date for filing applications, Tuesday, July 11, 1939, at 5 p. m.

This examination is open to both males and females:

Salary: \$1,000 a year.

Duties: To interview relief recipients and determine legal settlements. Applicants should have a thorough knowledge of the sources of information available in proving legal settlements. Applicants should be able to evaluate the information received and apply this information in accordance with the law.

Applicants should also have a thorough knowledge of chapter 116 of the General Laws; of sections 14, 18, 25, 26, 27 of chapter 117 of the General Laws; and of section 42 of chapter 121 of the General Laws.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PLUMBING INSPECTOR, BOSTON BUILDING
DEPARTMENT, AUGUST 2, 1939.

Last date for filing applications, Wednesday, July 19, 1939, at 5 p. m.

Salary: \$2,000 a year.

Duties: To inspect all phases of the various branches of plumbing while same are in the process of construction, repair or alteration, in compliance with the legal requirements of statute law.

Under chapter 142, section 11, of the General Laws, inspectors of plumbing shall be practical plumbers, and shall also have had practical experience, either as master plumbers or as journeymen, continuously during the five years next preceding the date of appointment. According to section 12, chapter 142, of the General Laws, no person can be employed in this position who, at the time of said employment, engages in or works at the business of plumbing. Applicants must have either a journeyman's or master plumber's license.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

TRIBUTE TO FREDERIC H. FAY OF PLANNING BOARD.

The following resolution was adopted by the City Planning Board at its meeting held on June 8, 1939:

Whereas, Frederic Harold Fay, for twenty years a member of the Boston City Planning Board and for seventeen years of that time its chairman, has found himself obliged, in order to conserve his strength and in the interests of his own physical well-being, to submit his resignation to the Chief Executive of the City; and

Whereas, His years of service as a member of the Board, unpaid so far as material compensation is concerned, have earned for him the respect and admiration of all with whom he has come in contact, even as they have endeared him to those who have had the privilege of association with him; and

Whereas, By his resignation, the City of Boston has lost the services of an eminent engineer, an outstanding city planner and a man of unsurpassed integrity, public spirit and civic loyalty; and

Whereas, Mr. Fay has made a further definite contribution to the public life of the community through his service in the office of the City Engineer of the City of Boston for sixteen years and as head of the Bridge and Ferry Division of the Public Works Department for four years; as chairman of

the Board of Zoning Adjustment of the City of Boston for fifteen years; as a member for ten years, and as acting chairman for five years, of the Division of Metropolitan Planning; as a member-at-large for six years of the New England Regional Planning Commission; as a member of the Massachusetts State Planning Board for three years; and as an active member in many civic and professional groups, in every instance typifying the very highest ideals of citizenship and of public service; therefore, be it

Resolved, That the Boston City Planning Board, while it regrets keenly the necessity that compels Mr. Fay's withdrawal at this time, it nevertheless accepts freely any arrangement that will relieve him from undue responsibilities and will tend to promote his restoration to perfect health; and be it further

Resolved, That the remaining members of the Boston City Planning Board, in recognition of his work and worth, are privileged to unite in this expression of gratitude to Mr. Fay for his generous cooperation, of appreciation for his outstanding ability, of admiration for his fidelity to duty, and of sincere thankfulness for his friendship, his sympathetic understanding and his unfailing good will; and be it further

Resolved, That a copy of these resolutions be spread upon the records of the Boston City Planning Board and that copies be sent to Mr. Fay, to his Honor the Mayor and to the Boston City Record.

REPORT ON CONVENTION BY SUPERINTENDENT OF PUBLIC SCHOOLS.

The following is the report of the Superintendent of Public Schools on attendance at the annual meeting of the American Council on education:

The twenty-second annual meeting of the American Council on Education was held in Washington on May 5 and 6, 1939.

This council has no individual personal membership. It is a council of national educational associations; approved universities, colleges and technical schools; state departments of education; and city school systems. It is the successor of the Emergency Council on Education which was established for the purpose of cooperating with the National Government in the solution of the many problems of adjustment and reconstruction after the World War.

Dr. George F. Zook, President of the American Council on Education, discussed educational finances in relation to government. He informed his listeners that studies had been completed showing the comparative ability of the several states to support education and the efforts they are making to do so. He expressed the belief that Congress eventually would make use of the studies and come to the aid of poorer states which are unable to set up educational programs adequate to train young people for effective citizenship. He called attention to the following state-local relationships in financing public education:

1. During the period 1930-1936 state aid increased from 354 million dollars to 578 billion dollars.

2. The rapid increase in state funds for welfare purposes has stimulated competition for financial support in all types of public service.

3. Competition produces a conflict in which the care of the old and the unfortunate seems in conflict with the young.

4. Such competition is short-sighted, for if youth are not educated adequately civilization retrogresses.

5. Government aid, both national and state, offers the only effective solution of the problem.

A discussion of current trends in the development of general education proved of unusual interest. Dr. V. T. Thayer, Educational Director of the Ethical Culture School, stated that youth must be taught the principles that clearly contrast the democratic way of living with that of other ideologies, such as Communism and Fascism. He referred to the problems of the youth of today and insisted that educators have lost sight of changing conditions since the early 1600's.

Of the several schools of thought among educators concerning the general purpose of education, Doctor Thayer called attention to St. John's College of Annapolis where the curriculum is based on a study of the 100 greatest books of all time. Doctor Thayer considered this type of education unrelated to functional needs of the individual.

A different view was expressed by Dr. M. T. Adler of the University of Chicago. He suggested the following:

1. A fundamental education which is good for men everywhere, such as acquaintance with a body of settled truths.

2. Recognition of the principle that men have sacred rights above the state.

3. That totalitarian regimes misuse education because they misuse men.

4. That the school must teach the disciplines and moral virtues of the church and home.

5. That the problem of the individual in education is essentially moral while the problem of the individual in the state is essentially political.

6. That the primary purpose of education is to make men free.

Other important discussions included teacher education, secondary school standards, motion picture in education, C. C. C. camps, vocational adjustment, educational research.

Respectfully submitted,

ARTHUR L. GOULD,
Superintendent of Public Schools.

POLICE DEPARTMENT ORDERS.

General Order No. 355.

Patrolman George J. Smith, attached to Division 8, is commended for meritorious service rendered on Sunday, June 11, 1939. While on a day of relief, and on an outing at the Ipswich river, Middleton, Mass., he observed a child struggling in the water, about twenty-five feet from the embankment. Patrolman Smith entered the water fully clothed and swam to where he saw the child and after diving he was able to grasp her and swim to the bank of the river, where she was given first aid and taken to her home by her parents.

The commissioner is pleased to recognize and commend Patrolman Smith for his prompt response and devotion to duty shown in the emergency, which reflects credit on him and the Police Department as a whole.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 356.

A trial board consisting of Captains McKinnon, Duggan and Murphy, having heard by reference a complaint made by Capt. Leonard E. J. O'Connell, Division 13, against Gerald S. Keough, patrolman, Division 13, for alleged violation of the rules and regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Gerald S. Keough be suspended from duty for a period of ninety days, effective as of 12.30 a. m., June 9, 1939, and at the expiration of said suspension he perform 315 hours of punishment duty.

Civil Service Rule 23, section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the commissioner, upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the commissioner

shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 357.

Sergeant John J. Biggins and Patrolmen Maurice J. O'Keefe and Francis M. Donovan, all attached to Division 3, are commended for efficient police duty performed on the early morning of Wednesday, May 24, 1939, in connection with the apprehension of a person who had attempted to commit a hold-up, on Charles street, a short time prior to his capture.

Furnished with a meager description, the officers, while cruising through Howard street, observed a man who answered the description of the man wanted. He was identified at the station by the victim as the one who attempted to hold him up while in a parked car on Charles street.

Further investigation disclosed that he was wanted in New York for violation of his parole and he also confessed to two other hold-ups in this city and was sentenced to a substantial period in State Prison.

The commissioner is pleased to recognize and commend these officers for their keen observation and devotion to duty shown in performing this splendid police duty.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INDUSTRIAL RELATIONS ADJUSTER, DEPARTMENT OF LABOR AND INDUSTRIES, AUGUST 4, 1939.

Last date for filing applications, Friday, July 21, 1939, at 5 p. m.

This examination is open to males only.

The minimum salary is \$2,640 a year; the maximum salary is \$3,180 a year.

Duties: To investigate conditions with regard to strikes, lockouts and other

labor difficulties. To conciliate disputes between employers and employees. To obtain necessary facts and information for the Board in the arbitration of any industrial dispute between employer and employee. To act as expert for the Board in matters before it in arbitration.

Applicants should have a knowledge of the location of the various types of industries in the various cities and towns of the Commonwealth. Applicants should have an intimate knowledge of the provisions of chapter 150, sections 1 to 10, inclusive, and chapter 149, section 22.

Entrance Requirement: Applicants must have had at least four years of progressive, responsible, successful, full-time paid employment either:

(a) In industry or business, at least two years of which must have been as an employer, administrative official, personnel officer, or as a recognized representative, actively participating in the improvement of working conditions through the development of a comprehensive personnel program or through the development of definite employer-employee relations policies; or

(b) In a State or Federal agency administering labor laws, or in other agencies or organizations concerned with the promotion of improved labor standards; or

(c) In a State or Federal agency engaged in the investigation of employee-employer relationships, or engaged in economic investigations relating to wage-earners; or

(d) Any time-equivalent combination of (a), (b) and (c).

Substitution of Education: Applicants may substitute one year of study successfully completed in a college or university of recognized standing, a school of accountancy or a school of business administration for six months of the experience prescribed up to a maximum of two years of experience.

Applicants may substitute year for year post-graduate study in the field of economics or political science, successfully completed in a college or university of recognized standing up to a maximum of one year.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

BUILDING OPERATIONS IN BOSTON FOR THE MONTH OF MAY SHOWN IN STATEMENT ON CONSTRUCTION WORK OF ALL KINDS AND FOR ALL PURPOSES.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, parking of vehicles is prohibited in the following street, effective June 28, 1939:

Market Street, Brighton.

Northwest side, from Arlington street to Mapleton street, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be sixty (60) days, vehicles are excluded from the following street, effective June 22, 1939:

East Sixth Street, South Boston.

From G street to K street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective June 26, 1939:

Alleghany Street, Roxbury.

From Parker street to Terrace street.

Elm Street, Dorchester.

From Everett street to New York, New Haven & Hartford Railroad.

Trull Street, Dorchester.

From Hancock street to Bellevue street.

Winthrop Street, East Boston.

From Paris street to Maverick street.

LOCATION OF STREETS.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the location, direction, width and grade of the private way in the Dorchester district, designated as Maryknoll street, from Groveland street to Morton street, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby is, approved.

Voted, That the location, direction, width and grade of the private way in the Dorchester district, designated as Verdale street, from Maryknoll street northwesterly, as shown on a plan approved in writing by the Board of Street Commissioners, and on file in the office of the Street Laying-Out Department, be, and the same hereby is, approved.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying-out and construction of Codman Hill street, Roxbury district, as a highway, from Washington street to Codman park, under the order of the Board of June 22, 1939, and awards no damages therefor.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 12-inch pipe in Old Colony avenue, 100 feet south of Monsignor Denis F. O'Callaghan Way and 130 feet southerly, in the South Boston district, at an estimated cost of \$950.

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of April 5, 1937, determining that no person sustains damages by the making of the public improvement, consisting of extension of Woodard road, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word: "no." That said order be further amended by adding thereto Amanda S. Nelson, \$275. That the amount \$275 be, and the same hereby is, awarded to Amanda S. Nelson for the damages sustained by the making of the said improvement.

EXTRA WORK UNDER CONTRACT.

Interstate Construction Company have been directed to perform the following extra work under the contract for altering and strengthening the Boylston Street Bridge, over the Boston & Albany Railroad, dated December 20, 1938. Items ordered: Remove approximately 350 steel bolts at 50 cents each, \$175; furnish and install 350 steel bolts at \$1.00 each, \$350—\$525. Estimated cost of extra work, \$525. This work was approved by the Public Works Administration May 3, 1939.

EXTENSION OF CONTRACTS.**PUBLIC WORKS DEPARTMENT.**

N. Cibotti and Company have been granted an extension of the contract for sewerage works in Central Wharf, Boston (P. W. A. Docket No. 1471-F), to September 1, 1939. Due to unforeseen delays occasioned by the inclemency of the weather and unforeseen obstructions encountered in the line of excavation as the work progressed, the contractor was unable to complete the contract in the specified time.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner for permission to raze the following structures as nuisances or fire menaces, due to unsafe condition:

The building at 9 Genesee street, Ward 3. It is necessary to have the occupants vacate forthwith.

The building at 185 Highland street, Ward 11, owned by Elizabeth McClellan, address unknown, to enter the premises and remove the building.

The wall between buildings numbered 7 and 9 Genesee street, Ward 3, which by partial collapse has created an emergency requiring immediate attention and corrective measures; to enter and secure said buildings for the safety of the public and occupants.

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

**CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)**

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

JANITOR SERVICE, JULY 27, 1939.

Last date for filing applications, Thursday, July 13, 1939, at 5 p. m.

This is the regular examination for the janitor service of the State and of all cities and of such towns in the State as are classified under civil service.

After July 1 there will be two vacancies in the Attleboro School Department.

Subjects and Weights: Training and experience, 1; practical questions, 1; total, 2.

Passing Requirements: Applicants must obtain at least 60 per cent in practical questions and at least 70 per cent in experience and in general average in order to become eligible.

Physical fitness to be determined by physical examination.

READVERTISEMENT.**CITY OF BOSTON.****PUBLIC WORKS DEPARTMENT.**

PROPOSALS FOR FURNISHING OF BITUMINOUS CONCRETE PAVING MIXTURE, INCLUDING ONE SUPERVISOR, FOUR QUALIFIED RAKERS, TOOLS, INCLUDING EIGHT TO TEN TON TANDEM ROLLER AND OPERATOR.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing of bituminous concrete paving mixture, including one supervisor, four qualified rakers, tools, including eight to ten ton tandem roller and operator. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 50 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Furnishing of Bituminous Concrete Paving Mixture, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, July 6, 1939, with a certified check for four thousand (\$4,000) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two (2) dollars for each set of specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,

(July 1.) Commissioner of Public Works.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

PROPOSALS FOR FURNISHING AND LAYING ASPHALT OR BITUMINOUS CONCRETE PAVEMENT TO RESURFACE WATER TRENCHES ON HUNTINGTON AVENUE, FROM TREMONT STREET TO BROOKLINE LINE, AND ON BEACON STREET, FROM CHARLES STREET TO DARTMOUTH STREET.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for furnishing and laying asphalt or bituminous concrete pavement to resurface water trenches on Huntington avenue, from Tremont street to Brookline line, and on Beacon street, from Charles street to Dartmouth street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Asphalt or Bituminous Concrete Pavement in Huntington Avenue, etc.," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Thursday, July 6, 1939, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two (2) dollars for each set of specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The undersigned reserves the right to accept any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,

(July 1.) Commissioner of Public Works.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about six thousand (6,000) square feet of land with building thereon on the northeasterly side of Dexter row, Charlestown, numbered three (3) in the numbering of said Dexter row, and more fully described in tax deed recorded with Suffolk Deeds, Book 5610, Page 385, on Thursday, July 6, 1939, at 10.30 a. m., on the premises, at a minimum price of thirteen hundred (1,300) dollars.

A deposit required at the time and place of sale of one hundred fifty (150) dollars, in cash or certified check, balance to be paid in thirty (30) days. Further particulars from the Custodian of Foreclosed Real Estate, Room 1008, City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,

Custodian of Foreclosed Real Estate.
(June 24-July 1.)

CITY OF BOSTON.

SUFFOLK COUNTY COURT HOUSE COMMISSION.

NOTICE TO CONTRACTORS.

Sealed proposals for alterations to Suffolk County Court House, Boston, Mass., will be received at the office of the Suffolk County Court House Commission, Room 211, New Court House Building, until 2 o'clock p. m., Daylight Saving Time, on July 18, 1939, and at that time will be publicly opened and read aloud. Plans and specifications may be obtained from the architect, Desmond & Lord, One Beacon street, Boston, for which there will be a charge of \$5.00. Bids must be accompanied by a certified check equal to five per cent (5%) of the bid and made payable to and to be the property of the Suffolk County Court House Commission if this proposal is not carried out. Proposals must be placed in an envelope, properly sealed, and marked, "Proposal for Alterations to Suffolk County Court House, Boston, Mass." Bids must be in duplicate, one with check to be left as stated above, the other without check to be deposited with the City Auditor, City Hall, Boston, previous to the time named for opening of bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of Desmond & Lord, Architects, One Beacon street, Boston, Mass. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. A surety bond in an amount equal to one hundred per cent (100%) of the contract price will be required of the successful bidder. The right is reserved by the Commission to reject any or all bids and to award the contract as they deem for the best interests of the owners.

NOTICE TO CONTRACTORS.

HELP ABSORB THE UNEMPLOYED.

Workers for all branches of industry or business can be secured at the Municipal Employment Bureau, 25 Church street, Boston. Tel. LIBerty 8607-08-09. STEPHEN J. HUGHES, Director.

Male and female help furnished on short notice with service that will satisfy any employer. Office, mechanical, factory, domestic, hotel, restaurant, hospital, skilled, and unskilled.

FREE SERVICE TO EMPLOYERS AND APPLICANTS.

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

U. S. H. A.-AIDED HOUSING PROJECT, MASSACHUSETTS 2-3.

The Boston Housing Authority will receive sealed bids for the construction of U. S. H. A.-Aided Housing Project, Massachusetts 2-3, located in the Mission Hill district, Boston, Mass., until 12 o'clock noon, Daylight Saving Time, July 28, 1939, at the office of the Boston Housing Authority, 18 Oliver street, Boston, Mass., at which time and place all bids will be publicly opened and read aloud. Bids shall be submitted in triplicate, in a sealed envelope, indorsed with the name of the bidder and marked "Mission Hill District, U. S. H. A.-Aided Housing Project, Mass. 2-3." Each proposal shall set forth separate bids for each of the following base proposals.

Base Proposal No. 1.—Construction of all work of the entire project, including Site Developments, Landscape Work, Plumbing, Heating, and Electrical Work.

Base Proposal No. 2.—Construction of all work of the entire project, including Site Developments, Landscape Work, Plumbing, Heating, and Electrical Work, omitting Buildings Numbered 18 and 19, as shown on plans.

The attention of bidders is directed to the alternates under each base proposal. The successful bidder will be required to furnish a satisfactory performance bond, as set forth in the specification. Attention is called to the minimum wage rates which must be paid on this project, as set forth in the schedule of minimum wage rates determined for this project by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of chapter 461 of the Acts of 1935 and made a part of the specification. Attention is also called to the requirements relating to Workmen's Compensation and to conditions of employment. Contract documents, including plans and specifications, are on file at the office of the Boston Housing Authority at 18 Oliver street, Boston, Mass., and may be obtained by depositing \$125 in the form of a certified check payable to the Boston Housing Authority for each set of documents so obtained. The amount of the deposit will be refunded upon return of each set in good condition within ten days after the opening of bids. A certified check or bank draft payable to the Boston Housing Authority, United States Government Bonds, or a satisfactory bid bond executed by the bidder and a surety company authorized to transact business in the Commonwealth of Massachusetts, in the amount set forth in the specification must be submitted with each bid. No bid shall be withdrawn for a period of sixty (60) days subsequent to the opening of bids without the consent of the Boston Housing Authority. The Boston Housing Authority reserves the right to reject any or all bids and to waive any informalities either in the bidding or in the proposals.

BOSTON HOUSING AUTHORITY,
(July 1.) by JOHN A. BREEN, Chairman.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about one thousand two hundred sixty-seven (1,267) square feet of land with building thereon, numbered 1512 in the numbering of said Washington street, Boston, and more fully described in tax deed recorded with Suffolk Deeds, Book 5481, page 53, on Thursday, July 13, 1939, at 11.30 a. m., on the premises, at a minimum price of three thousand (3,000) dollars.

A deposit required at the time and place of sale of three hundred (300) dollars, in cash or certified check, balance to be paid in thirty (30) days. Further particulars from the Custodian of Foreclosed Real Estate, Room 1008, City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,

Custodian of Foreclosed Real Estate.
(July 1-8.)

POPULATION OF BOSTON, BY SEX, NATIONALITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (*i. e.*, one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (*viz.*, 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

NO COST CONTROL FOR REFUSE DISPOSAL.

American cities on the whole may be clean housekeepers, but they don't know how much it is costing them to be clean or whether they are spending too much. Only a few cities are able to report accurately the unit cost of removing garbage and other refuse and of cleaning streets, according to the Public Administration Service of Chicago, Ill., which further reports that at least 90 per cent of the cities in this country have no cost control over this service.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

SAND, CINDERS AND SALT IN DULUTH.

About 385 miles of sidewalk are sanded every year and about 250 miles of streets are snow-plowed and sanded. Ordinarily, flat grades are not sanded, this work being confined to steep grades where dangerous ice conditions exist. During the past season the maintenance department used about 500 cubic yards of cinders, 500 cubic yards of sand, and 5 tons of calcium chloride on the streets.

The use of salt, or sodium chloride, has been discontinued entirely, because of its injurious effect on concrete walks and pavements. The action of salt is not clearly understood, but it is much more active during cold weather than in summer, and is apparently due to the formation of crystals after penetrating the surface, the force of which disintegrates the concrete. Calcium chloride does not seem to be entirely free from this difficulty, but is much less active than sodium chloride.

ANNEXATIONS OF BOSTON.

East Boston in 1637; South Boston in 1804, being set off from Dorchester; Roxbury in 1868, a city of Norfolk County since March, 1846; Dorchester in 1870, a town since September, 1630; Charlestown in 1874, a city of Middlesex County since February, 1847; Brighton in 1874, set off from Cambridge and incorporated as a town of Middlesex County in February, 1807; West Roxbury in 1874, set off from Roxbury and incorporated as a town of Norfolk County in May, 1851; Hyde Park in 1912, a town of Norfolk County since April, 1868.

These annexations, which added to Boston, were by area as follows: East Boston, 1,435 acres; South Boston, 795; Roxbury, 2,450; Dorchester, 5,600; West Roxbury, 8,075; Brighton, 2,664; Charlestown, 424; Hyde Park, 2,869. Filled land increased the area later by 1,396 acres. In 1875 the annexed territory had a population of 201,250, or 58.86 per cent of city's total; in 1910 its population had increased to 477,311, or 71.18 per cent, Hyde Park not included. By 1915 the total was 549,139, or 73.67 per cent of city. By 1925 the total was 607,519, or 77.92 per cent.

JAMAICA SPENDS \$1,000,000 ANNUALLY ON ROAD CONSTRUCTION AND MAINTENANCE.

Jamaica, an English possession, has a highway system which is almost entirely constructed of waterbound macadam, some 70 miles of which has been surface-treated. Many of the roads are under the supervision of the Department of Public Works and various parochial boards. There are about 2,500 miles of bridge and foot paths. The highway system connects all parts of the island in a very satisfactory manner, and the problem is not that of the construction of new roads, but the improvement of old ones, the surfacing and widening of these roads, and protective coatings. The roads are well maintained and, as there are not many heavy trucks, the maintenance is satisfactory. There are approximately 4,000 miles of highways, or 1.11 square miles of area to one mile of highway.

About a million dollars per year is spent on new construction and maintenance, the machinery used being both European and American.

(From a report of the American Road Builders' Association.)

RECREATION, ADEQUATE AS TO KIND AND AVAILABILITY.

Although the ratio of park acreage to population has been used as the simplest measure of the extent to which cities provide areas for the recreation of their people, it is by no means an accurate basis for determining this. If most of the total acreage is in one large park, if the parks are poorly distributed, or if they do not provide various types of recreation facilities, the park system may be inefficient even though the acreage is large. The efficiently planned park and recreation system will involve balanced relationship and well-distributed location of several types of properties, namely, children's playgrounds, neighborhood playfield parks, neighborhood parks, reservations, boulevards, and parkways.

(Bureau of Labor Statistics, Publication No. 462.)

POPULATION OF COUNTIES, 1935.

(1) Middlesex (11 cities and 43 towns), 958,855 or 23,931 over 1930; (2) Suffolk (3 cities and 1 town), 912,706 or 33,150 over 1930; (3) Essex (8 cities and 26 towns), 504,483 or 6,443 over 1930; (4) Worcester (4 cities and 57 towns), 495,562 or 4,320 over 1930; (5) Bristol (4 cities and 16 towns), 366,465 or 1,875 over 1930; (6) Hampden (4 cities and 19 towns), 333,495 or 2,001 less than in 1930; (7) Norfolk (1 city and 27 towns), 320,826 or 21,400 over 1930; (8) Plymouth (1 city and 26 towns), 166,329 or 4,018 over 1930; (9) Berkshire (2 cities and 30 towns), 121,099 or 399 over 1930; (10) Hampshire (1 city and 22 towns), 74,205 or 1,404 over 1930; (11) Franklin (26 towns), 51,043 or 1,431 over 1930; (12) Barnstable (15 towns), 36,647 or 4,342 over 1930; (13) Dukes (7 towns), 5,700 or 747 over 1930; (14) Nantucket (1 town), 3,495 or 183 less than in 1930. Total for the 14 counties (39 cities and 316 towns), 4,350,910 or 101,296 (*i. e.*, 2.38 per cent) over 1930. Of said total, 2,975,790 (*i. e.*, 68.39 per cent) were in the cities and 1,375,120 (*i. e.*, 31.61 per cent) in the towns. The four counties, Suffolk, Middlesex, Essex and Bristol, contain 63.00 per cent of the State's inhabitants.

If the municipalities having a population of 5,000 or over are properly called urban, then the percentage of urban population in the entire State reached the notable figure of 90.83, while the rural shows but 9.17 per cent.

The density of population in the State in 1935 was 552.4 persons per square mile, an increase of 12.9 persons over 1930.

POPULATION OF NEW ENGLAND, 1930.

Total population, 8,166,341 (4,024,657 males and 4,141,684 females); total white, 8,065,113 (3,972,465 males and 4,092,648 females); total native white, 6,230,803 (3,067,723 males and 3,163,080 females); native white of native parentage, 3,167,082 (1,572,885 males and 1,594,197 females); Negro, 94,086 (46,963 males and 1,568,883 females); foreign-born white, 1,834,310 (904,742 males and 929,568 females); native white of foreign or mixed parentage, 3,063,721 (1,494,838 males and 47,123 females); Indian, 2,466 (1,273 males and 1,193 females); Chinese, 3,794 (3,233 males and 561 females); Japanese, 352 (277 males and 75 females); Mexican, 107 (69 males and 38 females); all other races, 423 (377 males and 46 females).

A NEW POSITIVE WATER-METER TESTER.

The large majority of waterworks, particularly the smaller ones, seldom have accurate or positive means of testing their meters. Often when a meter is repaired, the man making the repairs simply blows through the meter to see if it runs, when it is again put into service with the assumption that it is accurate. Sometimes meters are hooked up in series with a new meter and water is run through to see if the readings check. This is better than the lung-power method, but still is far from accurate or dependable, in that the test meter may be in error by 2 per cent or even more. Several states have regulations governing water utilities, both municipal and private, and require a positive method of testing water meters in every meter shop.—*American City Magazine.*

Form 30.

NOTICE OF TAX TAKING.

THE COMMONWEALTH OF
MASSACHUSETTS.

CITY OF BOSTON.

OFFICE OF THE COLLECTOR OF
TAXES.

July 1, 1939.

TO THE OWNERS OF THE HEREINAFTER DESCRIBED PARCELS OF LAND SITUATED IN THE CITY OF BOSTON, IN THE COUNTY OF SUFFOLK, AND THE COMMONWEALTH OF MASSACHUSETTS, AND TO ALL OTHERS CONCERNED.

You are hereby notified that on Wednesday, the nineteenth day of July, 1939, at 9.30 o'clock a. m., pursuant to the provisions of General Laws (Ter. Ed.), chapter 60, section 53, and by virtue of the authority vested in me as Collector of Taxes, it is my intention to take for the City of Boston the following parcels of land for non-payment, after demand, of the taxes thereon as defined in General Laws, chapter 60, section 43, with interest and all necessary intervening charges, or any unpaid balance of said taxes, unless the same shall have been paid before that date.

MERRITT THOMPSON, Collector of Taxes for the City of Boston.	

STATE VALUATIONS IN 1937.

Total assessed value of real estate on January 1, 1937, in the thirty-nine cities and 316 towns of Massachusetts, \$5,742,161,541 (\$18,194,654 less than on January 1, 1936), of which 65.62 per cent applied to buildings and 34.38 per cent to land; of personalty, \$525,039,493; aggregate valuation, \$6,267,201,034 (2.74 per cent decrease from 1936), on which the total tax was \$222,184,422. To raise this amount of taxes on the property assessed at a uniform rate throughout the State would have required a tax rate of \$35.45+ on \$1,000 valuation. Boston's valuation, \$1,590,544,700, equal to 25.38 per cent of total valuation in the State.

RECEIPTS OF MILK IN BOSTON BY RAIL.
STATISTICS FOR YEAR 1937.

Total, 201,115,222 quarts (including 21,533,437 quarts of cream) or 190,884,037 by the Boston & Maine Railroad; 9,304,589 by New York, New Haven & Hartford Railroad; 926,596 by Boston & Albany Railroad.

The said total exceeds that of 1936 by 2,233,863, but is 35,786,309 below the receipts in 1931 which was the highest on record.

The receipts in 1937 of the Boston & Albany Railroad are the lowest on record for that railroad.

The maximum receipts of milk and also of cream in 1937 were in August; the minimum in February.

VOTE FOR PRESIDENT IN MASSACHUSETTS, NOVEMBER 3, 1936.

Vote in the State for President: 942,716 for Roosevelt (Dem.); 768,613 for Landon (Rep.); 118,639 for Lemke (Union); 5,111 for Thomas (Soc.); 2,930 for Browder (Comm.); 1,305 for Aiken (Soc. Lab.); 1,032 for Colvin (Proh.); all others, 11; total votes, 1,840,357; blanks, 34,768. Plurality for Roosevelt, 174,103. There were 18,097 more ballots cast for President than for Governor.

VOTE FOR PRESIDENT IN BOSTON, NOVEMBER 3, 1936.

Vote in Boston for President: 199,504 for Roosevelt (Dem.); 85,789 for Landon (Rep.); 25,924 for Lemke (Union); 783 for Browder (Comm.); 637 for Thomas (Soc.); 220 for Aiken (Soc. Lab.); 133 for Colvin (Proh.); all others, 5; total vote for President, 312,995, or 2,572 more than total for Governor. Plurality for Roosevelt, 113,715.

STATE REFERENDA RESULTS, 1936.

A question of public policy "Shall the Representative in the General Court from this district be instructed to vote in favor of amending the State Constitution for the purpose of limiting the amount of taxes, for all purposes, which may be legally levied against any real estate within the Commonwealth to a sum not exceeding \$25 for each one thousand dollars of assessed valuation?" was voted on by only a portion of the Representative Districts. In Boston, six districts did not vote on it.

The totals for the districts and parts of districts, including Boston districts, were 310,715 in favor; 113,594 against and 203,277 blanks. For Boston alone, the totals for the sixteen districts that voted were 114,184 in favor; 46,689 against and 79,827 blanks.

In Boston, there were three referenda on sales of alcoholic beverages.

First, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?" Totals, 190,353 in favor, 45,402 against and 84,732 blanks.

Second, "Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?" Totals, 185,213 in favor, 40,164 against and 95,110 blanks.

Third, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?" Totals, 187,877 in favor, 37,139 against and 95,471 blanks.

CITY CEMETERIES.

The Park Department has charge of twenty cemeteries, containing 212 acres, that are owned by the city. Mount Hope Cemetery is the largest. A number of these cemeteries are no longer available to the public for interments. In 1937 there were 2,075 interments in these cemeteries, or 77 more than in 1936. The interments in Mount Hope Cemetery in 1937 were 71.08 per cent of the total interments as against 74.57 per cent in 1936.

METROPOLITAN WATER WORKS.
STATISTICS FOR YEAR 1936.

The Metropolitan Water Works, controlled and operated by the State and costing, since inception in 1895, about \$45,100,000 for construction and about \$1,100,000 for maintenance, supply ten cities and ten towns of the Metropolitan District (including Boston), covering an area of 174 square miles, the distribution pipe lines being 175 miles in length. Total gallons of water in the nine storage reservoirs on January 1, 1937, 57,681,274,000, or 8,141,174,000 more than on January 1, 1936; total capacity of same 82,544,600,000 gallons. Of all used, about 80 per cent comes from Wachusett reservoir in Clinton. There are also twelve distribution reservoirs with capacity of 2,400,680,000 gallons and five distribution pumping-stations in which 23,392,071,229 gallons of water were pumped during the year 1936, an increase of 249,491,815 gallons over 1935.

Daily average amount of water used in Boston during 1936, 90,112,100 gallons, or about 109 per capita. Net water debt on December 31, 1936, \$943,000, which includes \$705,000 on W. P. A. Projects. The Hyde Park Water debt was decreased by \$16,000 during the year.

RECEIPTS OF FRESH FISH IN BOSTON.
STATISTICS FOR YEAR 1937.

Total pounds landed in year, 324,593,127, or 14,568,267 pounds less than in 1936 (the 1936 total has been revised, it having been 61,275 pounds too many), value of same, \$8,467,716 (wholesale), or \$1,115,456 less than in year before. Largest in amount, 129,921,435 pounds haddock (5,842,874 pounds less than in 1936); next in amount, 85,877,488 pounds cod (16,022,146 more than in 1936); third, 7,485,218 pounds of mackerel (13,527,488 less than in previous year).

Of the more expensive kinds, there were 1,937,638 pounds halibut (122,245 less than in 1936) and 1,090,618 pounds swordfish (104,902 less than in year before). Pollock, hake and cusk totaled 32,138,522 pounds (3,385,575 more than in 1936). Other fish, usually included in miscellaneous, were rosefish, 41,175,252 pounds (8,243,762 less than in 1936); flounders, 16,679,582 pounds (2,799,018 more than in 1936) and whiting, 6,213,064 pounds (8,689,289 less than in year before).

In addition to the fresh fish, 6,400 pounds of salted cod, valued at \$269, were received.

POLICE MOTOR BUSINESS IN JERSEY CITY.

The motor police of Jersey City, N. J., are concentrated in the Traffic Bureau and the Motor Patrol Bureau. The rolling equipment consists of thirty-three motorcycles, thirty-five automobiles, three emergency trucks, seven patrol wagons, an armored payroll car, two wreckers, and a touring car for distinguished visitors.

The Traffic Bureau has charge of the motorcycles, all Harley-Davidsons of 1928-33, which are attached to the eight precincts. Eighteen of these are on duty sixteen hours per day, 8 a. m. to midnight; two are on duty from midnight to 8 a. m. They patrol the heavy-duty highways and the Pulaski Skyway from the Holland vehicular tunnel under the North river.—*American City Magazine.*

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 31.

SATURDAY, JULY 8, 1939.

NO. 27

WARNS OF CHALLENGES TO PERPETUITY OF AMERICA HURLED AT COUNTRY BY ALIEN PHILOSOPHIES AND ISMS THAT WOULD SEEK TO BREAK DOWN AND DESTROY US — NATIONAL COMMANDER STEPHEN F. CHADWICK DELIVERS JULY FOURTH ORATION BEFORE PATRIOTIC AUDIENCE AT FANEUIL HALL — DECLARES DECLARATION OF INDEPENDENCE RECOGNIZES THE RIGHTS OF NO CLASS TO ARROGATE TO ITSELF POWER AND DOMINION OVER OTHERS AS CLASSES OR AS INDIVIDUALS — ALSO THAT IT IS INCOMPATIBLE WITH EITHER NAZI OR FASCIST PHILOSOPHY.

The following is the address of Stephen F. Chadwick, National Commander of the American Legion, as the orator of the day during the City of Boston's observance of the 156th observance of America's independence, on July 4, 1939. In making the address Commander Chadwick spoke as follows:

Oh, that these walls might speak! That on this anniversary of the adoption of our Declaration of Independence we might again hear those voices which in this building, known as the Cradle of our Liberties, once were heard. For the American Declaration of Independence is but the phrasing of the thoughts of those brave men who in their debates and deliberations, within this hall, over a period of more than ten years preceding the declaration had separated the chaff from the wheat, to arrive at those truths which, in the end, they were prepared to declare were self-evident.

Oh, that every person who enjoys the protection of the Government which was chartered by the patriots who from time to time addressed assemblies in this hall might again drink deep of the knowledge, the wisdom, the virtue and the courage which from an association with the works, the acts and the deeds of these patriots would be available to them.

For here in unselfish expression can be found the wellsprings which, spreading through the land and mounting into great rivers, have accomplished not only a Federal Government designed to protect man in his liberty, but also those wellsprings which marked that period of our progress which brought freedom to all men regardless of race or color. For not alone has Faneuil Hall in Old Boston, from whence I speak, been the debating ground of the formative days of the American Revolution, but it was here that the voices of men, who were not willing to see their brothers from a common father live in a life of bondage, first gave expression to the thoughts of abolition, thoughts which drove from the American Continent the institution of human slavery.

Gifts to Civilization.

This room is filled with the spirits of men — men who have contributed to the onward and upward march of civilization — men the records of whose lives have been so preserved by you appreciative citizens of Boston that their work will be known to generations yet unborn. In and around this fountain of our liberty there are shadowy figures of men unknown. There are the despotic Governors of all time who, given power, abused it and so stimulated into action the spark of liberty inherent in every human breast. There are the benevolent despots who followed in their train and to whom the thought of benevolence was lost — men who in autocratic power ruled people through fear alone.

There are the monarchs who ruled under laws enacted by a privileged class and whose laws were subverted by dependent magistrates and judges. There are the dictators — men who, in the periodic revolution against the abuse of power, have seized the reins of power only to abuse it again.

These are the shadowy figures always outside this citadel of our liberties, but, thank God, today driven outside these walls by the courage, the wisdom and the virtue of those who have spoken from within.

Accorded a place within this sacred shrine there is the spirit of Justinian, the Roman law giver — the spirit of the barons who wrested from King John the Magna Charta of the Englishman; the spirit of the early Christians who, persecuted for their faith, yet remained firm in it. There is the spirit of our fathers who came to these American shores seeking liberty of conscience. Pioneers whose struggle against the wilderness had marked one hundred forty years before the first public meeting was held in this hall. Their lives should be an ever-present inspiration to every American citizen, teaching him that man is a creature endowed by his Creator with the power through his own intelligence, through physical strength and through reason, to conquer not only the elements, but all problems which beset the human family, and reminding him that these problems can and must be met through the processes of reason rather than through resort to strife, turmoil, bloodshed and war.

I feel the spirit of Rousseau, the dreamy democrat who saw democracy but was unable to apply it to the realities of life; of Voltaire, long-nosed, suspicious, crushingly satirical, who awakened the slumbering continent of Europe to the abuses of autocratic power when wedded to a State Church; the Baron Montesquieu, whose "Spirit of Laws" was probably the most influential of all books upon the deliberations of our founding fathers. He first wrote of that rationalization of the "Spirit of Laws" which would be necessary to successful democracy. His was the conception of the checks and balances which would be necessary for the perpetuity of the liberties of any self-governing people, governing themselves in the representative form.

(Continued on page 732.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, July 10, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending July 1, 1939.

MAYOR TOBIN RAISES FLAGS AT CITY HALL AND ON COMMON TO USHER IN BOSTON'S 156TH OBSERVANCE OF INDEPENDENCE DAY — LEADS PROCESSION OF MILITARY AND PATRIOTIC BODIES TO OLD STATE HOUSE, WHERE DECLARATION OF INDEPENDENCE IS READ BY ROXBURY MEMORIAL HIGH GRADUATE — AUDIENCE THEN MOVES TO FANEUIL HALL, WHERE ANNUAL ORATION IS DELIVERED.

With Mayor Tobin playing the central role by raising the United States emblem from the staff at City Hall's gate in the morning Boston ushered into observance the 156th annual observance of Independence Day on Tuesday, July 4. From then until after the exercises at Faneuil Hall, where National Commander of the American Legion, Stephen F. Chadwick, delivered the address and the last fireworks bomb was exploded on the baseball field on the Common at night, Boston and her citizens rollicked and romped and held festive events which, when they had concluded, left all wearied but happy.

To aid the Mayor with the ceremonies at City Hall in the morning many units of military and semi-military organizations took part. They stood at attention while the Mayor raised the Star and Stripes and the Boston Fire Department band played the National anthem.

Preceded by a color guard from Old Dorchester Post, American Legion, the groups then marched to the Common by way of School and Tremont streets.

In the line were Chief Marshal James P. McManus, department vice commander, A. L.; Assistant Chief Marshal Timothy McLaughlin, Suffolk County Commander, A. L.; Chief of Staff Timothy J. Regan, captain, M. N. G.; Adj. Charles T. McCarthy, department treasurer, A. L.; Stephen F. Chadwick, national commander, A. L.; Mayor Tobin, Louis Brems, Public Celebrations Director; City Messenger Edward J. Leary; John T. McCarthy, chairman, Independence Day Committee, and members of the City Council.

AT OLD STATE HOUSE.

The military units included Marines and sailors from the Navy Yard, Naval Reserve band, Fire Department band and detachment with city flag; Sons of V. F. W. bugle and drum corps, No. 1; St. Leonard's Cadets with drum corps, and units of the Spanish War, the American Legion and Veterans of Foreign Wars.

Following another flag-raising ceremony by the Mayor at the Boston Common flagpole, the parade line reformed and proceeded to the Old State House by way of Temple place, Washington and State streets.

Here Mayor Tobin was presented by M. Henry McInerney of the Citizens' Public Celebrations Association who then introduced seventeen-year-old Herbert O. Clarke of Dorchester, a graduate of Roxbury Memorial High School, to read the Declaration of Independence.

These exercises concluded, the paraders proceeded to the oration exercises at Faneuil Hall by way of State street, Washington street, Dock square, past the Samuel Adams statue to the hall, where, after being reviewed by the Mayor and committee, the units entered.

The complete program of the day follows:

SUMMARY OF EVENTS OF THE CELEBRATION.

9.00 a. m.—Flag raising at City Hall, followed by parade to Common.

9.25 a. m.—Boston Common flag raising, with ceremonies, at flag pole, followed by parade to Old State House and Faneuil Hall.

10.00 a. m.—Declaration of Independence read from Old State House, where it was first presented to Boston people, 1776.

10.45 a. m.—Oration exercises in Faneuil Hall; ceremony of ancient and continued significance since 1783.

Morning municipal athletic meet, 10 a. m., at Franklin Field.

Neighborhood programs in twenty-five sections of the city during day and evening. Band concerts, choral music, fireworks, children's sports, entertainments, patriotic features.

Boston Common.—Evening community festival, at Frog Pond, 8 to 10 p. m., with band, chorus, singing by audience of 50,000, costumed and dancing groups, with historic tableaux of Signing the Declaration. To be followed by fireworks at Athletic Field.

Midnight, July 3.—"Night Before" municipal bonfire, Brighton.

ANNUAL ORATION EXERCISES, CONTINUING A BOSTON CUSTOM OF 156 YEARS—1783-1939—FANEUIL HALL, TUESDAY, JULY 4, 1939, 10.45 A. M.

Procession—Entrance of participants, with flag escorts. Music by orchestra—"Hail Columbia" (Washington's Inaugural March).

Presentation of chairman of Committee of Arrangements, John T. McCarthy, by Director of Public Celebrations Louis J. Brems.

Invocation—by Rev. John J. Connolly, Director of Catholic Guild for the Blind.

Orchestra—"Yankee Doodle."

His Honor the Mayor, Hon. Maurice J. Tobin. Oration—Stephen F. Chadwick, National Commander, American Legion.

Singing—Soloist, Miss Dorothy Kudoke, "America the Beautiful." *Bates*

Recitation—"Independence Bell," Thomas O'Connell Murray.

Orchestra—"Tone Pictures of North and South." *Berlin*

Singing—Soloist, William Nicholson, "God Bless America." *Sousa*

Orchestra—"Stars and Stripes Forever." *Sousa*

Benediction—by Rev. Philip E. Anthes, St. John's Episcopal Church, East Boston.

"Star-Spangled Banner."

COMMUNITY FESTIVAL.

Climax of Boston Observance of the Nation's Birthday, Boston Common, at Frog Pond, 8 to 10 P. M.

Band Selections.

(a) "Liberty Bell March." *Sousa*

(b) "Raymond Overture." *Thomas*

(c) "Gems of Stephen Foster."

Procession of Participants around the Pond to Stage.

March by Band—"Stars and Stripes Forever." *Sousa*

Introductory—Director of Public Celebrations, Louis J. Brems, presents the evening's Master of Ceremonies, Joseph M. O'Leary.

Boston Hymn of Patriotism, "America"—Soloist, Marie Murray.

Greetings from the Mayor, Hon. Maurice J. Tobin.

The Audience Sings familiar songs:

(a) "Good Old Summer Time."

(b) "Old Spinning Wheel."

(c) "Long, Long Trail."

Interlude by the Band—"Hail Columbia."

Historical Incidents of American and Boston Development of 300 Years. Action-Tableaux on Stage, with Narrator and Music.

(a) Founding of Boston, 1630.

Governor John Winthrop—Rev. William Blackstone—Indians—Woman and Child. "Hymn of Thanksgiving."

(b) General George Washington and Staff, after siege of Boston, 1775. "Yankee Doodle."

(c) Famous Bostonians, 1775-1895:

Paul Revere and William Dawes, 1775; Patriots.

John Cheverus, 1810; Bishop.

Daniel Webster, 1835; Statesman and Orator.

Oliver Wendell Holmes, 1840; Physician and Poet.

Louisa May Alcott, 1866; Author.

Julia Ward Howe, 1869; Humanitarian and Author.

Phillips Brooks, 1869; Clergyman.

Alexander Graham Bell, 1876, Inventor.

John Singer Sargent, 1895; Artist.

"Hail Massachusetts."

The Audience Sings in the spirit of the day:

(a) "Red, White and Blue."

(b) "America the Beautiful."

Group Demonstrations.

(a) Irish Dances by ensemble from Brian Boru School.

(b) Patriotic Drill and Exercises by Portuguese-American girls of East Boston.

(c) Tambourine Overture by Jamaica Plain Chorus.

Special Features (Illustrated on stage with singing by Audience).

(a) "When You and I Were Young, Maggie."

(b) "Little Sir Echo."

(c) "Ferdinand the Bull."

The Band—"American Fantasie." *Herbert*

Finale—Assembly of Participants at Stage.

Tableaux—"Signing the Declaration as of 163 Years Ago."

"God Bless America" (*Berlin*)—sung by Audience.

"Star-Spangled Banner."

Color Illumination of Water Fountain.

MAYOR BACKS CORPORATION COUNSEL PARKMAN IN ATLANTIC AVENUE "EL" CONTROVERSY.

Mayor Maurice J. Tobin, on June 29, issued the following statement:

"The taking down of the Atlantic avenue structure at the best terms possible is, primarily, an intricate legal problem. There are two sides to this matter and Corporation Counsel Parkman is fully competent to protect the city's interest. There is not the slightest ground for the belief that any action will be taken which will jeopardize the taxpayer's rights or interests."

ADDRESS OF NATIONAL COMMANDER STEPHEN F. CHADWICK.

(Continued from page 729.)

But in the record which as Americans we cherish and preserve, there are the gigantic figures of James Otis, of Samuel Adams, John Hancock, Joseph Warren, Daniel Webster and, in the later day, Wendell Phillips; here is the aura of the first, last and best Cincinnatus of the West, the immortal George Washington.

Preserved Shrines.

You citizens of Boston have been an appreciative people, for you have preserved not alone this but many other shrines associated with the great steps in American progress and history. Speaking for the citizens of other communities and states, may I express to you our appreciation, for here we may come and, if we will, drink deep from the wellsprings of the very finest in our American life.

The invitation which came to me to be your speaker on this occasion came because of my position as this year's Commander of the American Legion. The American Legion is an institution in American life which seeks to build its memorial in the hearts and minds of the American citizenry; in the hearts and minds of generations yet unborn. As an institution we emerged from that which was America's greatest expression of not only the union and solidarity of our people, but of our most unselfish thoughts and hopes for the welfare of a troubled world. We men of the World War believe, that because of our opportunities for observation, we have a keener appreciation of that which our fathers have vouchsafed to us than do those citizens who have never been called upon to support the nation's safety and ideals by force of arms.

We do not believe that patriotism, love of America, should be born by the strains of martial music, we do not believe that it can result from the pyrotechnics of a day's celebration nor from the impassioned plea of even a great orator, the patriotism which should imbue an American citizen should be one predicated upon the knowledge and conviction that his land and its government evidences the finest advance which has been made in the history of all of the governments of earth; that the liberties which are his have come only through the sacrifice of men who were willing to be martyrs that others might have and enjoy, rights and privileges which those martyrs in their minds had reasoned were the God-given liberties of man. The patriotism of an American citizen should also imply his willingness to die to preserve the progress which has been made and to transmit it to the generations which will come after him.

The American Legion was born out of the deliberations of men who had compared the values of their America and its Government with those of other lands by living in the lands and under the governments of other peoples. It was launched by men who knew that they lived because others had been called upon to die for them. It exists in American life today to endeavor to impress upon all the spirit of the sacrifice of those men who were our comrades in arms but twenty years ago, and it has the right to caution and advise the American people in that course which it believes will safeguard and transmit to posterity the principles of justice, freedom and democracy.

There are challenges to the perpetuity of America — challenges which will be met so long as the American Legion survives and challenges which can always

be met if the citizenry of the days ahead will but appreciate that which they have and will steel themselves against any recession in the forward march which as a people we here on the North American continent are making.

The American Declaration of Independence is incompatible with the Marxian philosophy. The American Declaration of Independence recognizes the right of no class to arrogate to itself power and dominion over other classes or over individuals. The American Declaration of Independence is incompatible with the Nazi or the Fascist philosophy for it recognizes the right of no man to arrogate to himself dictatorial powers. The isms — Communism, Fascism and Nazism — are incompatible with the American ideal which declares that all men are created equal and endowed by their Creator with inalienable rights. They are incompatible and abhorrent not only to all religious creeds and faiths, but to every man who knows in his heart that there is a God in Heaven and that all of us are one human family — the children of that God.

It was to avoid the possibility of the establishment upon this continent of the throw-backs to the discarded forms of government which are evidenced in the isms that our fathers declared their liberties, accomplished them through bloody revolution and established them under the constitutional form of Government which is our representative democracy.

Let us therefore on this our Independence Day again appreciate the long course of human history which is written into the accomplishments of our liberty. Let us be patient with ignorance and do our utmost to win the ignorant back to an appreciation of that which is theirs because of what our fathers have done for us.

But if we find the wall of ignorance such that it is expressed in the counsel of bloody revolution to overthrow our system of government and to establish one of the dictatorial forms, let us be vigilant and courageous to cleanse the body politic of those who are unable to appreciate that which the fathers established and which the sacrifice of those who were our comrades in arms in 1917-18 preserved for them.

The report of the Dies Committee as rendered to the Congress in January of this year is a magnificent document. That committee has given us the finest statement of Americanism which has yet come to my attention. I commend the entire report to your serious consideration.

The Committee of the Congress by unanimous action says "Americanism is the recognition of the truth that the inherent and fundamental rights of man are derived from God and not from governments, societies, dictators, kings or majorities. The basic principle of Americanism is expressed in the Declaration of Independence where our immortal forefathers said that all men are created equal and they are endowed by their Creator with inalienable rights, chief among which are life, liberty and the pursuit of happiness . . . among these inalienable rights which are the endowments of man from his Creator are:

"1. Freedom of worship.

"2. Freedom of speech.

"3. Freedom of press.

"4. Freedom of assemblage.

"5. Freedom of work in such occupation as the experience, training and qualifications of a man may enable him to secure and hold.

"6. Freedom to enjoy the fruits of his work which means the protection of property rights.

"7. The right to pursue his happiness with the necessary implication that he does not harm or injure others in the pursuit of his happiness."

These rights are the heritage of every man, woman and child born under the Stars and Stripes. They are the fruition of the dreams of the men whose spirits animate this hall and whose oratory at a time when it was called treason awakened the spark of liberty which prompted the embattled farmer to fire the shot that has truly been heard 'round the world.

The American Legion has said of the right of free speech—one of our liberties—"it is essential to keep a people free. A people cannot long remain free if they cannot fairly object to the conduct of those that they themselves have placed in authority. This guarantees freedom not only to the one who agrees with us but to the one who disagrees with us. Such is the proud constitutional heritage of America. But like all other rights, the right of free speech must be exercised in a civilized community with due regard to the rights of the rest of the community. A right granted by the people for their own protection creates no right to destroy the people. Hence free speech must not incite to violence and crime or to corrupt the public morals. Reasonable limitations to this end are lawful as protection to freedom of speech. The American remedy to end violations to the right of free speech is not the use of unlawful force but the use of lawful methods. Complaint should be made to the duly constituted authorities and if one is lawfully deputized, such authorities may be directly aided. The American remedy to overcome the preaching of unwise doctrine though in a lawful manner is not the unlawful suppression of the preaching, but education in wise doctrine. Wisdom in the end will always overcome folly, and meanwhile an orderly society will be preserved."

It is our thought that a voice transcends the limits of liberty when it counsels or advises that we surrender our existing liberties, either for the fancied advantages of the dictatorship of the proletariat or for the fancied advantages which might result from regimentation under an individual dictator. And if our laws of today are not sufficient to protect us against those who counsel and advise such courses, it is our thought that as a self-respecting people, appreciative of the sacrifice of our fathers, we have the right and it is our duty by lawful means to accomplish such laws as will protect us.

By being successfully American, by appreciating that which is Americanism, we are not only projecting America on into the years but we are preserving here

at home, through example, the hope of peace among people of all racial strains and all religious concepts, we are fulfilling not only the destiny of America but making a contribution to the destiny of a troubled world.

Our destiny, however, is in no other land, it is in no motherland. Our destiny is right here at home. We should weigh carefully the counsel, advice or propaganda of those who want us again by force of arms to take our political thoughts and philosophies to the Old World. We men of the World War saw comrades die in a futile effort to take the dream of America to Europe. Our counsel and advice to the American people on this Independence Day is to take their hearts and minds out of the Old World, make the business of America their business rather than the preserving of the status quo or the readjustment of the boundaries of the Old World.

Those who came to the Massachusetts Bay Colony recognized that the course of Europe to an understanding peace would require the passage of centuries. They came here to establish on this continent a new nation, a nation which has demonstrated that all kinds of people can live together in peace, but a nation which should remember that if it becomes the protagonist of the conflicting philosophies and theories of the Old World or if it becomes the underwriter of the status quo as of any particular time in the Old World, will be bringing into this continent the seeds of discord and wrath, seeds which may mean the dismemberment of our Union and the destruction of all that is our heritage.

We must as a people mind our own business and keep our own house in order—we will neither trade nor exchange the liberties which are ours to become the puppets of a state or to become the serfs of any individual or class. No truer words have ever been spoken than that "eternal vigilance is the price of liberty."

So let us be vigilant to meet and defeat ignorance by processes of human reason. Let us tell again and again the story of the creation and greatness of America, tell it to the children of the Nation, and by living each day with our heads erect, our shoulders back, as free men and women, accepting our individual responsibility, let us solve our admitted problems by a study of the lessons of the past, and an application of the truths determined to the problems of the future, for certainly we must agree that no human king, no human dictator, no human chancellor and no class of human beings can do a better job than we, ourselves, in our own reasoning intelligence can do.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land consisting of the laying out and construction of Codman Hill street, Roxbury district, as a highway, from Washington street to Codman park, bounded and described as follows:

A highway named Codman Hill street is hereby laid out, from Washington street to Codman park, and ordered constructed. Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by Washington street, thirty and 4-100 feet; northeasterly by the line of Codman Hill street as hereby established, by two measurements, two hundred fifty-seven and 15-100 feet and

eighteen and 42-100 feet on a curve of fifteen feet radius; northwesterly by Codman park, forty-nine and 51-100 feet; southwesterly by a line of Codman Hill street, as hereby established, by two measurements, nine and 57-100 feet on a curve of five feet radius and two hundred and forty-eight and 25-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Codman Hill street will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered,

each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Codman Hill Street, Roxbury, Assessment Plan, April 1, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

POLICE DEPARTMENT ORDERS.

General Order No. 358.

Patrolman Patrick J. Leonard and Leo H. Neville, both attached to Division 13, are commended for efficient police duty performed on May 16, 1939. While patrolling their assigned districts on motorcycles they observed a Mercury sedan containing five men acting suspiciously in Centre street. The officers questioned the occupants and not being satisfied with their stories arrested all five and brought them to the station.

Further investigation revealed that the automobile had been stolen in Brookline on May 10, 1939, and that the number plates attached had been lost or stolen on that date in Wellesley, Mass.

The men were placed in the police line-up and identified as participants in a series of holdups of gas stations and stores in the counties surrounding Boston.

The commissioner is pleased to recognize and commend these officers for their alertness and splendid judgment shown in performing this efficient police duty, which reflects credit on the department as a whole.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 359.

A trial board consisting of Captains Mulrey, Dunn and Justin McCarthy, having heard by reference a complaint made by Capt. Thomas F. Connolly, Division 4, against James McGrath, patrolman, Division 4, for alleged violation of the rules and regulations of the Police Department, charging him with conduct unbecoming an officer, and untruthfulness, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman James McGrath be suspended from duty for a period of ten days, effective as of 7.45 a. m., June 27, 1939, and at the expiration of said suspension he perform 105 hours' punishment duty.

Civil Service Rule 23, section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 360.

A trial board consisting of Captains Mulrey, Dunn and Justin McCarthy, having heard by reference a complaint made by Capt. Thomas F. Connolly, Division 4, against Louis E. Niederberger, patrolman, Division 4, for alleged violation of the rules and regulations of the Police Department, charging

him with neglect of duty, conduct unbecoming an officer, untruthfulness, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Louis H. Niederberger be suspended from duty for a period of ten days, effective as of 7.45 a. m., June 27, 1939, and at the expiration of said suspension he perform 315 hours' punishment duty.

Civil Service Rule 23, section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the commissioner upon good cause shown, an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, July 6:

HOSPITAL DEPARTMENT.

The following special nurses have been employed at \$4.50 a day:

Marion Donovan, 3 days; Mary H. Doyle, 3 days; Helen Hoffman, 3 days.

The Mayor has approved the following appointments:

HOSPITAL DEPARTMENT.

Gertrude E. Davis, part-time stenographer, at \$12 a week.

Helen Laird, laundress, at \$17 a week.
Helen B. Judge, ward maid, at \$15 a week.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary traffic regulation which was adopted April 25, 1939, and was effective May 1, 1939, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from June 30, 1939:

Parking of vehicles is prohibited in the following street:

St. Germain Street, Downtown Boston. South side, from Massachusetts avenue to a point one hundred and twenty (120) feet east of Massachusetts avenue, 7 a. m. to 6 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INDUSTRIAL RELATIONS ADJUSTER, DEPARTMENT OF LABOR AND INDUSTRIES, AUGUST 4, 1939.

Last date for filing applications, Friday, July 21, 1939, at 5 p. m.

This examination is open to males only.

The minimum salary is \$2,640 a year; the maximum salary is \$3,180 a year.

Duties: To investigate conditions with regard to strikes, lockouts and other labor difficulties. To conciliate disputes between employers and employees. To obtain necessary facts and information for the Board in the arbitration of any industrial dispute between employer and employee. To act as expert for the Board in matters before it in arbitration.

Applicants should have a knowledge of the location of the various types of industries in the various cities and towns of the Commonwealth. Applicants should have an intimate knowledge of the provisions of chapter 150, sections 1 to 10, inclusive, and chapter 149, section 22.

Entrance Requirement: Applicants must have had at least four years of progressive, responsible, successful, full-time paid employment either:

(a) In industry or business, at least two years of which must have been as an employer, administrative official, personnel officer, or as a recognized representative, actively participating in the

improvement of working conditions through the development of a comprehensive personnel program or through the development of definite employer-employee relations policies; or

(b) In a State or Federal agency administering labor laws, or in other agencies or organizations concerned with the promotion of improved labor standards; or

(c) In a State or Federal agency engaged in the investigation of employee-employer relationships, or engaged in economic investigations relating to wage-earners; or

(d) Any time-equivalent combination of (a), (b) and (c).

Substitution of Education: Applicants may substitute one year of study successfully completed in a college or university of recognized standing, a school of accountancy or a school of business administration for six months of the experience prescribed up to a maximum of two years of experience.

Applicants may substitute year for year post-graduate study in the field of economics or political science, successfully completed in a college or university of recognized standing up to a maximum of one year.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (CITY SERVICE.)

AID AND SETTLEMENT AGENT, BOSTON OVERSEERS OF PUBLIC WELFARE, JULY 25, 1939.

Last date for filing applications, Tuesday, July 11, 1939, at 5 p. m.

This examination is open to both males and females:

Salary: \$1,000 a year.

Duties: To interview relief recipients and determine legal settlements. Applicants should have a thorough knowledge of the sources of information available in proving legal settlements. Applicants should be able to evaluate the information received and apply this information in accordance with the law.

Applicants should also have a thorough knowledge of chapter 116 of the General Laws; of sections 14, 18, 25, 26, 27 of chapter 117 of the General Laws; and of section 42 of chapter 121 of the General Laws.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

PLUMBING INSPECTOR, BOSTON BUILDING DEPARTMENT, AUGUST 2, 1939.

Last date for filing applications, Wednesday, July 19, 1939, at 5 p. m.

Salary: \$2,000 a year.

Duties: To inspect all phases of the various branches of plumbing while same are in the process of construction, repair or alteration, in compliance with the legal requirements of statute law.

Under chapter 142, section 11, of the General Laws, inspectors of plumbing

shall be practical plumbers, and shall also have had practical experience, either as master plumbers or as journeymen, continuously during the five years next preceding the date of appointment. According to section 12, chapter 142, of the General Laws, no person can be employed in this position who, at the time of said employment, engages in or works at the business of plumbing. Applicants must have either a journeyman's or master plumber's license.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

ASSISTANT IN HEALTH EDUCATION, BOSTON HEALTH DEPARTMENT, AUGUST 23, 1939.

Last date for filing applications, Wednesday, August 9, 1939, at 5 p. m. This examination is open to females only.

Salary: \$1,200 a year.

Duties: To conduct health talks. To index health literature. To distribute health literature and health posters. To catalog health films in health literature. To set up and distribute exhibits. To emphasize social aspects of public health in contacts with groups in clubs, settlement houses, etc.

Entrance Requirements: Applicants who have not reached their thirty-fifth birthday or have passed their fifty-fifth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Applicants must have one year's experience in public health education work.

Subjects and Weights: Training and experience, 4; practical questions, 4; personality and fitness as determined by an oral interview, 2; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CLAIMS DISALLOWED.

The following seventy-six claims have been disapproved by the Law Department:

Building Department, two claims; Fire Department, four claims; Licensing Department, one claim; Park Department, four claims; Police Department, two claims; Public Works Department, fifty-five claims; School Buildings Department, three claims; Traffic Department, two claims; Transit Department, three claims.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

PROCEEDINGS OF CITY COUNCIL.

Monday, June 26, 1939.

Regular meeting of the City Council at Faneuil Hall, at 2 p. m., President MURRAY in the chair. Absent, Coun. Carey, McMahon, Norton and Wilson.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Constable for term of one year, beginning with the first day of May, 1939, with power to serve civil process upon the filing of the necessary bond: Charles G. Reddish, 7 Worthington street, Ward 10.

Weigher of Goods: Joseph Shields, 33 Wachusett street, Forest Hills, Mass.; Otto G. Garland, 24 Kelley court, Brighton, Mass.

Weigher of Coal: Richard H. Baxter, 160 Washington street, Medford, Mass.

Laid over to the next meeting under the law.

LOAN ORDER FOR \$3,275,000.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1939.
To the City Council.

Gentlemen,—Under the provisions of chapter 72 of the Acts of 1939 municipalities are authorized to borrow for use only for meeting appropriations made or to be made for public welfare, including aid to dependent children and old age assistance, soldiers' benefits including state aid, military aid, soldiers' burials and soldiers' relief, and for Federal emergency unemployment relief projects, provided an amount not less than 80 per cent of the aggregate expenditures for the year 1938 for public welfare, including aid to dependent children and old age assistance, soldiers' benefits, including state aid, military aid, soldiers' burials and soldiers' relief, excluding any Federal emergency unemployment relief projects and expenditures from Federal grants made for old age assistance and aid to dependent children, has been appropriated to be raised by taxation or appropriated from available funds.

During the year 1938 the aggregate expenditures for the purposes enumerated above were \$12,298,809.54. In order to take advantage of the provisions of said chapter 72 of the Acts of 1939, it is necessary for the City of Boston to appropriate, to be included in the 1939 tax levy, the sum of \$9,839,047.63, said sum being 80 per cent of the aggregate expenditures for the year 1938 for the purposes enumerated above.

The budget appropriations adopted by your Honorable Body to date contained appropriations for welfare and relief, exclusive of W. P. A., totaling \$11,541,196.94. Deducting from this amount the sum of \$9,839,047.63, which represents the 80 per cent required to be raised by taxation under the provisions of chapter 72, the remainder, namely, \$1,702,149.31, may be borrowed for welfare and relief departmental activities during 1939. Also in the budget appropriations adopted to date by your Honorable Body for 1939 there was appropriated for W. P. A. projects in city and county departments the sum of \$1,333,900, and, in addition, the School Department has appropriated \$240,000 for W. P. A. projects. The total of these three sums, namely, \$3,276,049.31, representing appropriations already made for public welfare, soldiers' relief and Federal emergency unemployment relief projects, is the amount the city may finance through borrowing for these activities.

Because it is imperative that we ease, to the fullest extent of our ability to do so, the crushing burden placed on the taxpayers of our city, I propose to take advantage of the provisions of chapter 72 by borrowing for all relief purposes above and beyond the 80 per cent requirement established by said chapter. Otherwise it would be necessary to raise this sum by taxation, thus increasing the tax rate by approximately \$2. I, therefore, now submit for consideration a loan order providing for the borrowing of \$3,275,000 under the provisions of chapter 72 of the Acts of 1939 and recommend adoption by your Honorable Body.

Respectfully,

MAURICE J. TOBIN, Mayor.

Ordered, That under the provisions of chapter 72 of the Acts of 1939 the sum of \$3,275,000 be, and hereby is, appropriated for Public Welfare, Soldiers' Benefits and Federal Emergency Unemployment Relief Projects, to be used for meeting appropriations heretofore made, and that the City Treasurer be authorized to issue, from time to time, upon request of

the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the debt limit.

Referred to Executive Committee.

LOAN ORDER FOR \$180,000.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1939.
To the City Council.

Gentlemen,—I am advised by the Budget Commissioner that the appropriation for W. P. A. projects in the budget of the Park Department will not be sufficient to carry on the projects now in operation. This department employs approximately 5,000 W. P. A. workers and I am desirous that the necessary additional funds be provided to continue the program.

I submit herewith a loan order providing for the borrowing of \$180,000 under the provisions of chapter 72 of the Acts of 1939 and recommend adoption by your Honorable Body.

Respectfully,

MAURICE J. TOBIN, Mayor.

Ordered, That under the provisions of chapter 72 of the Acts of 1939 a loan in the sum of \$180,000, outside the debt limit, be, and hereby is, authorized, and that the City Treasurer, upon request of the Mayor, be authorized to issue bonds or notes therefor, and that the said sum of \$180,000 be, and hereby is, appropriated, to be expended in accordance with the provisions of chapter 72 of the Acts of 1939 for the following purpose:

Park Department.

H. Relief Projects.....\$180,000
Referred to Executive Committee.

RANDIDGE FUND EXCURSIONS.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1939.
To the City Council.

Gentlemen,—I present herewith an order for the appropriation of five thousand dollars (\$5,000) from the Contingent Fund to be used for Randidge Fund excursions during the summer months.

This appropriation is the usual amount allowed each year for the purpose of transporting children from various sections of the city for excursions, and I respectfully recommend adoption of the accompanying order by your Honorable Body.

Respectfully,

MAURICE J. TOBIN, Mayor.

Ordered, That the sum of \$5,000 be, and the same hereby is, appropriated, to be expended by the Board of Park Commissioners, for recreation purposes, by the transportation of children from various parts of the city to certain recreational centers within and without the limits of the city, and for other incidental expenses in connection therewith, said sum to be charged to the Contingent Fund.

Referred to Executive Committee.

SALE OF LAND, TUFTS AND MEDFORD STREETS.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1939.
To the City Council.

Gentlemen,—I present herewith an order for the sale of the land and buildings at the corner of Tufts and Medford streets, Charlestown, formerly used as a district yard by the Water Division of the Public Works Department, to the Boston Housing Authority, for the sum of \$9,200.

This property has been abandoned for several years and is no longer needed by the Public Works Department for any purpose. In view of the fact that this land is chosen for the Charlestown housing unit and in view of the fact that the Boston Housing Authority has the right to condemn this property, I am of the opinion that a sale at the above price should be made to the Boston Housing Authority without public auction.

I recommend passage of the accompanying order by your Honorable Body.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, June 19, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I am in receipt of a letter from a representative of the Boston Housing Authority wherein they propose paying to the

City of Boston the sum of \$9,200 for the land and buildings at the corner of Tufts and Medford streets, Charlestown, formerly used as a district yard by the Water Division of this department.

This property has been abandoned for several years as a district yard, and we did not contemplate, at any time prior to the present offer, utilizing it for any purpose. The property is assessed for \$10,500, but it is my opinion that it could not command from any private individual or corporation the amount that the Housing Authority propose paying us for it. This property is within the area in which the Housing Authority propose constructing the Charlestown unit.

I respectfully recommend that the offer of \$9,200 be accepted and that the inclosed order, that has been prepared by the Corporation Counsel, be introduced in the Council, authorizing the sale of this land and buildings to the Boston Housing Authority.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Whereas, The City of Charlestown in the year 1870 did purchase in fee for the purposes of its water works certain contiguous parcels of land situate on Tufts and Medford streets in said City of Charlestown. The said parcels of land hereinafter described were acquired by the said City of Charlestown by three deeds; the first of said deeds is dated June 4, 1870, and recorded with Middlesex Deeds, Book 1101, page 584; the second of said deeds is dated June 6, 1870, and recorded with Middlesex Deeds, Book 1101, page 341; and the third of said deeds is dated June 6, 1870, and recorded with Middlesex Deeds, Book 1101, page 343; and

Whereas, By the provisions of chapter 286 of the Acts of 1873, the City of Charlestown was annexed to and became a part of the City of Boston on the first Monday of January, 1874, and the premises hereinbefore referred to and hereinafter described thereby became the property of the City of Boston; and

Whereas, The said premises are no longer needed for public purposes; and

Whereas, The Boston Housing Authority is desirous of acquiring the said premises for its Charlestown housing project; now, therefore, is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to sell at a minimum price of nine thousand two hundred (9,200) dollars to the Boston Housing Authority the above mentioned and hereinafter described land with the buildings thereon, together with all appurtenances pertaining thereto and to execute and deliver a deed thereof in form satisfactory to the Law Department of the City of Boston. The above mentioned land is bounded and described as follows:

Beginning at a point on the southerly side line of Medford street at its intersection with the westerly line of Tufts street; thence running westerly on the southerly side line of Medford street, seventy-six and 64-100 (76.64) feet; thence turning and running southerly by land now or formerly of Palmer & Parker Company by two measurements, fifty-eight and 68-100 (58.68) feet and one hundred nine and 11-100 (109.11) feet; thence turning and running easterly by Sheridan court, seventy-two and 70-100 (72.70) feet; thence turning and running northerly by Tufts street, one hundred seventy-four and 15-100 (174.15) feet to the point of beginning and containing about 12,545 square feet of land. The foregoing described premises are shown on a plan marked "Plan of land in Charlestown belonging to the City of Boston; scale 10 feet to an inch. City of Boston, Medford street, Tufts street, Sheridan street, Charlestown, June 7, 1939. William J. Sullivan, Chief Engineer, Street Laying-Out Department," on file in the office of the Chief Engineer, Street Laying-Out Department, City Hall Annex, Boston, Massachusetts."

Referred to Executive Committee.

APPROPRIATION FOR W. P. A. PROJECTS FROM WATER INCOME.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1939.
To the City Council.

Gentlemen,—I am advised by the Budget Commissioner that the appropriation for W. P. A. projects in the budget of the Water Service of the Public Works Department is practically exhausted. In order that the W. P. A. projects in the Water Service may be continued, I submit herewith an order appropriating the sum of \$88,000 from the income of this division, and respectfully recommend adoption by your Honorable Body.

Respectfully,

MAURICE J. TOBIN, Mayor.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1939, an additional sum of \$38,000 be, and the same hereby is, appropriated from the income of the Water Service of the Public Works Department for the following purpose:

H. Relief Projects.....\$38,000

Referred to Executive Committee.

APPROPRIATION FOR MUNICIPAL SURVEY COMMITTEE.

The following was received:

City of Boston,
Office of the Mayor, June 26, 1939.
To the City Council.

Gentlemen,—I am informed that the original appropriation of \$26,000 for the Municipal Survey Committee is practically exhausted.

I am anxious that the Survey Committee be continued for an indefinite period for the purpose of making studies and installing improvements in various city methods and practices. I am of the belief that the work of the Survey Committee up to this point has amply justified its existence and I am certain that the committee, under the leadership of the new director, Mr. Leo Foster, will continue to produce very favorable results for the city.

I respectfully request passage of the accompanying order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That the sum of \$25,000 be, and hereby is, appropriated, to be expended under the direction of the Mayor, for a survey of municipal departments, methods, activities, for the purpose of ascertaining what economies can be recommended; said sum to be charged to the appropriation for the Contingent Fund. Referred to Executive Committee.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Petition of Boston United Hand-in-Hand Association to use land for cemetery purposes.

Committee on Jitney Licenses.

Petition of Boston Elevated Railway to operate motor vehicles between junction of Morton street and Blue Hill avenue and Forest Hills Station, over Morton street, Morton lane, Forest Hills street, northerly general traffic roadway of Arborway and Washington street; return over Washington street, Morton street, Harvard avenue, Johnston road and Blue Hill avenue.

FINANCE COMMISSION REPORT ON ELEVATED.

The following was received:

City of Boston,
Finance Commission, June 16, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Honorable Sir,—Recently the Finance Commission wrote to you in regard to the desirability of providing funds to enable the commission to make a comprehensive investigation of the Boston Elevated Railway Company. The commission realizes the difficulty you are having in providing funds for regular municipal purposes. Because of this difficulty you naturally would require a little time for turning this matter over in your mind before coming to a decision.

The commission does not now desire to hasten your decision unduly. Nevertheless, there is a situation arising in respect to some Boston Elevated Railway Company affairs that requires early action. This relates particularly to the future of the elevated structure on Atlantic avenue.

Though this structure has been abandoned legally by the public control trustees, it still stands in the center of an important highway an impediment to traffic, a detriment to property value and a hindrance to possible use of the waterfront which it borders. Many minds apparently are busy trying to devise schemes by which it can be kept there permanently. It seems to the commission that the motivating impulse of these was born of a desire for individual or private gain rather than public good.

The most extravagant idea brought to public notice to date is to use it—expanded to the sidewalks and with numerous ramps up and down for access to and exit from it—for an elevated highway.

To use it for this purpose, in the opinion of the commission, would not alone mean an unwarranted large expenditure of public funds. It would mean perpetuation of a structure that has throttled logical and natural development of the area bordering on the harbor front.

There seems to be conflict of opinion in the elected government of Boston as to what should be done with the structure. The City Council first took action by adoption of a vote requesting the Corporation Counsel to file a bill in the Legislature authorizing the city to tear it down. There was no suggestion of paying anybody anything for it, or of merely acquiring title to it so as to use it later for some city purpose like a highway.

What first followed this order of the Council was a bill filed by the Corporation Counsel authorizing the city, not to take it and tear it down, but authorizing purchase by the city for an unnamed sum. This bill was permissive all the way through. It would permit use of it after acquisition for a highway. The title of the bill, in fact, bore the legend, in part, "to removal thereof or use the same for an overhead highway."

Subsequent to the filing and printing of the bill and report of it by the Metropolitan Affairs Committee to the Committee on Ways and Means, the Corporation Counsel suggested that the sum of \$100,000 be placed in the bill as the price the city would be required to pay for it.

Now, the Finance Commission is concerned with two things. First, the possibility of the city paying a large sum of money for the structure, \$100,000, or what not. Secondly with the possibility of commitment, by this indirect method, to use the structure later for an overhead highway.

The commission believes there is no merit to a proposal now to pay the company a large sum of money for a structure that its legal officers have abandoned because it outlived its usefulness, and always caused substantial financial loss to the company; or for a structure that has impeded and still impedes the proper use of the area through which it extends.

The idea of using it for an overhead highway is fanciful in the extreme. Why some will demand reduction of half-century old public services with one breath because the city is in dire financial straits, and with another talk of spending millions on a project of this character is beyond understanding. The Finance Commission hesitates to make public statement of, or even to give credence to, suggestions freely made of the motives of the promoters of the idea. It is sufficient to repeat as already stated in this report that the motives of the promoters are questionable.

The specious argument is being made that under the Public Control Act (the act of 1918 by which the State took over control of the Boston Elevated Railway Company) the trustees must preserve this elevated structure in good condition, while public control lasts; that it can be taken only by eminent domain, but if thus taken, the city will likely be required to pay somewhat in accordance with book value of the structure, which is now approximately \$3,000,000.

Adoption of the bill now before the Legislature, House No. 116, on your petition would be in the nature of recognizing validity of this argument. And if the argument is sound in connection with the elevated structure, does not the same apply to the many miles of surface tracks which the public control trustees have abandoned and permitted municipalities to bury in new pavement or to tear up and remove?

It is easy to see that there is great danger to the city's interest in any recognition now that the trackage on the elevated structure on Atlantic avenue, and, therefore, the structure itself, has a value that the city is bound to pay for to the company, if the city removes it. Later the city or the municipalities of the district might be called upon to pay for the 100-odd miles of trackage which have been similarly destroyed.

At its June 12 meeting the City Council adopted an order directing the Corporation Counsel to substitute for House No. 116 of 1939 (the bill already referred to above) a new bill relating to the Atlantic avenue structure which would direct the Public Works Department to remove the structure without compensation to the Boston Elevated Railway Company. The Finance Commission is heartily in accord with this proposed substitution.

The commission believes it is unnecessary for the city to pay anything for this structure in view of the opinion of Attorney-General Atwell in Volume IV, pages 407-417, Attorney-General's Opinions. This opinion relates to a portion of this very situation (removal of another portion of the same structure) and although it was an interpretation of the original act of 1894, chapter 548, incorporating the Boston Elevated Railway Company, it was not changed by the so-called Public Control Act of 1918, chapter 159.

The Attorney-General stated that the General Court of Massachusetts has the authority under its police power to order the removal of elevated structures in the City of Boston, which have been abandoned by the company and are a menace to the public.

The conclusion of that opinion reads as follows:

"Under these circumstances, and in view of the nature of the rights of this company in public highways, I am of the opinion that it is within the constitutional power of the General Court, upon consideration of such facts as I have suggested, and any other facts bearing upon the matter that may be brought to its attention, to conclude that the Boston Elevated Railway Company has discontinued or abandoned the use of that portion of its structure under consideration which is within the limits of public ways; that this structure is and can be of no further public use; that it unreasonably interferes with enjoyment and use of the public ways by the public to the detriment of the public health and safety; and by appropriate legislation to require that company, at its own expense and without compensation, to remove such structure. Such an enactment would, in my opinion, be a valid regulation of the use of these public highways in the interest of the public health and the public safety under the police power."

Under Special Acts of 1918, chapter 159, section 2, the Board of Trustees of the Boston Elevated Railway Company have sole control of the operation and management of the railway to the exclusion of the Board of Directors. The trustees have officially abandoned the Atlantic avenue structure and given notice thereto in their report to the General Court of 1938 filed in the clerk's office of the House of Representatives.

The Finance Commission therefore desires to be recorded against any measure that will authorize payment of any sum of money to the Boston Elevated Railway Company for the Atlantic avenue structure; against any measure that commits to the slightest degree the city to build an elevated highway on Atlantic avenue; and in favor of a bill such as the City Council has proposed which would require

demolition of the Atlantic avenue elevated structure without compensation to the company.

Respectfully submitted,

DAVID LASKER, Chairman,
ROBERT ROBINSON,
JAMES E. MAGUIRE,
JOSEPH A. SCOLPONETTI,
JAMES H. FLANAGAN,
The Finance Commission.

Placed on file.

PERSONS QUALIFIED TO SERVE AS JURORS.

The following was received:

City of Boston,
City Clerk's Office, June 26, 1939.
To the City Council.

Gentlemen,—You are hereby notified that the list of inhabitants qualified to serve as jurors, prepared by the Election Commissioners and printed in City Document No. 44, was this day filed with me. It contains 10,340 names.

Respectfully,

W. J. DOYLE, City Clerk.

Placed on file.

PREPARATION OF JURY LIST.

President MURRAY submitted the following: Ordered, That the City Clerk be hereby directed to cause the names on the Jury List (City Document No. 44) transmitted to him by the Election Commissioners, to be written each on a separate ballot and said ballots to be properly folded and placed in the box provided for the purpose.

Passed under suspension of the rule.

CONSTABLES' BONDS.

The constables' bonds of the following, having been duly approved by the City Treasurer, were received and approved, viz.: David Belson, William J. McCorkle, Jacob E. Schrank.

MINORS' LICENSES.

Petitions for minors' licenses were received from fifty-eight newsboys and ten bootblacks. Licenses granted under usual conditions.

NOTICES FROM STATE DEPARTMENT OF PUBLIC WORKS.

Notice was received from the State Department of Public Works of laying out of state highway leading from Boston to Milton as shown on plans in office of said department.

Notice was received from above department of laying out as state highway of Neponset Valley Highway.

Severally placed on file.

CONFIRMATION OF APPOINTMENTS.

Coun. ROSENBERG called up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointments submitted by the Mayor June 12, 1939, of Constables authorized to serve civil process upon filing bond, viz.: Samuel Goldkrand, Joseph J. Cunningham, David Kaplan.

2. Action on appointments submitted by the Mayor June 12, 1939, of Eugene L. Murphy, to be a Weigher of Coal; and William H. Parrott and George L. Roney, to be Measurers of Leather.

The question came on confirmation. Committee, Coun. Fish and Irwin. Whole number of ballots 12, yes 11, no 1, and the appointments were confirmed.

SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of June.

Report accepted; said order passed.

LIENS FOR UNPAID WATER RATES.

Coun. FITZGERALD offered the following:

An Ordinance Concerning Liens for Water Rates.

Be it ordained by the City Council of Boston, as follows:

Chapter twenty-seven of the Revised Ordinances of 1925 is hereby amended by inserting after section twenty-six the following new section:

26-A. At least sixty days before filing for record in the registry of deeds, under section 42-B of chapter forty of the General Laws, of a lien against any particular parcel of real estate for unpaid water rates the commissioner shall send a notice of his intention to file such lien with a statement of the amount due, to the owner of record as of January 1 in the year of the proposed filing.

Referred to the Executive Committee.

RESURFACING OF SOMERSET STREET.

Coun. FITZGERALD offered the following: Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth pavement Somerset street, Ward 3, which is in a dangerous condition and unsafe for travel.

Passed under suspension of the rule.

IMPROVEMENTS AT NORTH END PARK.

Coun. FITZGERALD offered the following: Ordered, That the Park Commission be requested, through his Honor the Mayor, to make the following improvements at North End Park:

1. Resurface baseball in-field and out-field.
2. Install swings, see-saws and slides for the recreation of children.
3. Install a regulation tennis court.
4. Clean and resurface sand on the beach for sanitation purposes.
5. Remodel pier for safety purposes.
6. Install regulated diving board equipment, also for safety purposes.

Passed under suspension of the rule.

PLEBISCITE ON STATE-SUPERVISED LOTTERY.

Coun. KELLY offered the following:

Whereas, His Excellency, Governor Saltonstall, has recently recommended additional taxes which vitally affect the man and woman of moderate circumstances in the Commonwealth, and whereas, a proposal to tax weekly pay rolls of all employees 2 per cent has been introduced;

Whereas, These taxes are being heard this week by the Committee on Ways and Means at the State House; be it

Resolved; That the Boston City Council, interested in the welfare of the Boston residents, go on record as opposed to these taxes, and respectfully suggest that his Excellency the Governor conduct a plebiscite in order that the people by vote might determine if the citizens of Massachusetts prefer a state-supervised lottery as a substitute for these "soak-the-poor taxes."

Coun. KELLY—Mr. President and members of the Council, in presenting these resolutions to this Honorable Body for immediate consideration in this open meeting and appreciating its gravity, I ask your indulgence while I read this statement. It is of supreme importance that there be no misquoting and to that end I am reading it. Now Mr. President and gentlemen, the citizens of the Commonwealth in general, taxpayers, whether industrial, professional, small business men or simple employees, are all deeply affected by this new proposal for additional taxes submitted by his Excellency the Governor. Every group of our citizenry appreciating the difficulties now experienced in meeting present tax levies, view, with horror and grave concern, their ability to meet this unjustifiable demand. You and I as councilors of the City of Boston keenly appreciate their difficulties, because of our intercession with the Assessing and Tax Collecting Departments, to alay, if possible, this burden of real estate tax. From our own experience we know that thousands of homes have been sacrificed in this city because of the inability of owners to meet their increasing taxes. This is a serious situation, Mr. President, and we would be false to our solemn oath of office as councilors and directors in this great corporation, the City of Boston, if we did not give serious thought to any proposal that might assure increased revenue if it can be accomplished without the burden of additional taxes. Because of the firm belief of many citizens, residents of my district, that the creation of a state-supervised lottery would result in the procuring of millions of dollars to the various cities and towns in the Commonwealth, thereby affording sufficient funds for the payment of which unemployment insurance and old age assistance, thus taking from real estate the tremendous assessments now levied against it for the support of these activities of government. Boston is approaching a grave crisis in her financial affairs. This is no idle comment. A talk with representatives of the Chamber of Commerce, the various Boards of Trade, employment offices, both private and public, will convince

the most skeptical person that industry is leaving our city, small businesses are folding up because of their inability to pay the high rate of tax placed upon real estate. While this tax rate of last year of \$41.30 is undoubtedly high, you and I know that if the proper assessment was made on real estate the tax rate in this city would be \$8,000 per thousand, as it is impossible to sell a piece of real estate in the so-called better sections of Boston for one third of the assessed value. Now, Mr. President and gentlemen, I repeat this is a serious situation, requiring intestinal fortitude on the part of this Council to solve it. In presenting this resolution for a plebiscite on the question of a state-supervised lottery, I am governed by the knowledge of the vast millions of dollars wagered in this Commonwealth annually, in forms of gambling legalized by the Commonwealth, namely, pari-mutuel racing of horses and dogs. The figures I am now going to quote are not taken from the ether, but are the records at the State Treasurer's office. The report of 1938 shows close to forty-nine million dollars paid through the windows at the race track and this tremendous sum in a period of not more than 110 days. From this huge sum of money the Commonwealth receives a tax of 3½ per cent. This, of course, is an injustice to the Commonwealth, as the operators of these tracks receive 11½ per cent. While we may be amazed at this vast sum of money gambled legally, you and I as practical men know that for every dollar waged legally there are three other dollars bet in poolrooms, "bookies," number pools, beanos, raffles, lotteries, treasury pools. Mr. President and gentlemen, I might go on for an hour reciting the various forms of gambling which take place in the Commonwealth from which the state derives no revenue, and I feel the time has arrived in this tax-crisis period of our city when drastic changes should be made in our revenue set-up. We are living in a gambling age and respectable citizens no longer look upon gambling as a social evil. This being true, why not apply this gambling to the benefit of our city and state. The people of the Commonwealth can be depended upon to settle this question intelligently and to their best interests, and I can conceive of no councilor justifiably denying the people the opportunity of voting upon this matter, and respectfully urge upon the membership that this Body go on record favoring this plebiscite for a state-supervised lottery. His Honor the Mayor recently ordered a plebiscite in the Hyde Park section. The Mayor of Woburn ordered a plebiscite and the people of that city turned out in large numbers and registered their support of the measures advocated by him. I have every desire to be fair and with no intent to hurt the feelings of any who from conscientious scruples seem opposed to lotteries. Their opposition might dwindle greatly did they know that the construction of Washington street, the early buildings of Harvard College and this historic Faneuil Hall, our Cradle of Liberty, where we now assemble, were constructed from funds obtained from lotteries.

The order was referred to the Executive Committee.

APPOINTMENT OF TEMPORARY CHAIRMAN, EXECUTIVE COMMITTEE.

President MURRAY appointed Coun. Shattuck to serve as temporary chairman of the Executive Committee.

WADING POOL, FRANKLIN PARK.

Coun. ROSENBERG offered the following: Ordered, That the trustees of the George Robert White Fund be requested, through his Honor the Mayor, to construct a wading pool at Franklin Park, from the income of the fund.

Passed under suspension of the rule.

CONSIDERATION ON DELINQUENT WATER BILLS.

Coun. ROSENBERG offered the following: Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to grant humane consideration to owners of property who may be delinquent in the payment of their water bills.

Coun. ROSENBERG—Mr. President, I appreciate the fact that the Water Income Department during the past year has collected a tremendous amount of money that has been outstanding in delinquent water bills that have been owed to the city, under the direction of Mr. Dan Sullivan. However, it has been called to my attention that the methods that are being used by some of the inspectors and men that have been sent out from the department would remind one of "Uncle Tom's Cabin" in the "Simon Legree" like manner of

whipping certain poor and unfortunate owners of property into line and making them suffer great consequences as the result of such tactics as have been resorted to in the collection of the water bills. I believe that a more humane system should be devised in reference to treating the owners of property. I am particularly interested in a case that was reported to me only recently. With the temperature ranging between '85 and 90 degrees, a collector or a representative of the Water Department came down and demanded the payment of a water bill. The owner of the property was away but his wife was at home. She pleaded with this man who came down to shut off the water, or demand the payment of the water bill, to let the matter stand until the following morning, when her husband would return. There were eleven children in that home, one of them very seriously ill. No attention was paid to the pleadings of this housewife, the wife of the owner of the property. I believe that under circumstances such as those more consideration should be given to the owners of property. I believe that we ought to collect as much money as possible but I do not believe that we should approve some of the methods which have been used in certain cases but should act with a more humane consideration. I trust, as the result of this order, that Mr. Dan Sullivan and the Public Works Commissioner will see to it that every consideration is given to the owners of property. I am not asking for indefinite delay, but merely that in dealing with the owners of property in the collection of water bills, if they request one day's leeway they should be granted that privilege. I ask the passage of this order.

Coun. TAYLOR—Mr. President, on that order I wish to state that I know from personal experience that Dan Sullivan of the Water Department has always been reasonable. I have never found one instance where the circumstances of the home were such that they required more time in order to make payment that he did not comply with the request, and many times when the water was shut off and there were circumstances of which he was not aware I asked him to turn on the water and things would be straightened out. I was always treated courteously and he always complied with the request. In my opinion, Mr. Sullivan is doing a good job up there, and I have always found him willing to cooperate at any time upon any reasonable request. I know there are a good many people who are trying to evade their water bills, and there are others who are not trying to evade but because of financial circumstances they are unable to pay. And never in one instance can I recall Mr. Sullivan denying any reasonable request.

The order was passed under suspension of the rule.

HOLIDAY JULY THIRD.

Coun. FISH offered the following:

Ordered, That his Honor the Mayor be requested to grant leave of absence to all city employees who may be spared from their duties on Monday, July 3, without loss of pay.

Passed under suspension of the rule.

ERECTION OF STATUE TO COMMODORE JOHN BARRY.

Coun. MURRAY offered the following:

Resolved, That the City Council of Boston in meeting assembled hereby favors the passage of legislation now before the Congress of the United States for the erection of a suitable statue in honor of Commodore John Barry, the father of the American Navy, and that the City Council of Boston is entirely in agreement that such statue be presented to the Republic of Eire, the mother country of Commodore John Barry.

Passed under suspension of the rule.

ACCEPTANCE OF CHAPTER 237.

Coun. GALVIN offered the following:

Ordered, That chapter 237 of the Acts of 1939, entitled "An Act Relative to the Pensioning of Certain Members of the Fire Department of the City of Boston," be, and hereby is, accepted.

Referred to the Executive Committee.

WARD 11 IMPROVEMENTS.

Coun. ENGLERT offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the

Mayor, to resurface with smooth paving Rosemary street, Ward 11, under the W. P. A. plan of construction.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway, under the W. P. A. type of construction, Hampstead road, Ward 11.

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to construct sidewalks along both sides of Haverford street, from Montebello road to Boylston street, Ward 11, under the W. P. A. type of construction.

Severally passed under suspension of the rule.

ACCEPTANCE OF PORTINA ROAD.

Coun. SULLIVAN offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to lay out and accept as a public highway Portina road, Ward 22, under the W. P. A. type of construction.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. TAYLOR, for the Committee on Ordinances, submitted the following:

Report on petition (referred today) of A. A. Bianco for driveway opening at 1081 and 1083 Bennington street, Ward 1—that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

RECESS.

By direction of President MURRAY the Council took a recess at 2.43 p. m. The members reassembled and were called to order by President MURRAY at 4.10 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. SHATTUCK, for the Executive Committee, submitted the following:

1. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.: Alice W. Brooks, Jordan Hall, June 22; Ethel M. Gegan, Whitton Hall, June 26; Adrienne K. Leeman, Peabody Playhouse, June 23—recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

2. Report on order (referred today) accepting chapter 237 of Acts of 1939 for pensioning of firemen—that same ought to pass.

Report accepted; said order passed.

3. Report on message of Mayor and order (referred today) appropriating \$5,000 for Randridge Fund excursions—that same ought to pass.

Report accepted; said order passed, yeas 16, nays 0.

4. Report on message of Mayor and order (referred today) appropriating \$3,275,000 for Public Welfare, Soldiers' Benefits and Federal Emergency Unemployment Relief Projects—that same ought to pass.

Report accepted; said order given its first reading and passage, yeas 17, nays 0.

The order will be given its second reading and passage in not less than fourteen days.

5. Report on message of Mayor and order (referred today) authorizing loan of \$180,000 for relief projects, Park Department—that same ought to pass.

Report accepted, and the order was given its first reading and passage, yeas 17, nays 0.

The order will come up for its second reading and passage in not less than fourteen days.

6. Report on message of Mayor and order (referred today) appropriating \$38,000 from income of Water Service to meet current expenses—that same ought to pass.

Report accepted; said order given its first reading and passage, yeas 17, nays 0.

7. Report on message of Mayor and order (referred today) for sale of land and buildings at corner of Tufts and Medford streets, Charlestown, to Boston Housing Authority—that same ought to pass.

Report accepted; said order given its first reading and passage, yeas 17, nays 0.

8. Report on resolution (referred today) that plebiscite be conducted on state-supervised lottery—that same ought to pass.

The report was accepted, and the question came on the adoption of the resolution.

Coun. AGNEW—Mr. President, on a point of order, I think that this matter should go

to the Committee on Rules. I do not think the Council has any—

President MURRAY—The point of order is well taken and the matter is referred to the Committee on Rules.

Coun. KELLY—Mr. President, the members of the City Council in executive session passed this. I can well realize why the councilor from Brighton gets up on a point of order and makes a suggestion that this go to the Committee on Rules. I do not blame him for opposing this, because he holds a high state position, appointed by a former Governor of the Commonwealth, and naturally, in order to hold his job, he has to stay in the good graces of the Governor. Hearings are being conducted in the State House this week, and being conducted every day of the week, and I don't think the members of this City Council want to see this thing referred to the Committee on Rules, when you realize that these bills, what we call "soak-the-poor taxes," include two cents a gallon tax on gasoline, a 2 per cent reduction for every State employee, and two cents on each package of cigarettes. Mr. President, I don't see any reason in the world for sending this order to the Committee on Rules, because, naturally, it is going to put it out of existence, and I pray you, Mr. President, that you call the roll and ask the members to answer "Yes" or "No."

President MURRAY—The Chair will state to the councilor that the point of order having been raised, the Chair has no alternative under the rule, which reads as follows: "Any motion, order or resolution which in the opinion of the presiding officer does not have a direct bearing on the business of the Council shall be referred without debate to the Committee on Rules and shall not be further considered by the Council except upon report by that committee."

Coun. KELLY—A point of order, Mr. President. I think this resolution is of interest to every member of this Council from the standpoint of the revenue that would be brought into the Commonwealth and into the City of Boston. That matter is naturally something which is of interest to every person who is a member of this Council, and by referring this to the Committee on Rules, Mr. President, we are keeping away from the people of the Commonwealth a chance to state whether they favor a so-called lottery. I realize that even Harvard College was built as a result of a lottery, that the main street of the City of Boston, namely, Washington street, was constructed as the result of a lottery, and that this great Faneuil Hall, the Cradle of Liberty, was built as the result of a lottery. Mr. President, the point of order being taken in regard to this thing is just sidetracking it, that is all. I realize that the Council are going to vote in favor of it, and I don't think it is fair for the councilor to get up on a point of order and make a motion that this be referred to the Committee on Rules. The Council voted unanimously here a few weeks ago to have a plebiscite on housing. Every member of this Council voted for it, Mr. President. It is just because the councilor happens to be against this measure that he gets up in this Council and has this order sidetracked.

Coun. HUTCHINSON—Mr. President, a point of information. After it has been referred to the Executive Committee and the committee reports that it ought to pass, does the President then refer it to the Committee on Rules?

President MURRAY—A point of order having been raised; yes.

Coun. HUTCHINSON—At any time?

President MURRAY—At any time.

Coun. IRWIN—A point of information, Mr. President. Inasmuch as the councilor has introduced the order, I would like to ask the Chair if a recess should not be called and the Committee on Rules act on it.

President MURRAY—If there is a quorum of the Committee on Rules present, or if all of the members are present, they can hold a meeting.

The resolution was referred to the Committee on Rules.

9. Report on ordinance (referred today) that sixty days before filing for record of lien against real estate for unpaid water rates the commissioner shall send notice of his intention—recommending reference to the Committee on Ordinances.

Report accepted; said reference ordered.

REPORT OF COMMITTEE ON COUNTY ACCOUNTS.

Coun. ENGLERT, for Coun. Carey, submitted the following:

1. Report on message of Mayor and order (referred March 27) establishing position of chief elevator operator at \$1,900—that same ought to pass.

Report accepted; said order passed.

2. Report on message of Mayor and order (referred March 27) establishing position of coat room attendant at range of compensation from \$1,000 to \$1,300—that same ought to pass.

Report accepted; said order passed.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LANGAN, for the Committee on Claims, submitted the following:

1. Report on petition of Edwin J. McLaughlin (referred June 12) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, recommending passage of following order, viz.:

Ordered, That the sum of \$100 be allowed and paid to Edwin J. McLaughlin in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

2. Report on petition of Edwin J. McLaughlin (referred June 12) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, recommending passage of following order, viz.:

Ordered, That the sum of \$50 be allowed and paid to Edwin J. McLaughlin in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

3. Report on petition of Arthur J. Grimley (referred May 22) to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of \$20.50 be allowed and paid to Arthur J. Grimley in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

WARD 19 IMPROVEMENTS.

Coun. LANGAN offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repair the retaining wall on Cummins Highway, at Brown avenue, Ward 19.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to arrange for the immediate repair of the stairway at Johnwood road, Ward 19.

Severally passed under suspension of the rule.

WARD 20 IMPROVEMENTS.

Coun. LYONS offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Symmes street, both sides, from Fairview street to Walter street, Ward 20, in front of the estates bordering thereon; said sidewalk to be from 8 to 10 inches above the gutter adjoining, to be 4 feet in width, and to be built of artificial stone, under the provisions of chapter 196 of the Special Acts of 1917.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Welton road, Ward 20, as a public highway, under the W. P. A. plan of construction.

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to take up with the Metropolitan District Commission the matter of installing a sidewalk on the right-hand side of Washington street, Ward 20, from the West Roxbury Parkway to La Grange street.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to take immediate action in the matter of extending flight of stairs from Sunset Hill path to Centre street, Rosindale.

Severally passed under suspension of the rule.

SHOWER BATHS IN SCHOOL YARDS.

Coun. CHASE offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to install shower bath facilities in the various Boston school yards now being used as playgrounds, as a W. P. A. project.

Passed under suspension of the rule.

RENTAL CHARGED FAMILIES IN HOUSING AREAS.

Coun. CHASE, for Coun. Wilson, offered the following:

Whereas, It is reported that the Boston Housing Authority proposed to make no rental charge to property owners in new housing areas who sign options for sale on the Housing Authority terms, but do not intend to collect rentals from property owners who retain their right to insist on court determination of the value of their property; and

Whereas, The chairman of the Boston Housing Authority, as recently as June 23, has estimated it will take at least fifty more days for more than 750 families still occupying condemned dwellings in Charlestown, South Boston, and Roxbury, housing sites to find new homes; therefore be it

Ordered, That unless or until it can be shown by the Housing Authority that dwelling accommodations are reasonably available, the said Housing Authority be requested, through his Honor the Mayor, not to charge rental to families in the proposed housing areas even for the purpose of exerting pressure on resident property owners to dispose of their homes at figures less than such property owners consider fair and equitable.

Whereas, The Boston Housing Authority is about to begin demolishing some 460 buildings taken by eminent domain proceedings in the Charlestown area and some 200 buildings in the Mission Hill area of Roxbury; and

Whereas, There appears to be an outstanding difference of \$519,790 between the reported low bid of \$73,210 and the high bid of \$593,000; and

Whereas, The low bid is by a Cleveland, Ohio, concern, while the higher bids are all by local concerns; and

Whereas, Only two of the local concerns bid on both the Charlestown and Mission Hill jobs, while two of the local concerns bid only on the Mission Hill project; therefore be it

Ordered, That his Honor the Mayor be requested to investigate the obvious possibility of collusion in the matter of bids made by said local concerns.

Ordered, That his Honor the Mayor be requested to advise the City Council whether the Boston Housing Authority, in accordance with chapter 484, section 26EE, of the Acts of 1938, did in January, 1939, make a financial report to the City of Boston; and, if not, be it further

Ordered, That his Honor the Mayor be requested to obtain such a report from the Boston Housing Authority and furnish a copy of same to the City Council.

Severally referred to the Executive Committee.

PLEBISCITE ON STATE LOTTERY.

Coun. KELLY offered the following:

Ordered, That the Committee on Rules meet in regard to resolution of Coun. Kelly in regard to opposing various "soak-the-poor taxes," and to suggest that his Excellency the Governor conduct a plebiscite in order that the people might determine if the citizens of Massachusetts prefer a state-supervised lottery as a substitute for these taxes, and report back at the next meeting of the City Council.

The order was passed under suspension of the rule.

WARD 13 IMPROVEMENTS.

Coun. HUTCHINSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to install electric street lights at the following locations in Ward 13:

Sargent street, corner of Hartford street; Sargent street, corner of Howard avenue; middle of Sargent street.

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Woodcliff street, at the Cunningham street end, Ward 13, as a public highway, under the W. P. A. plan of construction.

Severally passed under suspension of the rule.

CLEANING OF STREETS.

Coun. HUTCHINSON, for Coun. Kerrigan, offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to put on a crew of men to immediately clean all the streets of the city, in view of numerous complaints and due to the fact that in several sections the Paving Department forces are used in cleaning streets and cannot be spared for this work during the summer season, when their services are utilized on street and sidewalk repairs and construction.

Passed under suspension of the rule.

BRONZE RADIOTONE OF COUNCILOR HARRIS.

Coun. GALVIN and IRWIN offered the following:

Ordered, That the members of the Boston City Council be requested to consider the advisability of procuring a bronze radiotone of the portrait of City Councilor Mildred M. Harris, the first woman ever to serve in the City Council, and that said imperishable portrait be hung with the portraits of the former Presidents of the City Council, in the City Council Chamber.

Coun. IRWIN—Mr. President, when any member of this Body attains the presidency of the Council that fact is recognized by the fellow members by having his portrait made and hung in the Council Chamber. Now, although Mrs. Harris has never aspired to that office, I think the fact that she is an outstanding woman in the City of Boston and has achieved a higher position than any person who has been elected to the presidency of this Council, due to the fact that she is the only woman who was ever elected to this Body, I think it is only fair that we should recognize that fact by hanging her portrait with those of the presidents.

The order was referred to the Executive Committee.

BUTTER DISTRIBUTED BY FEDERAL SURPLUS COMMODITIES DIVISION.

Coun. ENGLERT, for Coun. Carey, offered the following:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to confer with the local officials of the Federal Surplus Commodities Division relative to complaints concerning the rancid condition of butter now being distributed at various commodity stations in Boston.

Passed under suspension of the rule.

FIVE-CENT ELEVATED FARES.

Coun. ENGLERT, for Coun. Carey, offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to remove their restrictions prohibiting the privilege of a five-cent fare to children between the ages of five and fourteen years during the hours of 7.30 to 9 a. m. and 4.30 to 6 p. m., and to afford the use of the five-cent fare to these children at any hour of the day during the summer months.

Passed under suspension of the rule.

RETIREMENT OF PATRICK ROGERS.

Coun. ENGLERT, for Coun. Carey, offered the following:

Ordered, That the Retirement Board for Laborers be hereby authorized and requested to retire, under the provisions of chapter 765 of the Acts of 1914, as amended by chapter 63 of the Special Acts of 1915, Patrick Rogers, employed in the labor service of the City of Boston in the Hospital Department.

Passed under suspension of the rule.

THE NEXT MEETING.

On motion of Coun. GALVIN, the Council voted that when it adjourns it be to meet on Monday, July 10, at 2 p. m.

Adjourned, on motion of Coun. HARRIS, at 4.37 p. m., to meet on Monday, July 10, 1939, at 2 p. m.

PROCEEDINGS OF SCHOOL COMMITTEE.

May 15, 1939.

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6:40 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, Lee, Smith, Sullivan, and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

DEATH

The Superintendent reported the death of the following-named teacher who had been retired on pension:

Dearborn District—Annie L. Coffey, May 9, 1939.
Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent to take effect on the dates stated, were presented:

Minot District — Margaret M. Crowe, assistant, elementary, May 2, 1939.

William Barton Rogers Intermediate District—Matilda M. McLeod, assistant, intermediate, May 5, 1939.

Accepted.

APPOINTMENTS

The following appointments by the Superintendent, certified by him as being in accordance with the rules and regulations to take effect on the dates stated, were presented:

(FROM THE ELIGIBLE LIST)

(Vacancies allowed in budget)

Jeremiah E. Burke High School for Girls—Mary K. McCarthy, assistant, May 22, 1939.

Boston Clerical School—Anna E. Beck, Adeline Gamer, senior assistants, May 22, 1939.

The rules were suspended and the appointments approved.

TRANSFER

A communication was received from the Superintendent, under date of May 15, 1939, reporting that subject to the approval of the School Committee, he has made the following transfer of a teacher:

Katherine A. Riley, assistant, intermediate, Hyde District, to the same position in the Donald McKay Intermediate District, May 22, 1939.
Approved.

LEAVE OF ABSENCE

A communication was received from the Superintendent, under date of May 15, 1939, reporting that subject to the approval of the School Committee and at the request of the teacher concerned, he has granted leave of absence without pay to Leo T. Foster, master, head of department, Jeremiah E. Burke High School for Girls, for

the period June 1, 1939, to May 31, 1941, because of his assignment to the office of the Mayor, City of Boston.

Placed on file and leave of absence without pay granted for the period specified.

AUTHORIZED LIST OF TEXT BOOKS

The Superintendent offered the following:

ORDERED, That the limitation of 45 copies of the following-named book authorized for use as a text book is hereby removed:

Jernegan, Marcus Wilson, Carlson, Harry Ellsworth and Ross, A. Clayton. Growth of the American People. Longmans, Green and Company. cpt. 1938.

Laid over.

AMENDMENT TO REGULATIONS

A communication was received from the Board of Superintendents, under date of May 15, 1939, recommending the amendment of Section 306, paragraph 4 (a) of the regulations as set forth in an accompanying order.

Placed on file.

The following was offered:

ORDERED, That the regulations are hereby amended as follows:

Section 306, paragraph 4 (a). Strike out the paragraph and substitute in place thereof the following:

(a). Supervisors of Playgrounds.—A high school certificate (in physical education) or a special physical education in high schools certificate, or an intermediate certificate in physical education, and at least six weeks' successful experience in conducting a playground or the equivalent thereof.

Laid over.

AMENDMENT TO SCHEDULE OF EXTRA COMPENSATION FOR CUSTODIAN SERVICE

A communication was received from the Schoolhouse Custodian, under date of May 15, 1939, recommending that the Schedule of Extra Compensation for Custodian Service—School Document No. 8, 1929—be amended in accordance with the accompanying order.

Placed on file.

On motion, it was

ORDERED, That the Schedule of Extra Compensation for Custodian Service—School Document No. 8, 1929—is hereby amended as follows, to take effect May 1, 1939:

Strike out Section 3—Compensation Custodian Service Buildings Occupied by Classes of the Day School for Immigrants.

DEATH OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of May 15, 1939, reporting the death, on May 11, 1939, of Francis L. Butler, custodian, Frank V. Thompson School-house.

Placed on file.

RECERTIFICATION OF AREAS

A communication was received from the Schoolhouse Custodian, under date of May 15, 1939, submitting a recertification of the areas of the High School of Practical Arts, upon which the compensation for custodian service is based, to take effect Apr. 22, 1939.

Placed on file and the Chairman authorized to approve such recertification, to take effect on the date stated.

THE TEACHERS COLLEGE

The following was offered:

ORDERED, That there be no freshman class in The Teachers College for the school year 1939-1940.

Dr. Foley: I move that we have spread upon the records of this public meeting the record of our vote upon the omission of the entrance class at Teachers College.

Chairman: I assume that you move, and the motion is seconded, that there be no entering class at Teachers College in September.

The Secretary was instructed to call the roll.

Mr. Lee: I would like to express my reasons for voting against the motion and why I vote to have an entering class. I should like to ask the privilege of entering in the record the statement of this subject which I read to the Committee upstairs.

I shall be glad to follow the pleasure of the Committee as to whether I shall read the statement or merely have it entered on the record.

Chairman: Why not have the Secretary call the roll first?

Mr. Lee: If you debate this motion I would like the assurance that this statement will be on the record, or I would like to debate the matter orally.

Chairman: I think we all have debated it. If you wish to make your statement a part of the record it will be accepted. I intend to say a few words for the sake of the record.

Mr. Lee: That will be accepted by the Committee?

Chairman. Yes.

Dr. Foley: I believe Mr. Lee should be permitted to read his statement and that we should be given an opportunity to reply.

Mr. Lee read the following statement:

In preparing to vote on the matter of disallowing a freshman class next year at Teachers College, I should like to call the Committee's attention to my statement at the time of the informal vote in conference a week ago.

The excerpt from the official stenographer's record is as follows:

"Chairman Smith: Is everybody ready to vote? The question is on the omission of an entering class to Teachers College. Tied up with that is the graduate course and the Training School for Teachers of Mechanic Arts.

"Superintendent Gould: This is a teacher training institution. I do not know whether you are going to confine your efforts to the entering class or whether you are going to include the graduate course

at Teachers College and also the training course in Mechanic Arts.

"Mr. Lee: To anyone who is voting to close Teachers College, I want to say that as soon as I can see clearly that Teachers College is making a real advance and has the time to do it, along lines which I think are agreed upon, I want to come here and change my vote."

The question now in my mind and which I have been probing for the last week is whether Teachers College is getting time to make a real advance along lines which I think are agreed upon.

In the field of that "dollar science" which we individually and collectively either live or starve by, and govern our relations one with another by, and determine our daily activity and place of abode by, I think that the college has been, is, and intends to make good progress. I don't think that the college has any objection to implanting in the forefront of the growing citizens' attention the City's public financial problems, nor the private business problems of the inhabitants, by which for 300 years we have served the world well and have heretofore been well rewarded for that service. Where it seems necessary to turn to the banking and credit policies of Washington and to the general nature of our economic order, to preserve the economic security of our citizens here in Boston, we have, at least two courses of study being revised or prepared for the consideration of the Committee in the intermediate and high school grades, following my motion of last year, to help cope in this way with our local dependence on the economic whole. It would seem to me that dissatisfaction with the work of the college could not properly be found here.

On the matter of keeping children ignorant of that measure of control of their government or economic life which is commonly spoken of under the heading of civics or politics, I think that the present picture is not so inspiring. I think that Teachers College wants still to keep children ignorant of those factors in the operation of their community which it seems perfectly certain to me will lead to the deterioration and breakup of our government unless a sympathetic and competent understanding is given to our school children of these community problems and processes on their way through school. The answer of Teachers College to the fact that the majority of our citizens think that politics is dirty—which means a fundamental distrust by the people of their own government—and the college's reaction to the fact that the racketeer has vastly more influence with government than the average hard-toiling citizen, is to cast the headlights of desirable conduct not on the road ahead but up in the air. A moral idealism seeking the stars takes the place of bending the headlights on the bumps and hollows of the road in front. The interrelations between police, gangsters, politicians, business, and the public, and the compulsive and inevitable forces

which compel such relations to exist are not gone into, and the child is not given an acquaintance with what it is all about.

It seems to me that anyone beyond the kindergarten grade must see that the individual today, in economic respects, is utterly dependent on Boston's world markets—quite beyond his control—for his very sustenance. It likewise appears, in political and civic respects, that the individual in our large population areas is equally helpless in that management and adaptation of affairs which is left to him under these elusive economic factors. Unless the citizen learns how to organize himself into groups with others for the expression and attainment of his own and general neighborhood desires, then what we used to refer to as American individualism is going to be dead. By ourselves we are futile. Yet it seems to me that there is no happy assurance that Teachers' College will familiarize the young citizen going through our schools with the methods and processes by which he may maintain his sovereignty as a private citizen through group organizations working together in teamwork. The supineness with which the majority of citizens in my own section, for instance, rallied toward confuting the mismanagement of the White Fund till the Trustees were exposed by the Finance Commission; likewise the indifference of the people to the sequestering from them of the Charles River Basin thrice bequeathed to them by law; and the diffidence with which people fail to form Home and School Associations against the scowl of the headmaster even when their own children and neighborhood are at stake convinces me, within my own experience, of the utter disheartenment and crushedness of the average American citizen. This will lead to his despairing of the present form of government and demanding another, unless he is implemented and vitalized to carry on in protection and pursuance of his own interests by enthusiastic, rugged, and vivid instruction in his schoolroom days. It is therefore disconcerting to get no definite assurance—even in impersonal and hypothetical cases—that Teachers College will teach their students to present in their classroom how to organize for judicious, collective bargaining in economic affairs, nor how to organize at times of election to put Mr. Average Citizen's candidate in the saddle,—which latter is just a polite way of saying that Teachers College is willing to leave the government in the hands of a few well organized groups within or without the law, whose practices and connections are kept hidden from people.

To put this differently, I think that Teachers College—with one period a week given to outside lecturers on modern problems—would be glad to hear from the Mayor of the City, and might, on a squeeze, hear from Ken Taylor, of the American Federation of Labor, but would not listen to Dave Boynick of the C. I. O., nor my erstwhile general, Smedley Butler.

While this might seem like less than perfect assurance of the timelessness of the Teachers College in approaching the people's and children's paramount American problems, nevertheless, I find that the better teachers in the grades are really making an honest effort to meet the child's questions, to give him a straight answer, to be truthful and on the level. While Teachers College is less willing to be courageous than is the teaching force, it is fair to point out that these teachers are graduates of Teachers College. Further, it is definite in my mind that Teachers College will go farther in the direction of implementing the child through forms of organization to deal effectively with his own coming problems than the Board of Superintendents will. And of course Teachers College goes much further on the side of the children than the School Committee does,—who necessarily in their pre-occupation with existing forces cannot experiment or explore improvement.

I accordingly feel that Teachers College, all things considered, is on the whole in the nature of an asset to the system in the particulars along which my interest lies.

In other matters, such as making economies—which has never been the object of my interest in the issue here of Teachers College—it would seem to me to be generally agreed that there was no significant economy in the discontinuing of the freshman class this autumn. As for the piling up of too large a number of graduates applying for teaching positions, there is no mechanism in the present proposal for halting the three present upper classes. These are the ones which will add to the numbers at the time when numbers are least needed. I concede that no elementary teachers will be appointed next year and in fact some of those now doing temporary duty will be dropped because the matriculation of a shrunken kindergarten class under the new higher age-limit will lop off about 2000 pupils from our elementary schools next year. However, there is now no surplus of teachers doing elementary work in the lower schools. After you have cut off an entering class for four years—should that be done—there would then, by the same token, be as great a shortage of teachers as now for the next three years there will be an abundance.

In voting, then, to continue an entering freshman class of not more than sixty this year, all things considered, I would suggest an item of economy which I believe all will agree to. This is to prepare a very concise, diagrammatic memorandum to be mailed to every girl now in the upper three classes—and to her parents—showing that the chances for appointment of those below the top 85 of their class is very negligible. You will recall that I recommended restricting all of the present classes at Teachers College to 60 last autumn and this autumn. However, my present proposal leaves it voluntarily up to the girl and her parents to determine her status and chances for a teaching position

after her graduation. It is presumable that many of these students and their parents are sensible enough to handle their future wisely and act accordingly. At least the Committee would have given them the benefit of fair warning, as regards these three large classes which it is proposed to continue anyway.

In the light of all those considerations, I hope that my associates will all vote to continue Teachers College as a greater force for good in activating the economic advancement of Boston and in restoring the individualism of its citizenry than would its absence.

Chairman: In other words, Mr. Lee, you have done a flip-flop between last Monday night and tonight.

(Applause and cries of "Mr. Lee.")

Chairman: If there is further demonstration the hall will be cleared.

Mr. Lee: I have said all along that I was going to vote for the opening of Teachers College or the continuance of it when I saw clearly that Teachers College was proceeding to meet the modern problems of the child.

At the time of the vote at the last meeting I hadn't got a clear picture from the Superintendent or the president in charge of Teachers College. I, therefore, voted no until I got a clear picture of what I was voting for.

In the last week I made a great many inquiries, and I have tried to give the result of these inquiries in what I have said on this vote here.

In some respects I found the college doing excellent work. In other respects I found it fell far short of what I would like to see, and yet it was doing better, I believe, than some other groups in the school system are doing. For that reason I carried out exactly what I said I would do, and I voted for the College when I became convinced it was moving in the direction of meeting modern problems that seemed essential to this country.

Chairman: Mr. Superintendent, have you publicly or privately entered into any agreement with Mr. Lee on any change in the curriculum in Teachers College?

Superintendent: I have not, either publicly or privately, entered into an agreement with Mr. Lee or any other member of the School Committee. I could not if I wanted to. In other words, the course of study in Teachers College or in any of our schools must be approved by the School Committee before it may be used in the class room by the teachers.

I would like to raise a question, Mr. Chairman. Mr. Lee has made some reference to me with reference to his discussion about Teachers College. Was there any question that you asked me, with reference to Teachers College, Mr. Lee, that I did not answer?

Mr. Lee: I do not think there was any question that I asked you subsequent to the last meeting.

Superintendent: If that is so, you ought not to say that you did not get the information from the

Superintendent and the Assistant Superintendents that you sought. In other words, if I answered all the questions that you asked me, it would seem to me that you obtained all the information you sought.

Mr. Lee: I thought I made it clear that I was explaining my stand a week ago Monday. At that time I hadn't as definite a picture as I would like of Teachers College. As I have got it since that time and had every co-operation in getting it, I have a picture that is encouraging me to carry out my announced intention to vote for the College.

Superintendent: My desire is, whenever the School Committee as a body, or any member of the School Committee, asks me a question, to give all the facts that I have, and if I haven't them available at the time I shall always take the time to get them. It is my intention to answer all of the questions that are proposed to me by the Committee as a group or any individual member thereof.

Mr. Lee: The Committee did not hear the carefully prepared statement about Teachers College which the Superintendent brought to the conference a week ago, although we were voting on the discontinuance of an entering class to an institution which had done service for 87 years.

Chairman: You could have asked for a continuance on that matter last Monday night.

Dr. Foley: I suppose very often we vote in ignorance on a question of policy. Very seldom are we careless. The paper read by Miss Mellyn, Assistant Superintendent of Schools at our conference, was a very carefully prepared statement of facts. I believe this Committee digested that and discussed it in man-fashion a week or more ago. It was then the intention of the Committee to vote intelligently.

The only stand-out in Mr. Lee's paper this evening was as to whether or not there would be an entering class in Teachers College.

I can see that no elementary teachers will be appointed next year, and in fact some of those doing temporary duty will be dropped because of the shrinkage in the kindergarten classes under the new higher age limit, which will lop off about 2,000 pupils from our elementary schools next year.

Dr. Foley then read the following statement:

Education is the cornerstone of American democracy. The best that education can do is to teach one how to think; differentiate between truth and subversive propaganda.

If curtailing the activities of The Teachers College of the City of Boston were to lower the standards of education in our city or deprive those seeking an opportunity to secure a higher education from doing so, I should be opposed to it.

But all Boston boys and girls who desire to attend a teachers' college will be privileged to enter one of the several teachers' colleges now in existence in this state, effectively presided over by that eminent authority on education, Walter F. Downey.

Why should the City of Boston, at tremendous expense to the small

home owners who carry the burden, and to the rent payers who eventually foot the bill, duplicate a service given by the state, which, while it was essential years ago, is no longer necessary.

Pupil numbers have fallen off some two thousand over the previous year and there is therefore need for fewer teachers. This year there are more than four hundred candidates on our eligible lists whom we have been unable to place, and the decreasing school population results in our having very little to offer our graduates as a reward for their work. The constant adding of large numbers to our eligible list is neither helpful nor expedient to those who seek to become teachers.

I believe the entering class at Teachers College should be eliminated for the reason that—

1. All those desiring to become teachers may do so by entering one of our state colleges.

2. We are keeping faith with those who entered prior to this year by permitting them to complete their courses.

3. In the next three years the instructors at Teachers College will be absorbed into the Boston school system in an orderly way.

4. A considerable saving to the city will be affected without the loss of a service to its citizens.

Mr. Sullivan: I feel now, as I have felt, that we should admit an entering class at The Teachers College. By so doing we first maintain for the future the standards of the school system and have an opportunity to improve them under the direction of the Superintendent and the Board of Superintendents. We offer opportunity to young women in Boston to advance themselves in the educational field through the teaching profession, which is without doubt one of the finest professions to which they may aspire.

In having a Boston school to train teachers for our public school curricula, we are able to see that the courses of study, designed for the best good of the children, are, as they should be, directed by this Committee, the Superintendent, and the Board of Superintendents. Our Boston schools follow well-defined courses of study, and if we do not have supervision over those courses of study by means of teachers trained as are our teachers at The Teachers College, we will lose some of the benefits which we have been obtaining up to this time.

Mr. White: I would like to quote the statement which I made just before my vote at the conference last week:

Realizing for some time the importance of deciding the question of closing The Teachers College, I have weighed with great deliberation arguments for and against the termination of The Teachers College.

I have listened with a great deal of interest to the suggestions of those who believe this institution should be closed, which arguments reduce themselves to one basic thought and that is the elimination of that appropriation. Fully

realizing that this expenditure cannot be eliminated in any respect the first year and may never at any time save us the whole appropriation, it then becomes a moot question whether the plan devised by the Boston School Committee last year which worked so well was not worthy of further trial. The fact still remains that the unanimous opinion of the Board of Superintendents advocates a continuance of our present policy of an entering class of not more than sixty. Were their recommendations made with no consideration for economy, I would be most hesitant to continue our present policy. However, realizing our drastic cutting of all appropriations and our continual notification to this Board to make every possible saving that could be made without interfering with the efficiency of the school system and realizing that the Board of Superintendents as our educational advisers still feels that the closing of The Teachers College at this time would bring about a lessening in efficiency and effectiveness of our future teaching staff, I am inclined to accept that Board's recommendation.

Whether our economy should carry us to such an extent that we shall deny a boy or girl of the families in the lower income bracket the privilege of becoming a teacher in our schools, I find there is only one answer and that is that we should preserve this opportunity.

Until such time as the figures presented by the Board of Superintendents showing that there will not be an over-supply of teachers for permanent and temporary work are shown to be in error, I cannot vote to close the Teachers College.

Chairman: I am voting not to allow an entering class in Teachers College this September. I feel that the School Department should make a definite contribution to help reduce the cost of government. There would be 100,000 men, women and children hungry tonight in Boston if it were not for the Public Welfare Department. This is a tremendous burden for the taxpayers to bear. Each department in the city must share this burden. I have given consideration to every means of economy, and the closing of Teachers College is the only real economy that can be made that does not directly affect the welfare of the school children and the employees of the School Department.

In my opinion, we will not be faced with a shortage of teachers. On our lists awaiting permanent appointment are young women who have been on those lists for twelve years. Why train more young women at the expense of the city for jobs that do not exist?

If previous school committees during the past ten years had acted wisely, a higher entering mark for admission to Teachers College would have been demanded, much smaller classes would have been entered, and fewer would have graduated. If that had been done, this present emergency might have been averted.

Mr. Lee: So as to have the record correct, is it true that the State Teachers Colleges are going to continue, or is that still in abeyance?

Superintendent: There is a proposition before the Governor to close four of the teachers colleges, but that has not yet been decided.

Mr. Lee: I would like also to endorse the Chairman's consideration for economies which I think are absolutely valid. But I think you have to consider that you could wipe out our entire system to save money and still we would all starve in Boston unless we can revive those industries and occupations which made the city grow from nothing to a population of 2,000,000.

We have to make a drive, through the School Committee, through our Board of Superintendents, and through our teaching force at Teachers College, to fire the younger generation with the need of making Boston hum. Boston does not supply its own necessities. You cannot produce food or fuel in Boston or raw materials for manufacturing. We have to invest enough capital in the younger generation so that they may learn the commercial and economic trends and follow those trails and try to revive the prosperity of this city.

I do not think that this particular saving, which will not mature for three or four years, is the wisest one in view of the need of training our younger generation in a positive way along the lines of revitalizing Boston's business.

Dr. Foley: After listening to the paper of Mr. Lee it seems to me a sort of a smoke screen. I feel that we have been economically proficient in our schools for the past twenty years and that our courses are the finest that our country has. I am for higher education, and I feel that our teachers should be complimented on their efficiency and on their stand with reference to pupil numbers. I have nothing against the teachers in our system. I believe they are without a peer in their chosen field.

When we speak about economics courses, they are not new. We have been conducting those courses for the past twenty years.

Mr. Lee: I think my remarks indicated that I was thoroughly satisfied that Teachers College was doing an excellent job in this field, in going after Boston's business and her economic problems. For that reason the present does not seem a good time to cut down a college which for years has been doing such excellent work.

Question came on the passage of the order for the omission of an entering class in The Teachers College in September, 1939.

The order failed of passage by the following vote:

YEAS—Messrs. Foley and Smith—2.

NAYS—Messrs. Lee, Sullivan, and White—3.

Chairman: If there is no further business, the Committee, with the press, will retire to the ninth floor for the consideration of various matters on the docket.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

CIVIL SERVICE EXAMINATIONS. (CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

PART-TIME OCCUPATIONAL THERAPIST,
TUBERCULOSIS HOSPITAL, BOARD OF

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO SLATE AND MARBLE DEALERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and delivering slate, marble, etc., for the Julia Ward Howe School, Dale street, Roxbury, for W. P. A. use, of the kind and quality as per specifications and giving bond of a surety company, satisfactory to the Superintendent of Construction therefor, in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Friday, July 14, 1939, at said office, with a certified check for \$150, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

JAMES J. MAHAR,
(July 8.) *Superintendent of Construction.*

CITY OF BOSTON.

SUFFOLK COUNTY COURT HOUSE COMMISSION.

NOTICE TO CONTRACTORS.

Sealed proposals for alterations to Suffolk County Court House, Boston, Mass., will be received at the office of the Suffolk County Court House Commission, Room 211, New Court House Building, until 2 o'clock p. m., Daylight Saving Time, on July 18, 1939, and at that time will be publicly opened and read aloud. Plans and specifications may be obtained from the architect, Desmond & Lord, One Beacon street, Boston, for which there will be a charge of \$5.00. Bids must be accompanied by a certified check equal to five per cent (5%) of the bid and made payable to and to be the property of the Suffolk County Court House Commission if this proposal is not carried out. Proposals must be placed in an envelope, properly sealed, and marked, "Proposal for Alterations to Suffolk County Court House, Boston, Mass." Bids must be in duplicate, one with check to be left as stated above, the other without check to be deposited with the City Auditor, City Hall, Boston, previous to the time named for opening of bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of Desmond & Lord, Architects, One Beacon street, Boston, Mass. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. A surety bond in an amount equal to one hundred per cent (100%) of the contract price will be required of the successful bidder. The right is reserved by the Commission to reject any or all bids and to award the contract as they deem for the best interests of the owners.

SUFFOLK COUNTY COURT HOUSE COMMISSION.
(Appointed under chapter 474, Acts of 1935.)

A. EMMET LOGUE, *Chairman.*

JOSEPH A. ROURKE.

JAMES A. BAILEY.

(July 1-8.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about five thousand four hundred eighty-five (5,485) square feet of land, with buildings thereon, situated on the northeasterly side of Old Colony avenue, South Boston, and more fully described in a tax deed recorded with Suffolk Deeds, Certificate No. 20449, Document No. 107526, on Monday, July 17, 1939, at 11 a. m., on the premises, at a minimum price of six hundred (600) dollars.

Deposit required at the time and place of sale of fifty (50) dollars, in cash or certified check, balance to be paid in thirty (30) days. Further particulars from the Custodian of Foreclosed Real Estate, Room 1008, City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.

(July 8-15.)

SUPPLY DEPARTMENT.

The City of Boston invites proposals for furnishing fruits, vegetables, meats, butter, eggs and cheese. Proposals for the above may be obtained in Room 1001, City Hall Annex.

Proposals for furnishing fruits and vegetables close at 12 noon daily at the above office. Proposals for furnishing meats and butter, eggs and cheese close every Thursday at 2 p. m.

JOHN A. BREEN,
Superintendent of Supplies.

W. P. A.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CLASS "A" CONCRETE MIX.

The Supply Department of the City of Boston invites proposals for furnishing for city departments, concrete mix as per specifications, to be delivered in such quantities as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each set of blank proposals taken out.* Bids, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Friday, July 14, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(July 8.) *Superintendent of Supplies.*

CITY OF BOSTON.

REAL ESTATE DIVISION.

(July 1-8.)

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

POPULATION OF UNITED STATES, NEW ENGLAND AND MASSACHUSETTS.

Continental United States (i. e., 48 states and the District of Columbia) in 1930, 122,775,046; outlying possessions, 14,233,389; total, 137,008,435; New England, 8,166,341; Massachusetts, 4,249,614 or 52.04 per cent of New England and ranking eighth in the Union. In density of population Massachusetts ranks second, i. e., 528 per square mile of land, Rhode Island ranking first, with 644 per square mile of land.

Population of the other New England States in 1930, ranking from the highest total: Connecticut, 1,606,903; Maine, 797,423; Rhode Island, 687,497; New Hampshire, 465,293; Vermont, 359,611. Density for New England, 132 per sq. m.; for U. S. (48 states and the District of Columbia) 41 per sq. m.

The population of the United States increased 16.1 per cent since 1920; that of New England 10.3 per cent and that of Massachusetts 10.3 per cent.

POLICE DEPARTMENT (STATISTICS FOR YEAR 1937).

Number of police force, December 1, 1937, was 2,262 (152 more than in 1936), viz.: the superintendent, 4 deputy superintendents, 27 captains, 67 lieutenants, 6 lieutenant-inspectors, 187 sergeants, 1,965 patrolmen and 5 patrolwomen, distributed in eighteen divisions, including the Traffic Division. Signal servicemen, 18; clerks, janitors, etc., 160, making the grand total personnel 2,444.

The cost of maintenance for calendar year 1937 was \$6,042,355, or \$202,702 more than in 1936.

Total number of arrests in year ending November 30, 1937, 95,948 (88,185 males and 7,763 females), or 14,600 more than in 1936; persons arrested on warrants, 14,212; without warrants, 58,052; summoned by the courts, 23,684; persons prosecuted, 58,391; of those arrested, 35,374 were released by probation officers or discharged at station houses and 2,183 were delivered to outside authorities, all others being held for trial; foreign-born persons arrested, 14,185, or about 14.78 per cent of the total; boys under seventeen years of age, 2,522; women and girls, all ages, 7,763; non-residents, 24,790, or 25.83 per cent of all arrested; minors, 8,402.

Drunkness was the cause of 45,734 arrests, an average of 125 per day, or 47.67 per cent of total. This is 5,061 more than the number of such arrests in 1936 and 12,430 more than the average for the past five years. The prosecutions by the Homicide Division numbered 201; arrests for refusing to support family, 992; violation of City ordinances, 280; violation of traffic regulations, 10,194, or 5,482 more than in 1936; suspected persons, 5,426.

Sick and injured persons assisted, 9,281; insane persons taken in charge, 488; lost children restored to homes, 1,620; persons imprisoned, 6,935; persons fined, 17,556, the fines amounting to \$184,801; stolen property recovered, \$512,559; licenses issued, 21,897 (including 12,521 for dogs and 5,358 for vehicles and drivers), for which \$69,954.75 was received. Of 2,597 applications for license to carry loaded revolvers, 2,433 were granted.

Accidents from all causes in the streets, parks and squares caused death of 123 persons and injury to 6,985, or 7 less killed and 40 more injured than in 1936. Automobile accidents killed 86 and injured 4,413 or 11 less killed and 89 more injured than in 1936. The automobile fatalities were 69.9 per cent of total.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,571; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 29,938; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,519; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

RESTORATION OF SALARIES.

The Portland City Council has granted full restoration of salaries to all city employees, at an estimated cost (for the remaining six months of the year) of \$162,430. This will put the city in the red at the end of the year unless additional revenue is obtained. Increases and adjustments of salaries for individuals will be considered as soon as finances permit.

FOR AIDING BOYS.

In an effort to lend a helping hand to misfit and underprivileged boys and to stem the alarming flow of young men into penal institutions and lives of crime, Big Brother Bureaus are being organized by the police departments of various cities. The International Association of Chiefs of Police urges all police jurisdictions to join the Big Brother League.

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

No. 28

FINDS BOSTON WITHOUT POWER "TO CONDEMN AND ASSURE DEMOLITION OF THE ATLANTIC AVENUE ELEVATED STRUCTURE," WITHOUT SPECIAL LEGISLATION WHICH MUST TAKE INTO ACCOUNT PAYMENT OF COMPENSATION IN CASE OF TAKING WITHOUT CONSENT OF COMPANY AS IN CASE OF ANY TAKING BY EMINENT DOMAIN — CORPORATION COUNSEL HENRY PARKMAN, JR., RENDERS LEGAL OPINION ON MATTER AT REQUEST OF CITY COUNCIL — URGES COMPROMISE OR AGREEMENT BY ALL CONCERNED WITHOUT RECOURSE TO COURT LITIGATION COSTLY TO CITIZENS.

The following is a transcript copy of a ruling by Corporation Counsel Henry Parkman, Jr., on Atlantic avenue "El" taking, in reply to request for such by the City Council:

BOSTON, July 7, 1939.

To the Honorable the City Council.

GENTLEMEN,—I have before me an order of your Honorable Body passed June 5, 1939, reading as follows:

"*Ordered*, That the Corporation Counsel be requested, through his Honor the Mayor, to promptly advise the City Council with reference to the legal rights, if any, of the City of Boston, through the Building Commissioner or otherwise, to condemn and assure demolition of the Atlantic Avenue Elevated structure."

I have carefully considered all the pertinent provisions of law with reference to the Atlantic Avenue Elevated structure, including the powers of the Building Commissioner and other public authorities, the rights of the Boston Elevated Railway Company as conferred by the various statutes relating to it, the powers and duties of the Public Trustees as set forth in the several statutes relating thereto, and also all pertinent facts in connection with discontinuance of passenger service upon the said structure. On the basis of the law and the facts, I have to advise you that in my considered opinion, in the absence of special legislation, the City of Boston is without power "to condemn and assure demolition of the Atlantic Avenue Elevated structure." Furthermore, any special legislation designed to accomplish the removal of the structure without the consent of the company must take into account the payment of compensation as in the case of any taking by eminent domain.

On Further Legislation.

I wish further at this time to reply to another order of your Honorable Body passed June 12, 1939, asking me to urge the Legislature to pass a substitute bill, which accompanied the order, providing in substance for the removal without compensation by the Department of Public Works of the Atlantic Avenue Elevated structure. The order is as follows:

"*Resolved*, That the Corporation Counsel for the City of Boston, through his Honor the Mayor, be ordered to substitute the bill for the removal of Atlantic avenue structures in the City of Boston, accompanying this resolve, for House Bill 116 of 1939, heretofore filed by the Corporation Counsel in the General Court, and now pending before the House Committee on Ways and Means, and relating to purchase of Atlantic avenue structures.

"And that the Corporation Counsel be ordered to press allowance of the substituted bill before Joint Rules Committee of the General Court; and to press enactment of the substituted bill before all committees and the Senate and House of Representatives of the General Court."

For some weeks the matter of legislation to accomplish the removal of the Boston Elevated structure on Atlantic avenue has been under consideration by the House Committee of the Legislature on Ways and Means. At the suggestion of the committee I have, during this period, been endeavoring to ascertain the position of the Directors and counsel of the Boston Elevated Railway Company in an effort to produce a bill which would satisfy the committee, protect the interests of the city, and have some chance of being accepted by the Directors and stockholders of the Boston Elevated Railway Company.

In general terms the contention of the city is, and has been, that the elevated structure in Atlantic avenue has no value except a junk value since the discontinuance of the operation of the trains and I have stated this point of view in public hearing before the Committee on Ways and Means.

Elevated's Contention.

The contention of the Elevated is that the elevated structure in Atlantic avenue is a valuable asset of the company, representing a capital investment of several millions of dollars, that it belongs to the company as a corporation, that the discontinuance of the operation of trains over it by the Public Trustees for the time being is not an abandonment by the company, and that the structure is of very considerable value as an alternative route to the Washington Street Tunnel.

It is not a matter of controversy that the Legislature by appropriate proceedings can seize the structure and authorize or order its removal, but both the Constitution of the United States and the Constitution of Massachusetts guarantee compensation to the owner of property so taken. In the event of a taking the amount of the compensation would be determined by court action and undoubtedly would be charged to the City of Boston as the unit of government most benefited.

(Continued on page 751.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

Editor, Room 40, City Hall.

The City Planning Board until further notice will be located at 18 Oliver street, fourth floor, telephone LAF. 5100.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, July 24, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. TO ROOM 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

ATLANTIC AVENUE STRUCTURE.

(Continued from page 749.)

It would be extremely simple to agree to or advocate such a bill as that proposed by your Honorable Body, authorizing removal of the structure without compensation and thereby satisfy those who apparently have not given full weight to the legal questions involved. It must be remembered, however, that the company would have its day in court, and I think it very probable that the company would welcome such a bill, as it would furnish them the best possible opportunity to obtain the largest amount of payment from the city.

Accordingly, I conceive it to be my duty to obtain the best solution of the matter from the standpoint of the city and the taxpayers, and for that reason it does not seem to me advisable to incur the risk of very large damages being assessed on the city if it is possible by compromise or agreement to secure with the least possible burden upon the taxpayers and with no immediate outlay of money the removal of the elevated structure.

In the last analysis it must be remembered that the matter is to be acted upon by the Committee on Ways and Means and finally settled by the Legislature and that while the course I have so far pursued is according to my best judgment, the opportunity is still open to present objections to the committee and to the Legislature.

Very truly yours,

HENRY PARKMAN, JR.,
Corporation Counsel.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, July 6:

HOSPITAL DEPARTMENT.

The following special nurses have been employed at \$4.50 a day:

Helen Hoffman, Margaret R. McCarthy, 1 day; Matilda Tomasetti, 3 days; Cecelia Hartwell, 4 days; Esther Sharon, 3½ days; Isabel O'Brien, Mary H. Doyle, Lorinda McAuley, Martha Costello, Beatrice Campbell, 1 day.

PARK DEPARTMENT.

Approval has been given for the emergency employment, due to the intense heat, for a period of one day, June 11, of the following temporary lifeguards at L Street Bath House, at \$5 a day:

Harold Camp, Gerard Drenthen, William Morrison, Frank L. Neal, Francis O'Connor, Charles L. Smart.

PUBLIC WORKS DEPARTMENT.

Approval has been given to employ the following as tollmen-guards of the Sumner Tunnel Service, at \$5.50 a day, for about two weeks from June 21, pending selections from the civil service list:

Leo Carlton, Alvyn C. Johnson, Vincent F. Joyce, Paul M. Lowney, Clifford Sennott, Joseph V. Manning, Alfred Marlbor, John J. McKenna.

The Mayor has approved the following appointments:

ASSESSING DEPARTMENT.

William Hurlbaeus, Jr., accounting machine operator, at \$4 a day.

FIRE DEPARTMENT.

Leo J. Donovan, clerk-stenographer, at \$900 a year.

HOSPITAL DEPARTMENT.

Ruth J. Carroll, part-time stenographer, at \$12 a week.

Arthur Howe, center orderly, at \$11.50 a week.

Joseph L. Greeney, center orderly, at \$11.50 a week.

Pauline L. Wallace, laboratory technician, at \$16 a week.

Albert Craven, center orderly, at \$11.50 a week.

Mary V. Nicholas, part-time stenographer, at \$12 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

Dr. William F. Donahue, visiting dental surgeon, at \$1,800 a year.

LAW DEPARTMENT.

Ralph M. Simonds, chief clerk, at \$35 a week.

PARK DEPARTMENT.

William Nyhan, temporary physical instructor, at \$5 a day.

PENAL INSTITUTIONS DEPARTMENT.

House of Correction.

Cash Discount, Ten Days.—J. G. Bowden & Son, Incorporated, 2 per cent; Koplow Trimming Company, Incorporated, 2 per cent.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts as indicated for services, etc. Communications from the heads of the departments interested were as follows:

PARK DEPARTMENT.

BOSTON, May 19, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—Your authority is respectfully asked to award to the American Coin Lock Company, Pawtucket, R. I., an extension, for a term of three years from June 1, 1939, of the lease for the coin lock privilege in the three convenience stations located on Boston Common.

The American Coin Lock Company is to provide the services of three attendants for the care of said convenience stations, is to furnish such cleaning material as may be necessary, and is to maintain these stations in such a manner that it will not be necessary for this department to enter into any expense in connection

with the maintenance of them and, in addition, is to pay the City of Boston the sum of \$1.00 per year, which represents a reduction of \$49 per year from the old lease.

The Board believes the reduction in rental is proper after a study of a report submitted by the American Coin Lock Company, stating that the income from this source had fallen off to such an extent in recent years that they could not operate the stations unless they received the reduction they ask and would not, therefore, renew the lease. This concern also stated that in other municipalities where they operate stations of this character the cities pay them for the service.

The Board believes that it would be difficult to get better service than that supplied by the American Coin Lock Company on Boston Common for the past fifteen years. If this concern did not operate these stations, it would be necessary for the department to supply personnel to maintain and police them and this would be an additional expense to the city.

Accordingly, the Board of Park Commissioners requests that for the best interests of the city the American Coin Lock Company be given an extension of this lease for a term of three years.

Respectfully yours,

WILLIAM P. LONG,
Chairman.

SUPPLY DEPARTMENT.

BOSTON, June 5, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—Under date of May 22, 1939, your Honor approved the request for award of contracts for furnishing uniforms to the Fire Department, bids upon which were publicly opened and read at this office under date of April 11, 1939. Under authority of this approval, the items of seventy officers' sack coats at \$12 each and forty officers' uniform overcoats at \$20.75 each, were awarded to the Chauncy Clothing Company. The Chauncy Clothing Company has requested this department to relieve them of the responsibility of furnishing these items.

I have contacted Donohue & Riordan, the second lowest bidder, on the item calling for officers' uniform sack coats and they have agreed to furnish these seventy officers' sack coats at the same price as bid by the lowest bidder, the Chauncy Clothing Company, namely, \$12 each.

I have also contacted the Davis Clothing Company, the second lowest bidder on the item calling for forty officers' uniform overcoats, and they have agreed to accept this item at the same price that was quoted by the lowest bidder, which is \$20.75 each.

In view of the fact that the city is suffering no financial loss by these transactions, I respectfully request that permission be granted me to amend the original request so that the item of seventy officers' sack coats at \$12 each be awarded to Donohue & Riordan and the item of forty officers' uniform overcoats be awarded to the Davis Clothing Company at a price of \$20.75 each.

Respectfully yours,

JOHN A. BREEN,
Superintendent of Supplies.

POLICE DEPARTMENT ORDERS.

General Order No. 361.

The resignation of Patrolman William R. Winter of Division 18 having been presented while charges are pending against him, it is hereby accepted, to take effect as of July 4, 1939, at 7.45 o'clock a. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 362.

Patrolman Michael F. Harrington of Division 17 having arrived at the age of sixty-five and ten-twelfths (65 10-12) years, and having performed faithful service in the Police Department for thirty-six and one-twelfth (36 1-12) years, it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman Michael F. Harrington be retired from active service and that his name be placed upon the Department Pension Roll with pay at the rate of ten hundred and fifty (1,050) dollars per annum (payable monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired, to take effect as of Friday, July 7, 1939, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 363.

A trial board consisting of Captains Mulrey, Dunn and Justin McCarthy, having heard by reference a complaint against Patrolman David Enbinder of Division 6, charging him with violation of law and conduct unbecoming an officer, has reported to the commissioner a finding of "Not Guilty." In accordance with which it is hereby ordered that the complaint against the said Patrolman David Enbinder be dismissed.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 364.

A trial board, consisting of Captains Mulrey, Dunn and Justin McCarthy, having heard by reference a complaint made by Capt. Joseph McKinnon, Division 6, against George H. Haskell, patrolman, Division 6, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman George H. Haskell be suspended from duty for a period of thirty days effective as of 7.45 a. m., June 22, 1939, and at the expiration of said suspension he perform 315 hours' punishment duty.

Civil Service Rule 23, Section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the Commissioner upon good cause shown,

an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the Commissioner shall not allow reinstatement of a person discharged for cause."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 365.

A trial board, consisting of Captains Mulrey, Dunn and Justin McCarthy, having heard by reference a complaint against Patrolman Raymond J. Lane of Division 3, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of not guilty. In accordance with which it is hereby ordered that the complaint against the said Patrolman Raymond J. Lane be dismissed.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Charles V. Gallagher, 2 Metropolitan avenue, Roslindale, in the sum of \$60, for overtime in the East Boston High School for sixty hours in 1937.

Rosella Larkin, 111 Walk Hill street, Jamaica Plain, in the sum of \$2.25, for personal injuries received on November 14, 1938, caused by a tree limb on the sidewalk on Walk Hill street.

John S. Ingham, 39 Moss Hill road, Jamaica Plain, in the sum of \$28, as compensation for damages to automobile on November 19, 1938, while driving on Commercial street he drove over a man-hole and the cover came off.

Aerillo Aseolillo, 162 Ballou avenue, Dorchester, in the sum of \$35, as compensation for damage to automobile on December 27, 1938, caused by driving into an excavation in the street on Audubon road, at Brookline avenue.

John S. Carroll, 11 Wendell street, Dorchester, in the sum of \$15, for execution issued against him on account of his acts as an employee of the Sanitary Division of the Public Works Department, while operating car of that department on January 11, 1937, he struck and caused damage to automobile of Jadwiga Karolozan.

Edward C. Merchant, 216 Brooks street, East Boston, in the sum of \$10, for execution issued against him on account of his acts as an employee of the Street Cleaning Division of the Public Works Department, while as the operator of a vehicle of that department on February 9, 1939, he collided with the automobile of Abraham A. Backman of the Central Building Wrecking Company, Chelsea, causing damage.

Arthur E. Mayo, 17 Wentworth street, Dorchester, to be reimbursed in the sum of \$14, as the result of an accident on March 10, 1939, on the Riverway, near South Huntington avenue, while in the performance of his duty as a chauffeur of a motor vehicle, the property of the Sanitary Division of the Public Works Department, he collided with the auto-

mobile of Harold Purick, 119 Sutherland road, Brighton, causing damage.

David P. Sullivan, 60 Atlantic street, West Roxbury, to be reimbursed in the sum of \$40, as the result of an accident which occurred on January 30, 1939, while he was the operator of a truck of the Fire Department responding to an alarm, the truck skidded and the long ladders extending out beyond the rear of the truck struck the window of a store located at 1977 Centre street, Roslindale, owned by one John M. Flynn, damaging plate glass window.

David P. Sullivan, 50 Atlantic street, West Roxbury, to be reimbursed in the sum of \$28, on account of his acts as the operator of a truck of the Fire Department on January 30, 1939, while responding to an alarm the truck skidded and the long ladders extending out beyond the rear of the truck struck the window of a store located at 1977 Centre street, West Roxbury, breaking the window and also breaking a show case and damaging merchandise owned by Lillian M. Haynes.

Beatrice C. Gill, 58 Rockview street, Jamaica Plain, in the sum of \$10, as compensation for damage to property at the rear of the premises at 50 Rockview street, caused by the falling of defective trees.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Hesston terrace, Dorchester district, as a highway, from Stoughton street southwesterly, bounded and described as follows:

A highway named Hesston terrace is hereby laid out from Stoughton street southwesterly, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northeasterly by Pleasant street, thirty and 3-100 feet; northwesterly by the line of Hesston terrace, as hereby established, by three measurements, one hundred seventy-eight and 54-100 feet, sixteen and 48-100 feet on a curve of one hundred twenty-nine and 34-100 feet and five and 45-100 feet; westerly and southwesterly by the line of Hesston terrace, as hereby established, fifty-seven and 92-100 feet on a curve of eighteen and 44-100 feet radius and southeasterly by a line of Hesston terrace, as hereby established, by three measurements, ten and 77-100 feet on a curve of twenty feet radius, sixteen and 44-100 feet on a curve of forty feet radius and one hundred seventy-nine and 86-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Hesston terrace will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount herein-after respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Hesston Terrace, Dorchester, Assessment Plan, May 9, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.
1. Alice R. Hasse.....	\$59 08
2. Catherine May, Joseph J. McKeon,	75 66
3. Elizabeth V. McKeon, Anna R. Quinn.....	76 11
4. Naoun Peters.....	75 45
5. Michael J. Donovan, Eileen K. Donovan.....	89 04
6. Nora T. Kelleher.....	95 94
7. Edward Everett School, City of Boston.....	286 30

Total..... \$757 58

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Hesston terrace, Dorchester district, as a highway, from Stoughton street southwesterly, under the order of the Board of June 30, 1939, and awards no damages therefor.

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

The M. McDonough Corporation has been granted an extension of the time of completion of the contract for constructing the section of highway in the City of Boston known as Chelsea street, in the East Boston district, from June 10, 1939, to July 29, 1939. This work is being done under the provisions of section 34, chapter 90, of the General Laws, etc. The State Commission voted this extension June 14, 1939. The contractors have requested this extension of time owing to the fact, as they state in a letter to the Massachusetts Department of Public Works, that circumstances beyond their control made it impossible to complete the work within the designated time.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Department to raze the following structures as fire menaces or nuisances:

The building at 94 Burrell street, Ward 8.

The building at 185 Highland street, Ward 11.

The building at 157 and 159 Highland street, Ward 11, owned by Annie R. Mahoney, address unknown, to enter the premises and remove the building.

The building at 31 Auburn street, Ward 2, owned by Gertrude M. Denehy *et al.*, address unknown, to enter the premises and remove the building.

The building at 98 Old Harbor street, Ward 7.

LAND-TAKING IN ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Harleston street, Roxbury district, as a highway, from Parker Hill avenue to Calumet street, bounded and described as follows:

A highway named Harleston street is hereby laid out from Parker Hill avenue to Calumet street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Calumet street, forty feet; easterly by the line of Harleston street as hereby established, two hundred thirty-six and 10-100 feet; southerly by Parker Hill avenue, forty and 11-100 feet, and westerly by the line of Harleston street as hereby established, two hundred thirty-three and 12-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Harleston street will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount hereinafter respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Harleston Street, Roxbury, Assessment Plan, January 14, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

7. Margaret A. Shea.....	72 00
8. Margaret A. Shea.....	72 00
9. Margaret A. Shea.....	49 00

Total..... \$575 26

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Harleston street, Roxbury district, as a highway, from Parker Hill avenue to Calumet street, under the order of the Board of July 6, 1939, and awards no damages therefor.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INDUSTRIAL RELATIONS ADJUSTER, DE-
PARTMENT OF LABOR AND INDUSTRIES,
AUGUST 4, 1939.

Last date for filing applications, Fri-
day, July 21, 1939, at 5 p. m.

This examination is open to males
only.

The minimum salary is \$2,640 a year;
the maximum salary is \$3,180 a year.

Duties: To investigate conditions
with regard to strikes, lockouts and other
labor difficulties. To conciliate disputes
between employers and employees. To
obtain necessary facts and information
for the Board in the arbitration of any
industrial dispute between employer and
employee. To act as expert for the
Board in matters before it in arbitration.

Applicants should have a knowledge of
the location of the various types of in-
dustries in the various cities and towns
of the Commonwealth. Applicants
should have an intimate knowledge of
the provisions of chapter 150, sections
1 to 10, inclusive, and chapter 149, sec-
tion 22.

Entrance Requirement: Applicants
must have had at least four years of
progressive, responsible, successful, full-
time paid employment either:

(a) In industry or business, at least
two years of which must have been as
an employer, administrative official, per-
sonnel officer, or as a recognized repre-
sentative, actively participating in the
improvement of working conditions
through the development of a compre-
hensive personnel program or through
the development of definite employer-
employee relations policies; or

(b) In a State or Federal agency ad-
ministering labor laws, or in other
agencies or organizations concerned with
the promotion of improved labor stand-
ards; or

(c) In a State or Federal agency en-
gaged in the investigation of employee-
employer relationships, or engaged in
economic investigations relating to wage-
earners; or

(d) Any time-equivalent combina-
tion of (a), (b) and (c).

Substitution of Education: Applicants
may substitute one year of study suc-
cessfully completed in a college or uni-
versity of recognized standing, a school
of accountancy or a school of business
administration for six months of the
experience prescribed up to a maxi-
mum of two years of experience.

Applicants may substitute year for
year post-graduate study in the field of
economics or political science, suc-
cessfully completed in a college or university
of recognized standing up to a maxi-
mum of one year.

Subjects and Weights: Training and
experience, 2; practical questions, 3;
total, 5.

Passing Requirements: Applicants
must obtain at least 70 per cent in each
subject of the examination in order to
become eligible.

Physical fitness to be determined by
physical examination.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

CONTRACT FOR RAZING HOUSING SITE BUILDINGS AWARDED BY AUTHORITY.

Chairman John A. Breen of the Boston Housing Authority has announced that the contract for the work of demolishing approximately 450 buildings within the proposed Charlestown housing site, and approximately 325 buildings in the Mission Hill area has been awarded to the Cuyahoga Wrecking Company of Cleveland, Ohio, low bidder in the competition for the work.

The demolition of the structures will be started some time next week, Chairman Breen said, and with the exception of a small number of supervisors all local men will be employed on the work. The prevailing rate of wages for all demolition work done in connection with any public works program will be paid under the terms of the contract. Approximately 350 local men will be put to work.

The Cuyahoga Wrecking Company has been in business for many years and has made a specialty of this type of work. It is presently engaged in similar operations in Yonkers, N. Y., Baltimore, and has had several contracts for razing other sub-standard properties in connection with the housing programs.

Chairman Breen disclosed at the same time that the last of the families are rapidly leaving the four areas where the new projects are to be erected. The structures already vacant will be razed first, and the others will be demolished as rapidly as vacated.

CIVIL SERVICE EXAMINATIONS.

PLUMBING INSPECTOR, BOSTON BUILDING DEPARTMENT, AUGUST 2, 1939.

Last date for filing applications, Wednesday, July 19, 1939, at 5 p. m.

Salary: \$2,000 a year.

Duties: To inspect all phases of the various branches of plumbing while same

are in the process of construction, repair or alteration, in compliance with the legal requirements of statute law.

Under chapter 142, section 11, of the General Laws, inspectors of plumbing shall be practical plumbers, and shall also have had practical experience, either as master plumbers or as journeymen, continuously during the five years next preceding the date of appointment. According to section 12, chapter 142, of the General Laws, no person can be employed in this position who, at the time of said employment, engages in or works at the business of plumbing. Applicants must have either a journeyman's or master plumber's license.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

PART-TIME OCCUPATIONAL THERAPIST, TUBERCULOSIS HOSPITAL, BOARD OF HEALTH, CAMBRIDGE, AUGUST 15, 1939.

Last date for filing applications, Tuesday, August 1, 1939, at 5 p. m.

This examination is open to residents of the State.

Salary: \$5.00 a day, two days a week.

Duties: To visit patients for whom occupational therapy has been prescribed. To suggest and supervise projects, educational and vocational activities, to prepare and deliver the materials necessary to carry them out, and to assist with or conduct parties and other recreational activities. To requisition necessary supplies for the department and keep all materials used in order. To keep an accurate account of assets and expenditures, prepare monthly reports of work done in the department, and keep notes on the work and progress of each patient.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

INSPECTOR OF MEATS AND PROVISIONS, INSPECTOR OF SLAUGHTERING, AND INSPECTOR OF MILK, BOARD OF HEALTH, NORTH ADAMS, AUGUST 15, 1939.

Last date for filing applications, Tuesday, August 1, 1939, at 5 p. m.

This examination is open to residents of the State.

The combined salaries of these positions is \$1,500 a year.

Duties: To analyze milk, cream and milk products for total solids and butter fats according to the Babcock method. Applicants must be able to detect any disease which might render meat unfit for consumption, and should know how to dispose of such condemned meat. They should have a thorough knowledge of the laws pertaining to cold storage plants, bakeries, stores, restaurants and all places where food stuffs are kept for sale, as well as a knowledge of the laws regulating licenses and permits, and the production, sale and disposal of all milk, cream and milk products.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

ASSISTANT IN HEALTH EDUCATION, BOSTON HEALTH DEPARTMENT, AUGUST 23, 1939.

Last date for filing applications, Wednesday, August 9, 1939, at 5 p. m. This examination is open to females only.

Salary: \$1,200 a year.

Duties: To conduct health talks. To index health literature. To distribute health literature and health posters. To catalog health films in health literature. To set up and distribute exhibits. To emphasize social aspects of public health in contacts with groups in clubs, settlement houses, etc.

Entrance Requirements: Applicants who have not reached their thirty-fifth birthday or have passed their fifty-fifth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Applicants must have one year's experience in public health education work.

Subjects and Weights: Training and experience, 4; practical questions, 4; personality and fitness as determined by an oral interview, 2; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

Salary: \$1,500 a year.

Duties: To have complete charge of the laboratory, and to supervise all types of laboratory work, including bacteriological procedures, tissue sectioning and interpretation, to conduct autopsies, and to attend all staff meetings. To keep accurate records and reports.

Entrance Requirement: Applicants must be registered under the State Division of Registration in Medicine.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

CITY ELECTION, NOVEMBER 2, 1937.

Registered voters, 183,313 men and 160,710 women, a total of 344,023, of whom 275,138 (or 79.97 per cent) cast their ballots.

Total votes for Mayor for four-year term, 272,826, of which Maurice J. Tobin (elected) had 105,212; James M. Curley, 80,376; Malcolm E. Nichols, 55,247; William J. Foley, 28,184; scattering, 3,807; blanks, 2,312. Tobin carried 15 wards and Curley carried 7 wards. The total vote in Tobin's 15 wards was: Tobin, 82,986 and Curley, 49,185; the total vote in Curley's 7 wards was: Curley, 31,191 and Tobin, 22,226. Tobin's largest vote was in Ward 20; Curley's in Ward 3; Nichols' in Ward 20 and Foley's in Ward 6. Wards 4, 5, 20 and 21 gave Nichols 3,757 more votes than for Curley and Ward 6 gave Foley 494 more votes than for Curley.

The total vote for Mayor was 79.30 per cent of registration.

There were nine names on the ballot for School Committee for four years (full term). Frederick R. Sullivan with 103,971 votes and Joseph Lee with 71,893 votes were elected. There were five names on the ballot for School Committee to fill an unexpired two-year term. Joseph C. White with 86,223 votes was elected.

On March 30, 1937, there was a special election in Ward 9 to fill vacancy caused by the death of Councilor Richard D. Gleason. Mrs. Mildred M. Harris was elected. There were ten candidates.

There were 102 candidates for City Council at the election on November 2, 1937. Nineteen of the 22 City Councilors were up for re-election and 8 of them were defeated. The following were elected for two-year terms:

THE CITY COUNCIL FOR 1938 AND 1939.

Ward.	Name.	Votes Received.
1.....	F. W. Irwin.....	8,453
2.....	W. J. Galvin.....	3,946
3.....	J. I. Fitzgerald.....	5,221
4.....	P. D. Chase.....	4,385
5.....	H. L. Shattuck.....	6,900
6.....	G. A. Murray.....	3,896
7.....	J. E. Kerrigan.....	6,823
8.....	J. F. Dowd.....	6,975
9.....	M. M. Harris.....	3,137
10.....	W. A. Carey.....	5,142
11.....	E. L. Englert.....	4,327
12.....	C. I. Taylor.....	5,092
13.....	E. A. Hutchinson, Jr.....	3,577
14.....	S. Rosenberg.....	7,230
15.....	J. B. Kelly.....	8,480
16.....	P. A. Fish.....	5,312
17.....	R. G. Wilson, Jr.....	8,208
18.....	C. A. Norton.....	6,402
19.....	P. A. Murray.....	6,450
20.....	T. F. Lyons.....	6,516
21.....	J. E. Agnew.....	5,600
22.....	M. H. Sullivan.....	4,453

The largest number of candidates in a ward was nine in Wards 3 and 9; Ward 14 had 7; Wards 4, 12, 20 and 22 had 6; Wards 1, 13, 16, 18 and 19 had 5; Ward 15 had only 1 candidate.

By the police listing of residents twenty years of age and over, there were 255,482 men and 276,163 women, a total of 531,645, on the first of January, 1937.

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO BOILER MASON CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for repairing boiler brickwork in the various schools, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Monday, July 24, 1939, at said office with a certified check for \$250, payable to the city if the proposal is not carried out will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Superintendent of Construction reserves the right to reject any or all proposals.

JAMES J. MAHAR,
(July 15.) *Superintendent of Construction.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FLOUR FOR CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing flour for city departments according to specifications to be obtained from the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* Bidder must use the form of proposal to be obtained at this office, and the successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Tuesday, July 25, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left with the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(July 15.) *Superintendent of Supplies.*

CITY OF BOSTON.

PRINTING DEPARTMENT.

PROPOSALS FOR FURNISHING BAKELITE CANVAS METER READER BINDERS.

The Printing Department of the City of Boston invites proposals for furnishing to the Water Service, Bakelite canvas meter reader binders. Blank proposals to be obtained at the Printing Department, 174 North street. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal.* The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The bidder must leave at the above office, with his proposal, a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening the bids. The bids will be publicly opened and read Tuesday, July 25, 1939, at the office of the Printing Department, 174 North street, at 12 o'clock noon. The Acting Superintendent reserves the right to accept or reject any or all bids or any part of the bid and to award the contract as he deems for the best interest of the city.

JOHN J. TWOMEY,
(July 15.) *Acting Superintendent of Printing.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR HAY, GRAIN AND STRAW.

The Supply Department of the City of Boston invites proposals for furnishing for city departments, hay, grain and straw as per specifications to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Monday, July 24, 1939, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest to about five thousand four hundred eighty-five (5,485) square feet of land, with buildings thereon, situated on the northeasterly side of Old Colony avenue, South Boston, and more fully described in a tax deed recorded with Suffolk Deeds, Certificate No. 20449, Document No. 107526, on Monday, July 17, 1939, at 11 a. m., on the premises, at a minimum price of six hundred (600) dollars.

Deposit required at the time and place of sale of fifty (50) dollars, in cash or certified check, balance to be paid in thirty (30) days. Further particulars from the Custodian of Foreclosed Real Estate, Room 1008, City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,
(July 8-15.) *Custodian of Foreclosed Real Estate.*

CITY OF BOSTON.

SEALED PROPOSALS FOR \$3,950,000 CITY OF BOSTON LOANS.

GROUP "A." \$3,630,000 COUPON SERIAL BONDS.
GROUP "B." \$320,000 COUPON SERIAL BONDS.

BONDS EXEMPT FROM TAXATION IN MASSACHUSETTS AND FROM THE FEDERAL INCOME TAX.

TREASURY DEPARTMENT.
OFFICE OF THE CITY TREASURER.

CITY HALL, BOSTON, MASS., July 12, 1939.

In pursuance of the authority given by orders of the City Council of Boston and Acts of Massachusetts, the undersigned will receive proposals until 12 o'clock m., Eastern Daylight Saving Time, Wednesday, July 19, 1939, for the purchase of all but no part of the following described coupon serial bonds.

Group "A." Coupon Serial Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of 1 per cent; no bid to be less than par and accrued interest, and a different rate of interest may be bid for all but no part of each purpose loan to be issued.

CITY OF BOSTON, MUNICIPAL RELIEF LOAN, ACT OF 1939, \$3,450,000.

Order of the City Council of Boston of July 11, 1939. Payable \$345,000 annually, August 1, 1940, to August 1, 1949, inclusive.

HIGHWAYS, MAKING OF, \$100,000.

Order of the City Council of Boston of March 11, 1933. Payable \$5,000 annually, August 1, 1940, to August 1, 1959, inclusive.

SEWERAGE LOAN, \$80,000.

Order of the City Council of Boston of April 12, 1938. Payable \$4,000 annually, August 1, 1940, to August 1, 1959, inclusive.

Group "B." Coupon Serial Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of 1 per cent; no bid to be more than $\frac{3}{4}$ per cent or less than par and accrued interest, and a different rate of interest may be bid for all but no part of each purpose loan to be issued.

TRADE SCHOOL, ADDITIONS AND ALTERATIONS, \$40,000.

Order of the City Council of Boston of October 29, 1935. Payable \$2,000 annually, August 1, 1940, to August 1, 1959, inclusive.

WILLIAM HOWARD TAFT SCHOOL, ADDITIONS, \$110,000.

Order of the City Council of Boston of June 1, 1937. Payable \$6,000 annually, August 1, 1940, to August 1, 1949, inclusive, and \$5,000 annually, August 1, 1950, to August 1, 1959, inclusive.

HIGH SCHOOL OF PRACTICAL ARTS, ALTERATIONS AND ADDITIONS, \$50,000.

Order of the City Council of Boston of June 1, 1937. Payable \$3,000 annually, August 1, 1940, to August 1, 1949, inclusive, and \$2,000 annually, August 1, 1950, to August 1, 1959, inclusive.

BRIDGES, RECONSTRUCTION AND REPAIR OF, \$120,000.

Order of the City Council of Boston of September 29, 1938. Payable \$6,000 annually, August 1, 1940, to August 1, 1959, inclusive.

All loans will be issued in Coupon Bond Certificates of \$1,000 each, and will be paid on the dates specified for each loan, all with interest payable semi-annually on the first days of February and August in each year, at the office of the City Treasurer, Boston.

In comparing bids, preference will be given to the bidder whose bid provides for the lowest net interest cost to the City (total interest for the duration of the loan from August 1, 1939, less the amount of premium bid).

The bonds will be dated August 1, 1939, and will be ready for delivery and payment on or about August 24, 1939. Interest will begin August 1, 1939, and will cease on the dates on which the bonds are payable.

These bonds are exempt from taxation in Massachusetts and from the Federal Income Tax.

Proposals must be sealed and addressed to James J. McCarthy, City Treasurer, Boston, Mass., endorsed "Proposals for Loans." Each proposal must be accompanied by a certified check on a Boston National Bank or Trust Company, or by cash, equal to one per cent of the amount of loans bid for, the check made payable to the City of Boston, James J. McCarthy, City Treasurer. The check or cash of any bidder to whom an award is made will be retained as part payment for the loans awarded. All other checks or cash will be returned.

Accrued interest from August 1, 1939, to date of delivery is to be paid by the purchaser.

All proposals will be opened in the office of the City Treasurer, Wednesday, July 19, 1939, at 12 o'clock m., Eastern Daylight Saving Time. The City Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the City.

JAMES J. MCCARTHY,
City Treasurer.

CITY OF BOSTON.

SUFFOLK COUNTY COURT HOUSE COMMISSION.

NOTICE TO CONTRACTORS.

Sealed proposals for metal furniture and equipment, wood furniture and equipment, electric lighting fixtures and wiring in connection therewith for the Suffolk County Court House, will be received at the office of the Suffolk County Court House Commission, Room 211, New Court House Building, until 2 o'clock p. m., Daylight Saving Time, on August 1, 1939, and at that time will be publicly opened and read aloud. Plans and specifications may be obtained from the architect, Desmond & Lord, One Beacon street, Boston, for which there will be a charge of \$5.00. Bids must be accompanied by a certified check equal to five per cent (5%) of the bid and made payable to and to be the property of the Suffolk County Court House Commission if this proposal is not carried out. Proposals must be placed in an envelope, properly sealed, and marked, "Proposal for Metal Furniture and Equipment, Wood Furniture and Equipment, Electric Lighting Fixtures and Wiring in Connection Therewith for the Suffolk County Court House." Bids must be in duplicate, one with check to be left as stated above, the other, without check, to be deposited with the City Auditor, City Hall, Boston, previous to the time named for opening of bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of Desmond & Lord, Architects, One Beacon street, Boston, Mass. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of the said contract. A surety bond in an amount equal to one hundred (100) per cent of the contract price will be required of the successful bidder. The right is reserved by the Commission to reject any or all bids and to award the contract as they deem for the best interests of the owners.

SUFFOLK COUNTY COURT HOUSE COMMISSION.
(Appointed under chapter 474, Acts of 1935.)
(July 15-22.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about three thousand five hundred eighty-four (3,584) square feet of land, with buildings thereon, on the northerly side of Adamson street, Brighton, numbered seventy-four (74) in the numbering of said Adamson street, and more fully described in tax deed recorded with Suffolk Deeds, Book 5481, page 453, on Tuesday, July 25, 1939, at 11 a. m., on the premises, at a minimum price of five hundred (500) dollars.

A deposit is required at the time and place of sale of fifty (50) dollars, in cash or certified check, balance to be paid in thirty (30) days. Further particulars from the Custodian of Foreclosed Real Estate, Room 1008, City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(July 15.)

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING SHOP SUPPLIES AND EQUIPMENT FOR THE BOSTON PUBLIC SCHOOLS (CONSISTING OF GENERAL HARDWARE, ELECTRICAL SUPPLIES, STEEL AND ANGLE IRON, SHEET METAL SUPPLIES, AUTOMOBILE SUPPLIES, PAINTING SUPPLIES, PAPER, ROPE AND TWINE, WELDING SUPPLIES, LEAD AND SWEETING PRODUCTS, MASONRY SUPPLIES, PLUMBING EQUIPMENT AND SUPPLIES, PIPE AND PIPE FITTINGS AND RADIO SUPPLIES.

The School Committee of the City of Boston invites bids for furnishing and delivering shop supplies and equipment as per schedule. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street, Boston. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Shop Supplies and Equipment." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for twenty-five dollars (\$25), payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, July 31, 1939. Copies filed with the Business Manager will be publicly opened at 12 o'clock m. of the day stated. The other copy also signed by the bidder must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids, and to accept such bid or part of bid as may be deemed best for the interests of the city. Successful bidders will be required to furnish a bond for not less than 50 per cent of the amount of the contract. If the amount of the award falls below \$500 said bond will not be required.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(July 15.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR ICE FOR THE FOUNTAINS.

The Supply Department of the City of Boston invites proposals for furnishing ice to the drinking fountains, Public Works Department, Water Division, as required. A copy of the proposal may be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bidder must leave his proposal at the above mentioned office with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read at this office, Room 1001, City Hall Annex, on Tuesday, July 18, 1939, at 12 m. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.
(July 15.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about five hundred seventy-one (571) square feet of land, with buildings thereon, on the northwesterly side of Porter street, Boston, numbered eighteen (18) in the numbering of said Porter street, and more fully described in tax deed recorded with Suffolk Deeds, Book 5363, page 144, on Tuesday, July 25, 1939, at 10.15 a. m., on the premises, at a minimum price of five hundred thirty-three (533) dollars.

A deposit is required at the time and place of sale of fifty (50) dollars, in cash or certified check, balance to be paid in thirty (30) days. Further particulars from the Custodian of Foreclosed Real Estate, Room 1008, City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(July 15.)

Placed on file.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of June 2, 1939, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated, to take effect June 4, 1939:

John J. Brennan, from the Andrew Jackson to the custodianship of the Harvard School-house.

Martin B. Hayes, from the Martin to the custodianship of the Robert Treat Paine School-house.

Walter J. Mayer, from the Wyman to the custodianship of the Abby W. May and Old Thornton Street School-houses.

Francis J. Sheehan, from the Lawrence to the custodianship of the Benedict Fenwick School-house.

William P. Toland, from the Julia Ward Howe to the custodianship of the Jefferson School-house.

Placed on file and the transfers approved, to take effect on the date stated.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of June 2, 1939, recommending that the leave of absence on one-half net compensation granted Robert W. Green, custodian, Martha A. Baker School-house, because of personal illness, be extended for the period June 1 to 30, 1939, inclusive.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of June 2, 1939, recommending that William B. Nugent, custodian, Louis Prang School-house, be granted leave of absence on one-half net compensation for the period June 4 to 30, 1939, because of personal illness.

Placed on file and leave of absence on one-half net compensation granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of June 2, 1939, recommending that all custodians whose services can be dispensed with be granted leave of absence without loss of pay on Monday, June 26, 1939, to attend the Annual Field Day of the Custodians' Association.

Placed on file and leaves of absence granted under the conditions stated.

UNFINISHED BUSINESS

The ten orders laid over at the meeting of May 8, 1939 (see pp. 72-84) making changes in and additions to the authorized list of text books, were taken up.

The Superintendent offered the following:

ORDERED, That Order No. 10 is hereby amended by striking out the following items:—

Gates, A. I., Baker, F. T., and Peardon. C. C. Fun with Nick and Dick. cpt. 1936. Nick and Dick. cpt. 1936. The Story Book of Nick and Dick. cpt. 1937. The Macmillan Company

Mathews, J. M. Essentials of American Government. Ginn and Company. cpt. 1927.

Muzzey, D. S. An American History. Ginn and Company. cpt. 1933 Readings in American History. Ginn and Company.

The original orders, with the suggested amendment, were again laid over.

BUDGET AND ANNUAL APPROPRIATION FOR MAINTENANCE EXCLUSIVE OF "ALTERATIONS, REPAIRS, FURNITURE AND FIXTURES."

The Business Manager submitted, in compliance with the rules, the budget and proposed annual appropriation order, as follows:

To the School Committee of the City of Boston:

In compliance with the Rules of the School Committee, I submit herewith budget and annual appropriation order for the fiscal year 1939 to provide for the maintenance of the Boston Public Schools covering the costs of administration, instruction, supervision of instruction, promotion of health, custodians' services, fuel and light, supplies, portable educational equipment (commercial machines, typewriters, duplicating machines, hand tools, etc.) and incidentals; and the cost of sundry other services and expenses, exclusive of "Alterations, repairs, furniture and fixtures."

Chapter 206 of the Special Acts of 1919 as amended allowed the School Committee a tax limit appropriating power, based on the average valuation for three years less abatements, controlling nine specific items. Chapter 206 also gave the Committee power to appropriate unexpended balances and estimated income (refer to budget for the year 1935 and budgets for years prior thereto).

Chapter 284 of the Acts of 1935 eliminated tax limit appropriations for the year 1935 only and allowed the School Committee to appropriate for that year \$10.07 on each one thousand dollars of the Assessors' valuation of taxable property for the year 1935 and, in addition thereto, the unexpended balances and the estimated income.

Chapter 224 of the Acts of 1936 eliminated tax limit appropriating power based on average valuation for three years for all items except the following:

(1) For the construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommodations (50 cents for \$1000 on average valuation for three years, less abatements).

(2) For the alteration and repair of school buildings and for furniture, fixtures and means of escape in case of fire, and for fire protection for existing buildings, and for improving existing school yards (85 cents per \$1000 on average valuation for three years, less abatements).

For all other school purposes, except as indicated above, chapter 224 of the Acts of 1936 provides for the following appropriating power:

(1) The sum of \$15,160,000.

(2) The unexpended appropriation balances at the end of 1938.

(3) Estimated income for the year 1939 plus the excess of income for the previous year, if any.

The existing appropriating power is covered in sections 1, 2 and 3 of chapter 224 of the Acts of 1936 set forth below. The final paragraph in section 2 of said chapter 224 reads as follows: "Nothing in this section shall prevent the mayor, on request of the School Committee, from recommending and the city council from passing additional appropriations for school purposes." Under the provisions of prior legislation going back over a long period of years, the School Committee was empowered to appeal directly to the Legislature for increased appropriating power.

CHAPTER 224 OF THE ACTS OF 1936

AN ACT RELATIVE TO APPROPRIATIONS FOR SCHOOL PURPOSES IN THE CITY OF BOSTON AND TO CERTAIN STATUTORY TAX AND SCHOOL APPROPRIATION LIMITS FOR SAID CITY, AND MAKING APPLICABLE TO SAID CITY THE GENERAL PROVISIONS OF LAW RELATIVE TO MUNICIPAL INDEBTEDNESS.

Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:

SECTION 1. Section fifty-three of Part 1 of chapter four hundred and ninety of the acts of nineteen hundred and nine, as amended, and as affected by section two of chapter two hundred and sixty-seven of the Special Acts of nineteen hundred and sixteen, and all other acts and parts of acts imposing any tax limit in said city, and also so much of chapter two hundred and six of the Special Acts of nineteen hundred and nineteen, as amended, and so much of any other act or acts as imposes any limitation upon the amount of appropriations that

may be made by the school committee of said city, are hereby repealed.

SECTION 2. The school committee of the city of Boston may annually, beginning with the financial year nineteen hundred and thirty-six, by vote of four-fifths of all its members, taken by yeas and nays, make appropriations to be raised by taxation as follows: a. For the construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommodations, a sum which shall not exceed fifty cents on each one thousand dollars of the average of the assessors' valuations for the three preceding years, such valuations being reduced by abatements granted up to December thirty-first of the preceding year. b. For the alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards, a sum which shall not exceed eighty-five cents on each one thousand dollars of the average of the assessors' valuations for the three preceding years, such valuations being reduced by abatements granted up to December thirty-first of the preceding year. c. For all other school purposes, the sum of fifteen million one hundred and sixty thousand dollars. Unexpended appropriation balances may be reapportioned for their respective purposes; and, in addition to the said sum of fifteen million one hundred and sixty thousand dollars, an amount equal to the money that may be given, and the income collected, for school purposes, as estimated by said committee, may be appropriated for the purposes of paragraph c. Nothing in this section shall prevent the mayor, on request of the school committee, from recommending and the city council from passing additional appropriations for school purposes.

Section 3. The votes of the school committee of said city making appropriations as aforesaid shall have the same force and effect as orders or votes of the city council thereof appropriating money, and shall be subject to the same provisions of law in respect to approval by the mayor, except that a vote of four-fifths of all the members of the school committee, taken by yeas and nays, shall be necessary to pass such appropriations over the veto of the mayor. All appropriations to be raised by taxation made by the school committee of said city shall be certified by said committee to the board of assessors thereof not later than May first in each year and the assessors shall include the same in the levy of that year.

The foregoing three sections of chapter 224 of the Acts of 1936 quoted in full refer to school appropriation limits.

Sections 4, 5, 6, 7, 8, 9, 10 and 11 of chapter 224 of the Acts of 1936 affect the City of Boston in respect to municipal indebtedness and cover objects for which debt may be issued, the term for which each

particular debt may be issued and requirements that a certain fraction of each proposed loan shall be included in the tax levy. Section 12, the last section in said chapter 224, provides that the Act shall take effect upon its passage.

It is not deemed advisable to quote these sections from 4 to 12, inclusive, in full. Details may be obtained by reference to the Act itself.

ESTIMATED TOTAL MONEY AVAILABLE FOR MAINTENANCE, 1939
(EXCLUSIVE OF ALTERATIONS,

REPAIRS, FURNITURE AND FIXTURES)

The sums made available under the provisions of chapter 224 of the Acts of 1936 for the fiscal year 1939 to provide for the estimated cost of maintenance of the school system exclusive of "Alterations, Repairs, Furniture and Fixtures," are as follows:

Sum allowed exclusive of unexpended balances and estimated income	\$15,160,000.00
Unexpended balance, general appropriation, 1938	212,383.07
Unexpended balance, vocational guidance, 1938	2,224.61
Unexpended balance, promoting Americanization, 1938	1,044.43
Unexpended balance, physical education, 1938	6,156.66
Unexpended balance, extended use of the public schools, 1938	1,358.04
Unexpended balance, school physicians, school nurses and care of teeth, 1938	4,771.80
Excess of income over amount estimated, general, 1938	38,587.75
Excess of income over amount estimated, promoting Americanization, 1938	1,931.69
Excess of income over amount estimated, physical education, 1938	5,413.52
Excess of income over amount estimated, extended use of public schools, 1938	3,315.71
Estimated income, general, including Smith-Hughes and George-Deen Funds, 1939	838,874.57
Estimated income, promoting Americanization, 1939	9,000.00
Estimated income, physical education, 1939	8,000.00
Estimated income, extended use of the public schools, 1939	7,500.00
Estimated total amount available for maintenance, 1939, excluding "Alterations, repairs, furniture and fixtures"	\$16,300,561.85

DETAILED ESTIMATES

The detailed estimates show classification by the ranks and the salaries of all permanent and temporary personnel, separated for each school, department and activity. The vacancies reported by the Superintendent of Schools as at October 31, 1938, are shown separately. The allowance for supplies for each school, department or activity is recorded. The detailed estimates afford the opportunity of studying school costs in detail as there is presented a collection of facts properly organized for inspection and discussion.

APPROPRIATION ORDERS.

The estimated cost of maintenance of the Boston Public Schools

for the fiscal year 1939 is \$15,745,202.68, to provide for the cost of administration, instruction, supervision of instruction, promotion of health, services of custodians, fuel and light, books, supplies, portable educational equipment (commercial machines, typewriters, science apparatus, manual training tools, equipment for custodians, duplicating machines and other portable equipment) and incidentals; and the cost of sundry other services and expenses, exclusive of "Alterations and Repairs, Furniture and Fixtures," for which a separate budget is made. At the meeting of May 8 the School Committee, on

the recommendation of the Business Manager, passed an appropriation "on account," totaling \$7,009,000, as under the provisions of chapter 320 of the Acts of 1889 the School Committee, pending the adoption of its budget for the fiscal year, may make expenditures which shall not be in excess of one-third of the total appropriations for the fiscal year immediately preceding. I therefore recommend the passage of the accompanying order appropriating the sum of \$8,736,202.68 in addition to the sum appropriated "on account" by the School Committee at the meeting of May 8, viz., \$7,009,000.

ESTIMATED SUMMARIZED APPROPRIATIONS FOR 1939 AND 1938

	General School Purposes and Repair of School Special Items.	Alterations and Buildings, Furniture and Fixtures.*	New School Buildings, Lands, Yards, Etc.*	Totals
1. Appropriations for 1938...	\$16,014,018.25	\$811,915.14	\$81,816.00	\$16,910,749.39
2. Appropriations for 1939...	15,745,202.68	744,253.00	76,753.00	16,566,208.68
3. Decrease in appropriations, 1939.....	\$271,815.57	\$67,662.14	\$5,063.00	\$344,540.71

*Separate appropriation orders, details not shown in this budget.

REDUCTION OF EXPENSES IN THE YEAR 1939

The foregoing table of estimated summarized appropriations shows that the total amount appropriated last year for maintenance and for new school buildings was \$16,910,749.39, and that the appropriations for 1939 for the same purposes amount to \$16,566,208.68—a decrease in appropriations of \$344,540.71 in the year 1939. These reductions in expenses, notwithstanding the fact that the School Committee was faced with an annual increment cost for all teachers and other employees of \$187,000, were brought about by retrenchment in several directions in expenses under the control of the School Committee and through the action of the Department of School Buildings in taking full advantage of their W. P. A. program in connection with repairs to school buildings and the effecting of other economies. Due to retrenchment, the amount to be raised by taxation in 1939 for maintenance and for lands and buildings for schools will be approximately \$391,668 less than the amount raised by taxation for the same purposes in 1938. For example, teaching positions to the number of 120 provided for in last year's budget will not be filled. The full effect of this saving will come in the year 1940.

COST OF ANNUAL INCREMENTS AND INFORMATION ON SAVINGS.

The cost of annual increments for the year 1939 for teachers and other employees on sliding scales, will approximate \$187,000. Using an average yearly increment of \$99 for teachers, this cost is computed on the following basis:

(a) All teachers reaching the maximum during the period February 1 through December 1 of the fiscal year immediately preceding create an additional cost in the current fiscal year. For example: A teacher reaching the maximum

February 1 of the fiscal year immediately preceding would cost \$8.25 in the current fiscal year (1-12 of \$99). A teacher reaching the maximum March 1 of the fiscal year immediately preceding would cost \$16.50 in the current fiscal year (2-12 of \$99) and so on.

(b) Teachers who did not reach the maximum during the fiscal year immediately preceding and whether or not they reach such maximum during the current fiscal year, would cost \$99 each.

(c) Teachers newly appointed during the fiscal year immediately preceding would cost during the current year \$99 or fraction thereof of each dependent on the dates on which they were appointed.

In considering the cost of annual increments the length of schedules must be taken into consideration—for example, teachers of the elementary grades require eleven years to reach the maximum of their ranks; teachers of the Junior High grades require eleven years to reach the maximum of their ranks; men teachers in high schools require thirteen years to reach the maximum of the rank of Junior Master; women teachers in high schools require fourteen years to reach the maximum of the rank of Assistant; Sub-masters in elementary and junior high schools require thirteen years to reach the maximum; Master's Assistants in elementary and intermediate schools (women) require fourteen years to reach the maximum; Assistants, kindergartens, one session, require seven years to reach the maximum; Assistant kindergartens, two sessions, require eight years to reach the maximum; Shop instructors require eleven years to reach the maximum; Shop Foremen require eleven years to reach the maximum.

In a school system as large as Boston's there is usually a number of vacancies existing due to various causes at the time the basic pay roll requirements are esti-

mated. These vacancies are usually covered by temporary teachers. Vacancies are also created when certain promotions are made.

In a large school system there is always considerable of what is known as "slack." Savings during the year are brought about by teachers resigning on maximum salaries and others taking their places on minimum salaries; also, by the amount saved in making deductions from the salaries of teachers on leave of absence. The amounts deducted from salaries of teachers on leave of absence are more than ample to pay their substitutes. Savings are also made because of delayed appointments. Appointments sometime scheduled for the opening of school are not made until the first of October or later. Furthermore, under existing conditions many positions may not be filled for the reason that for the past three years there has been a substantial decrease in school membership, especially in the elementary schools. This decrease will undoubtedly continue the coming school year. The kindergartens have been reorganized through advancing the entering age limit substantially. A deduction of \$300,000 has been made which takes into consideration the various factors

that bring about savings on salaries during the fiscal year.

RATIO (SALARIES, PENSIONS, FUEL AND LIGHT AND SUPPLIES).

Of the total amount appropriated in the budget, viz., \$15,745,202.68, the division between salaries, pensions, fuel and light, supplies, equipment (commercial machines, typewriters, duplicating machines, etc.) and incidentals is as follows:

(a) Salaries of all permanent and temporary personnel	\$14,454,308.43
(b) Pensions—tax levy only (paid under the provisions of non-contributory pension law in operation prior to the establishment of the contributory Boston Retirement System)	49,357.00
(c) Fuel and light, including electric current for power (including extended use of schools)	446,207.00
(d) Supplies, equipment (commercial machines, typewriters, duplicating machines, etc.) and incidentals for all purposes	795,330.25

Total, exclusive of "Alterations, Repairs, Furniture and Fixtures"; and "Lands, Plans and Construction of School

Buildings" for which separate budgets are made for all items of repairs, construction, etc., including personnel employed by the Department of School Buildings \$15,745,202.65

The above figures show that 91.8 per cent of this budget is for salaries of all permanent and temporary personnel; 0.3 per cent for pensions; 2.8 per cent for fuel and light, including electric current for power; and 5.1 per cent for supplies, portable educational equipment (commercial machines, typewriters, duplicating machines, hand tools, etc.) and incidental expenses.

DETAILED STATEMENT OF ESTIMATED INCOME

Appended for information is a detailed statement of the estimated income to be received during the fiscal year 1939. In connection with estimates of expenditures for certain schools, classes and other activities reference should be made as indicated to the detailed statement of income for the fiscal year.

Respectfully submitted,

ALEXANDER M. SULLIVAN,
Business Manager.

The following statement showing maintenance appropriations by items for 1939 as compared with 1938, which accompanied the budget, was placed on file:

MAINTENANCE APPROPRIATIONS, EXCLUSIVE OF THE ITEM—"ALTERATIONS, REPAIRS, FURNITURE AND FIXTURES."

ITEMS	Maintenance Appropriations for 1939.*	Maintenance Appropriations for 1938.*	Decreases in Appropriations for 1939 as Compared with Appropriations for 1938.	Expenditures for 1938.	Decreases in Appropriations for 1939 as Compared with Expenditures for 1938.

Totals	\$15,745,202.68	\$16,017,018.25	\$271,815.57	\$15,789,079.64	\$43,876.96

*Excluding appropriations for "Alterations, Repairs, Furniture and Fixtures."

(1) Raised by taxation to meet part of expenditures.

(2) Increases.

(4) Including Salaries of Cafeteria Employees, Nutrition Class Attendants and Lunch Attendants.

THE ESTIMATED COST OF MAINTENANCE OF THE BOSTON PUBLIC SCHOOLS FOR THE FISCAL YEAR 1939, BASED ON THE DETAILED ESTIMATES, WHICH DO NOT INCLUDE "ALTERATIONS, REPAIRS, FURNITURE AND FIXTURES," FOR WHICH SEPARATE APPROPRIATIONS ARE MADE, CALL FOR APPROPRIATIONS, AS FOLLOWS:

For general school purposes:

Salaries of administrative officers, clerks, stenographers, supervisors of attendance and other employees	443,628.04.	Pages 1-6
Salaries of principals, teachers, members of the supervising staff and others	12,377,283.11.	Pages 7-105
Salaries of cafeteria employees, nutrition class attendants and lunch attendants	67,088.50.	Pages 106-107
Salaries of custodians	959,755.22.	Pages 108-122
Salaries of matrons	24,986.40.	Page 123
Fuel and light, including electric current for power ..	446,207.00.	Page 124
Supplies, equipment and incidentals	742,805.00.	Pages 125-137
Pensions to supervisors of attendance and custodians ..	360.00.	Page 138
Pensions to veterans	7,997.00.	Page 139
Promoting the Americanization and better training for citizenship of foreign-born persons	30,440.00.	Page 140
Vocational guidance	51,005.67.	Page 141
Physical education—day schools and playgrounds	255,061.42.	Pages 142-145
Salaries of school physicians, salaries of school nurses and care of teeth	222,678.40.	Pages 146-147
Extended use of the public schools	74,906.92.	Pages 148-149
Pensions to teachers	41,000.00.	Page 150
Total	<u>\$15,745,202.68</u>	

ON MAY 8, 1939, THE SCHOOL COMMITTEE MADE THE FOLLOWING APPROPRIATIONS "ON ACCOUNT":

For general school purposes:

Salaries of administrative officers, clerks, stenographers, supervisors of attendance and other employees	\$190,000.00
Salaries of principals, teachers, members of the supervising staff and others	5,500,000.00
Salaries of cafeteria employees, nutrition class attendants and lunch attendants	30,000.00
Salaries of custodians	425,000.00
Salaries of matrons	12,000.00
Fuel and light, including electric current for power	275,000.00
Supplies, equipment and incidentals	250,000.00
Pensions to supervisors of attendance and custodians	3,000.00
Pensions to veterans	3,000.00
Promoting the Americanization and better training for citizenship of foreign-born persons	18,000.00
Vocational guidance	23,000.00
Physical education—day schools and playgrounds	100,000.00
Salaries of school physicians, salaries of school nurses and care of teeth	100,000.00
Extended use of the public schools	42,000.00
Pensions to teachers	41,000.00
Total	<u>\$7,009,000.00</u>

The Business Manager reported that it is therefore necessary to appropriate the balances of the several items, and the following order will carry this intention into effect:

ORDERED, That to meet the estimated cost of maintenance of the Boston Public Schools for the fiscal year 1939, based on the detailed estimates, which do not include "alterations, repairs, furniture and fixtures," for which separate appropriation orders are made, the following amounts are hereby appropriated for the purposes indicated below, in addition to the sums appropriated on May 8, 1939 "on account":

For general school purposes:

Salaries of administrative officers, clerks, stenographers, supervisors of attendance and other employees	\$ 253,628.04
Salaries of principals, teachers, members of the supervising staff and others	6,877,283.11
Salaries of cafeteria employees, nutrition class attendants and lunch attendants	37,088.50
Salaries of custodians	534,755.22
Salaries of matrons	12,986.40
Fuel and light, including electric current for power	171,207.00
Supplies, equipment and incidentals	492,805.00
Pensions to supervisors of attendance and custodians	360.00
Pensions to veterans	4,997.00
Promoting the Americanization and better training for citizenship of foreign-born persons	12,440.00
Vocational guidance	28,005.67
Physical education—day schools and playgrounds ..	155,061.42
Salaries of school physicians, salaries of school nurses and care of teeth	122,678.40

Extended use of the public schools	32,906.92
Pensions to teachers (amount to be raised by taxation) ..	—
Total	<u>\$8,736,202.68</u>

SUMMARY OF APPROPRIATIONS

Appropriations "on account" on May 8, 1939	\$ 7,009,000.00
Final appropriations	8,736,202.68

Total appropriations for maintenance, exclusive of "Alterations, Repairs, Furniture and Fixtures" ..	<u>\$15,745,202.68</u>
--	------------------------

Mr. Lee: I believe we agreed among ourselves that we should ask the Superintendent to bring in a set of recommendations of how he would like to see the stature of the school system preparatory to having it trimmed to fit the size of the budget.

I have said right along that I could not very confidently vote on the school budget as it is without seeing what our educational experts, the Superintendent and the Board of Superintendents, would recommend as to how the school system ought to be shaped. Then I would be in a position to try to fit that down within the amount of money that seems to be available during these times.

I would like to have the report of the Superintendent on these matters.

Chairman: This is not the time to ask for that report. That report has been ready for some time, and if you seriously wanted to go into it you had plenty of time to do so. We are here tonight to pass the budget.

Mr. Lee: I have asked for this repeatedly, and it has either been put off the calendar by you or the knowledge has been withheld that the Superintendent had finished it.

Chairman: It was never put off the calendar by me, and nothing has been withheld from you.

Mr. Lee: Again and again I have asked for that and I think the answer has been by the Superintendent that he had not prepared it, or you have said that we would continue with the business at hand.

Superintendent: I think, Mr. Lee, you are mistaken there. I had not told you that I had not prepared it.

Your question was, "What would you do in the schools if you were not restricted financially by the present amount of money allotted?" which is quite a different question from shaping it up according to the present budget.

Mr. Lee: I have been on the lookout for that since I first brought up that thought. Certainly it was not ready the first time it was suggested. I have brought the matter up at subsequent times, and I cannot say what the answer was each time. My impression was that it was put aside for one reason or another.

Chairman: You are trying to give the impression that you cannot vote favorably on this budget because you have not seen that report. You distinctly told this Committee Wednesday night that you were going to vote no on this budget, but not for the reason that you have now given.

Mr. Lee: That was not my thought, and I do not believe I said something that was not my thought. I naturally relied on the Committee to have those recommendations shown to us.

When I have met the Assistant Superintendents, such as Mr. Downey, I have asked how it was getting along. It seems to me about ten days ago I asked the same thing, and I heard it was not ready. I did not run into the Superintendent's office every day, when I heard from the assistant superintendent that the matter was not yet in shape. I am sure that I brought it up at almost every meeting, or every meeting when there was any opportunity to bring it up. The Committee agreed they would look at what the Board of Superintendents had in mind for an ideal school system.

Mr. White: I am not going to argue with Mr. Lee on the merits of the question of whether or not this thing should have been given to you before. I don't know anything about it.

I remember distinctly Mr. Lee asking for that report from the Superintendent, but there was no definite date set.

Moreover, if you had that report, how would it affect your vote on the budget today? As I remember the request, it was, what would be the recommendation of the Superintendent if he had unlimited financial appropriations?

We are limited by statute in the amount of money that we can appropriate, and we are limited again by the necessity of being as economical as we possibly can be in the administration of the school

system in these times. I do not think it would settle anything tonight so I am ready to go ahead and vote on the budget.

Mr. Lee: There were two questions asked by me. One was, "What would you do with the school system if you had unlimited money?" and the other was, "If you were creating a new school system, how would you set it up on the money available?"

As it is, we are simply continuing what has been going on in the past.

Chairman: We have no time tonight to set up a new school system.

Mr. White: I do not think it was an agreement on the part of the whole school committee. It was a request made by you, Mr. Lee, to which the Superintendent said he would give you some sort of a report.

Mr. Lee: It was at a conference, to be sure, but I was given the assurance that a report would be forthcoming.

Dr. Foley: I do not think the report of the Board of Superintendents would have any effect on our action on the budget at this time, and I ask for the question on the budget.

Mr. Lee: If the report is ready the Superintendent might as well read it.

Dr. Foley: He can bring that in later.

Chairman: The Committee is ready to act on this budget now. At the next conference the Committee will be glad to consider the report of the Board of Superintendents.

Mr. Lee: There is a different point I would like to bring up before voting on that reduction which was discussed last Wednesday.

Chairman: What was that?

Mr. Lee: Where we are going to use the services of certain supernumerary kindergarten teachers instead of regularly assigned teachers in the primary grades I would like to give a hearing to the people affected by that order, and also have present at that hearing Miss Mellyn and Miss O'Brien.

Chairman: I am willing to give those people a hearing, but this budget is going to be passed tonight.

Mr. Lee: I do not think a hearing would be of much use after the budget is passed.

Mr. Sullivan: I would be glad to second the motion which Mr. Lee has made, that these people be given a hearing. If as a result of that hearing the vote—with which Mr. Lee and I disagree—were to be changed, I think it would be proper for this Committee to bring in an additional appropriation, which could be done prior to the time of certification to the Board of Assessors of the amount of money required for the maintenance of the schools this year.

Mr. White: That is agreeable to me.

Chairman: It is agreeable to me.

Mr. Sullivan: I agree with the budget, so far as it has gone, but I think it should go further in that it should not have cut out the sum of money represented by the work of these temporary teachers.

Chairman: It was agreed by the Committee that this budget should be passed tonight. It is understood that a hearing will be given to the representatives of the organization of these temporary teachers.

Mr. Lee: I would like to have a vote on that order of business.

It seems to me if we are going to add money for those teachers, we might very well want to take money from some other item, such as the item I have spoken of, salaries of the older high school men. Once you have passed that appropriation you cannot very well rescind your vote. You cannot disappoint people who have seen a certain amount of money appropriated for them.

We have the issue of taking the \$5 a day salary from those who have nothing more, and the alternative of possibly arranging a reduction in the salaries of those in the top brackets who can afford to lose that comparatively small sum.

The Mayor has told you there is no hurry about this budget, and there is no need of this intemperate haste.

Chairman: There is no intemperate haste on the part of the Committee. We are as late in passing this budget as I have ever known this Committee to be.

For the past eight or ten weeks we have been meeting three or four nights a week on this problem, so you cannot accuse this Committee of undue haste.

Mr. Lee: I have heard every member of this Committee say how hesitant he would be to reduce salaries and how disturbed he would be to have anybody lose a position. And then, inside of three days, you agree to make a reduction which would throw the majority of 93 women teachers out of the school system, and reduce others to a considerable extent. I consider that too hasty a reversal of policy. I shouldn't think you gentlemen would want, so quickly as that, to reverse your policy of a year and a half. I think we ought to have the hearing first.

Mr. White: First of all I object to the statement that it is going to throw these girls out of a job, or out of \$5 a day, because that isn't so.

In the second place, I have been in consultation with the Superintendent of Schools and the Board of Superintendents, and they assure me that they will make a study in all departments where these girls can be used in the same capacity that they are being used today, except perhaps not getting the same substitute work, but resulting in the same earning power. That will be money that is already appropriated for work that is now being done by people on full-time employment.

Chairman: I agree with Mr. White.

Mr. White: The income of these temporary teachers will not be diminished.

Mr. Lee: If these women are going to be reemployed in some such way, there will not be any saving and the \$25,000 should be put back in the budget.

Mr. White: There will be a saving because the work I have in

mind is now being done by people on full-time pay.

Mr. Lee: You are making a saving of \$25,000 on salaries. Please do not tell the public that you are not saving it on salaries. There are 93 people who worked last year whose positions are going to be taken by somebody else. If the battlement is manned by soldiers and you put in 93 new soldiers, the ones who were there go off. We are taking \$25,000 out of the salary appropriation. We are going to save it or we are not. And it is going to come out of people now working for the school system.

You have all been saying that you were going to make reductions evenly, if and when you make them, and now you say you are going to make the reduction rest wholly on the shoulders of one particular class, and that is the smallest paid class, and you are depriving them completely of a livelihood.

Mr. White: We are not depriving them completely of a livelihood. You know and I know that we cannot justify, during times like this, having 111 kindergarten teachers, regularly appointed in the school system, not doing the work for which they are paid. We have had them doing remedial work in the school system.

Mr. Sullivan: I would like to clarify my position on this. I disagree with the majority of the Committee in the vote which cuts that amount of money out of our budget, and I would like to read this statement on that, to clarify my position.

At a recent Conference, it was voted to reduce the amount available for salaries by a sum which will be saved by the use of available kindergarten teachers in classes now taught by substitute teachers on a long term assignment. Inevitably, this will deprive of work many teachers who, for a number of years, have had steady employment, year in and year out, in the elementary grades. It is expected that teachers will be displaced from long term assignments in the following order:

1. Girls from the lists of Teachers College graduates.
2. Girls from the Elementary B List.
3. Girls from the Elementary Prior List.

A year and a half ago, I voted to give some security to teachers on the Elementary Prior List and the Examined B List who had served long term assignments in the Department for many years, and this motion was lost in the Committee meeting by a vote of three to two. My feelings have not changed.

It is my belief that after a teacher has worked steadily, in a so-called temporary capacity for a long period of time, she should be entitled to protection somewhat comparable to that given to more fortunate employees who have attained the title of "permanent." We have many such teachers in so-called "temporary employment" without any security, without any pension privileges, without income during vacation or when schools are closed and without sick leave. These are the same candidates for elementary teaching positions who are being deprived of all, or a

great part, or some of the opportunity now afforded them.

I shall recommend to the Committee consideration of the status of long term temporary teachers who are needed in the schools and who are not now given any sort of protection. The availability of kindergarten teachers for elementary substitute work is of a temporary nature which should be rectified in another year and the demands for workers in this field will return to former levels.

Instead of the plan proposed by the Committee, I would suggest for consideration that these teachers be used

1. Some of the teachers in mothers' classes.

2. In all primary buildings—by organization of groups of Grade I, immature children into another class, where they will be taught for five months from a special Course of Study now ready. Then kindergarten teachers assigned to work will begin an 1-A program to be continued as these children develop. This will diminish retardation in Grade I.

3. For remedial work in all primary grades—a program of work with slow children in all subjects of school curriculum.

The Superintendent has stated that available kindergarten teachers could be used to advantage in such work and retardation in the schools, which in some classes has reached as high as 15 per cent, would be greatly reduced, bringing real value both to the pupil and the school system.

Dr. Foley: Due to the increase in the kindergarten age we had an excess number of kindergarten teachers, and it was necessary for us to authorize the Superintendent to use these teachers in the first and second grades.

From an educational standpoint, I believe that we should try to reduce the retardation of pupils in the primary grades. I have always felt that we should lower the number of pupils to a teacher in those two grades, believing that by doing so we would be able to give greater attention to the slower pupils and thus reduce the number retarded in these grades. In this I have not been successful because I did not receive sufficient support.

If we were financially able I think it would be well to pay these temporary teachers on long term assignments for a year's satisfactory work but because of economic conditions, that is not possible. And what has been presented is not an injustice to them, because they go back to temporary service. In these difficult times I feel that we are doing the best we possibly can to present a good budget, and I feel that no injustice is being done to any person who is serving in a temporary capacity. We are not discharging them or eliminating them from the temporary list. They remain temporary employees as they always have been.

Mr. Lee: Mr. Chairman, since I have been on the Committee, Dr. Foley has urged that the pupil quota be reduced so as to absorb into the school system more of these temporary teachers.

Dr. Foley: When I spoke about retardation I did not have teachers in mind. I spoke wholly in the

interest of the pupil, having in mind the additional advantages for the retarded child. I had not in mind what the teachers would get from the lowered numbers. I feel that the pupils should get every consideration in the line of education, and with lowered numbers the remedial technique could be brought to bear on them. If the numbers could go as low as 30, that would satisfy me and I believe that is educationally sound and is so recognized throughout the United States. I had not in mind the advantage to the temporary teachers of the increased number of teachers that would be required with this program of lowered numbers if it should go into effect.

Mr. White: I would like to ask the Superintendent a question. We have two plans, both of which will cost considerable money, one suggested by Dr. Foley and the other suggested by Mr. Sullivan, both designed to remedy retardation. I would like to ask the Superintendent which is the better method educationally to prevent retardation in the elementary schools.

Dr. Foley: May I ask the Superintendent a question before he answers that?

Superintendent: I would like to get the question clear in my own mind first. I would like to know whether Mr. White means that we should employ for work in the elementary grades, elementary trained teachers or kindergarten teachers?

Mr. White: You can answer that question first.

Superintendent: My answer is that it is self-evident that the more effective plan would be to use teachers trained for elementary grades for remedial work in those grades, rather than teachers from another branch of the school system.

Dr. Foley: I do not think that answers the question.

Mr. White: In my opinion it does answer the question.

Dr. Foley: The question was whether or not my plan calling for the reduction in numbers from 40 to 35 in the primary grades would be better in respect to retardation than the remedial work done in the grades.

Mr. Sullivan: May I interject this thought? The Committee is losing sight of this other question which has a direct bearing on the issue, and that is whether or not this Committee in using plans such as I have suggested, should utilize to its full advantage all those now on the rolls as employees, or whether, under a suggestion such as Dr. Foley has made, new employees should be added to the school system. Mine is a plan devised to take care of the situation in which we temporarily find ourselves, making the best possible use of it for the children and the schools.

Dr. Foley: Mr. Chairman, may I ask the Superintendent this question? In the Superintendent's opinion, where does retardation take place to its maximum?

Superintendent: I think the maximum retardation is in the first grade. Last year it was about 15 per cent in the first grade and about seven per cent in grade VI.

Chairman: That might be brought about by the fact that up

to last September we had been allowing children to enter the kindergarten at too young an age and so they got into the first grade too young?

Superintendent: Yes.

Mr. White: I asked Mr. Gould a question and he answered it by saying that retardation in the elementary grades should be corrected by elementary teachers trained for that purpose.

Superintendent: You can reduce it more effectively by teachers trained for that work than by other teachers.

Mr. White: Then I am to conclude from that answer that for the retardation we have been having and on which we have been using those kindergarten teachers, we could accomplish the remedial work more effectively by Dr. Foley's plan of reducing the numbers in the first grade? Could it be more effectively done that way in the first grade?

Superintendent: Where are your extra teachers coming from?

Dr. Foley: That is not involved.

Superintendent: It does enter into the question. I want to know how many pupils are going to be taught by the teachers who are to do remedial work.

Dr. Foley: That is not the question.

Superintendent: It enters into the question.

Mr. White: That leads up to the statement that I am going to make.

Dr. Foley: I am speaking about pupils. It has nothing to do with the teachers involved.

Chairman: Mr. White has the floor.

Mr. White: You agree, Mr. Superintendent, that the remedial work being done in the elementary grades could best be done by teachers who have been trained in elementary work?

Superintendent: Correct.

Mr. Sullivan: May I have the floor a minute?

Chairman: If Mr. White will yield it.

Mr. White: I will yield, but I want it right away.

Mr. Sullivan: Are your kindergarten teachers certified for kindergarten and Grades I and II?

Superintendent: They are.

Dr. Foley: In my opening remarks I stated I was not talking about teachers. I am talking about the retardation of the pupils. Naturally, the question of teachers might be involved in that particular phase of the discussion. I still say that retardation originates in the first grade and that is where it should be corrected, if correction is involved. Of course from the standpoint of teaching, it will involve teachers, but the retardation now in the first grade is 14 per cent.

Mr. White: I agree with you, Doctor, in the main. We did not vote for that plan of Dr. Foley's on account of the expense that it would involve.

Dr. Foley: How much did it involve?

Mr. White: That is all over. I am saying we did not vote for it for financial reasons.

The Superintendent reported that we had 111 teachers who were qualified to teach in the first and sec-

ond grades, and what we did was to put those qualified teachers, who were on the permanent payroll, in the first and second grades. I cannot understand how anybody can object to doing an efficient thing in that. Mr. Sullivan agrees that that was the thing to do.

Dr. Foley: And so do I.

Mr. White: I suggest that Mr. Lee, in order to be economical, would join in a plan where these temporary teachers could be used, but not in doing work that is being done by teachers already on the permanent payroll, but that they be used wherever they can be used in the system, so that their income will not be taken from them, so they will not be deprived of earning a living, as he claims they will be. They will be earning a living when we get this plan going. We can accomplish his purpose in a manner without cutting the salary of anybody. I believe that the consistent thing is to do exactly what we have done.

Chairman: I have thoughts along the same line that Mr. White has.

Dr. Foley: I have, too. I am in accord.

Mr. Lee: I move that the \$25,000 be reinserted under that item (Salaries of principals, teachers, members of the supervising staff, etc.), so that those teachers can get their extra work and can be paid for it.

Chairman: We do not need that \$25,000 in the item.

Mr. Sullivan: I would be glad to second that motion to add \$25,000 to the amount which we are to consider now. I second that motion and I would like to have a vote on it.

Chairman: The motion is made and seconded.

Dr. Foley: I would like more time to consider that motion. I am not prepared to vote on it now.

Chairman: This \$25,000 is not needed to carry out the plans that Mr. White suggests.

Superintendent: Nobody can answer the question definitely until fall, when we know how many children are going into our kindergartens and how many are going into our first grades. Until then you cannot tell how many teachers you are going to need.

Mr. White: You cannot tell how many teachers you may need. You may need more.

Dr. Foley: For the first and second grades?

Mr. White: Yes.

Chairman: A motion is made and seconded to defeat what was agreed to the other night by Dr. Foley, Mr. White and myself.

Mr. Lee: I would like to argue in favor of the motion.

Chairman: All right.

Mr. Lee: Let us not deceive ourselves. We know almost as certainly as night follows day that the entering primary class next year, which comes from a kindergarten class half its usual size, is not going to have increased numbers and is not going to employ more teachers. When you put into the first and second grades 93 teachers not heretofore used in that way, you know that 93 teachers are going to be displaced. You can be perfectly sure that that is going to happen. If you are not sure by

that token, you can be sure that the taking away of the salary item of \$25,000 augurs a loss of pay in that item. I hope at least one member who voted on the other side from me at the last meeting will vote Yes, in favor of this amendment, or at least take some stand which will put this thing off for a week, till we can lay before this Committee whether it is better to take \$2 a day off 250 of the older high school men who are getting \$21.24 a day, or whether it is better to take \$5 a day from 93 teachers who are going to be 93 places further outside of the school system.

Chairman: You can do that after the budget is passed just as easy as you can before the budget is passed.

Dr. Foley: On the motion I wish to state a question.

Chairman: Yes.

Dr. Foley: I don't believe in free-wheeling. I do not believe I should vote on anything that involves duplication of work or having two teachers in one class, or assisting in that manner.

I feel that this, which is duplication, has nothing to do with my original proposition which was to correct retardation, where the numbers would be lowered and each teacher would have a class of 35 instead of 40.

I still stay put on my original vote that the \$25,000 be out.

Chairman: The Secretary will call the roll.

Mr. White: On the question:

At the meeting the other night I discussed with Mr. Lee that it would not be 93 under any circumstances. Tonight it appears there are five less than that 93 because of appointments, and until next fall we cannot tell how many there will be. This situation changes.

You agreed that you would consider striking this out of the budget if we would cut the pay of the higher salaried men teachers, didn't you?

Mr. Lee: Yes.

Mr. White: You are not far from our ideas, but you go further and propose cutting the pay of the junior masters, which we are trying to avoid at this time, if we can. I want to be one of the last to start a pay cut.

I think it is our obligation to find out what the Board of Superintendents can do to protect the income of these temporary teachers and give them the credits they earn ordinarily. We are doing everything possible in this School Committee to take care of every single person who is making from one day's pay to a hundred days' pay, without hurting a single soul and without affecting the efficiency of the teaching staff and the activities of our schools.

Therefore, I am going to vote the same way I did before on this motion.

Dr. Foley: If a teacher does a day's work I want to vote to pay her that day's salary. If she does not do a day's work I do not want to be responsible for having the taxpayers' money expended for something that is not accomplished.

Mr. Lee: In reply to Mr. White, I would like to say that we are certainly hurting the efficiency of the

schools when we put in our primary grade classes and second grade classes teachers who were trained for kindergarten work.

Chairman: They hold that certificate for the Kindergarten and Grades I and II.

Mr. White: You agreed you would do that if we cut the pay of other teachers?

Mr. Lee: We are hurting the service when we fail to take advantage of Mr. Sullivan's proposition to use our present teachers for remedial work. We could make three times the saving if we took this amount of money from the men at the upper end of the salary schedule. This amount of money it seems to me would mean a dead loss and Mr. Sullivan says that these teachers inevitably would be deprived of work. The number of men at the upper end of the salary schedule is greater, and asking them to carry the reduction would make a bigger saving. And you would be guaranteeing to those men absolute security of livelihood, absolute security of pension, an absolute opportunity to live in an American way, in an American style. You would still be giving them \$16.24 a day.

If after having done that and having tried to place the load on the shoulders where most people could take it, and where market conditions do not call for such high salaries, the need for further economy still seems urgent, I would consider a reduction of those in this group, because of the fact that we have an overlapping of teachers in the primary grades, because of the reduction of numbers in primary grades and kindergarten, and because it is a peculiar situation that makes a reduction justifiable.

I would certainly begin by following the principle that this Committee has so often stated of making the reductions rest evenly and not be the first department of the City to make reductions and cut salaries and center it on those least able to bear reductions.

Chairman: We will vote on Mr. Lee's motion to reinsert the \$25,000 under the item, Salaries of Teachers, etc. The Secretary will call the roll.

Dr. Foley: No.

Mr. Lee: Yes.

Mr. Sullivan: Yes.

Mr. White: No.

Chairman: No.

Chairman: The motion is declared lost.

Dr. Foley: On the \$9,000 reduction in the playground appropriation, the vote at the conference was two to two. Inasmuch as that is sufficient to take that \$9,000 out of the budget, I wish to be recorded in favor of allowing it in the budget.

Mr. White: It was not definitely agreed that that \$9,000 should come out of playgrounds. It was agreed it should come out of the \$264,000 for Physical Education.

Dr. Foley: I understand it was playgrounds? Is it playgrounds?

Chairman: As I remember, it was left to the discretion of the director.

Mr. White: With our approval afterwards.

Mr. Sullivan: The plan suggested was that playgrounds be started a few days later.

Mr. White: I will agree to take the \$9,000 out of the budget. It was increased \$9,000 this year and we agreed to take it off.

Chairman: The department expansion amounted to \$9,000 and we took it out.

Mr. Lee: Is this going to be item by item? I think it would be more efficient to have it that way.

Chairman: Why not pass the order and you may make any comments afterward.

Mr. Lee: I am not for passing it now and making comments afterward. I am not that kind of a person. I never heard of that before in my life.

Mr. White: We have been discussing this thing in conference for four months.

Mr. Lee: This action of you, Mr. Smith and Dr. Foley, absolutely reverses and pulls out by the root, your pledge not to cut salaries and discharge people, and has entirely turned around the attitude you had before.

Mr. White: That isn't so.

Dr. Foley: I wish to talk on that.

Mr. White: That isn't so and you know it isn't so.

Dr. Foley: I will not allow Mr. Lee to put any words in my mouth relative to discharging anybody. I never discharged anybody in my life. These teachers are temporary teachers, and it is not my responsibility that they are temporary teachers. I am trying to adopt a policy as a member of this School Committee. I have a responsibility and I do not expect any member to put words in my mouth in reference to discharging people.

Mr. White: Nobody on the Board of Superintendents, the administrative department of this school system, has said that these girls would be discharged.

Mr. Lee: Mr. Sullivan has said that: this reduction of \$25,000 in the salary item will inevitably deprive these people of work, and he says that all or a great part or some of them will be deprived of work.

Dr. Foley: Who said this?

Mr. Lee: Mr. Frederick Sullivan.

Chairman: This has been settled. Why are you going back on it?

Mr. Lee: Because you opened up the whole question of salaries by filling the places of 93 long-term temporary teachers by the transfer of kindergarten teachers. You cannot fill those places with kindergarten teachers and have those places available to be filled by temporary teachers, especially when you take \$25,000 out of the budget.

Chairman: Miss Cronin, please read the appropriation order.

Mr. Lee: Shall she read it one item at a time?

Chairman: If you wish it that way.

Secretary: (Reading):

"Salaries of administrative officers, clerks, stenographers, supervisors of attendance and other employees	\$253,628.04
Salaries of principals, teachers, members of the supervising staff and others,	\$6,877,283.11
Salaries of cafeteria employees, nutrition class attendants and lunch attendants,	37,068.50
Salaries of custodians,	534,755.22
Salaries of matrons,	12,986.40
Fuel and light, including electric current power	171,207.00

Supplies, equipment and incidentals,	492,805.00
Pensions to supervisors of attendance and custodians	360.00
Pensions to veterans,	4,997.00
Promoting the Americanization and better training for citizenship of foreign-born persons,	12,440.00
Vocational guidance,	28,005.67
Physical education, — Day Schools and Playgrounds	155,061.42
Salaries of school physicians, salaries of school nurses and care of teeth,	122,678.40
Extended use of the public schools,	32,906.92
Pensions to teachers (amount to be raised by taxation)	
No money will be needed this year	

\$8,736,202.68

You have already appropriated on account, on May 8, 1939, \$7,009,000.00

which will make total appropriations for maintenance, exclusive of "alterations, repairs, furniture and fixtures," \$15,745,202.68"

Chairman: Now, Mr. Lee, you can make objections to any of the single items that you care to.

Mr. Lee: Speaking on the first item, salaries of administrative officers, clerks, stenographers, supervisors of attendance and other employees, I would like to suggest a reduction of 10 per cent in salaries over \$4000, after scrutinizing each individual salary, so as to have some of our savings rest on the upper bracket salaries instead of the lower bracket salaries, especially in view of the economy program which has been adopted this week.

And I would like to move that we amend that item in the budget by reducing by ten per cent such salaries as it seems desirable which are over \$4000.

Chairman: Is the motion seconded?

The motion is not seconded, so I declare the motion lost.

Mr. Lee: The next item, salaries of principals, teachers, members of the supervising staff and others—there I would like to recommend a reduction in the salaries of the older high school men from \$3888 to \$3600 a year, so as to try to meet this economy program in an equitable way.

In doing that I feel absolutely sure that these men, who will then be getting approximately \$20 a day, will be able to live in American style and able to enjoy pensions. And it may save us from making economies where the burden would hurt more.

I move that we reduce those salaries to \$3,600.

Chairman: Do I hear that seconded?

The motion is not seconded, so I declare the motion lost.

Mr. Lee: Under the heading, Penmanship Department, I feel we have a department here that is not relished by the teachers and is not of sufficient value to the children to warrant an expenditure of \$14,640.

Any teacher should be able to teach a child how to write, because each teacher gets special training in that in Teachers College. The sum of \$14,640 is not needed for that. We might better provide for a department to teach the reading of handwriting.

Therefore, I move to strike out the provision for \$14,640 under salaries of supervisors of penmanship.

Chairman: Do I hear the motion seconded?

The motion is not seconded, so I declare the motion lost.

Mr. Lee: Under the item, Salaries of Custodians, we have \$40,000 which we pay watchmen. As I have said to this Committee before, we have noted only \$2,000 worth of damage in the buildings where these watchmen were assigned. They were approved by a previous School Committee against the unanimous recommendation of the Business Manager and the Board of Superintendents.

I realize that the School Committee has agreed, in conference at least, not to make a reduction there. Having seen the willingness of the Committee to take away \$25,000 from a group of teachers for this coming year and replace these teachers by other people, I think those watchmen, who have not trained so carefully for their life work as teachers have, could well make a sacrifice. I, therefore, move that \$40,000 be deducted from this item here.

Chairman: Do I hear this motion seconded?

The motion is not seconded. I declare the motion lost.

Mr. Lee: My last point is under the appropriation for physical education, where I would like to see an increase of \$9000.

Owing to the good fortune of having many large high schools excellently equipped with gyms, we have an opportunity for gym work after school hours, and we are fortunate in having the WPA ready to supply adequate supervision for that program. The only cost would be \$8000 or \$9000, or in that vicinity.

Mayor Tobin, who was instrumental in having this reduction in the 93 teachers made, when it had never been suggested by the Committee before but was religiously carried out by the Committee after conference with the Mayor, is spending \$40,000 more than any of his predecessors on recreation through a junior police department.

The situation got so bad in the matter of crime by youngsters, because of a lack of what might be done by a recreation board or recreation commission, that the police department had to go into recreation and assign the full salary of a police officer in every station house to that work.

If we have been obliged to spend money in a preventive way on recreation through our Police Department, I think it would be much wiser to spend a small amount of City money, which would be joined with WPA money, to keep our gyms open and give our youngsters a chance for healthy recreation.

If the Mayor is concerned about the budget he can take \$9,000 from the \$40,000 now spent by the Police Department on recreation. I think we have an excellent reason for providing \$9,000 more to keep those high school gyms open in the evening, and I move that we insert \$9,000 more in the physical education item.

Mr. Sullivan: I cannot speak to that motion, but I would like to comment for a minute on it.

In conference, in discussing the physical education appropriation, I opposed a reduction of approximately \$9,000 for what I thought would most likely come out of playground activities, because that was the only subject suggested.

I find myself in the position where I would not want to specifically allocate that money—if it were appropriated—to one item, such as Mr. Lee suggests, but I would second a motion to increase the appropriation of the department of physical education by the amount which was taken out of the budget at our last conference.

Chairman: Do you want to change your motion, Mr. Lee?

Mr. Lee: I will withdraw it and accept the amendment of Mr. Sullivan, so that the motion will read that we hereby reinsert \$9,000 in the physical education budget.

Mr. Sullivan: I will second that motion.

Chairman: A motion has been made and seconded that \$9,000 be returned to the appropriation for physical education.

The Secretary will call the roll.

Dr. Foley: Yes.

Mr. Lee: Yes.

Mr. Sullivan: Yes.

Mr. White: No.

Chairman: No.

Chairman: I declare the motion lost. It takes four votes to put that money into the budget.

Mr. Lee: That completes my individual suggestions on these items.

Before voting on the total amount I can only say that I wish the Committee would bear in mind that I have suggested reductions which would make for far more economy than the cuts adopted on Wednesday. That economy was adopted after conference with the Mayor. It was not even discussed by the Committee until we had the conference with the Mayor and was brought to this formal vote within one week of the conference with the Mayor and after only one conference among ourselves. This action has been very hasty and I think we ought to postpone action on the budget until we have given a hearing to the teachers who will be affected.

I move that we postpone our final vote until we have had a hearing with the teachers affected by this shifting of kindergarten teachers to the primary grades.

Chairman: You think this action is hasty?

Mr. Lee: I do.

Chairman: The other members of the Committee realize that a bad situation has existed. We have been cognizant of it and have realized that sooner or later we should take action. The time for action has come and the majority of the Committee has decided to take out that \$25,000.

Mr. Lee: I move that consideration of the budget be postponed until there should be a hearing to those affected.

Chairman: Do I hear that seconded?

Mr. Sullivan: I do not second that motion because there is a possibility, after the hearing to those affected, of considering a new ap-

propriation of an amount necessary, and we could do that at any time before our certification to the Board of Assessors. I would be satisfied to place this amount in the budget.

Chairman: I do not hear the motion seconded, so I declare the motion lost.

Is there anyone else who wishes to speak on this appropriation order before I call for a final vote?

Mr. White: I was not here when the watchmen were put on. At this time I would not vote to discharge the watchmen, but I would be perfectly willing to do away with that item in a painless manner and to vote that we appoint no more watchmen and, as vacancies occur, we allow no replacements. That would be a painless way.

Chairman: I would be glad to take that question up at the next conference, if agreeable to the Committee.

Mr. Lee: But you would be willing to discharge these 93 teachers.

Mr. White: Don't come back with that, because we have not discharged them. There are plenty of other places in the school system where those girls can be employed.

Mr. Lee: There is no money to pay them.

Mr. White: The money is there in the budget, for other teachers are doing the work.

Mr. Lee: I say discharge them in a painless way. Give them the same consideration that you give the watchmen.

Chairman: I wish to say that I am going to vote for the passage of the budget as now set up. However, I wish to be recorded again against allowing a freshman class to enter Teachers College this year.

I wish to state that we are saving approximately \$400,000 again this year, as we did in 1938, on the tax rate, and that it was accomplished without lowering the basic salaries, or the increment schedule, and without the loss of a position by any employee of the School Department.

Mr. Lee: Are you going to vote on the item as a whole?

Chairman: We are going to vote on the appropriation order as a whole.

Mr. Lee: I vote yes on that item because I want to see all of the moneys appropriated and used, but I ask that with my vote the Secretary record my specific objections on the four items which I mentioned previously.

Dr. Foley: I am asking whether or not the question of a freshman class in Teachers College enters into this first item.

Chairman: In my opinion if an entering class were not allowed in Teachers College this fall it would effect little of no saving. Although casting my vote in opposition to an entering class, I am voting for that item and for the total budget.

Dr. Foley: That is not the question. I am asking whether or not this first item is affected by an entering class in Teachers College?

Chairman: The salaries of all the professors, assistant professors and others, are in that item. It is ques-

tionable how many teachers, if any, could be taken out of Teachers College this year if an entering class were omitted.

Dr. Foley: Would you say that two votes would keep that entering class out of Teachers College?

Chairman: I do not see how it could.

Dr. Foley: That answers my question.

The Chairman stated the question is on the acceptance of the budget with detailed estimates, and the passage of the order making appropriation in the sum of \$8,736,202.68, the sum which, added to the appropriation on account which has been made this year, gives the total appropriation of \$15,745,202.68.

The estimates were accepted, and the order making appropriation in the sum of \$8,736,202.68 was passed by the following vote:

Dr. Foley: Yes.

Mr. Lee: I would like to vote yes with my specific objections on the four items previously noted.

Mr. Sullivan: Yes.

Mr. White: Yes.

Chairman: Yes.

The Chairman declared the order passed unanimously.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary

ONE-WAY TRAFFIC FOR WARREN BRIDGE DURING STREET REPAIR WORK.

Traffic Commissioner William P. Hickey announces that on account of street construction and street car track changes in Keany square, Causeway street, Commercial street and Washington Street North, Charlestown Bridge will be made one way from Keany square to City square, and Warren Bridge one way from City square to Causeway street, effective Thursday, July 13, 1939, for an estimated period of sixty days.

A modified scheme of rotary traffic will be made in City square, which will cut down conflicts and make use of the Water street underpass compulsory for motorists coming out of Rutherford avenue going to Chelsea street. Street cars will be operated to conform with these traffic movements.

In conjunction with the one-way bridges it will be necessary to make several changes in the contiguous streets: Harvard street will be made one way from City square to Main street, reversing its present direction; City square, in front of the Municipal Building, will be one way from Main street to Harvard street, reversing its present direction; Water street, one way from Warren avenue to Joiner street; Joiner street, one way from Water street to Chelsea street, reversing its present direction. A right turn only will be allowed from Rutherford avenue at City square. Beverly street will be one way from Causeway street to Washington street North and parking will be prohibited in either side of Beverly street.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 31.

SATURDAY, JULY 22, 1939.

No. 29

MAYOR TOBIN PAYS TRIBUTE TO LAFAYETTE AND FRANCE ON HISTORIC BASTILLE DAY—PLACES WREATH AT MEMORIAL TABLET ERECTED ON COMMON AFTER TELLING OF ESTEEM IN WHICH REVOLUTIONARY HERO WAS HELD IN BOSTON AND AMERICA IN GRATITUDE FOR NOBLE PART PLAYED IN ESTABLISHMENT OF AMERICAN REPUBLIC—PLACES EMBLEM OF LOYAL REGARD BY PEOPLE OF BOSTON AS AN HONOR AND PRIVILEGE AS MAYOR OF THE CITY—TERMS HERO IMMORTAL CHAMPION OF LIBERTY AND EQUALITY.

The following were the remarks of Mayor Tobin when placing a wreath at the memorial tablet to Lafayette on the occasion of the 150th anniversary of Bastille Day, on July 14, 1939:

Honored Consul of France, Fellow Citizens.

More than forty years after the battle of Yorktown — that great final victory of the American Revolutionary War — the Marquis Lafayette came again to the United States, as you probably know, and was welcomed, by special vote of Congress, as "Guest of the Nation." Everywhere the people received him with overwhelming joy and gratitude. "Hail, friend of our fathers!" they cried. "Yours is a triumph accorded neither to conquerors nor to monarchs; the triumph of knowing that in all America there is not a heart that does not beat with joy at the sound of your name."

After an American tour lasting more than a year, Lafayette spent his final hours here on September 6, 1825 — the sixty-eighth anniversary of his birth. On that occasion, President John Quincy Adams gave a great dinner at the White House. It was strongly against custom, in those days, for the President of the United States ever to announce a toast to anyone; but as the hour drew near for the great French soldier's leave taking, President Adams rose and proposed a toast:

"To the twenty-second of February and the sixth of September — the birthday of Washington and the birthday of Lafayette."

General Lafayette, with much feeling, replied:

"To the Fourth of July — the birthday of Liberty in two hemispheres."

My friends and fellow citizens, that was an expression characteristic of Lafayette's generous spirit; but, of course, it was not a literal statement. Nor did it supply all the facts vitally needed to make history's record complete.

France and Bastille Day.

After the glorious Fourth, 1776, there had still to come in France the momentous Fourteenth of July, 1789. On that day the people of Paris burst open the gates of the Bastille prison, ancient landmark of feudal despotism, and set France free to hail the birth of a new era of liberty and justice based on democratic principles of human right.

Many were the years, and horrible was the travail, before that birth actually came to pass and the promise of that day entered at last into peaceable fulfillment.

Lafayette himself played a far larger and more important role at the time of Bastille Day, 1789, than is commonly realized here in America. He had just been elected acting president of the National Assembly then sitting at Versailles and on his arrival in Paris immediately after the fall of the Bastille, he was joyfully acclaimed commander-in-chief of the National Guard at the capital city. True to his love of justice, devoted to principles of tolerance and right-dealing among all men, Lafayette, of course, was utterly opposed to the cruel and vicious excesses to which the revolutionary mobs in Paris later resorted.

After 1791 demagogues leaped to the saddle and drove spurs ever deeper and deeper into the wild forces of violence and revenge. That awful onrush Lafayette could neither stop nor stay.

But his prophetic hopes were yet to be justified, his ideals were still to prevail. The Terror wore itself out; the Napoleonic Wars followed; monarchical restoration came and went; but at last the Spirit of Liberty conquered all—rising dominant even over its own excesses, establishing the reign of law above license, and so assuring the stability of the French Republic as we know it today.

On this Fourteenth day of July, a century and a half after the fall of the Bastille, I account it an honor and a privilege, as Mayor of Boston, to lay this wreath at the foot of the city's statue sacred to the memory of Lafayette — gallant comrade-in-arms of our fathers, the founders of the American Republic, immortal champion of the principles of liberty, equality and fraternity upon which is founded that great sister Republic, for which we now cheer "Vive la France!"

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLB.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, July 24, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquee, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending July 15, 1939.

Population as of July, 1938, Massachusetts State Census, 817,713; population estimated, July, 1939, United States Census Bureau, 811,816; number of deaths (stillbirths excluded): Residents, 138, nonresidents, 49; total, 187.

Death rate per 1,000 of population: All deaths, 11.98; nonresidents deducted, 8.84.

Death rate per 1,000 of population:

Last week, 11.98; corresponding week last year, 11.83.

Deaths by age periods, sex, etc.: Under one year, 13; one year to four years, inclusive, 2; sixty years and over, 97. Total deaths: Male, 98; female, 89; deaths in hospitals and institutions, 119; deaths of colored, 5.

William N. McKentia Company has been granted an extension of time for the contract for furnishing and installing two (2) sump pumps at Dewey Beach Bath House, Charlestown.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Goldsmith street extension, West Roxbury district, as a highway, from Custer street to St. Joseph street, bounded and described as follows:

An extension of the highway named Goldsmith street is hereby laid out, from Custer street to St. Joseph street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northerly by Custer street, thirty feet; easterly by line of Goldsmith street, as hereby established, one hundred eighty-eight and 94-100 feet; southerly by St. Joseph street, thirty and 15-100 feet; and westerly by the line of Goldsmith street, as hereby established, one hundred eighty-five and 94-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Goldsmith street will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Goldsmith Street, West Roxbury, Assessment Plan, May 9, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying-out and construction of an extension of Goldsmith street, West Roxbury district, as a highway, from Custer street to St. Joseph street, under the order of the Board of July 12, 1939, and awards no damages therefor.

LAND-TAKING IN BRIGHTON.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Euston road extension, Brighton district, as a highway, from Commonwealth avenue to Colborne road, bounded and described as follows:

An extension of the highway named Euston road is hereby laid out, from Colborne road to Commonwealth avenue, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Easterly by Colborne road, by two measurements, forty-six and 75-100 feet on a curve of six hundred and fifty feet radius and forty-five and 9-100 feet; southerly by the southerly line of said extension of said Euston road as hereby laid out, by three measurements, thirty-nine and 37-100 feet on a curve of twenty-five feet radius, one hundred and thirty feet and one hundred twenty-five and 66-100 feet on a curve of eighty feet radius; again easterly by the easterly line of said extension of said Euston road as hereby laid out, by two measurements, two hundred forty-five and 46-100 feet and fifty-four and 86-100 feet on a curve of forty feet radius; southerly by Commonwealth avenue, one hundred seven and 75-100 feet on a curve of ten hundred ninety-eight and 30-100 feet radius; northerly by the northerly line of said extension of said Euston road as hereby laid out, forty six and 70-100 feet on a curve of twenty-five feet radius; westerly by the westerly line of said extension of said Euston road as hereby laid out, two hundred thirty-four and 30-100 feet; and northerly by the northerly line of said extension of said Euston road as hereby laid out, by three measurements, one hundred eighty-eight and 50-100 feet on a curve of one hundred and twenty feet radius, one hundred twenty-eight and 38-100 feet and forty-one and 7-100 feet on a curve of twenty-five feet radius.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Euston road will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Euston Road, Brighton, Assessment Plan, May 10, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

PROCEEDINGS OF CITY COUNCIL.

Monday, July 10, 1939.

Regular meeting of the City Council at Faneuil Hall, at 2 p. m., President MURRAY in the chair. Absent, Coun. Shattuck, Norton.

JURORS DRAWN.

Jurors were drawn (Coun. TAYLOR presiding at the box with the PRESIDENT, in the absence of his Honor the Mayor) as follows:

Five additional grand jurors, Superior Criminal Court, to appear August 7, 1939:

Edward A. Brewster, Ward 3; Walter Kane, Ward 12; Harry Forman, Ward 14; Walter A. Johnson, Ward 19; Cleon B. Leach, Ward 20.

Sixty-three traverse jurors, Superior Criminal Court, to appear August 7, 1939:

Joseph E. Forgiione, Ward 1; Thomas A. Hughes, Ward 1; Carlo Stasio, Ward 1; John J. Hurley, Ward 2; Charles R. Sullivan, Ward 2; Arthur D. Aiken, Ward 3; Benjamin Rabinovitz, Ward 3; Archie Herbert Silver, Ward 3; Theodore H. Bell, Ward 4; Herbert C. Pratt, Ward 4; Clarence R. Watling, Ward 4; John Hill, Ward 5; William L. McGowan, Ward 5; Morton P. Prince, Ward 5; James Martell, Ward 6; Bernard J. O'Donnell, Ward 6; John J. Garvey, Ward 7; Joseph P. Donovan, Ward 8; Arthur C. Ellis, Ward 8; Anthony F. Jacobs, Ward 8; Francis E. Moberg, Ward 8; Allen G. Smith, Ward 8; Bernard A. Newcomb, Ward 9; Henry M. Glennon, Ward 10; Eugene P. Glynn, Ward 10; George L. Huber, Ward 10; William Keegan, Ward 11; Warren A. McPherson, Ward 11; Myron Below, Ward 12; Paul L. Broadnax, Ward 12; Walter Levine, Ward 12; James M. Carroll, Ward 13; Joseph F. Doherty, Ward 13; Theodore J. Fottler, Ward 13; Cornelius J. Sullivan, Ward 13; Max Fox, Ward 14; Norman Swartz, Ward 14; Richard J. Garvey, Ward 15; James I. Barnie, Ward 16; Thomas F. Joyce, Ward 16; John J. O'Connell, Ward 16; Patrick J. Barnes, Ward 17; Dougall J. Gillis, Ward 17; Orlando S. Griffen, Ward 17; John J. Griffin, Jr., Ward 17; John F. Kadlee, Jr., Ward 17; James W. McGuire, Ward 17; James H. Henderson, Ward 18; John F. Schramm, Ward 18; Richard M. Schultz, Ward 18; Thomas W. Smith, Ward 18; Ralph E. Tinkham, Ward 18; George L. Amidown, Ward 20; Hans W. Christensen, Ward 20; Wilson Pittman, Ward 20; Cedric Campbell, Ward 21; Jacob M. Cohen, Ward 21; Harold G. Dubrow, Ward 21; Herbert G. Mackay, Ward 21; Myron Sherman, Ward 21; Cornelius J. Connell, Ward 22; William H. Purdy, Ward 22; Joseph Ring, Ward 22.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.:

Weighers of Goods: John H. Ratigan, 22 Lane park, Brighton, Mass.; Gerald F. Shea, 248 Neponset avenue, Dorchester, Mass.

Laid over to the next meeting under the law.

RESURFACING OF BROOKDALE STREET.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of June 5, 1939, concerning the resurfacing with smooth pavement Brookdale street, Ward 19, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, June 30, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works resurface with smooth pavement Brookdale street, Ward 19, under the W. P. A. plan of construction.

Please be advised that the above-named street is on an approved W. P. A. project for construction this year.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

SIDEWALKS ON DOVE AND JEROME STREETS.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of April 24, 1939, concerning the installation of sidewalks on the following streets in Ward 13, under the W. P. A. plan of construction: Dove street, Jerome street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, June 23, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works install sidewalks on the following streets in Ward 13, under the W. P. A. plan of construction: Dove street, Jerome street.

A canvass of these two streets has been made of the abutting owners and there seems to be no particular desire on the part of the abutting owners for the installation of artificial stone sidewalks at this time.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

SHUTTLE LINE—NORTH AND SOUTH STATIONS.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Elevated Railway President and General Manager relative to your order of June 5, 1939, concerning the advisability of the operation of a shuttle line between the North and South Stations, during the summer months, the schedule for same to be so arranged that the trains will connect with outgoing and incoming boats of the Nantasket Steamship Line at Rowes Wharf.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Elevated Railway,
June 15, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—Consideration has been given by the trustees to request of the City Council for the operation of shuttle train service between the North and South Stations during the summer months, but it would not be feasible to do so, inasmuch as train service on the Atlantic avenue elevated structure has been entirely discontinued and some station equipment removed.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

ARC LIGHT AT BODWELL STREET AND BAKER AVENUE.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of June 5, 1939, concerning the installation of an arc light at the corner of Bodwell street and Baker avenue, Ward 15.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, June 26, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works install an arc light at the corner of Bodwell street and Baker avenue, Ward 15.

This section is strictly residential, is now lighted with gas lamps, and I fail to see any justification for the installation of a large electric lamp as requested.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

STATUS OF PETITION IN LAND COURT RE YOUNG'S HOTEL.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Corporation Counsel relative to your order of June 5, 1939, concerning the status of petitions filed in the Land Court as long ago as September 2, 1936, to enforce the tax titles held by the city on the so-called Young's Hotel property, originally covering taxes for the year 1932 in the sum of \$32,826.37, which were disposed of by the city in tax sale held as long ago as August 28, 1934.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, June 27, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—The following order, passed by the City Council on June 5, 1939, on motion of Councilor Wilson, has been forwarded to me for attention:

"Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to advise the City Council at once concerning the status of petitions filed in the Land Court as long ago as September 2, 1936, to enforce the tax titles held by the city on the so-called Young's Hotel property, originally covering taxes for the year 1932 in the sum of \$32,826.37, which were disposed of by the city in tax sale held as long ago as August 28, 1934."

On December 14 the councilor wrote me inquiring as to the then status of the so-called Young's Hotel property and under date of December 20 I replied, giving the councilor the information which is again requested. There has been no change in the situation since that time. The pertinent portion of said letter is repeated herewith,—

"On checking the records of the Law Department, I find that petitions to enforce the tax titles held by the city on the Young's Hotel property were filed September 2, 1936, and are now pending in the Land Court. The tax titles covered by these petitions are for the year 1932, and amount to \$19,490.87 on 9 Court square and \$13,335.50 on 22 Court street. The sale took place August 28, 1934, and you will notice that the city filed its petitions in the Land Court only a few days over the two-year period thereafter."

"During 1935, and particularly during the years 1937 and 1938, substantial sums of money have been received by the city by way of rental and have been credited to outstanding taxes. Under the present agreement between the city and the owners of the property the city pays \$5,000 a month for rental of these premises for the use of the courts, the city being required under the General Laws to provide quarters for the courts of Suffolk County. All of the amount so paid is at once credited to the taxes in the discretion of the collector. In order to preserve intact the tax liens of the city for 1932 no payments so received have been credited to 1932 taxes but for the years 1933 through 1936 the sums so credited have practically eliminated the amount due the city for those years."

"Under the circumstances the city appears to be as well protected as is possible under the tax deed it holds for 1932 tax sale. The Land Court would not look with favor on an attempt to force foreclosure on any property upon which such substantial amounts are being paid against taxes."

To summarize, with reference to 9 Court square, taxes assessed in the years 1932-1938, inclusive, total \$125,065.17, against which \$79,814 has been paid on account. With reference to 22 Court street, taxes assessed for the years 1932-1938, inclusive, total \$17,312.17, against which has been paid the sum of \$53,560.67.

Under the circumstances, where such substantial payments have been made, the Land Court would certainly not grant any decree of foreclosure. Whenever the situation changes, however, and if payments on account of taxes should cease or be substantially diminished, the Law Department is, of course, prepared to press for a decree of foreclosure.

Very truly yours,
HENRY PARKMAN, JR.,
Corporation Counsel.

Placed on file.

AUTOMOBILES IN FRANKLIN PARK.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to

your order of June 5, 1939, concerning the placing of signs at Franklin Park prohibiting automobiles from entering the park, and thereby eliminating the possibility of accidents and injury to women and small children walking through the park.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, June 12, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—I have a memorandum of June 9, with inclosure, order from the City Council that signs be placed prohibiting automobiles from entering Franklin Park.

Please be assured this matter will be attended to at once.

Very respectfully yours,
WILLIAM P. LONG, Chairman.
Placed on file.

RESURFACING OF WOODWARD PARK AND INGLESIDE STREETS.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of June 5, 1939, concerning the resurfacing of the following streets in Ward 13, under the W. P. A. plan of construction: Woodward Park street, Ingleside street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, June 23, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works resurface the following streets in Ward 13, under the W. P. A. plan of construction: Woodward Park street, Ingleside street.

In regard to the resurfacing of Woodward Park street, please be advised that this street will be submitted on a W. P. A. project for construction some time during the next year. Due to the large number of streets which are on approved projects for construction, it will not be possible to have this street constructed this year.

Regarding Ingleside street, this will advise you that this street is on an approved W. P. A. project for construction this year.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

SIDEWALK ON MAY STREET.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of May 1, 1939, concerning the making of a sidewalk along the right-hand side of May street, from Centre street to Pond street, Ward 19, under the W. P. A. type of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, June 23, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works make a sidewalk along the right-hand side of May street, from Centre to Pond streets, Ward 19, under the W. P. A. type of construction.

A canvass of this street has been made of the abutting owners and there seems to be no particular desire on the part of the abutting owners for the installation of artificial stone sidewalks at this time.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

SIDEWALKS—VARIOUS STREETS, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to

your order of May 22, 1939, concerning the installation of sidewalks on the following streets in Ward 20, under the W. P. A. plan of construction: Linnet street, Oriole street, Vermont street, Bellevue street, March avenue.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, July 6, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works install sidewalks on the following streets in Ward 20, under the W. P. A. plan of construction: Linnet street, Oriole street, Vermont street, Bellevue street, March avenue, Wren street.

A canvass of the above streets, with the exception of Wren street, has been made and there seems to be no particular desire on the part of the abutting owners for the installation of artificial stone sidewalks at this time. Tar sidewalks have been constructed on Wren street except for the portion between Martin and Robin streets, and these sidewalks will be graded in the very near future.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

EXTENSION OF BUS LINE BETWEEN FRANKLIN PARK AND CARSON BEACH.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.
Gentlemen,—I transmit herewith letter from the Boston Elevated Railway President and General Manager relative to your order of June 5, 1939, concerning the extension of the route of the bus line which is operated during the summer months from Franklin Park Station to Carson Beach, so that it will run from the junction of Morton street and Blue Hill avenue to Franklin Park Station and then over the usual route, on a five-cent fare.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Elevated Railway,
June 13, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—Replying to your letter of June 10, the trustees have previously considered requests of the City Council for extension to Morton street of the bus service operated during the summer months between Franklin Park and Carson Beach, but in view of the existing service and the fact that an extension of the bus line would add to the deficit, they do not feel that under present circumstances it can be justified.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

SIDEWALKS ON CHESTNUT AVENUE.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of June 5, 1939, concerning the installation of sidewalks on Chestnut avenue, both sides, from Green street to Forbes street, Ward 19, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, July 5, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works install sidewalks on Chestnut avenue, both sides, from Green street to Forbes street, Ward 19, under the W. P. A. plan of construction.

A canvass of this street has been made and there seems to be no particular desire on the part of the abutting owners for the installation of artificial stone sidewalks at this time.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

SIDEWALKS ON SUMMER STREET, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of June 5, 1939, concerning the installation of sidewalks on both sides of the accepted portion of Summer street, Ward 20, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, July 6, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works install W. P. A. sidewalks on both sides of the accepted portion of Summer street, Ward 20.

A canvass of this street has been made of the abutting owners and there seems to be no particular desire on the part of the abutting owners for the installation of artificial stone sidewalks at this time.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

RESURFACING OF PAUL GORE STREET.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of June 12, 1939, concerning the resurfacing of Paul Gore street, Ward 19, under the W. P. A. plan of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, June 30, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works resurface Paul Gore street, Ward 19, under the W. P. A. plan of construction. I have had an inspection made of this street and find that same is in fairly good condition and in no immediate need of resurfacing at this time.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.
Placed on file.

FENCE ON FRANKLIN FIELD.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.
Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of June 5, 1939, concerning the erection of a fence or some other ornamental decoration on Franklin Field, adjoining the baseball grandstand, in order that the view of the cemetery might be eliminated.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, June 12, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.
Dear Sir,—I have a memorandum of June 9, with inclosure, order from the City Council requesting the erection of a fence or some other ornamental decoration on Franklin Field, in order that the view of the cemetery might be eliminated.

Please be assured a study will be made of this request at the earliest opportunity.

Very respectfully yours,
WILLIAM P. LONG, Chairman.
Placed on file.

ARC LIGHT, BLAKEMORE STREET.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.
Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of May 22, 1939, concerning the

installation of an arc light on Blakemore street, Ward 19, on the railroad bridge.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, June 26, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works install an arc light on Blakemore street, Ward 19, on the railroad bridge.

Please be advised that I will direct that a large electric lamp be installed on the north side of the easterly bridge approach.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

SATURDAYS OFF FOR HOSPITAL CLERKS.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston City Hospital Superintendent relative to your order of June 5, 1939, concerning the inclusion of clerical workers in the order issued permitting a number of Saturday mornings off, during the summer months, for all but necessary skeleton crews.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Hospital Department, June 13, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—In reply to your inquiry of June 10, to which you attached a copy of an order passed in City Council on June 5, 1939, as sponsored by Councilors Wilson and Kelly, in regard to the clerical workers at the Boston City Hospital, would advise that a schedule is being outlined whereby the clerical workers will be given every other Saturday morning off during the summer months.

Because of the number of clinics which can only be covered by a clerk being physically present, we cannot reduce our work to a point where skeleton crews can cover the work, especially in the Out-Patient Department, but we do expect to arrange a schedule whereby these clinics will be kept open and the workers will receive every second Saturday off.

Yours sincerely,
JAMES W. MANARY, M. D.,
Superintendent.

Placed on file.

ELECTRIC FANS IN SUBWAY TRAINS.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Elevated Railway President and General Manager relative to your order of June 12, 1939, concerning the installation of electric fans in the subway trains for use during the summer months to provide added comfort for the passengers, in view of the fact that the same service is being rendered to commuters in other large cities of the country where subway service is in operation.

Respectfully,
MAURICE J. TOBIN, Mayor.

—
Boston Elevated Railway,
June 22, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—Referring to your letter of June 19 with order of the City Council, consideration has been given to previous requests of the Council for installation of electric fans in cars, the last one being in 1937, and applying to both surface and rapid transit cars. The estimated cost at that time for installation of fans in all cars was approximately \$450,000, and the annual maintenance cost was estimated at approximately \$70,000.

The order which you now forward to us applies to installation of fans only in rapid transit trains and the cost of such installations would be in excess of \$125,000. The problem is one of weighing the relative advantages during a short period of the year against the cost involved, and under present conditions we do not feel that the advantages would justify the cost.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

PLAYGROUND AT LAMARTINE AND GREEN STREETS.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of June 12, 1939, concerning the advisability of establishing a playground on the vacant land at the corner of Lamartine and Green streets, Ward 19.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, June 21, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—I have a memorandum from your office with inclosure, order from the City Council that the Park Commission be requested to consider the advisability of establishing a playground on the vacant land at the corner of Lamartine and Green streets, Ward 19.

This suggestion has been brought up in this department a number of times, both by the former councilor of the district and Councilor Langan. Councilor Langan has also spoken to me about it personally.

The land in question is on the old Brewer estate, and is not large enough except for a neighborhood playground. If the financial condition of the city were such that we could purchase this land, I would be very glad to recommend it for a neighborhood playground for the use of mothers and children only. But under our present financial conditions, I regret exceedingly I consider it very inadvisable to purchase any land for playground purposes.

Respectfully yours,
WILLIAM P. LONG, Chairman.

Placed on file.

RESURFACING ASHLAND STREET.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of June 5, 1939, concerning the resurfacing with smooth paving Ashland street, Ward 3, under the W. P. A. type of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, June 16, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works resurface with smooth paving Ashland street, Ward 3, under the W. P. A. type of construction.

I find, upon investigation, that this street is in good condition and in no immediate need of reconstruction.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Office of the Mayor, July 7, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Traffic Commissioner relative to your order of June 5, 1939, concerning the installation of traffic lights on Centre street, in front of the Faulkner Hospital, and on Centre street, at Louder's lane, Ward 19.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Boston Traffic Commission,
June 14, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated June 5, 1939, which reads as follows:

"Ordered, That the Traffic Commission, through his Honor the Mayor, be requested to install traffic lights on the following locations in Ward 19: On Centre street, in front of the Faulkner Hospital; on Centre street, at Louder's lane."

I regret to state that there are no funds available at the present time for the installation of these traffic lights.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

PLAYGROUND, BOWDOIN SCHOOL YARD.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston School Committee Secretary relative to your order of June 5, 1939, concerning the keeping open of the yard of the Bowdoin School on Myrtle street after school hours and during the summer vacation period as a playground for the young children of the district.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
School Committee, June 15, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—At a meeting of the City Council on June 5, 1939, the following order was passed:

"Ordered, That the School Committee be requested, through his Honor the Mayor, to consider the advisability of keeping the yard of the Bowdoin School on Myrtle street open after school hours and during the summer vacation period as a playground for the young children of the district."

The School Committee respectfully reports that the play space on Myrtle street, opposite the Bowdoin School building, is open on week days up to five o'clock p. m., and it is planned to continue this arrangement for the summer vacation period. The five o'clock closing hour was agreed upon to meet the wishes of the people living in the immediate vicinity.

In order to afford the small children of the neighborhood protection with full opportunity for play, the School Committee now is planning to have a small entrance, three feet in height, cut into the fence so that these small children may enter and leave the playground after the gates are closed. It is felt that limiting the height to three feet will exclude the older children of the neighborhood who have constituted a considerable annoyance in that section.

Respectfully yours,
ELLEN M. CRONIN, Secretary.

Placed on file.

AMERICAN LEGION HIGHWAY GRASS PLOT.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of May 15, 1939, concerning men regularly being assigned to keep the grass plot in the center of the American Legion Highway in perfect condition in order to prevent the growth of ragweed which is detrimental to the health and particularly to those persons who are subject to hay fever and asthma and also in view of its close proximity to the State Institution.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, June 9, 1939.
Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works have men regularly assigned to keep the grass plot in the center of the American Legion Highway in perfect condition in order to prevent the growth of ragweed which is detrimental to the health and particularly to those persons who are subject to hay fever and asthma and also in view of its close proximity to the State Institution.

Please be advised that this department has men regularly assigned to this location to keep the grass cut and in good condition.

Respectfully,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

PROPERTY OF EASTERN MASSACHUSETTS STREET RAILWAY IN BOSTON.

The following was received:

City of Boston,
Office of the Mayor, July 7, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Principal Assessor of the Board of Assessors relative to your order of June 12, 1939, concerning the amount of personal property and real estate held and owned by the Eastern Massachusetts Railroad in Boston.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Assessing Department, June 22, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—Replying to the City Council order passed June 12, 1939, relative to the amount of personal property and real estate held and owned by the Eastern Massachusetts Railroad in Boston, the following is the information requested:

YEAR.	Owner and Location.	Total Valuation.	Area, Square Feet.	Valuation Land.	Valuation Building.	Per Square Foot.
1936	Eastern Massachusetts Street Railway Company; Blackstone street, easterly corner Cross street, south-westerly corner Endicott street.	\$43,500	2,563	\$43,500		\$17 00
	175-183 Blackstone street,	125,000	4,348	73,900	\$51,100	
1937	175-183 Blackstone street, easterly corner Cross street and southwesterly corner Endicott street.	252,000	6,911	152,000	100,000	22 00
1938	175-183 Blackstone street, easterly corner Cross street and southwesterly corner Endicott street.	279,000	7,022	154,000	125,000	22 00

Yours very truly,

BOARD OF ASSESSORS.
By JOHN C. L. DOWLING,
Principal Assessor,
In Charge of Administration.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

American Electric Supply Company, for compensation for damage to property at 1032 and 1034 Tremont street, caused by stoppage in sewer.

Wilbert D. Appleton, for compensation for damage to car by city truck.

Back Bay Chevrolet, Inc., for refund on second-hand motor vehicles license.

Nathan Burokoff, for compensation for damage to car by city truck.

Carlo Cataldo, for refund on pedler's license.

Roslyn G. Cohen, for compensation for injuries caused by an alleged defect in Solomon Lewenberg School.

Mario DeChellis, for compensation for loss of sweater while a patient at City Hospital.

Joseph DeLeo, for compensation for damage to property by city car.

Lena DiBlasi, for compensation for damage to property at 9 Norman street, caused by blocking of sewer.

Rita E. Drady, for compensation for injuries caused by an alleged defect in Edgerly road.

Wilfred and Margaret M. Green, for compensation for injuries caused by an alleged defect in Playstead road.

Huckins Company, Inc., for compensation for damage to car caused by defective man-hole cover on Commercial street.

Margaret M. Keane, for compensation for damage to property at 147 Elmer road, caused by water in cellar.

Massachusetts Wharf Coal Company, for compensation for damage to truck by city truck.

Anne W. McCormack, for compensation for injuries caused by an alleged defect at 605 Broadway.

Daniel L. O'Meara, Jr., for refund on used car license.

Josephine O'Neil, for compensation for collapse of water boiler caused by water hydrant being struck.

Delia A. Sullivan, to be reimbursed for collapse of water boiler at 65 Bigelow street.

Superior Petroleum Products Company, for compensation for damage to light post caused by city truck.

Mrs. J. Yuchnewich, for compensation for collapse of water boiler at 64 Weyboset street.

Otto E. Zaugg, for compensation for damage to car caused by explosion of manhole.

Committee on Ordinances.

A petition was received from Karas & Karas Glass Company for driveway opening at 455 Dorchester avenue.

A petition was received from Z. D'Aloia for driveway opening at Eastern avenue.

Executive.

Petition of Gertrude G. Welch, to be paid an annuity on account of the death of William T. Welch, late member of the Police Department.

CONSTABLE'S BOND.

The constable's bond of Samuel Goldkrand having been duly approved by the City Treasurer was received and approved.

REPORT ON ATLANTIC AVENUE STRUCTURE OF BOSTON ELEVATED RAILWAY COMPANY.

The third and fourth reports of the Boston Finance Commission were received, viz.:

City of Boston,

Finance Commission, June 27, 1939.

Hon. Maurice J. Tobin,

Mayor of Boston.

Honorable Sir,—The Finance Commission respectfully suggests to your Honor that it seems the time has come to take the people into your confidence in regard to the pending negotiations with the directors of the Boston Elevated Railway Company over the matter of the Atlantic avenue elevated structure.

Are the directors of the Boston Elevated—the guardians of the interests of the common stockholders—trying to compel the City of Boston to pay a gratuity in any form for the right to take down the elevated structure on Atlantic avenue?

Or is the unofficial spokesman for the Railway Company correct when he publicly tries to give impression that the idea that Boston is now being asked to pay the Elevated anything is a myth invented by the Finance Commission?

City officials privately have informed representatives of the Finance Commission that the attitude of the Elevated directors in the negotiations is that they must be paid, if the structure is demolished. First, it was payment in one form and now it is payment in another form; but according to official advices privately given, it is payment nevertheless.

The only legislation bearing on the subject now awaiting action is a bill introduced by the Corporation Counsel to authorize payment. It was since these negotiations with the directors began that the Corporation Counsel inserted in this bill the figure of \$100,000 as the price to be paid.

In the last week the talk of paying a flat sum, as the Corporation Counsel's bill directed, has abated. Whether the recent action of the Finance Commission has had anything to do with it or not is immaterial. Present information is that the gratuity now talked of is an agreement to be effective at the expiration of the present lease of the Washington Street Subway. According to this agreement, the rental of the Washington Street Subway will be cut approximately in half and for that gratuity the city may take down the elevated structure on Atlantic avenue.

The Finance Commission authorized its secretary to obtain information from the Corporation Counsel as to the basis of the pending negotiations. The commission reluctantly accepted a memorandum from the Corporation Counsel instead of a personal appearance to explain the situation.

However, the commission has the memorandum and in it the Corporation Counsel argued that the city is forced either to bargain with the directors or to take by eminent domain and pay as a jury awards. The Corporation Counsel argued that the police power of the Commonwealth to order the structure down as a menace does not apply.

The Finance Commission disagrees with this interpretation of the situation. The commission has already quoted the opinion of Attorney-General Attwill to the effect that the Legislature has the right to order the Elevated Trustees to take down the structure since its use has been discontinued by the Public Trustees, and it stands a menace to public convenience in a public way. Under the 1918 act which gave public control, the directors or stockholders have been superseded by the Public Trustees and the decision of the Public Trustees to discontinue does not need the approbation of the directors.

The commission now offers a more clinching opinion. It happens to have been rendered by the Supreme Court of Massachusetts and record of it may be found in 261 Mass. at pages 541, 552 and 553. The following citations of the Supreme Judicial Court of Massachusetts show the construction placed upon control of said company by the trustees; also the police power of the Commonwealth with respect to the Elevated.

Opinion of Justices of Supreme Judicial Court, 261 Mass. 523:

Provision was made by said c. 159 (of 1918) for the public operation through a board of trustees, appointed by the Governor, of the Boston Elevated Railway Company for a period of ten years and thereafter until such time as the Commonwealth shall elect to discontinue public management. That statute was in substance and effect a lease of the property of the railway company to the Commonwealth upon the terms therein specified. (Page 541.)

When the Legislature makes contracts of that nature, they are binding upon the Commonwealth, and cannot by act of the Legislature alone be revoked or amended. (Page 552.)

By way of precaution it may be added, that neither the contract nor the due process clauses of the Constitution of the United States, nor any provisions of the Constitution of this Commonwealth, prevent or narrow the exercise of the police power. They do not have the effect of overriding the power of the State to establish all regulations that are reasonably necessary to secure the health, safety, good order, comfort, or general welfare of the community; this power can neither be abdicated nor bargained away, and is inalienable even by express grant. And all contract and property rights are held subject to its fair exercise." (Page 553.)

In view of this opinion the commission desires to point out that no gratuity is necessary from the City of Boston for the demolition of the Atlantic avenue structure; also to question the legality and expediency of any agreement made now by the City of Boston that will bind some future government in the matter of the rental to be paid by the Boston Elevated Railway Company for the Washington Street Tunnel.

The present lease of the Washington Street Tunnel has many years to run, and the terms of a new lease should be left to the government in office at the time of expiration of the present one.

By the terms of the agreement now the subject of negotiations, according to official report privately given, the city would lower the rental of the Washington Street Tunnel by approximately \$150,000 per year in return for the unnecessary approbation of the directors of the Boston Elevated Railway Company to the demolition of the Atlantic avenue structure. This is an even greater gratuity to the Boston Elevated Railway Company than the flat sum payment of \$100,000 originally suggested by the Corporation Counsel.

The Finance Commission respectfully urges your Honor to make a public statement of the present state of the negotiations.

Respectfully submitted,

DAVID LASKER, Chairman,
ROBERT ROBINSON,
JAMES E. MAGUIRE,
JOSEPH A. SCOLPONETTI,
JAMES H. FLANAGAN,

The Finance Commission.

Placed on file.

City of Boston,

Finance Commission, June 29, 1939.

Hon. Maurice J. Tobin,

Mayor of Boston.

Honorable Sir,—The Finance Commission desires to express the hope that you will not be influenced by the personally abusive note which the Corporation Counsel has injected

into the public discussion by the Finance Commission of the situation in regard to the Atlantic avenue elevated structure.

This is a matter of the greatest interest to the taxpayers of Boston. It is also of great interest to the taxpayers of the fourteen cities and towns in the Metropolitan Transit District who are now compelled to contribute approximately \$3,000,000 per year so that the stockholders of the Boston Elevated Railway Company may be paid a 5 per cent dividend on stock in a company which cannot meet its running expenses.

It, therefore, is the business of the Finance Commission to watch and discuss anything and everything that relates to the affairs of this company as well as to the City of Boston.

Undoubtedly, you are more familiar with the charter of the City of Boston than is your Corporation Counsel and you know that these Atlantic avenue elevated negotiations are the business of the Finance Commission. According to one plan suggested, \$100,000 of the taxpayers' money would be paid unnecessarily and unjustifiably to the Boston Elevated Railway Company. According to another plan proposed, the taxpayers would be penalized a sum in excess of \$150,000 per year unnecessarily and unjustifiably.

The Finance Commission challenges denial of a fact stated by the Finance Commission in its reports in regard to the Atlantic avenue elevated structure. It also challenges the Corporation Counsel's interpretation of the legal situation in respect to the structure.

Announcement is now made that the Corporation Counsel will ask the Ways and Means Committee of the Legislature to obtain an opinion from the Attorney-General as to whether or not the Legislature can compel the Boston Elevated Railway Company to demolish the Atlantic avenue elevated structure. This seems a foolish waste of effort, since the Corporation Counsel has already rejected the opinion of Attorney-General Attwill who—the Finance Commission has found—was recognized as more expert in the affairs of the Boston Elevated Railway Company than any other man.

Going beyond even the Attwill opinion, the Finance Commission cited an opinion by the Supreme Judicial Court on the subject. This, in effect, holds that in the exercise of its police power the Legislature can order the Atlantic avenue elevated structure demolished. In the face of this opinion, it is unreasonable of the Corporation Counsel to be so fearful of the result of any suit that the stockholders of the Boston Elevated Railway Company may bring.

The commission expresses the hope that you will continue to hold out against any plan proposed by either the Corporation Counsel or the Boston Elevated Railway Company directors whereby any "gratuity" is given the company for the demolition of the Atlantic avenue structure. The city, through its contributions to the company's treasury alone, has paid for the structure over and over.

Respectfully submitted,

DAVID LASKER, Chairman,
ROBERT ROBINSON,
JAMES E. MAGUIRE,
JOSEPH A. SCOLPNETT,
JAMES H. FLANAGAN,

The Finance Commission

Placed on file.

REPORT ON NEW SUFFOLK COUNTY COURT HOUSE.

The following was received:

City of Boston,

Finance Commission, July 7, 1939.

To the Honorable the Mayor and City Council.
Some weeks ago the City Council adopted an order requesting the Finance Commission "to investigate the expenditures of the Court House Commission in the erection of the new Court House building." No suggestion or recommendation was made in the order, or in the talk in the Council which preceded the adoption of the order, of any particular feature of expenditure that needed investigation. No charge of irregularity of any kind was made.

There was, however, a lot of loose talk indulged in about the construction and the furnishings of the building at committee meetings and sometimes in Council sessions.

Several councilors seemed to have an idea that the county did not obtain finally all that was intended in the appropriation of the money for the project. Some thought an appropriation was made for an eighteen-story building and there seemed to be only a sixteen-story building in Pemberton square. Some thought there were too many clocks; provided and some of them should figure in a trade to obtain electric fans. Others

thought there were too many lavatories; there were too many lights; the ventilation was poor, and so on and so forth.

Before requesting the Finance Commission to investigate, the Council had interviewed the Sheriff. The Sheriff had nothing to do with the construction of the building. He merely told of the difficulties he expected to encounter in the maintenance of the building, and the need for extra money to supply some furnishings for the many county officials quartered in the new structure. It appears that there was nothing that the Sheriff said of any difficulty in getting this building under way for public service that might not have been expected in any new building.

The Council Committee had interviewed a representative of the Law Department, but it was regarding the Finance Commission's right to investigate the Court House Commission. The committee also questioned a representative of the Finance Commission.

It appeared so plainly that the questioners were uninformed in regard to the work at the Court House that the suggestion was made that the Council interview the body which had responsibility and control—the Court House Commission. The chairman of that commission had stated to a representative of the Finance Commission that he was ready and willing to appear before the members of the Council at any time and to give them complete information.

Neither the Court House Commission nor the chairman was called before the Council. It appears, therefore, that some of the members of the Council desired merely to end the talk started by a few by the now familiar "request the Finance Commission to investigate."

The Finance Commission has inspected the building very carefully; has interviewed members of the Court House Commission; has consulted some others who are familiar with construction problems; and has interviewed many familiar with requirements in a court house and with the appointments of this one in particular.

The Finance Commission interviewed the Sheriff. He stated emphatically that he has no criticism whatever to make of the building. The commission invited members of the Council to appear and voice criticism. One, the sponsor of the Council order to investigate, responded. He stated he filed the order because of talk made before his committee and he merely was seeking information from an authoritative body. The Finance Commission finds no fault with his part in the matter.

Finance Commission's Opinion of the Finished Product.

As a result of its own inspection and the information obtained, the Finance Commission believes the county has obtained a building of which the taxpayers can be proud; structurally, it is doubtful that anything finer could be obtained for the amount of money spent upon it. In the layout and the furnishing of the courtrooms and offices, the Court House Commission used good taste; had an eye to future needs; and exercised great care in the expenditure of funds.

Every contract let by the commission was advertised, and award was made to the lowest bidder, except in one case. That was in making the physical connection between the old and the new building, which cost approximately \$25,000. The job was given to the general contractor for the whole building on a carefully checked estimate without advertising.

The Finance Commission believes the Court House Commission acted wisely in thus taking care of that part of their job. To advertise would have meant taking the chance of difficulties which might arise if rival contractors were at work at the same time in the same building. The general contractor had the advantage over others of having his plant, equipment and men, already on the job and was more familiar with the work than any other might be expected to be.

The Court House Commission and Its Work.

The Finance Commission offers a word about the make-up of the Court House Commission, the short space of time it had in which to get under way, and the precautions taken to ensure a good job.

The Legislature authorized the creation of a commission of three members, giving the right of appointment to the Governor, the Mayor and the Chief Justice of the Supreme Court. Under this authority a commission came into being which was ideally fitted for the job. Mayor Mansfield appointed A. Emmet Logue, a builder on a large scale for thirty years, and he became chairman. Governor Curley appointed Joseph A. Rourke, a construction engineer who had served the city well and faithfully in many capacities and finally as Public Works Commissioner. The Chief Justice of the Supreme Court appointed James A. Bailey, a lawyer of eminence, who

has been connected for a great many years with the Boston Bar Association in executive capacity, and also served many years as chairman of the Metropolitan District Commission. To the members of this commission was given carte blanche to provide additional court house facilities at a cost not to exceed \$5,000,000. They were authorized to solve the problem before them in any way they decided to be best—by taking a new site and building thereon; or by razing the old court house and building anew on that site; or by adding to the old structure.

The commission had only a matter of a very short time (a number of days, not weeks or months) within which to select plans and prepare a sketch for presentation before the P. W. A. authorities in Washington as the basis for a substantial grant of funds to help meet the cost.

Naturally, the commission first made a division of the \$5,000,000 appropriation in accordance with its best judgment of what would be required to produce a completed and equipped building. It made apportionments for construction, for equipment and furnishings, for limited renovation of the old building, for temporary quarters for some court activities, for administration, etc. Because of the short time available to the commission to prepare the project for Federal approval and the lack of data, the commission was forced practically to make a quick guess of the amount that should be allotted for each unit of the whole job.

After hastily looking over possibilities, the commission decided to save the expense of land-taking, and to put the largest possible share of the funds available into the proposed building by razing a portion of the old structure and erecting an addition on the thus cleared site.

Two architectural firms had already prepared plans and sketches for an earlier commission. The plans of both were studied. One plan was rejected because it was believed the available funds were not sufficient to meet the construction cost. The other firms had two plans. One called for an eighteen-story structure, the other for a sixteen-story structure. It was decided to accept these tentatively.

Because there was doubt whether or not the amount available would permit construction of the eighteen-story plan, the commission advertised for bids for, first, the eighteen-story plan and then, as an alternative, for the sixteen-story plan.

It happened that only the prices bid for the sixteen-story plan came within the amount allotted for new construction. Therefore, the lowest bid on this plan was accepted and award made accordingly.

It may be seen, therefore, that the commission did not obtain funds or contract, as some councilors thought, to build an eighteen-story structure and produced instead a sixteen-story structure.

The commission was not called to organize until November 6, 1935. The project was completed in form for presentation to the Government for approval, and application made, on December 12, 1935.

For the proper supervision of the actual construction, the Court House Commission organized a staff of inspectors of a quality rarely found on one building. The Chief Clerk of the Works, C. A. Foster, is a graduate of Norwich University (Engineering School); was construction engineer for fourteen years with Coolidge, Shepley, Bulfinch & Abbott; and had been an examining engineer for the P. W. A. The Assistant Chief Clerk of Works, William Harris, is a graduate of Brown Engineering School, Massachusetts Institute of Technology, with many years experience as a heating and ventilating and electrical engineer. Another Assistant Clerk of the Works, detailed as masonry inspector, Charles Cleveland, is a practical bricklayer with fifteen years' experience with some of the largest building concerns. Another Assistant Clerk of the Works, Gustave Hagan, is a graduate of Massachusetts Institute of Technology, and has been connected as civil engineer with Coolidge, Shepley, Bulfinch & Abbott, also as a P. W. A. inspector and in private practice.

In addition to the above staff of commission inspectors and supervisors, the P. W. A. kept a staff on the job, consisting of C. W. Hull as chief, an architect in active practice for forty years, principally with Parker Thomas & Rice; Harry Swan, assistant to Hull, inspector of mechanical equipment and formerly connected for a long period with Denmore, LeClear & Robbins, architects and engineers; and Philip Craighead, assistant to Hull, who has done extensive work as a P. W. A. inspection engineer.

With these two staffs of supervisors, it would seem that the actual oversight of construction was in expert hands.

How the Cost was Shared.

The Federal P. W. A. grant for the project amounted to \$2,151,000. The City of Boston contributed \$1,994,300. The Commonwealth of Massachusetts contributed \$854,700. This made up the total of \$5,000,000 appropriated.

How the Money was Actually Used.

For administration expenses, the cost to June 1, 1939, has been \$195,299.81. To this will be added \$14,532.32, the commission's own estimate of administration expenses from June 1 to December 1, 1939, and \$1,850 for supplies, telephone, blue prints, etc., making a total of \$211,682.13. Of this total, \$10,000 will have been spent for rental of Young's Hotel. The expense of moving the Municipal Court will take an extra \$10,000. Since the original estimate for administration expenses was \$220,000, the commission will undoubtedly have kept within that figure.

The other expenditures of the commission as figured to June 1, with estimate added of what is yet to be paid out by present commitments, are as follows:

Advertising.....	\$931 70
Furnishing and filing bonds.....	463 50
Demolition	87,568 79
Substructure	244,502 90
Elevators—old building.....	91,452 20
Superstructure	3,687,000 00
Extras*	78,209 13
Metal furniture.....	63,360 60
Extras	3,803 58
Wood furniture.....	87,089 00
Extras	11,985 85
Chairs and couches.....	33,269 15
Extras	635 95
Kitchen equipment.....	2,832 00
Venetian blinds.....	4,148 00
Extras	46 64
Carpets and drapes.....	3,294 72
Toilet accessories.....	1,786 00
Engineering	330,184 38
Legal and administrative.....	372 68
	\$4,732,936 77

*Extras: \$25,000 used for connection with old building.

The above figures account for \$4,732,936.77 of the appropriation, leaving a balance of \$47,063.23. This sum in large part will be used for alterations of the third floor of the old Court House to improve and renovate quarters for the Municipal Court. Another part will be used for furnishings for the Social Law Library in new quarters in the new building.

Comment on Particular Features.

There are four features of the Court House building which have caused some little comment. The first is the failure of the Municipal Court promptly to occupy the quarters provided for the Municipal Court in the new building. The second is the layout and equipment of the floor occupied by the judges of the Superior Court. The third is the layout and furnishings of the Supreme Judicial Court and the fourth is the facilities provided for the Social Law Library. The Finance Commission will make comment as a result of its investigation on these four features:

1. Municipal Court.

The quarters occupied by the Municipal Court in the old building happened to be located in the portion which was razed to make way for the new unit. Therefore, it was necessary temporarily to set up the Municipal Court in outside quarters. These were found at the old Young's Hotel building. A lease was executed between the city and the owners by which the rental rate of the hotel would be \$5,000 per month and it was stipulated that, inasmuch as a sum running into hundreds of thousands of dollars was due in taxes on the property, the monthly rental would be charged off against the taxes due.

In so far as the Municipal Court is concerned, the Court House Commission could only find room in the new building for the criminal side. Suitable courtrooms have been provided and furnished. Suitable offices for the clerical work of the court have also been provided and furnished.

It was ready for occupancy in December, 1938. The former Chief Justice of the Municipal Court, Wilfred Bolster, refused to move any part of his court from the temporary quarters in Young's Hotel to the new Court House until ample quarters were provided for the whole court. Space in the old building has been allotted to the civil side of the court, but it is not yet ready for occupancy. A contract has been let for the necessary renovation. The present Chief Justice of the Municipal Court, F. Delano Putnam, has taken the same stand formerly taken by his predecessor, in that he is opposed to moving any part of the court until the whole court is ready.

The Sheriff has stated to the Finance Commission that if the criminal side of the court could be taken out of Young's Hotel and placed in the quarters provided for it and ready for occupancy in the new Court House, the services of eleven or twelve temporary employees would not be needed longer. No saving in rental would be obtained by the city. It appears to the Finance Commission that because of the inadequacy and inefficiency of the temporary offices of the court in Young's Hotel, it would be best to move the criminal side of the court into the new building at the earliest opportunity.

2. Superior Court.

The personal quarters provided for the judges of the Superior Court and the quarters provided for work of the court not performed in the main courtrooms has occasioned some comment. The judges have been provided with a library and a lounge room. The Court House Commission installed on the floor of each room a high grade linoleum cork floor which was intended by the commission to be the finished floor and to require nothing in the way of adornment except possibly a few scatter rugs. In the library were provided numerous tables at which judges might sit in conferences with attorneys having matters before them and to look up the law.

Since the building was turned over to the Sheriff, two large rugs have been purchased and one laid on the floor of each room. It is not an item of any great consequence, though it has occasioned some discussion.

The lounge room has been furnished with four over-stuffed leather club chairs and two davenports as well as with the ordinary type of high-grade office furniture. It is intended to be the relaxation room of the judges of the court and will undoubtedly be used to a considerable extent for conferences. The Finance Commission is not inclined to make any criticism beyond the statement already made about the rug.

The responsibility of the men who sit in this court is very great. There are restrictions upon their ordinary intercourse with their fellowmen which are not imposed on other public officials. They, therefore, are entitled to comfort and convenience for the conduct of their various offices. Whatever the Court House Commission may have overlooked in regard to their comfort and convenience, the Sheriff has supplied.

3. The Supreme Judicial Court.

The quarters provided for the Supreme Judicial Court are ample and by some might be considered palatial. How nearly palatial quarters provided for the Supreme Court of the Commonwealth should be is a matter of opinion on which there will be no unanimity. For instance, the Federal Government built at Washington an \$8,000,000 Supreme Court building. There are those who believe it was an unconscionable extravagance. On the other hand, there are many who believe that because of the importance in our system of Government of the Supreme Court, it is entitled to the best that the human mind can invent.

Only to a slightly less degree, the situation is similar here in Massachusetts. The Supreme Court has been provided with every comfort and convenience for the transaction of its business in the new Court House building. As in the case of the Superior Court, the Sheriff helped the Court House Commission a little in the provision.

4. Social Law Library.

There has been comment because certain county departments like the Registry of Deeds and the Probate Court were left in the old building, yet the Social Law Library (often referred to as a private organization) was given quarters in the new building. In every other county in the state the law requires the county to maintain a law library at county expense. In the County of Suffolk the Social Law Library was incorporated and authorized to serve the purposes for which the county supported library served in other counties. The City of Boston makes an annual grant of \$1,000 towards its expenses and quarters are provided for the library in the Court House. It was written into the authorizing statute that the justices of the courts and the members of some other official bodies were entitled to full privileges of use.

Lawyers in private practice who desire to make use of it must become members and pay, after a specified number of years in practice, a maximum of \$20 per year. These dues are used in part to purchase law books. The collection of law books in this library is invaluable. Not only is a large part of the library in constant use by members of the Supreme Court and the Superior Court, but it is indispensable to them.

Whether or not the County of Suffolk can legally appropriate money and provide quarters for a private law library association may be

a question to be determined by a consideration of Art. 62, section 1, Constitutional Amendments.

The criticisms made of too many clocks, and in regard to the lights, and the few other criticisms suggested in the City Council appear to the Finance Commission to be picaresque. In any project of this magnitude it would be unusual if there were not some who would pick flaws. If a clock here and there too many has been provided, it has not added greatly to the cost. The criticism of the lighting facilities seems to be based more on the little extra effort needed to reach the lights when replacement is necessary. Lavatory facilities are in keeping with the rest of the building and the expectancy of use.

On the whole, the Finance Commission believes that the members of the Court House Commission have rendered an excellent public service and are entitled to the gratitude of the public.

Respectfully submitted,
DAVID LASKER, Chairman,
ROBERT ROBINSON,
JAMES E. MACGUIRE,
JOSEPH A. SCOLPONETTI,
JAMES H. FLANAGAN,
The Finance Commission.

INTEREST IN CONTRACT.

Notice was received from Henry J. Smith of his interest in contract with the city.

SHARP SCHOOL.

Communication was received from the School Committee rescinding request for lease of Sharp School.

Placed on file.

REPORT OF CORPORATION COUNSEL ON ATLANTIC AVENUE ELEVATED STRUCTURE.

The following was received:

City of Boston,
Law Department, July 7, 1939.
To the Honorable the City Council.
Gentlemen,—I have before me an order of your Honorable Body passed June 5, 1939, reading as follows:

"Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to promptly advise the City Council with reference to the legal rights, if any, of the City of Boston, through the Building Commissioner or otherwise, to condemn and assure demolition of the Atlantic avenue elevated structure."

I have carefully considered all the pertinent provisions of law with reference to the Atlantic avenue elevated structure, including the powers of the Building Commissioner and other public authorities, the rights of the Boston Elevated Railway Company as conferred by the various statutes relating to it, the powers and duties of the Public Trustees as set forth in the several statutes relating thereto, and also all pertinent facts in connection with discontinuance of passenger service upon the said structure. On the basis of the law and the facts, I have to advise you that in my considered opinion, in the absence of special legislation, the City of Boston is without power "to condemn and assure demolition of the Atlantic avenue elevated structure." Furthermore, any special legislation designed to accomplish the removal of the structure without the consent of the company must take into account the payment of compensation as in the case of any taking by eminent domain.

I wish further at this time to reply to another order of your Honorable Body passed June 12, 1939, asking me to urge the Legislature to pass a substitute bill, which accompanied the order, providing in substance for the removal without compensation by the Department of Public Works of the Atlantic avenue elevated structure. The order is as follows:

"Resolved, That the Corporation Counsel for the City of Boston, through his Honor the Mayor, be ordered to substitute the bill for the removal of Atlantic avenue structures in the City of Boston, accompanying this resolve, for House Bill 1116 of 1939, heretofore filed by the Corporation Counsel in the General Court, and now pending before the House Committee on Ways and Means, and relating to purchase of Atlantic avenue structures."

"And that the Corporation Counsel be ordered to press allowance of the substituted bill before Joint Rules Committee of the General Court; and to press enactment of the substituted bill before all committees and the Senate and House of Representatives of the General Court."

For some weeks the matter of legislation to accomplish the removal of the Boston Elevated

structure on Atlantic avenue has been under consideration by the House Committee of the Legislature on Ways and Means. At the suggestion of the committee I have, during this period, been endeavoring to ascertain the position of the directors and counsel of the Boston Elevated Railway Company in an effort to produce a bill which would satisfy the committee, protect the interests of the city, and have some chance of being accepted by the directors and stockholders of the Boston Elevated Railway Company.

In general terms the contention of the city is, and has been, that the elevated structure in Atlantic avenue has no value except a junk value since the discontinuance of the operation of the trains and I have stated this point of view in public hearing before the Committee on Ways and Means.

The contention of the Elevated is that the elevated structure in Atlantic avenue is a valuable asset of the company representing a capital investment of several millions of dollars, that it belongs to the company as a corporation, that the discontinuance of the operation of trains over it by the Public Trustees for the time being is not an abandonment by the company, and that the structure is of very considerable value as an alternative route to the Washington Street Tunnel.

It is not a matter of controversy that the Legislature by appropriate proceedings can seize the structure and authorize or order its removal, but both the Constitution of the United States and the Constitution of Massachusetts guarantee compensation to the owner of property so taken. In the event of a taking the amount of the compensation would be determined by court action and undoubtedly would be charged to the City of Boston as the unit of government most benefited.

It would be extremely simple to agree to or advocate such a bill as that proposed by your Honorable Body, authorizing removal of the structure without compensation and thereby satisfy those who apparently have not given full weight to the legal questions involved. It must be remembered, however, that the company would have its day in court, and I think it very probable that the company would welcome such a bill, as it would furnish them the best possible opportunity to obtain the largest amount of payment from the city.

Accordingly, I conceive it to be my duty to obtain the best solution of the matter from the standpoint of the city and the taxpayers, and for that reason it does not seem to me advisable to incur the risk of very large damages being assessed on the city if it is possible by compromise or agreement to secure with the least possible burden upon the taxpayers and with no immediate outlay of money the removal of the elevated structure.

In the last analysis it must be remembered that the matter is to be acted upon by the Committee on Ways and Means and finally settled by the Legislature and that while the course I have so far pursued is according to my best judgment, the opportunity is still open to present objections to the committee and to the Legislature.

Very truly yours,
HENRY PARKMAN, JR.,
Corporation Counsel.

Placed on file.

RENEWAL OF TAX TITLE LOAN.

Notice was received of the renewal of the approval by the Emergency State Finance Board of \$2,000,000 tax title loan.

Placed on file.

CONFIRMATION OF APPOINTMENTS.

President MURRAY called up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointment submitted by the Mayor June 26, 1939, of Charles G. Reddish, to be a Constable with authority to serve civil process upon filing bond.

2. Action on appointments submitted by the Mayor June 26, 1939, of Joseph Shields and Otto G. Garland, to be Weighers of Goods; and Richard H. Baxter, to be a Weigher of Coal.

The question came on confirmation. Committee, Coun. Rosenberg and Irwin. Whole number ballots 14, yeas 10, nays 4, and the appointments were confirmed.

LOAN ORDERS AND SALE OF LAND, TUFTS AND MEDFORD STREETS.

The Chair called up, under unfinished business, Nos. 3, 4 and 5 on the calendar, viz.:

3. Ordered, That under the provisions of chapter 72 of the Acts of 1939 the sum of \$3,275,000 be, and hereby is, appropriated for Public Welfare, Soldiers' Benefits and Federal Emergency Unemployment Relief

Projects, to be used for meeting appropriations heretofore made, and that the City Treasurer be authorized to issue, from time to time, upon request of the Mayor, bonds or certificates of indebtedness of the city to said amount, the same to be issued outside the debt limit.

On June 26, 1939, the foregoing order was read once and passed, yeas 17, nays 0.

4. Ordered, That under the provisions of chapter 72 of the Acts of 1939 a loan in the sum of \$180,000, outside the debt limit, be, and hereby is, authorized, and that the City Treasurer, upon request of the Mayor, be authorized to issue bonds or notes therefor, and that the said sum of \$180,000 be, and hereby is, appropriated, to be expended in accordance with the provisions of chapter 72 of the Acts of 1939 for the following purpose:

5. Whereas, The City of Charlestown in the year 1870 did purchase in fee for the purposes of its water works certain contiguous parcels of land situate on Tufts and Medford streets in said City of Charlestown. The said parcels of land hereinafter described were acquired by the said City of Charlestown by three deeds; the first of said deeds is dated June 4, 1870, and recorded with Middlesex Deeds, Book 1101, page 584; the second of said deeds is dated June 5, 1870, and recorded with Middlesex Deeds, Book 1101, page 341; and the third of said deeds is dated June 6, 1870, and recorded with Middlesex Deeds, Book 1101, page 343; and

Whereas, By the provisions of chapter 286 of the Acts of 1873, the City of Charlestown was annexed to and became a part of the City of Boston on the first Monday of January, 1874, and the premises hereinafter referred to and hereinafter described thereby became the property of the City of Boston; and

Whereas, The said premises are no longer needed for public purposes; and

Whereas, The Boston Housing Authority is desirous of acquiring the said premises for its Charlestown housing project; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to sell at a minimum price of nine thousand two hundred (\$9,200) dollars to the Boston Housing Authority the above mentioned and hereinafter described land with the buildings thereon, together with all appurtenances pertaining thereto and to execute and deliver a deed thereof in form satisfactory to the Law Department of the City of Boston. The above mentioned land is bounded and described as follows:

Beginning at a point on the southerly side line of Medford street at its intersection with the westerly line of Tufts street; thence running westerly on the southerly side line of Medford street, seventy-six and 64-100 (76.64) feet; thence turning and running southerly by land now or formerly of Palmer & Parker Company by two measurements, fifty-eight and 68-100 (58.68) feet and one hundred nine and 41-100 (109.11) feet; thence turning and running easterly by Sheridan court, seventy-two and 70-100 (72.70) feet; thence turning and running northerly by Tufts street, one hundred seventy-four and 15-100 (174.15) feet to the point of beginning and containing about 12,545 square feet of land. The foregoing described premises are shown on a plan marked "Plan of land in Charlestown belonging to the City of Boston; scale 10 feet to an inch. City of Boston, Medford street, Tufts street, Sheridan street, Charlestown, June 7, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," on file in the office of the Chief Engineer, Street Laying-Out Department, City Hall Annex, Boston, Massachusetts.

On June 26, 1939, the foregoing order was read once and passed, yeas 17, nays 0.

The orders were severally read a second time and again passed, yeas 16, nays 0.

PAYMENT OF AID TO SOLDIERS AND SAILORS.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of July, 1939. Report accepted; order passed.

BURYING WIRES, WARD 10.

Coun. CAREY offered the following: Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to include in the underground area for 1940 the wires on the following streets in Ward 10:

Evergreen street, Hillside street, St. Albans road, Round Hill street.

Passed under suspension of the rule.

DEMOLITION OF HOUSES IN HOUSING AREA.

Coun. CAREY offered the following:

Ordered, That, due to the scarcity of suitable homes, the Boston Housing Authority be requested, through his Honor the Mayor, not to demolish all of the houses in the areas in which housing projects are to be constructed until some of the new houses have been built.

Coun. CAREY—Mr. President, regardless of what we have heard relative to the number of suitable homes available in the areas where housing projects are to be constructed, from personal observation in my district I have seen people wandering about day in and day out, not able to find a place to which to move from their present homes. If the Housing Authority continues its present plans to demolish all the houses in the much widened area that they contemplate out there, it will be some time before the people in my district will be able to find available homes and it seems to me that in a project the size of the one to be constructed at Mission Hill certain demolition can be had and construction gone ahead with before all the demolition has been completed. I therefore hope the Housing Authority, through the Mayor, will give this matter its fair consideration and appreciate the circumstances that many families are in my district and other districts in trying to find places to which to move.

The order was passed under suspension of the rule.

TRAFFIC BOX AT BRIGHAM CIRCLE.

Coun. CAREY offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to install a traffic box at Brigham Circle, in Ward 10, and to keep same manned by a traffic officer throughout the day, for the protection of pedestrian traffic using this intersection.

Passed under suspension of the rule.

VOICE-AMPLIFYING APPARATUS IN STREET CARS.

Coun. CAREY offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to install voice-amplifying apparatus in the street cars, elevated and subway trains and buses to assist operators in announcing stops along the various routes.

Coun. CAREY—Mr. President, while that order might not seem of great importance all of us who ride in street cars, subway trains, or buses, from day to day notice that many passengers are carried past the stop or destination. It seems the Elevated can install some kind of voice-amplifying apparatus that will assist the operators of cars and make it easier for them to announce these stops, and I hope they will give proper consideration to this request.

The order was passed under suspension of the rule.

ARTHUR P. WHITE SQUARE.

Coun. ROSENBERG offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to name the junction at Geneva avenue and Columbia road, Arthur P. White square, in memory of Arthur P. White, hero of the World War.

Passed under suspension of the rule.

RESURFACING OF WILDER STREET.

Coun. ROSENBERG offered the following: Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, under the W. P. A. type of construction, Wilder street, Ward 14.

Passed under suspension of the rule.

RE-MARKING SHUFFLE BOARD COURTS AT FRANKLIN FIELD.

Coun. ROSENBERG offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to re-mark the shuffle board courts on Franklin Field, on which the paint and markings have become obliterated through constant use. Passed under suspension of the rule.

SWIMMING POOL AT FRANKLIN PARK.

Coun. ROSENBERG offered the following:
Ordered, That the Park Commissioners be requested, through his Honor the Mayor, to secure a W. P. A. project for the construction of a municipal swimming pool in Franklin Park.

Coun. ROSENBERG—Mr. President, I presented an order here asking that the Park Commissioners, through his Honor the Mayor, attempt to secure a W. P. A. project for the purpose of constructing a swimming pool in Franklin Park. Some years ago there was a section of the park where it was thought it might be converted into a swimming pool, but no action was ever taken. In practically every small city and town in the country hundreds of these swimming pools have been constructed for the purpose of granting relief to the residents of thickly congested sections, and the construction of a swimming pool in Franklin Park will serve the residents of Ward 14 and also many of the wards in the suburban sections of Boston and will be of great benefit to the residents, particularly during the hot and sultry weather, when a lot of these children cannot get the means to take them down to the beaches daily. I feel the construction of such a pool will be a worth-while and beneficial project for the City of Boston.

The order was passed under suspension of the rule.

INSTALLATION OF FIRST AID AT FRANKLIN FIELD PLAYGROUND.

Coun. ROSENBERG offered the following:
Ordered, That the Board of Park Commissioners be requested, through his Honor the Mayor, to make arrangements to provide a first-aid station at the Franklin Field Playground in order to take care of whatever accidents may occur.

Coun. ROSENBERG—Mr. President, I believe the conditions existing in Franklin Field with reference to a first-aid station and attendant is perhaps similar to the conditions obtaining in other parks and playgrounds throughout the city. On the Fourth of July it was surprising to learn that at the locker building there was no equipment or supplies for taking care of children or adults who might be injured on the playground and it was fortunate that a corps of Boy Scouts were there with their first-aid kits to take care of those persons in need of first-aid. I feel, despite the fact we are operating under an economy program, one of the important matters to be taken care of first is in the event of emergencies and accidents that occur, particularly on playgrounds where hundreds of children and adults have the opportunity of visiting and participating in the various sports. It is an important adjunct to the Park Department to have adequate supplies for the protection of those who may be hurt while attending playgrounds during the day.

The order was passed under suspension of the rule.

RESURFACING CODMAN HILL STREET.

Coun. ENGLERT offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, Codman Hill street, Ward 11, as a W. P. A. project.

Passed under suspension of the rule.

RESURFACING BRINTON STREET.

Coun. ENGLERT offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, Brinton street, Ward 11, under the W. P. A. type of construction.

Passed under suspension of the rule.

NEXT MEETING.

On motion of Coun. IRWIN it was voted to meet again on July 24, 1939.

SANDING BEACH AT WAR MEMORIAL PARK, EAST BOSTON.

Coun. IRWIN offered the following:
Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to sand the beach at the World War Memorial Park in East Boston at once.

Passed under suspension of the rule.

SIDEWALK ON CURTIS STREET.

Coun. IRWIN offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Curtis street, from Chelsea street to the bridge, Ward 1, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

SIDEWALK ON BECK STREET.

Coun. IRWIN offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along Beck street, from Bremen street to Chelsea street, Ward 1, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

PENSION TO ERNEST E. FEWKES.

Coun. SULLIVAN offered the following:
Resolved, That the City Council of Boston hereby approves the enactment of legislation to authorize the city to pay a pension to Ernest E. Fewkes on account of injuries received while employed at the Boston City Hospital; provided that such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

RECESS.

On motion of President MURRAY, the Council voted at 2.45 p. m. to take a recess subject to the call of the Chair. The members reassembled in the Council Chamber and were called to order at 3 p. m. by Coun. LANGAN.

GENERAL EDWARD L. LOGAN.

Coun. KERRIGAN and MURRAY offered the following:

Resolved, That the Boston City Council, in meeting assembled, hereby records its profound sorrow because of the untimely passing of General Edward L. Logan, who, during his lifetime, demonstrated his great love for his God and Country, and who, in death, will be forever remembered as an able and upstanding jurist, a patriotic and gallant soldier and a generous and sincere friend to his brother man.

Adopted by a unanimous rising vote.

RESURFACING SPRING GARDEN STREET.

Coun. HUTCHINSON offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface Spring Garden street, Ward 13, under the W. P. A. plan of construction.

Passed under suspension of the rule.

BURYING WIRES IN WARD 13.

Coun. HUTCHINSON offered the following:
Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to include in his underground program for 1940 the wires on the following streets in Ward 13: Wayland street, Balfour street, Dean street, Saxton street, Romsey street.

Passed under suspension of the rule.

ACCEPTANCE OF ROBINSON PLACE.

Coun. HUTCHINSON offered the following:
Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out Robinson place, Ward 16, as a public highway, under the W. P. A. plan of construction.

Passed under suspension of the rule.

REOPENING OF TENNIS COURTS AT PINE BANKS, JAMAICA PLAIN.

Coun. LANGAN offered the following:
Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to

reopen the tennis courts at the Pine Banks section of Jamaica Plain.

Passed under suspension of the rule.

REOPENING OF TENNIS COURTS AT HEALY PLAYGROUND.

Coun. LANGAN offered the following:
Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to reopen the tennis courts on Healy Playground, Ward 19, Roslindale.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LANGAN, for the Committee on Claims, submitted the following:

1. Report on petition of John F. Burke (referred June 26), recommending passage of the following order, viz.:

Ordered, That the sum of eight dollars and fifty cents (\$8.50) be allowed and paid to John F. Burke in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

2. Report on petition of Albert F. Wagner (referred June 26), recommending passage of the following order, viz.:

Ordered, That the sum of eight hundred dollars (\$800) be allowed and paid to Albert F. Wagner in reimbursement for amount of execution issued against him on account of his acts as operator of a motor vehicle belonging to the Police Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

WITHHOLDING PAYMENT TO NATIONAL FIREWORKS COMPANY PENDING INVESTIGATION OF DAMAGE.

Coun. HUTCHINSON offered the following:
Ordered, That the City Auditor be requested, through his Honor the Mayor, to withhold payment to the National Fireworks Company for fireworks displays in the various sections of the city on July 4th until such time as persons living on Playstead road, Ward 13, have been reimbursed for damage to their property caused by fire resulting from the fireworks display on the Savin Hill Playground on the evening of July 4th.

Passed under suspension of the rule.

REPORT REQUESTED ON NEW SUFFOLK COUNTY COURT HOUSE BY COURT HOUSE COMMISSION.

Coun. CHASE offered the following:
Ordered, That the Court House Commission be requested, through his Honor the Mayor, to furnish the City Council with a report of the reasons why they adopted the present lighting system in the new Suffolk County Court House and the cost thereof; and be it further

Ordered, That the Court House Commission be requested, through his Honor the Mayor, to furnish the City Council with a report showing the complete cost of installing clocks in the new Court House and a report showing the total cost of providing toilet facilities.

Coun. CHASE—Mr. President, I have here the Finance Commission's report on the investigation which was made at the request of the City Council some weeks past, and I note with interest they say:

"The criticisms made of too many clocks, and in regard to the lights, and the few other criticisms suggested in the City Council appear to the Finance Commission to be picayunish. In any project of this magnitude it would be unusual if there were not some who would pick flaws. If a clock here and there too many have been provided, it has not added greatly to the cost. The criticism of the lighting facilities seems to be based more on the little extra effort needed to reach the lights when replacement is necessary. Lavatory facilities are in keeping with the rest of the building and the expectancy of use."

Now, Mr. President, I don't like to be put in the position of criticizing the Finance Commission's report which, however, I am bound to do under the circumstances, especially in view of the conclusion of this report where the Finance Commission states that the criticisms are picayunish. Now as chairman of the Committee on Appropriations I spent considerable time with Sheriff Dowd in going over this project and the cost of lights which in the eyes of the Finance Com-

mission is satisfactory and within reason amounts to about \$7,000. This Body, with the cooperation of the Mayor, cut that particular item \$4,000. We gave them \$3,000 for electric light bulbs instead of \$7,000. We also cut their lighting bill by approximately \$4,500. Now, Mr. President, those items were due to the lavish expenditure made by the Court House Commission in erecting this fancy lighting system in the Court House. I contend that \$10,000 is a lot of money in any man's land and in view of the fact, Mr. President, that the Governor of the Commonwealth and his Honor the Mayor of Boston are doing everything within their power to cut expenses, I think it is within our province, as a body who is empowered to cut expenses, to criticize where we properly should criticize and I contend, Mr. President, that to light the new county Court House in the manner in which the Court House Commission have provided is positively a waste of the taxpayers' money. It was through my motion, Mr. President, a month or so ago, that this Body urged the Court House Custodian to put out every other light and use the extra bulbs in place of purchasing new ones. I am happy to see that the Court House Custodian has followed suggestions and I do not see, Mr. President, the purpose of making a conclusion in their report in the manner in which they did. I hardly think it is fair. I don't think they have given any time or consideration to their investigation when they make such a statement as they have. I note that their statement absolutely contradicts the statement made by the High Sheriff of Suffolk County before the Committee on Appropriations about a month and a half ago. I have here, Mr. President, volume 3 of the minutes of the hearings conducted by the Committee on Appropriations when Sheriff Dowd was before us, and in this report, Mr. President, the High Sheriff of Suffolk County has made certain statements and I have here Mr. President, something which will be interesting to the members who did not sit before our committee. This question, Mr. President, was put by Councilor Lyons to Sheriff Dowd: "You have the Hunnewell thermostat up there? A. Yes.

"Q. Of course, that is just for heat? Yes; shuts off the heat and lets it in. But you cannot bring in fresh air at all. Our chief engineer tells us that it will never be right unless something is done, and for that reason I have asked to hold up the final payment to the general contractor. The heating and ventilation are not done to our satisfaction. Whether the trouble was with the specifications we cannot tell, but, you see, Fuller, the contractor, will be out of there the first of next December, and anything that happens after that the county will be responsible for, and we will have to foot the bills."

Now, Mr. President, Sheriff Dowd commented before our committee on more than one occasion as to the lavish expenditure of the Court House Commission. He contended it cost \$150,000 to furnish the two top floors for jurors. As I understand it, those floors are empty, and they are empty because the Court House Commission didn't have enough money to furnish them, and if you go through this report, Mr. President, you will find sufficient evidence there whereby any reasonable man, especially one who acts in a capacity in the manner this Body acts in, should request an accounting. The City of Boston, Mr. President, spent or contributed \$1,900,000 towards the erection of the white elephant standing on the hill. \$1,900,000, and now maybe within six months or so they will come down and ask us for more money. I think we are entitled to ask the proper body which is supposed to investigate financial affairs to conduct an investigation and I think we acted reasonably in doing so. I do not intend to go beyond what I have already said. I was induced to back up the order, as introduced by Councilor Taylor, asking for an investigation of the expenditures because I recognized, Mr. Chairman, on one item alone a lavish expenditure in the erection of a lighting system and I am surprised, especially, to think that the annual cost of replacing electric light bulbs figures about \$7,000 a year. That in and of itself, Mr. President, made up my mind to back Councilor Taylor's order asking for an investigation and I think I was reasonable in asking for it. The orders were passed under suspension of the rule.

USE OF LAND ON DORCHESTER AVENUE FOR SAND AND GRAVEL DUMP.

Coun. WILSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to reconsider reported plan for use

of Dorchester avenue property, in the vicinity of St. Gregory's Church, as a sand and gravel dump or for a city yard.

Passed under suspension of the rule.

REIMBURSEMENT BY BABCOCK COAL COMPANY.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to take such legal steps as may be necessary to reimburse the City of Boston for fireproof and improper fuel received by the city from the Babcock Coal Company for welfare recipients during the administration of former Mayor Mansfield.

Coun. WILSON—Mr. President, with every respect to the Corporation Counsel, it occurs to me perhaps the order is unnecessary, but I did read in the papers the outcome of the suit apparently brought by Mr. Parkman's predecessor concerning the fireproof coal deliveries and short deliveries made by this concern during the previous administration which were, of course, a crying outrage when welfare family after welfare family throughout the City of Boston reported that the City of Boston was paying for coal and getting junk. Apparently the law point was raised that the City of Boston, directly or indirectly, having used the coal had no real defense to the action brought by Mr. Parkman's predecessor. I would assume, however, we have an affirmative right against the Babcock Coal Company. I naturally assume that involving, as it does, thousands of dollars, the City of Boston isn't going to allow this particular contractor, or any contractor, to evade the responsibility by technicalities on any legal point. I believe any sensible man or woman in Boston would consider that the fuel deliveries made to the welfare recipients under the Mansfield administration were a disgrace to any civilized community and I have every hope and every reliance that the present Corporation Counsel will not allow this litigation to end up in this manner through giving the Babcock Coal Company the last laugh and thereby encouraging other coal companies and other contractors doing business with the city to get away with the same kind of merchandise.

The order was passed under suspension of the rule.

REQUESTED INFORMATION FROM OVERSEERS OF PUBLIC WELFARE.

Coun. WILSON offered the following:

Ordered, That the Overseers of Public Welfare be requested, through his Honor the Mayor, to advise the City Council:

1. As to the number of welfare cases added to the rolls since May 20, 1939, from among families resident as on said date in the four new subsidized housing areas in Boston; and also
2. The number of families moved out of said housing areas with the assistance of the Welfare Department and the expense of same.

Passed under suspension of the rule.

REMOVAL OF ATLANTIC AVENUE ELEVATED STRUCTURE.

Coun. WILSON offered the following:

Ordered, That the Committee on Legislative matters of the Boston City Council be, and said committee hereby is, instructed to urge the Joint Rules Committee of the General Court to substitute for House Bill 116 of 1939 the bill indorsed by the City Council on June 12, 1939, with reference to removal of the Atlantic avenue structures, and that said committee press enactment of said substituted bill before all committees, and the Senate and House of Representatives of the General Court.

Coun. WILSON—Mr. President, I again press this matter of the demolition of the Atlantic avenue elevated structure carried on the books of the Elevated as an asset to the tune of around \$3,000,000 and as to which the Elevated authorities are endeavoring either to collect on this form of asset or to use it for the purpose of leverage to put through some favorable contract with the City of Boston or with the State Legislature. I again repeat, while I have every regard for Mr. Parkman's ability, of course, differences of opinion many times will keep lawsuits going, and I am somewhat encouraged by the fact that the Boston Finance Commission in its report dated June 16, over the signature of the entire Finance Commission, calls attention to the order which we passed on June 12, points out that according to the opinion of a former attorney-general, Mr. Attwill, and other authorities, our proposed action is entirely in order. I am very much disappointed to feel

that the Corporation Counsel of Boston will not comply with our order of June 12, because as I visualize his office, he is not just the counsel for the Mayor of Boston, but he is the people's attorney for the City of Boston, and I assume the official attorney for the Board of Directors of the City of Boston, and I hope in that capacity he would at least endeavor to substitute for Bill 116 this bill which will make it clear that the City of Boston should not pay one dime for the demolition of this pile of junk on Atlantic avenue. Since, however, in his letter of July 7, he is apparently unwilling to do that, I urge the City Council to be on its toes, that the City Council of Boston recognize the fact that the deficit of the Elevated is a very major part of our annual tax bill, and that some action by somebody is necessary if this structure is to be demolished and if the Elevated Railway Company is not to be made one of these free-wheel offerings which has gone down through the years in Boston and throughout the Metropolitan District. I don't know, Mr. President, what is in the wind, but something is going on behind the scenes. Apparently there is an element in the community that wants to make an overhead highway of the Atlantic avenue structure which, as an engineering proposition, might sound like an improvement in that district, but I have come to believe rather than suspect that the entire proposition is linked up with one of the old-time street widening schemes. There positively is something in the wind which makes this Atlantic avenue structure a treasure trove that for some reason the powers that be do not want to see disappear, and I believe, from the point of view of the taxpayers and the saving of money, not only money with reference to Atlantic avenue structure, but money concerning what goes on behind the scenes, the sooner that pile of junk is pulled down the better.

The order was passed under suspension of the rule.

CONTINUATION OF PUBLIC HEARINGS ON FURTHER HOUSING.

Coun. WILSON offered the following:

Ordered, That the Boston City Council hereby authorizes and directs the Executive Committee to continue local public hearings on the question of further subsidized public housing in Boston in accordance with earlier vote of the Council and in spite of the vote by the Executive Committee that such hearings be indefinitely postponed.

The order was referred to the Executive Committee.

Coun. WILSON—May I ask did we vote on that? I ask suspension of the rule.

Coun. TAYLOR—Mr. President, on a point of order. Isn't that for a vote by the Executive Committee?

Coun. LANGAN—The question is now on the suspension of the rule for the purpose of allowing the order to be acted on now rather than sending it to the Executive Committee.

Coun. TAYLOR—The subject of the order is now before the Executive Committee.

Coun. LANGAN—The vote now being taken is on the suspension of the rule which requires sending the order to a committee.

Coun. WILSON—Mr. President—

Coun. LANGAN—The gentleman is out of order.

Coun. WILSON—I would like to speak after the suspension of the rule if there is no objection to that.

The rules were suspended; yeas 12, nays 4: Yeas—Coun. Carey, Chase, Enclert, Fish, Fitzgerald, Galvin, Harris, Hutchinson, Kelly, Lyons, Rosenberg, Wilson—12.

Nays—Coun. Agnew, Irwin, Langan, Taylor—4.

The question came on the passage of the order.

Coun. WILSON—Briefly, I do not assume that there is much that needs to be said on this particular order. Some weeks ago the Council unanimously, as I remember it, passed an order introduced by the councilor from Ward 2 requesting that local public hearings be held to ascertain the local sentiment with reference to the extension of subsidized, tax-free housing in Boston, and quite appropriately the first local meeting was held in the district so ably represented by the councilor from Ward 2. The second was held in the district now less ably represented by the councilor from Ward 15. The purpose of those meetings was to ascertain the local sentiment. I won't comment unduly on what the local sentiment was, but I cannot quite understand the action which was taken behind the doors of the Executive Committee some weeks ago following those two initial hearings whereby the Executive Committee passed a vote that the public hearings, or the local hearings, unanimously ordered out in the open by the Council should be indefinitely postponed. Was it because some members of the Council learned that the

general public doesn't think on the subject quite as they think, or was it because some members of the City Council do not want to know what the local sentiment is with reference to this very controversial subject? Just what is the reason why a unanimous vote of the Boston City Council here out in the open calling for local public hearings by the Executive Committee, that committee in the other room, not on the record, should vote that they be indefinitely postponed? You cannot play both ends and the middle, Mr. President, in politics or any other game, and the only purpose of this order is that the Council shall be restored to its logical position and not placed in the position of voting one thing unanimously out in the open and then hiding behind the door to do something else.

Coun. TAYLOR—It seems rather strange to me why the councilor from Ward 17 is so particularly interested in having these hearings during the hot summer weather in various wards, despite the fact that this Council has already passed an order requesting his Honor the Mayor to put upon the ballot the question whether or not the people of Boston desire public housing. Now, how many expressions of opinion does he want? Certainly that ought to be sufficient for anybody. If the people at the polls register their approval or disapproval, haven't we got enough, or is this publicity stunt for somebody who is seeking further from the public? I cannot see the necessity for having these packed houses, and that is all they are, packed houses. Hannah Connors and the Real Estate and Apartment House Owners fill the hall with their own people,—these people all willing to come to give their names to the paper thinking it is in the interest of the public,—this very Hannah Connors who has so much feeling for the poor she has the reputation for throwing them out in the wintertime if they do not pay their rent on time. That is the type who come to these various meetings and try to tell the public that we do not want housing for those who are absolutely in need of it.

Coun. WILSON—Will the gentleman yield for a question?

Coun. TAYLOR—I will after I get through. And I wish further to state, Why are we having these radio talks? Who is providing the money for these radio talks against housing? What is the reason for it? Is it because of public interest or is some one behind the throne furnishing the necessary wherewithal to defeat housing in Boston? We have not had an opportunity to test out housing and I do not think that the two hundred, three hundred or four hundred people who attend those meetings is any indication of public sentiment. I don't think the councilors want that. It is only a nuisance and it is only a duplication of effort. We are requesting his Honor to put it on the ballot and that ought to be sufficient for anybody without putting the Council to a lot of unnecessary criticism and trouble.

Coun. WILSON—I would like to ask the councilor two questions. One is, What radio talk does he refer to,—the one by Mr. Carroll on WBZ or the talk by the councilor from Ward 17 on time which was donated by WBZ?

Coun. TAYLOR—I refer to the two talks of Councilor Wilson on the radio.

Coun. WILSON—The other question is, Do I understand the gentleman is prepared to leave the order to increase the \$27,000,000 for housing on the table and the \$25,000 for expense of the Housing Authority until after a plebiscite of the people of Boston before action by the Council?

Coun. TAYLOR—I do not think the question is appropriate, but in answer I will say I will vote on each question when properly submitted before the Council.

Coun. WILSON—Did I understand the gentleman will vote on that before the plebiscite, or after the people have spoken in a plebiscite?

Coun. TAYLOR—I said I will vote when it is properly before the Council.

Coun. WILSON—You will have to explain that to me, Mr. President.

Coun. LANGAN—The question now comes on the passage of the order and those in favor will signify by rising.

The vote was doubted by Coun. WILSON and a roll call asked for.

The order was passed, yeas 11, nays 5: Yeas—Coun. Carey, Chase, Englert, Fish, Fitzgerald, Galvin, Harris, Kelly, Lyons, Rosenberg, Wilson—11.

Nays—Coun. Agnew, Hutchinson, Irwin, Langan, Taylor—5.

Coun. TAYLOR—I move reconsideration and that the order then be laid on the table until sufficient members of the Council are here at the next meeting.

Question then came on Coun. Taylor's motion for reconsideration and the motion was lost, yeas 6, nays 9:

Yeas—Coun. Agnew, Hutchinson, Irwin, Langan, Rosenberg, Taylor—6.

Nays—Coun. Carey, Chase, Englert, Fish, Fitzgerald, Galvin, Kelly, Lyons, Wilson—9.

Coun. TAYLOR offered an order—That the Executive Committee hold a meeting for the purpose of selecting dates on which hearings on housing shall be given in the various wards.

Coun. WILSON—Mr. President, speaking on the order which is offered by a gentleman of the Council who is unalterably opposed to these public hearings locally, is obviously for the intent of hamstringing the committee on any further hearings. I might state the hearing following the first hearing in Councilor Galvin's ward was held on the date fixed by Councilor Kelly of Ward 15 who obtained the hall for the meeting held in his ward. The councilor from Ward 10 has intimated the possible desire of a meeting in his ward, and I do not believe the Executive Committee should adjourn to go into a committee meeting and, irrespective of what may happen during the next month or so, bind down the various members of the Council and especially those councilors in whose wards meetings are to be held. As chairman of the Executive Committee I have in mind, for example, asking the councilor from Ward 10, if he still desires a meeting, to fix some appropriate place in his ward, and he ought to be more familiar with it than any of us, and a date that would be convenient to him and the civic leaders in his ward, and the purpose of this order is to have the Executive Committee sit down or spend a lot of time and get nowhere or fix dates which will be all jumbled up when the dates arrive. The orderly procedure is for the various members of the Council to suggest when they would like the hearing held, and with that in view the order should be defeated.

Coun. TAYLOR—If the chairman of the Executive Committee who has just spoken assures the rest of the members of the Council that he will cooperate with each councilor from each district, then I will withdraw the order.

Coun. WILSON—I will be glad to give the gentleman from Ward 12 that assurance and give him the right of way and he can name the night and the place he wants his hearing today.

Coun. TAYLOR—Then I will ask to withdraw the order.

There being no objection the order was withdrawn.

REPORT OF COMMITTEE REQUESTED.

Coun. KELLY—On a point of information, Mr. President, I wonder if I could have you ask the chairman of the Committee on Rules if his report is ready on the resolution I introduced last week?

Coun. LANGAN—Is the chairman of the Committee on Rules present? The councilor from Dorchester has requested the Chair to ask the chairman of the Rules Committee if he has ready the report on the question put to him last week.

Coun. FITZGERALD—I had forgotten I was chairman of the Committee on Rules.

Coun. KELLY—Mr. President, I realize, of course, Councilor Fitzgerald might not have realized he is chairman of the Rules Committee, but now he does today, I might ask him, through courtesy to the councilor from Ward 15, when he can hold the meeting of the Committee on Rules and when it will be ready to report back to the full body of the Council?

Coun. FITZGERALD—It escaped my attention I was chairman of the Committee on Rules.

Coun. KELLY—I might say I introduced an order in the Council here last week and after the Executive Committee of this Council voted to pass my resolution it came out on the floor and subsequently was referred to the Committee on Rules. The Committee on Rules is the well-known graveyard of this Council, and I trust the gentleman from Ward 8, now he realizes he is chairman of that committee, will have a committee meeting and be ready to report back at the next meeting of the Council.

Adjourned, on motion of Coun. IRWIN, at 3:45 p. m., to meet on Monday, July 24, 1939, at 2 p. m.

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Page street, Hyde Park district, as a highway, from Arlington street to Central avenue, with the name of Paget street or some other distinctive name, bounded and described as follows:

A highway named Lilac road is hereby laid out from Arlington street to Central avenue, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Arlington street, thirty feet; northerly by the line of Lilac road as hereby established, four hundred eighty-four and 72-100 feet; easterly by the line of Lilac road as hereby established, one hundred sixty-nine and 68-100 feet; southerly by Central avenue, thirty and 7-100 feet; westerly by the line of Lilac road as hereby established, one hundred forty-one and 59-100 feet, and southerly again by the line of Lilac road as hereby established, four hundred fifty-four and 56-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Lilac road will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Lilac Road, Hyde Park, Assessment Plan, June 29, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

NEW BUILDING FOR THE MARKET DISTRICT.

It is of much interest to the businessmen of the city and the downtown real estate owners to know that the old buildings at 117-121 South Market street, owned for many years by Swift & Co., are now being demolished to prepare the way for one of the most modern wholesale and retail salesrooms and refrigerating plants in the city.

The building will be 50 feet wide by 86 feet deep and will be ready for occupancy on September 1, 1939. The New England Dressed Meat and Wool Company and Sturtevant & Haley Beef and Supply Company will occupy it.

The land was acquired some ten or twelve years ago by Swift & Co. for the purpose of erecting a modern plant for its own use and for the storage and distribution of meats. These plans were put aside and the real estate offered for sale.

The announcement now of a new building to be erected by this company, and to be occupied by two of the most active retail distributors of meat in the city, means that the larger packing houses such as Swift & Co. are satisfied that the market district is here to stay and is the proper place to put up their new buildings.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of October 2, 1936, determining damages caused by the making of the public improvement, consisting of the laying out and construction of Livermore street, be, and the same hereby is, amended, by striking from said order the amount \$1.00 awarded to Albertina Rossi in said order and inserting in place thereof the amount \$125; that the amount \$125 be, and the same hereby is, awarded to Albertina Rossi for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of January 15, 1936, determining damages caused by the making of the public improvement, consisting of the extension of Woodard road, from Park street to Emmons road, be, and the same hereby is, amended, by striking from said order the amount \$1.00 awarded to Amanda S. Nelson in said order and inserting in place thereof the amount \$275; that the amount \$275 be, and the same hereby is, awarded to Amanda S. Nelson for the damages so sustained.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following street, effective July 17, 1939:

Bradshaw Street, Dorchester.
From Glenway street to Esmond street.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective July 14, 1939:

Section 36 is amended by adding the following:

- (8) The driver of a vehicle proceeding in an easterly direction in Elm street, upon reaching its intersection with Dock square, shall, if proceeding, drive into Dock square southerly and in no other direction.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective July 12, 1939:

Montvale Street, West Roxbury.

From Colberg avenue to a point two hundred and twelve (212) feet northwest of Iona street.

N Street, South Boston.

From East Broadway to East Second street.

Paris Street, East Boston.

From Summer street to Porter street.

NONAGENARIAN ON MAYOR'S HIGHWAY SAFETY COMMITTEE.

On July 18 the Mayor issued the following statement:

Influenced by the fact that while his Boston highway safety campaign was being organized, ten pedestrians, from sixty to sixty-seven years of age, were injured while crossing the street, Mayor Maurice J. Tobin invited Mrs. Mary E. Norris of 69 Westminster street, Hyde Park, to serve as a member of his committee of one hundred, which is sponsoring the campaign.

Mrs. Norris is ninety-six years of age, and she was asked to represent the elderly people who have never been involved in an accident, and to point out to others how even a dangerous street can be crossed in safety by a pedestrian who recognizes the hazard. While Mrs. Norris regrets her inability to take an active part in the campaign, she writes with spirit:

"Thank you for the honor your suggestion confers upon me. I appreciate your thought of me. I have lived my long life of ninety-six years without accident by being careful when there was crowded traffic, by crossing where there were safety points, and waiting and watching for the signals to cross. I have been fortunate in not being hit by the 'other careless fellow.'"

The committee reports that on one day, since the campaign opened, no pedestrian accident was reported to the police. It was July 11.

Wordsworth Street, East Boston.

From Saratoga street to William F. McClellan Highway, effective Monday to Friday, inclusive, 1 p. m. to 9 p. m., June 28 to September 1, 1939.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street

construction in Causeway street, estimated to be sixty (60) days, the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective July 13, 1939:

Section 8, Part 2, is amended by adding the following:

Beverly Street, Downtown Boston.

Both sides, from Causeway street to Washington Street North, twenty-four hours.

Joiner Street, Charlestown.

Both sides, from Park street to Water street, twenty-four hours.

Washington Street North, Charlestown.

Northeast side, from Charlestown Bridge to Chamber street, twenty-four hours.

Section 24, Part 1, is amended by striking out the following:

City Square, Charlestown.

Part on northwesterly side of grass plot, from Harvard street.

Harvard Street, Charlestown.

From Washington street to City square.

Joiner Street, Charlestown.

From Chelsea street to Water street.

Washington Street, Charlestown.

From Rutherford avenue to Harvard street.

Section 24, Part 1, is amended by adding the following:

Beverly Street, Downtown Boston.

From Warren Bridge to Washington Street North.

City Square, Charlestown.

Part on northwesterly side of grass plot, from Main street to Harvard street.

Harvard Street, Charlestown.

From City square to Devens street.

Joiner Street, Charlestown.

From Water street to Chelsea street.

Warren Avenue, Charlestown.

From City square to Warren Bridge.

Washington Street, Charlestown.

From Harvard street to Rutherford avenue.

Washington Street North, Downtown Boston and Charlestown.

From Keany square to City square.

Water Street, Charlestown.

From Warren avenue to Joiner street.

ADDITIONS AND OMISSION UNDER CONTRACT.

Coleman Brothers Corporation have been directed to make the following additions and omission under the contract for rebuilding Berkeley Street Bridge, over the Boston & Albany Railroad, Docket Massachusetts 1584-F-7, dated April 5, 1939. Items ordered: Under Item 7 of contract, furnish and place 54.8 cubic yards 1-2-4 concrete at \$15, \$822; furnish and place vitrified and cast-iron pipe drain as shown on revised plan, \$200—\$1,022. Omit 1,890 pounds reinforcing steel at 4 cents, \$75.60—\$946.40. Net extra cost on account of additions and omission \$946.40.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

TRAFFIC COMMISSION RULINGS.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective July 31, 1939:

Section 8, Part 2, is amended by striking out the following:

Berkeley Street, Downtown Boston.
West side, from St. James avenue to Newbury street, 7 a. m. to 6 p. m.
West side, from Public Alley No. 420 to Beacon street, twenty-four hours.

Section 8, Part 2, is amended by adding the following:

Auckland Street, Dorchester.
West side, from Bay street to Dover street, twenty-four hours.
Boylston Street, West Roxbury.
North side, from Danforth street to a point one hundred and fifty (150) feet east of Danforth street, twenty-four hours.
St. Germain Street, Downtown Boston.
South side, from Massachusetts avenue to a point one hundred and twenty (120) feet east of Massachusetts avenue, 7 a. m. to 6 p. m.
Shawmut Avenue, Roxbury.
Northwest side, from Vernon street to Roxbury street, twenty-four hours.
Southeast side, from Marvin street to Roxbury street, twenty-four hours.

Section 24, Part 1, is amended by striking out the following:

Decatur Street, Charlestown.
From Bunker Hill street to Medford street.

Section 24, Part 1, is amended by adding the following:

Federal Street, Downtown Boston.
From Purchase street to High street.
Summer Street, Downtown Boston.
From High street to Federal street.

EXTENSION OF CONTRACT.

PUBLIC WORKS DEPARTMENT.

The Interstate Construction Company, Incorporated, has been granted an extension of the time of completion of the contract for altering and strengthening the Boylston Street Bridge, over the Boston & Albany Railroad. The work was to be completed June 20, 1939. Under date of June 7, 1939, the contractor requested an extension of time to July 20, 1939, as it was found necessary to do work which had not been anticipated and to increase in quantity many items included in the original schedule. So extensive are these additions and changes that the amount of the contract will be increased in excess of 25 per cent. Much of the additional work was unforeseen and could not be determined as necessary, except as related work progressed. This is a very

important bridge structure and with proper handling by the contractor, all the work can be completed by July 20, 1939. It is the opinion of the Public Works Commissioner that this extension of time is required, and, in fairness to the contractor, that he is entitled to some consideration for the large increase in the amount of additional work required, the completion date to be extended to July 20, 1939.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

PART-TIME OCCUPATIONAL THERAPIST, TUBERCULOSIS HOSPITAL, BOARD OF HEALTH, CAMBRIDGE, AUGUST 15, 1939.

Last date for filing applications, Tuesday, August 1, 1939, at 5 p. m.

This examination is open to residents of the State.

Salary: \$5.00 a day, two days a week.

Duties: To visit patients for whom occupational therapy has been prescribed. To suggest and supervise projects, educational and vocational activities, to prepare and deliver the materials necessary to carry them out, and to assist with or conduct parties and other recreational activities. To requisition necessary supplies for the department and keep all materials used in order. To keep an accurate account of assets and expenditures, prepare monthly reports of work done in the department, and keep notes on the work and progress of each patient.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

INSPECTOR OF MEATS AND PROVISIONS, INSPECTOR OF SLAUGHTERING, AND INSPECTOR OF MILK, BOARD OF HEALTH, NORTH ADAMS, AUGUST 15, 1939.

Last date for filing applications, Tuesday, August 1, 1939, at 5 p. m.

This examination is open to residents of the State.

The combined salaries of these positions is \$1,500 a year.

Duties: To analyze milk, cream and milk products for total solids and butter fats according to the Babcock method. Applicants must be able to detect any disease which might render meat unfit for consumption, and should know how to dispose of such condemned meat. They should have a thorough knowledge of the laws pertaining to cold storage plants, bakeries, stores, restaurants and all places where food stuffs are kept for sale, as well as a knowledge of the laws regulating licenses and permits, and the production, sale and disposal of all milk, cream and milk products.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PUBLIC ACCOUNTANTS TO AID MAYOR'S SURVEY COMMITTEE IN IMPROVING ACCOUNTING PRACTICES AND PROCEDURE.

Mayor Maurice J. Tobin announced on July 19 that he had enlisted the aid of the following Advisory Committee of Certified Public Accountants who have agreed to contribute their services to the city to work with the Survey Committee in improving accounting practices and office procedures in the various departments of the city.

The members of the Advisory Committee elected Charles F. Rittenhouse, of Charles F. Rittenhouse & Co., general chairman of this Advisory Committee. The other members include Thomas V. Barb, of Haskins & Sells; Clinton W. Bennett, of Cooley & Marvin; J. Chester Crandall, of Scovell, Wellington & Co.; Alphonse F. Drankowski, of Boston University; George T. Finnegan, of Robert, Finnegan & Lynch, who is secretary of the Board of Registration of Certified Public Accountants of Massachusetts; A. J. Godes; Anthony Jaureguy, of Price, Waterhouse & Co.; Francis P. Kirk; Maurice M. Lindsay, of the Bentley School of Accounting and Finance; Harvard L. Mann, of Spark, Mann & Co.; Frank J. McManus, of MacLeod & McManus; E. Ober Pride, of Edwin L. Pride & Co.; Arthur L. Risley, of A. L. Risley & Co.; Richard D. Seamans, of Seamans, Stetson & Tuttle; J. Harold Stewart, president of the Massachusetts Society of Certified Public Accountants, of Stewart, Watts & Bollong; Homer N. Sweet, of Lybrand, Ross Brothers & Montgomery; Norman H. S. Vincent, secretary of the Boston Chapter of the National Association of Cost Accountants, of Robert Douglas & Co.; Leo Wasserman, of Leo Wasserman & Co.; and Arthur W. Yardley, of Boyden, Yardley & Guay.

NATIONAL COMMANDER CHADWICK PRAISES MAYOR TOBIN FOR JULY 4 PROGRAM AT FANEUIL HALL.

SAN FRANCISCO, CALIFORNIA,
July 13, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

MY DEAR MAURICE,—On the way from Boston to San Francisco, where I am to address the American Bar Association, my time in Indianapolis was so short that I had no opportunity to drop you a line of appreciation for the Boston Fourth of July program.

Although I am about as far from Boston as I write this as it is possible for me to be, I do feel closer to Boston than ever before, and I shall never forget your generous hospitality and the remarks you so graciously made concerning me during my stay.

I speak for the American Legion when I say that as the representative of a million men organized, the honor of being on your program at Faneuil Hall was, in my opinion, one of the finest gestures ever made to the Legion and its Commander.

With every good wish and deepest personal gratitude, I am,

Sincerely yours,

STEPHEN F. CHADWICK,
National Commander.

POLICE DEPARTMENT ORDERS.

General Order No. 366.

Whereas, It appears that Patrolman Bartholomew D. Riordan of Division 9 has performed faithful service in the Police Department for twenty-two years; and that the Medical Board, provided for by section 18 of chapter 521, Acts of 1922, has certified that the said Patrolman Bartholomew D. Riordan is incapacitated for useful service on the police force of the City of Boston; therefore it is hereby

Ordered, His Honor the Mayor having approved the same, that the said Patrolman Riordan be retired from active service in the Police Department under the provisions of chapter 353, Acts of 1892, as amended by chapter 6, Acts of 1920, and chapter 387, Acts of 1930, and that his name be placed upon the department pension roll with pay at the rate of one thousand and fifty (1,050) dollars per annum (to be paid monthly), said sum being one half of the amount of compensation received by him in the office from which he is retired; to take effect as of Thursday, July 13, 1939, at 7.45 o'clock a. m.

The Acting Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 367.

A trial board consisting of Captains Daley, Dunn and Justin McCarthy, having heard by reference a complaint against Patrolman Francis L. Lascelles, Division 7, detailed to Division 10, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged. In accordance with which, the said Patrolman Francis L. Lascelles was, on July 11, 1939, at 5.45 o'clock p. m., dismissed from the Police Department. Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on July 11, 1939, to the said Francis L. Lascelles.

The Acting Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ROOFING CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for roofing at the Francis Parkman School, Walk Hill street, Forest Hills, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 o'clock of Wednesday, August 2, 1939, at said office, with a certified check for \$150, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. The Superintendent of Construction reserves the right to reject any or all proposals.

JAMES J. MAHAR,
(July 22.) Superintendent of Construction.

CITY OF BOSTON.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING TEA.

The Supply Department of the City of Boston invites proposals for furnishing tea for city departments according to specifications to be obtained at the office of the Supply Department, 1001 City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. Bidders must use the form of proposal to be obtained at this office, and the successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Monday, July 31, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(July 22.) Superintendent of Supplies.

CITY OF BOSTON.

SEALED PROPOSALS FOR \$3,950,000 CITY OF BOSTON LOANS.

GROUP "A." \$3,630,000 COUPON SERIAL BONDS.
GROUP "B." \$320,000 COUPON SERIAL BONDS.

BONDS EXEMPT FROM TAXATION IN MASSACHUSETTS AND FROM THE FEDERAL INCOME TAX.

TREASURY DEPARTMENT.

OFFICE OF THE CITY TREASURER.

CITY HALL, BOSTON, MASS., July 12, 1939.

In pursuance of the authority given by orders of the City Council of Boston and Acts of Massachusetts, the undersigned will receive proposals until 12 o'clock m., Eastern Daylight Saving Time, Wednesday, July 19, 1939, for the purchase of all but no part of the following described coupon serial bonds.

Group "A." Coupon Serial Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of 1 per cent; no bid to be less than par and accrued interest, and a different rate of interest may be bid for all but no part of each purpose loan to be issued.

CITY OF BOSTON, MUNICIPAL RELIEF LOAN, ACT OF 1939, \$3,450,000.

Order of the City Council of Boston of July 11, 1939. Payable \$345,000 annually, August 1, 1940, to August 1, 1949, inclusive.

HIGHWAYS, MAKING OF, \$100,000.

Order of the City Council of Boston of March 11, 1933. Payable \$5,000 annually, August 1, 1940, to August 1, 1959, inclusive.

SEWERAGE LOAN, \$80,000.

Order of the City Council of Boston of April 12, 1938. Payable \$4,000 annually, August 1, 1940, to August 1, 1959, inclusive.

Group "B." Coupon Serial Bonds.

Bidder to name rate of interest in multiples of $\frac{1}{4}$ of 1 per cent; no bid to be more than $3\frac{3}{4}$ per cent or less than par and accrued interest, and a different rate of interest may be bid for all but no part of each purpose loan to be issued.

TRADE SCHOOL, ADDITIONS AND ALTERATIONS, \$40,000.

Order of the City Council of Boston of October 29, 1935. Payable \$2,000 annually, August 1, 1940, to August 1, 1959, inclusive.

WILLIAM HOWARD TAFT SCHOOL, ADDITIONS, \$110,000.

Order of the City Council of Boston of June 1, 1937. Payable \$6,000 annually, August 1, 1940, to August 1, 1949, inclusive, and \$5,000 annually, August 1, 1950, to August 1, 1959, inclusive.

HIGH SCHOOL OF PRACTICAL ARTS, ALTERATIONS AND ADDITIONS, \$50,000.

Order of the City Council of Boston of June 1, 1937. Payable \$3,000 annually, August 1, 1940, to August 1, 1949, inclusive, and \$2,000 annually, August 1, 1950, to August 1, 1959, inclusive.

BRIDGES, RECONSTRUCTION AND REPAIR OF, \$120,000.

Order of the City Council of Boston of September 29, 1938. Payable \$6,000 annually, August 1, 1940, to August 1, 1959, inclusive.

All loans will be issued in Coupon Bond Certificates of \$1,000 each, and will be paid on the dates specified for each loan, all with interest payable semi-annually on the first days of February and August in each year, at the office of the City Treasurer, Boston.

In comparing bids, preference will be given to the bidder whose bid provides for the lowest net interest cost to the City (total interest for the duration of the loan from August 1, 1939, less the amount of premium bid).

The bonds will be dated August 1, 1939, and will be ready for delivery and payment on or about August 24, 1939. Interest will begin August 1, 1939, and will cease on the dates on which the bonds are payable.

These bonds are exempt from taxation in Massachusetts and from the Federal Income Tax.

Proposals must be sealed and addressed to James J. McCarthy, City Treasurer, Boston, Mass., endorsed "Proposals for Loans." Each proposal must be accompanied by a certified check on a Boston National Bank or Trust Company, or by cash, equal to one per cent of the amount of loans bid for, the check made payable to the City of Boston, James J. McCarthy, City Treasurer. The check or cash of any bidder to whom an award is made will be retained as part payment for the loans awarded. All other checks or cash will be returned.

Accrued interest from August 1, 1939, to date of delivery is to be paid by the purchaser.

All proposals will be opened in the office of the City Treasurer, Wednesday, July 19, 1939, at 12 o'clock m., Eastern Daylight Saving Time. The City Treasurer reserves the right to reject any or all bids or to accept such bid or bids as may seem to him to be the most advantageous to the City.

JAMES J. MCCARTHY,
City Treasurer.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about eighteen hundred sixty (1,860) square feet of vacant land, numbered 262 West Third street, South Boston, and more fully described in tax deed running to the City of Boston, recorded as Document No. 119332, with Certificate No. 3213, Suffolk Registry District of Land Court, on Tuesday, August 1, 1939, at 10.45 a. m., on the premises, at a minimum price of two hundred twenty (220) dollars.

A deposit required at the time and place of sale of ten per cent, in cash or certified check, balance to be paid in thirty (30) days. Further particulars from the Custodian of Foreclosed Real Estate, Room 1008, City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(July 22-29.)

CITY OF BOSTON.

SUFFOLK COUNTY COURT HOUSE COMMISSION.

NOTICE TO CONTRACTORS.

Sealed proposals for metal furniture and equipment, wood furniture and equipment, electric lighting fixtures and wiring in connection therewith for the Suffolk County Court House, will be received at the office of the Suffolk County Court House Commission, Room 211, New Court House Building, until 2 o'clock p. m., Daylight Saving Time, on August 1, 1939, and at that time will be publicly opened and read aloud. Plans and specifications may be obtained from the architect, Desmond & Lord, One Beacon street, Boston, for which there will be a charge of \$5.00. Bids must be accompanied by a certified check equal to five per cent (5%) of the bid and made payable to and to be the property of the Suffolk County Court House Commission if this proposal is not carried out. Proposals must be placed in an envelope, properly sealed, and marked, "Proposal for Metal Furniture and Equipment, Wood Furniture and Equipment, Electric Lighting Fixtures and Wiring in Connection Therewith for the Suffolk County Court House." Bids must be in duplicate, one with check to be left as stated above, the other, without check, to be deposited with the City Auditor, City Hall, Boston, previous to the time named for opening of bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of Desmond & Lord, Architects, One Beacon street, Boston, Mass. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of the said contract. A surety bond in an amount equal to one hundred (100) per cent of the contract price will be required of the successful bidder. The right is reserved by the Commission to reject any or all bids and to award the contract as they deem for the best interests of the owners.

SUFFOLK COUNTY COURT HOUSE COMMISSION.
(Appointed under chapter 474, Acts of 1935.)
(July 15-22.)

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING INTERFOLDED PAPER TOWELS AND PAPER TOWELS IN ROLLS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing interfolded paper towels and paper towels in rolls for the Boston public schools. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Furnishing Interfolded Paper Towels and Paper Towels in Rolls." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Thursday, August 3, 1939. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of bids. The School Committee reserves the right to reject any or all bids and to accept the bid or bids which it deems best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(July 22.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CHAIN LINK FENCE MATERIALS TO THE PARK DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing chain link fence materials to the Park Department as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$100 payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, July 28, 1939, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(July 22.) *Superintendent of Supplies.*

PROCEEDINGS OF SCHOOL COMMITTEE.

June 19, 1939

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon street, at 5:25 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, Lee, Smith, Sullivan, and White.

Dr. Harry Fein, school physician, Department of School Hygiene, for part-time service as otologist.

Dr. James J. Regan, school physician, Department of School Hygiene, for ophthalmological duties.

Placed on file and the reassignments approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of June 19, 1939, reporting that subject to the approval of the School Committee, he has re-assigned Edith C. Baldwin, school nurse, as school nurse, Certifying Office, to take effect Sept. 1, 1939, and to continue for the school year ending Aug. 31, 1940, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file, and the reassignment approved, to take effect on the date stated.

SUMMER EMPLOYMENT OF SCHOOL NURSE

On motion of the Superintendent, it was

ORDERED, That the employment of Gladys H. Miller, school nurse, as school nurse in the Certifying Office, is hereby authorized for the period July 10 to Aug. 4, 1939, inclusive, vice Edith C. Baldwin, school nurse assigned to the Certifying Office, absent on vacation; compensation to be at the rate established for temporary school nurses, namely, five dollars (\$5) per day of service.

PLAYGROUNDS, SEASON OF 1939

The Superintendent offered the following seven orders:

ORDERED, That for the current calendar year, the playground term shall be as follows:

Summer Season: June 28 to August 25, 1939, inclusive.

ORDERED, That variations in the established dates for beginning and terminating playground activities may be allowed in the discretion of the Superintendent on recommendation of the Director of Physical Education.

ORDERED, That the Director of Physical Education is hereby authorized to conduct playground activities in such school yards, children's corners and athletic fields as may be approved by the Superintendent during the season of 1939.

ORDERED, That the Superintendent is hereby authorized at his discretion to change the days and hours on which each playground may be conducted.

ORDERED, That the Superintendent is hereby authorized to make such emergency appointments as may be necessary for service in the playgrounds during the season, 1939.

ORDERED, That any teacher whose name appears on the list of teachers appointed in playgrounds for the season of 1939 may be transferred by the Superintendent from one position to another for which said teacher holds the required certificate, and said teacher shall be paid according to the schedule established for the position actually filled during any day or part of the day certified to by the Director of Physical Education.

ORDERED, That the sessions of the Playgrounds shall be as follows:

Summer Season—June 28 to August 25, inclusive—from 9:45 o'clock A. M. until 5 o'clock, P. M. daily, with no Saturday service.

The seven orders passed.

EMPLOYMENT OF PLAYGROUND TEACHERS IN HOSPITAL CLASSES

On motion of the Superintendent, it was

ORDERED, That for the summer term ending August 25, 1939, the Superintendent is hereby authorized in his discretion to assign playground teachers as follows:

To the Health Units in Charlestown, East Boston, North End, West End, Roxbury, South Boston and Whittier Street.

The Long Island Hospital School. The Prendergast Preventorium, Mattapan.

Castle Island.

The home of the Massachusetts Society for the Prevention of Cruelty to Children, 476 Parker Street, Roxbury.

ESTABLISHMENT OF ELEMENTARY MECHANIC ARTS CLASS

On motion of the Superintendent, it was

ORDERED, That an elementary mechanic arts class is hereby established in the Chapman District for the school year ending August 31, 1940, and to continue until otherwise ordered, with the provision that no additional compensation shall be allowed the teacher assigned to this class.

RAPID ADVANCEMENT CLASSES

On motion of the Superintendent, it was

ORDERED, That the following rapid advancement classes are hereby re-established for the school year ending Aug. 31, 1940, unless discontinued prior to that date by order of the School Committee:

Grover Cleveland Intermediate District	2
Henry L. Higginson District....	2
Julia Ward Howe District	2
William Lloyd Garrison District.	3

SUMMER EMPLOYMENT AT THE TEACHERS COLLEGE

On motion of the Superintendent, it was

ORDERED, That the employment of Joseph A. Hennessey, Assistant Professor, The Teachers College, for service during the summer on not more than thirty days is hereby authorized, compensation for such service to be at the rate of eight dollars (\$8) per day.

On motion of the Superintendent, it was

ORDERED, That the Superintendent is hereby authorized in his discretion to assign a temporary clerical assistant to the Dean of The Teachers College during the current summer session, compensation to be at the rate of three dollars and fifty cents (\$3.50) per day of service.

SUMMER EMPLOYMENT OF SUPERVISOR OF ATTENDANCE

On motion of the Superintendent, it was

ORDERED, That additional compensation of six dollars (\$6)

per day of service be allowed and paid Henry P. Murphy, supervisor of attendance, for not more than ten (10) Saturdays during the summer of 1939, for service in the marke district.

COURSE OF STUDY, HIGH SCHOOL OF COMMERCE

On motion of the Superintendent, it was

ORDERED, That the accompanying revised Course of Study for the High School of Commerce is hereby adopted and that two thousand (2,000) copies be printed as a school document.

SHARP SCHOOL, WEST END

On motion of the Superintendent, it was

ORDERED, That this Committee hereby rescinds the action of Oct. 4, 1937 (see p. 152) requesting the City Council to authorize the School Committee to lease the Sharp School, West End, to the Boston Police Post No. 1018, Veterans of Foreign Wars, and the Boston School Post, Veterans of Foreign Wars.

REINSTATEMENT OF EILEEN M. SHEA

A communication was received from the Secretary, under date of June 19, 1939, reporting the reinstatement of Eileen M. Shea, assistant in the offices of the Superintendent and Secretary, absent on leave for service in the office of His Honor, the Mayor, for one day, June 22, 1939, in order to protect her civil service status as assistant in this department.

Placed on file and the reinstatement approved for the date stated.

ANNUAL REPORT OF THE SUPERINTENDENT

A communication was received from the Superintendent, under date of Jan. 19, 1939, submitting the fifty-sixth annual report of the Superintendent of Public Schools. The report covers the school year ending Aug. 31, 1938.

The report was accepted.

On motion, it was

ORDERED, That this Committee hereby adopts as its Annual Report for the year 1938, the Annual Report of the Superintendent, being School Document No. 12, 1938.

REPORT ON ATTENDANCE AT CONVENTION

A communication was received from the Superintendent, under date of June 19, 1939, submitting, in accordance with the provisions of Section 3 of Chapter 274 of the Acts of 1914, report on his attendance at the annual meeting of the American Council on Education held in Washington, D. C., May 5 and 6, 1939.

Placed on file.

APPROPRIATIONS AND EXPENDITURES TO JUNE 1, 1939

A communication was received from the Business Manager, under date of May 31, 1939, submitting a statement showing the expenditures for maintenance of the public schools for the first five drafts of the current fiscal year, the expenditures for the first five drafts of the fiscal year 1938, and the increases and decreases in the several items.

Placed on file.

LEAVE OF ABSENCE TO CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of June 19, 1939, recommending that James F. Keenan, custodian, Nathaniel Hawthorne School-house, be granted leave of absence without loss of pay for the period May 9 to 27, 1939, inclusive, because of injury suffered on school premises while in the performance of school work.

Placed on file and leave of absence without loss of pay granted for the period specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of June 19, 1939, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated, to take effect June 25, 1939:

James J. Curran, custodian, Frances E. Willard School-house, to the custodianship of the Quincy E. Dickerman School-house.

James P. Doyle, custodian, Hyde School-house, to the custodianship of the Julia Ward Howe School-house.

Thomas J. Gibbons, custodian, Rochambeau School-house, to the custodianship of the Martin School-house.

Edmund F. Kyle, custodian, Benjamin Cushing School-house, to the custodianship of the Martin Milmore School-house.

Andrew D. O'Leary, custodian, Sarah Greenwood School-house, to the custodianship of the Frank V. Thompson School-house.

Patrick J. O'Sullivan, custodian, Comins School-house, to the custodianship of the Lawrence School-house.

Seymour H. Watts, custodian, Frederic W. Lincoln School-house, to the custodianship of the Andrew Jackson School-house.

Placed on file and the transfers approved, to take effect on the date stated.

UNFINISHED BUSINESS

The ten orders laid over at the meeting of May 3, 1939 (see pp. 72-84) and the amendment thereto laid over at the meeting of June 2, 1939 (see p. 93); the order laid over at the meeting of May 15, 1939 (see p. 87); and the two orders laid over at the meeting of June 2, 1939 (see p. 97), making changes in and additions to the authorized list of text books, were taken up.

Mr. Lee: On these orders for text books; I expect to vote in favor of the passage of all the text book orders. There were three books about which I submitted a paper from one of the labor groups, criticizing their treatment of the problems of the working people. It is possible that the council in that field has not had time to review those books. It appears that the books referred to in my paper were different and earlier editions than the books which have been approved here. I would like to ask the Superintendent if during the summer someone could be assigned from the economics or history council, or one of the assistant superintendents, to read over the new editions, with the points in mind that I criticized in the paper that I had, so that we would have an idea whether our School Department thinks along the same lines that this Committee did who made the comments, and to see if the new editions are different from the old ones.

Superintendent: The History of the United States by Mace and Bogardus, 1933 edition, is included in the books dropped tonight. Guiteau's Our United States, to which you referred, is the 1919 edition. The Boston edition is 1924, and that is included in the list of books dropped tonight. That leaves but one book, Muzzey's American History, 1933 edition, to be examined. I will be glad to have that book examined.

Mr. Lee: What I understand is that although the other books were slated to be dropped, a more recent edition is being authorized?

Superintendent: Not for Mace and Bogardus and not for Guiteau.

Mr. Lee: If it appears that the books authorized are simply different editions of the old books, they will be given similar review?

Superintendent: Yes.

Mr. Lee: On the matter of those books that I mentioned, some in the field of literature and one or two small pamphlets of my own, they can be taken up later for review and put on a list for reference reading, which need not be acted on now, or they can be made the subject of short pamphlets, in which case there would be no need of action now.

If we can have those in mind for the future, there is no need of holding up the orders.

The ten orders, as amended, and the three orders were passed collectively and unanimously.

BOSTON JUNIOR ELEMENTARY TEACHERS CLUB

Chairman: On June 12 the School Committee agreed to grant a hearing to officers of the Boston Junior Elementary Teachers Club at the conference tonight. Miss Burke informs me that there will be four representatives besides herself present. We will meet with Miss Burke and her committee, with the press present, upstairs in the conference room.

Mr. Lee: I wonder if it would not be better to meet here, although we originally had in mind

the conference meeting. Because so often this Committee does its work without any understanding of its problems, if there is interest from a group I think it would be as easy and more satisfactory, both to us and to the group, to have the hearing here.

Chairman: There is no objection on the part of any member of the Committee to holding the hearing before the public in this room. If it is agreeable to Miss Burke and her group, we can have the hearing right here. What is your wish, Miss Burke?

(Miss Burke conferred with her committee.)

Miss Burke: We would prefer to have the hearing at the conference.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,

Secretary.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

PART-TIME PATHOLOGIST, MUNICIPAL HOSPITAL, HAVERHILL, AUGUST 15, 1939.

Last date for filing applications, Tuesday, August 1, 1939, at 5 p. m.

This examination is open to males only.

This examination is open to residents of the State.

Salary: \$1,500 a year.

Duties: To have complete charge of the laboratory, and to supervise all types of laboratory work, including bacteriological procedures, tissue sectioning and interpretation, to conduct autopsies, and to attend all staff meetings. To keep accurate records and reports.

Entrance Requirement: Applicants must be registered under the State Division of Registration in Medicine.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

DIETITIAN, TUBERCULOSIS HOSPITAL, CAMBRIDGE BOARD OF HEALTH, AUGUST 29, 1939.

Last date for filing applications, Tuesday, August 15, 1939, at 5 p. m.

This examination is open to residents of the state.

The salary is \$85 a month and maintenance.

Duties: To be responsible for the requisition of all food and necessary supplies in the department, and to inspect all deliveries. To supervise the work of the kitchen, plan all diets, and be responsible for all work done in connection with food at the hospital.

Entrance Requirement: Applicants should have at least one year's experience as a dietitian in a hospital, cafeteria, lunch room, hotel, or other similar field.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

INSPECTOR OF ANIMALS, WOBURN HEALTH AND CHARITIES DEPARTMENT, AUGUST 29, 1939.

Last date for filing applications, Tuesday, August 15, 1939, at 5 p. m.

This examination is open to residents of the state.

The salary is \$250 a year.

Duties: To inspect all barns where animals are housed, to see that animals found to have contagious and infectious diseases are quarantined, and to have general oversight of all animals within the limits of the city of Woburn.

Entrance Requirement: Applicants must be registered veterinarians.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INDUSTRIAL INSTRUCTOR IN THE CLOTH INDUSTRY, MASSACHUSETTS REFORMATORY, AUGUST 29, 1939.

Last date for filing applications, Tuesday, August 15, 1939, at 5 p. m.

The maximum salary is \$1,680 a year; the maximum salary is \$2,160 a year. At the present time, there are two vacancies,—one for Industrial Instructor, Cotton Preparation, and one for Industrial Instructor, Wool Picking.

Duties, Industrial Instructor, Cotton Preparation: To do cotton picking, carding, drawing, slubbing, and intermediate and speeder work. To keep machines properly adjusted and repaired.

Duties, Industrial Instructor, Wool Picking: To mix woolen blends for the card room, which entails knowledge of oiling the proper stocks and the proper laying down of the lot. To keep machines properly adjusted and repaired.

Entrance Requirements, Industrial Instructor, Cotton Preparation: Applicants must have one year's experience in cotton picking, carding, drawing, slubbing, and intermediate and speeder work.

Entrance Requirements, Industrial Instructor, Wool Picking: Applicants must have one year's experience in rag picking, dusting and burr picking of wool and wool by-products.

Subjects and Weights (both examinations): Training and experience, 2; practical questions (covering cotton preparation or wool picking), 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

INDUSTRIAL THERAPIST, ARTS AND CRAFTS, GRAFTON STATE HOSPITAL, DEPARTMENT OF MENTAL HEALTH, AUGUST 29, 1939.

Last date for filing applications, Tuesday, August 15, 1939, at 5 p. m.

The minimum salary with maintenance is \$840 a year; the maximum salary with maintenance is \$1,140 a year.

Duties: The industrial therapist has charge of the main Occupational Therapy class of between forty and sixty women patients, most of whom are chronic and limited as to their abilities. It is the duty of the therapist to plan the designs and color schemes for rugs and pillows, and work the power machines. Applicants should be familiar with a variety of crafts and should be able to meet the demands of the hospital by using to best advantage the capabilities of the individual patient.

Entrance Requirement: Applicants must have one year of satisfactory experience in the field of industrial therapy.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

INDUSTRIAL THERAPIST, TAILOR, TAUNTON STATE HOSPITAL, DEPARTMENT OF MENTAL HEALTH, AUGUST 29, 1939.

Duties: To have complete charge of a shop employing twelve patients conducted for the purpose of manufacturing, busheling, cleaning and pressing men's clothing. To manufacture clothing from standard patterns. To cut, fit and assemble clothing from individual measurements.

Entrance Requirement: Applicants must have at least one year's supervisory experience in a busheling or tailoring shop.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

BUDGETARY CONTROL.

Prior to installing the present system of budgetary control, effective as of January 1, 1939, the city of Newark had no centralized accounting control over its budget commitments. The city's general ledger contained accounts for the various budget appropriations, and reflected disbursements out of the appropriations. However, commitments for work and material were not recorded in the city's accounts until after bills submitted by the vendors had been approved for payment by the Board of Commissioners. Consequently, financial reports could only show the amount of appropriated moneys that had not been disbursed out of any account. No recognition could be given in these reports to the unpaid purchase commitments, since the amount was not known. *The American City.*

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 31.

SATURDAY, JULY 29, 1939.

No. 30

CALLS FOR FULL PROBE OF FINANCIAL CONDITION OF THE BOSTON ELEVATED RAILWAY—MAYOR TOBIN AND FINANCE COMMISSION ISSUE JOINT STATEMENT ON MATTER AND FINANCE COMMISSION, IN SO FAR AS POSSIBLE, IS TO BEAR EXPENSES OF INVESTIGATION, THE MAYOR TO SUPPLY ADDITIONAL MONEYS IF NEEDED—AGREE THAT COMPREHENSIVE INVESTIGATION NEEDED TO GET AT FACTS RELATING TO ATLANTIC AVENUE PROBLEM—TO BE ON BROAD AND INTELLIGENT SCOPE.

Upon July 23 the following joint statement was issued by Mayor Tobin and the Finance Commission on the matter of a complete investigation of the finances and conditions of the Boston Elevated Railway:

During the past few months there has been considerable discussion in regard to the financial interest of the public in the Boston Elevated Railway Company. Recently, the discussion has been centered on the question as to whether or not the Atlantic avenue elevated structure is to be demolished, by whom it will be demolished, and at what expense, if any, to the public.

This recent controversy in regard to a particular feature of the "general Elevated situation" is, however, only incidental to a much larger problem. That problem is—What can be done to relieve the taxpayers of the fourteen municipalities of the Metropolitan Transit District of the growing burden of the Boston Elevated Railway Company?

The Mayor and the Finance Commission are agreed that in order to give answer to this problem, there must first be a comprehensive investigation of the whole situation. Not many people realize the whole amount of the public's money that has already been invested in the effort to keep the Boston Elevated Railway Company a going concern, or the whole amount of the public's credit that has been mortgaged in the effort to guarantee continuance of this necessary service to the cities and towns in the Metropolitan District.

Many Prospective Solutions.

There have been many prospective solutions offered by many different people. Unfortunately, few of them, if any, have resulted from careful, painstaking, comprehensive investigation of the whole situation. It is true that some features have been examined officially from time to time. However, there has been no broad, general survey covering every feature.

It is apparent to most people that something must soon be accomplished to relieve the municipalities of continuing to add to their taxes, for distinctly public services, large sums each year to help pay the bills of this privately owned company.

In the present session of the Legislature the matter of buying out the common stockholders of the Railway Company was considered as one means of lightening the burden on the taxpayers. On the other hand, there are many who desire to force the company into receivership or bankruptcy in order to wipe out the common stockholders and to end the public contributions to the Elevated deficit.

Broad Probe.

It seems, therefore, that an intelligent, broad, official investigation is necessary; and the Mayor and the Finance Commission have agreed jointly to sponsor such an investigation. It is neither the aim nor the hope that the proposed investigation will be confined to efforts to reveal unsavory actions or practices.

It is the intention to be fair to all parties at interest and it is the hope that out of the investigation will come a better public understanding of this complicated transportation problem. It is also the hope that out of it will come a plan by which the important service rendered by the transportation company can be continued without undue burden on the car-riders and the taxpayer.

It is the intention of the Mayor and the Finance Commission jointly to select counsel to conduct the investigation in the name of the Finance Commission of the City of Boston, thus giving to the investigation all the authority that the Finance Commission has under the statutes. The cost of the investigation will be borne by the Finance Commission, in so far as the available funds of the commission will permit. As expenditures and circumstances warrant, the Mayor will provide additional appropriation.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by
NATHAN HASKEL DOLE.

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, August 7, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon July 22 the Mayor approved a contract with Andrew L. Rochon for furnishing and delivering slate, marble, etc., to the Julia Ward Howe School, to be installed by W. P. A. labor. Bids were as follows:

Andrew L. Rochon, \$1,145 (add \$120 for drilling if done by contractor); Canician Company, Incorporated, \$1,165; Freeport Marble and Tile Company, Incorporated, \$1,193; Union Soapstone Company, \$1,318.

PUBLIC WORKS DEPARTMENT.

Upon July 18 the Mayor approved a contract with Samuel J. Tomasello Corporation for the furnishing of approximately 345 tons of bituminous concrete paving mixture, binder and top course, including supervision, rakers, roller and operator in Paving District No. 6, Item 5, at an estimated cost of \$5.74 per ton, with a discount of 2 per cent, the net amount of contract being \$1,940.69. Bids were as follows:

Samuel J. Tomasello Corporation, \$1,940.69; Central Construction Company, \$2,011.69; National Contractors Company, \$2,015.08; Trimount Bituminous Products Company, \$2,018.46; M. DeMatteo Construction Company, \$2,028.60; John McCourt Company, \$2,028.60.

Upon July 18 the Mayor approved a contract with M. DeMatteo Construction Company for the furnishing of approximately 1,515 tons of bituminous concrete paving mixture, binder and top course, including supervision, rakers, roller and operator in Paving District No. 5, Item 4, at an estimated cost of \$5.60 per ton, with a discount of 2 per cent, the net amount of contract being \$8,314.32. Bids were as follows:

M. DeMatteo Construction Company, \$8,314.32; John McCourt Company, \$8,462.79; Samuel J. Tomasello Corporation, \$8,522.18; Trimount Bituminous Products Company, \$8,626.11; Central Construction Company, \$8,685.49; National Contractors Company, \$8,730.04.

Upon July 18 the Mayor approved a contract with Samuel J. Tomasello Corporation for the furnishing of approximately 365 tons of bituminous concrete paving mixture, binder and top course, including supervision, rakers, roller and operator in Paving District No. 4, Item 3, at an estimated cost of \$5.89 per ton, with a discount of 2 per cent, the net amount of contract being \$2,106.53. Bids were as follows:

Samuel J. Tomasello Corporation, \$2,106.53; Trimount Bituminous Products Company, \$2,135.47; Central Construction Company, \$2,146.20; M. DeMatteo Construction Company, \$2,146.20; John McCourt Company, \$2,146.20; National Contractors Company, \$2,149.78.

Upon July 18 the Mayor approved a contract with Samuel J. Tomasello Corporation for the furnishing of approximately 1,265 tons of bituminous concrete paving mixture, binder and top course, including supervision, rakers, roller and operator in Paving District No. 7, Item 6, at an estimated cost of \$5.44 per ton, with

a discount of 2 per cent, the net amount of contract being \$6,743.97. Bids were as follows:

Samuel J. Tomasello Corporation, \$6,743.97; John McCourt Company, \$7,066.29; National Contractors Company, \$7,326.63; Central Construction Company, \$7,351.42; Trimount Bituminous Products Company, \$7,351.42; M. DeMatteo Construction Company, \$7,438.20.

SUPPLY DEPARTMENT.

Upon July 13 the Mayor approved a contract with Cities Service Oil Company for furnishing approximately 900,000 gallons gasoline to be delivered to the city departments, as required, from July 15, 1939, to December 31, 1939, with the privilege of purchasing on the same terms and conditions extended to July 14, 1940, at a net price on the day of opening of the bids of 5.978 cents per gallon; and at a net maximum price of 5.978 cents per gallon. These prices are exclusive of all Federal and State taxes. The approximate amount of the contract was \$54,900, less a cash discount of 2 per cent for payment in thirty days. Bids were as follows:

Differential from Posted Commercial Consumer Tank Car Price at Time of Delivery.—Cities Service Oil Company, minus .60 cent per gallon*; Socony-Vacuum Oil Company, Incorporated, minus .54 cent per gallon; Bonded Oil System, Incorporated, minus .4 cent per gallon; Tide Water Associated Oil Company, minus .25 cent per gallon; Colonial-Beacon Oil Company, minus .375 cent per gallon; Lincoln Oil Company, minus .6 cent per gallon.

Cash Discount, Ten Days.—Cities Service Oil Company, 2 per cent, thirty days; Socony-Vacuum Oil Company, Incorporated, 2 per cent; Superior Petroleum Products Company, 1 per cent; Pennsylvania Oil Company, 1 per cent; Bonded Oil System, Incorporated, 1 per cent; Tide Water Associated Oil Company, 2 per cent; Lincoln Oil Company, 2 per cent, thirty days.

Posted Commercial Consumer Tank Car Price on Day of Opening of Bids, Per Gallon.—Cities Service Oil Company, 6.70 cents*; Socony-Vacuum Oil Company, Incorporated, 6.70 cents; Superior Petroleum Products Company, 6.25 cents; Pennsylvania Oil Company, 6.70 cents; Gulf Oil Corporation, 6.70 cents; Bonded Oil System, Incorporated, 6.7 cents; Tide Water Associated Oil Company, 6.7 cents; Shell Oil Company, Incorporated, 6.7 cents; Colonial-Beacon Oil Company, 6.7 cents; Lincoln Oil Company, 6.7 cents.

Net Price Per Gallon, Exclusive of All Federal and State Taxes, on Day of Opening of Bids.—Cities Service Oil Company, 5.978 cents*; Socony-Vacuum Oil Company, Incorporated, 6.0368 cents; Superior Petroleum Products Company, 6.1875 cents; Pennsylvania Oil Company, 6.633 cents; Gulf Oil Corporation, 6.70 cents; Bonded Oil System, Incorporated, 6.237 cents; Tide Water Associated Oil Company, 6.321 cents; Shell Oil Company, Incorporated, 6.7 cents; Colonial-Beacon Oil Company, 6.275 cents, maximum net price; Lincoln Oil Company, 5.978 cents.

Approximate Net Total.—Cities Service Oil Company, \$53,802; Socony-Vacuum Oil Company, Incorporated, \$54,331.20; Superior Petroleum Products Company, \$55,687.50; Pennsylvania Oil Company, \$59,697; Gulf Oil Corporation, \$60,300; Bonded Oil System, Incorporated, \$56,133; Tide Water Associated Oil Company, \$56,889; Shell Oil Company, Incorporated, \$60,300; Colonial-Beacon Oil Company, \$56,475; Lincoln Oil Company, \$53,802.

* Contract awarded.

Upon July 17 the Mayor approved a contract with Thomas E. Hogan, Incorporated, for furnishing tires and tubes for the city departments, as required, until December 31, 1939, with the option of purchasing on the same terms and conditions extended to May 15, 1940. The approximate amount of the contract was \$12,000. Bids, opened May 29, were as follows:

Pneumatic Tires.—Central Tire Company, 56½ per cent†; The Seiberling Rubber Company, 45–5 per cent†; Merchants Tire Company, 47 per cent; George W. McLaren, 40–5 per cent; Thomas E. Hogan, Incorporated, 20–15–25½–2 per cent, Fisk Air-Flight White List; 20–20–25½–2 per cent,* Fisk Rugged White List; 20–15–25½–2 per cent,* Fisk Transportation White List; discounts quoted from price lists effective November 1, 1938, instead of from recognized standard consumer's price list effective March 1, 1939, as called for in Supply Department specifications. Federal excise tax to be deducted after discounts, instead of before discounts, as called for in Supply Department specifications.

Passenger Tubes.—Central Tire Company, 33½–10–5–30 per cent†; The Seiber-

ling Rubber Company, 45-5-5 per cent; Merchants Tire Company, 50-7 per cent; George W. McLaren, 50-5 per cent; Thomas E. Hogan, Incorporated, 24-3-2 per cent,* Fisk Air-Flight Yellow List.

Truck Tubes.—Central Tire Company, 33½-10-5-30 per cent; The Seiberling Rubber Company, 45-5-5 per cent; Merchants Tire Company, 50-7 per cent; George W. McLaren, 50-5 per cent; Thomas E. Hogan, Incorporated, 24-3-2 per cent,* Fisk Transportation Yellow List.

Solid Tires.—Merchants Tire Company, 27½-15 per cent. No award.

Name of Tire Bid Upon.—Central Tire Company, Armstrong Streamline and Armstrong Famous Coach Truck, The Armstrong Rubber Company, West Haven, Conn.; The Seiberling Rubber Company, Seiberling Special Service, The Seiberling Rubber Company, Akron, Ohio; Merchants Tire Company, Kelly-Springfield, Kelly-Springfield Tire Company, Cumberland, Md.; George W. McLaren, Miller Imperial, The Miller Tire Division, The B. F. Goodrich Company, Akron, Ohio; Thomas E. Hogan, Incorporated, Fisk, Fisk Rubber Corporation, Chicopee Falls, Mass.

Cash Discount, Ten Days.—The Seiberling Rubber Company, 2 per cent; Merchants Tire Company, 2 per cent; George W. McLaren, 1 per cent; Thomas E. Hogan, Incorporated, 2 per cent.

City to be protected against an increase in prices, and to be given the benefit of any decrease in prices. Prices quoted to be exclusive of all taxes. After Federal excise tax deduction, discounts quoted to be from the recognized Standard Consumer's Price List, effective March 1, 1939.

* Contract awarded.

† Mileage guarantee in Supply Department specifications crossed out.

‡ Price protection clause crossed out. Mileage guarantee in Supply Department specifications marked "Void." The net prices quoted will be subject to change based upon any change that is made in regular dealer's net price. A change in the list price with corresponding changes in discounts to the dealer so that the net dealer's price, if not changed, will not constitute a change in the dealer's price. Therefore, the city's net price would not be changed. In the event the dealers are given less discounts and list prices are not changed proportionately so that the dealer's net buying price will be greater, then the city's net price will be changed proportionately.

Upon July 17 the Mayor approved a contract with the Firestone Tire and Rubber Company for furnishing automobile batteries to be delivered to the various city departments, as required, until December 31, 1939, with the privilege of purchasing on the same terms and conditions extended to February 1, 1940. Margaret Corrigan, stenographer, from \$1,300 to \$1,400 a year, effective December 29.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying-out and construction of Gustine street, Dorchester district, as a highway, from King street southerly and from Ashmont street northerly, with the name of Garner road or some other distinctive name; bounded and described as follows:

A highway named Garner road is hereby laid out from Ashmont street northwesterly and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Section I.

Southerly by Ashmont street, forty and 4-100 feet; easterly by the line of Garner road as hereby established, one hundred seventy-six and 30-100 feet; northerly by Westglow street, forty and 5-100 feet and westerly by the line of Garner road as hereby established, one hundred seventy-six and 59-100 feet.

Section II.

Southerly by Westglow street, forty and 5-100 feet; easterly by the line of Garner road as hereby established, four hundred thirty-one and 86-100 feet; northerly by the line of Garner road as hereby established, forty and 8-100 feet and westerly by the line of Garner road as hereby established, four hundred thirty-two and 59-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Garner road will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount herein-after respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Garner Road, Dorchester, Assessment Plan, June 8, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Garner road, Dorchester district, as a highway, from Ashmont street northwesterly, under the order of the Board of July 21, 1939, and awards no damages therefor.

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

FIRE DEPARTMENT ORDERS.

General Order No. 32.

I. JOHN J. CONNOLLY.

It is with deep regret the Fire Commissioner announces the death, on July 9, 1939, of John J. Connolly of the Maintenance Division. Mechanic's Assistant Connolly was appointed to the department on June 12, 1925.

The funeral was held from Murphy & Turnbull Funeral Home, 322 Bunker Hill street, Charlestown, at 9.30 a. m. Wednesday, July 12, 1939, followed by services at St. Mary's Church, Warren and Winthrop streets, Charlestown, at ten o'clock.

Many members of the Maintenance Division were excused from duty in order to attend the funeral services.

II. RETIREMENTS.

The following retirement which took effect at 8 a. m. Wednesday, July 19, 1939, is hereby announced: Ladderman James E. Tracy of Ladder Company 7.

the following retirement which will take effect at 5 p. m. Monday, July 31, is hereby announced: Inspector John J. Kelleher of the Wire Division.

Ladderman Tracy was appointed to the department on September 2, 1904, and Inspector Kelleher was appointed to the Wire Division on March 20, 1903. Both of these men leave the department with the best wishes of their associates.

III. HIGHWAY SAFETY CAMPAIGN.

Under the direction of his Honor the Mayor and in conjunction with the city-wide campaign now in progress, a highway safety campaign will be conducted by all city departments in order to reduce to an absolute minimum the number of accidents involving city-owned vehicles.

A general committee, comprised of department heads, has been appointed to formulate and put into effect certain rules and regulations for the purpose of preventing accidents by having operators of city-owned vehicles become accustomed to driving in a careful manner at all times. Mayor Tobin is particularly anxious that all employees who operate motor vehicles cooperate to the fullest extent during this campaign. The Fire Commissioner is desirous of having the cooperation of all members of this department in reducing the number of motor vehicle accidents. This can be accomplished if every operator of a fire department motor vehicle becomes safety-conscious and keeps the thought in mind that the careful driver is an asset to the entire community.

The campaign in the Fire Department will open officially on Friday, July 21, 1939, and the following regulations will be in effect thereafter:

Any motor vehicle operator involved in an accident is subject to call before a trial board, consisting of Frank Flanagan, coordinator of motor vehicles, Assistant Corporation Counsel Joseph P. Graham, the district chief on duty, under whose jurisdiction the particular operator comes (in the department branches it will be the superintendent of each branch), and the Fire Commissioner. This Board will investigate and make a study of all accidents in order to determine the cause and place the responsibility for each accident. If it is determined that the employee of this department was responsible, an oppor-

tunity will be given the employee to give an explanation before any recommendation relative to disciplinary action will be forwarded by the Board to the Fire Commissioner for his consideration and for whatever action he deems advisable.

The attention of all members of the department is called to Rule 137 of the Department Rules and Regulations. Members assigned to drive apparatus shall see that brakes, lights, steering equipment, tires, etc., are in A-1 mechanical condition. If any defects are found they should be immediately reported to the Company Commander who will in turn notify the Maintenance Division or Motor Squad through the Fire Alarm Office of such defects and immediate steps will be taken to remedy the conditions reported.

IV. A. D. T. ASSIGNMENTS.

The following signal numbers are to be added to the running cards of the American District Telegraph Company in this department:

Signal 642—Kane's, Incorporated, 200-220 Camden street, front buildings Nos. 1 and 2.

Signal 643—Kane's, Incorporated, 200-220 Camden street, rear buildings Nos. 3 and 4.

Apparatus to respond to both locations: Engine 13, Ladder 12 and District Chief 8. Nearest box is 2212.

The following signal numbers of the American District Telegraph Company have been discontinued:

Signal 533—6-12 Medford street.

Signal 535—20-24 Medford street.

Signal 539—43-55, Beverly street.

V. BOSTON AUTOMATIC FIRE ALARM SIGNALS.

The following signal numbers of the Boston Automatic Fire Alarm Company have been discontinued:

Signal 176—Building, 83, 87 Summer street.

Signal 491-492—Building, 299, 303 Congress street.

Signal 468—Building, 323, 329 A street.

VI. COMMENDATIONS.

Hoseman Charles J. McGranahan of Engine Company 8 is hereby commended for extinguishing a fire at Box 3622 on July 6, 1939, while off duty.

Hoseman William D. Hart of Rescue Company 2 is hereby commended for volunteering and donating blood in transfusion to a patient at the Boston City Hospital on July 7, 1939.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMEUL J. POPE,
Chief of Department.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

POLICE DEPARTMENT ORDERS.

General Order No. 368.

Sergt. John H. Cloran, Patrolmen Edward W. Crickard and Frank J. Collins, all of Division 2, are commended for efficient police duty performed on Sunday, July 9, 1939, in connection with the arrest of a person whom they had observed acting in a suspicious manner on Washington street, near Franklin street.

Investigation revealed that he had a sidewalk brick concealed under his coat. Upon being taken into custody, he confessed to breaking by means of a brick several plate glass windows in this city and one in Providence, Rhode Island, and the theft of jewelry valued at several hundred dollars, practically all of which has since been recovered by the officers.

The commissioner is pleased to commend these officers for their keen observation and attention to duty shown in accomplishing this important arrest which reflects credit on the department.

The Acting Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 369.

A trial board consisting of Captains Mulrey, Dunn and Justin McCarthy, having heard by reference a complaint made by Capt. James T. Sheehan, Division 11, against Thomas Dunn, patrolman, Division 11, for alleged violation of the rules and regulations of the Police Department, charging him with neglect of duty, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Thomas Dunn be suspended from duty for a period of ninety days, effective as of 5.45 p. m., July 14, 1939, and at the expiration of said suspension he perform 420 hours' punishment duty.

Civil Service Rule 23, section 3, requires approval of the Civil Service Commission before reinstatement.

Rule 23.

"Section 3. With the consent of the commissioner, upon good cause shown,

an appointing officer may reinstate in the same position or in a position in the same class and grade any person who has been separated from the service; provided, however, that the commissioner shall not allow reinstatement of a person discharged for cause."

The Acting Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 370.

Commencing Monday, July 24, 1939, at 7.45 o'clock a. m., a new system of reporting offences, by mechanical device, for the information of the Police Commissioner, will be put in operation.

In accordance with instructions which have already been explained by Patrolman Oscar L. Ely, commanding officers shall cause to be forwarded in the morning mail daily, to the Office of the Superintendent, the daily reports of the offences and other data enumerated on forms already distributed to the various divisions and units. Each division will fill in the spaces opposite the offence and other data that is listed on the special printed sheet in the following manner:

For example: If an offence among those enumerated on sheet is reported on a division, they will insert in the space opposite the offence charged, the letter of the sector and also the nearest location number shown on the special map furnished to each division: such as "A9." If an arrest is made for that offence on the same division, there will be inserted under the "Arrest" column the sector and location, "A-9," which will indicate that an arrest was made for the offence which occurred at that location. If more than one arrest is made for the same offence, the number of arrests should be inserted in red ink.

Offences which appear on accompanying sample sheets with lines drawn through them will not be reported upon.

The Bureau of Criminal Investigation and Special Service Squad will refer to the division for the sector and location number for their information.

Personnel sheets will be submitted only by the divisions.

The number of patrolmen assigned to the various sectors doing duty in the

manner as listed on sample sheet will be entered in the space as provided.

Additional supply of forms may be obtained on requisition at the Property Clerk's Office, 229 Milk street.

The Acting Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective July 20, 1939:

Alabama Street, Dorchester.

From Almont street to Croyden street.

Ashley Street, East Boston.

From Boardman street to Whitby street.

Leyden Street, East Boston.

From Bennington street to Boardman street.

Morris Street, East Boston.

From Brooks street to Putnam street.

Ware Street, Dorchester.

From Trull street to Rill street.

Warner Street, Dorchester.

From Harvard street to West Park street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted May 15, 1939, and was effective May 17, 1939, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from July 16, 1939:

Parking of vehicles is prohibited in the following street:

Auckland Street, Dorchester.

West side, from Bay street to Dewar street, twenty-four hours.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted March 9, 1939, and were effective March 29, 1939, for a trial period of sixty (60) days, and which were extended for sixty (60) days from May 20, 1939, are hereby extended for a further trial period of sixty (60) days from July 19, 1939:

Section 24, Part 1, is amended by adding the following:

Federal Street, Downtown Boston.

From Purchase street to High street.

Summer Street, Downtown Boston.

From High street to Federal street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water main construction, estimated to be sixty (60) days, the following rules are effective July 19, 1939:

Parking of vehicles is prohibited in the following street:

Parker Street, Roxbury.

Both sides, from Longwood avenue to Tremont street.

The following street is one way in the direction indicated:

Parker Street, Roxbury.

From Longwood avenue to Tremont street.

PROCEEDINGS OF SCHOOL COMMITTEE.

June 21, 1939.

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 6:35 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, Lee, Smith, Sullivan, and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

DEATHS

The Superintendent reported the death of the following-named teacher:

Thomas Gardner District—Jessie L. Sweet, first assistant, kindergarten, June 20, 1939.

Placed on file.

The Superintendent reported the death of the following-named teacher who had been retired on pension:

Lowell District—Alice A. Batchelor, Apr. 13, 1939.

Placed on file.

RETIREMENTS ON PENSION

The Superintendent offered the following:

ORDERED, That the following-named teacher is hereby retired on pension in accordance with the provisions of Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, Chapter 569 of the Acts of 1912, and Chapter 304 of the Special Acts of 1915, the date of retirement and rate of pension to be as hereinafter specified:

Charles Sumner District—Elizabeth M. Healy, assistant, elementary, Aug. 31, 1939, \$540.

Passed unanimously.

The Superintendent offered the following:

ORDERED, That in accordance with the provisions of Section 58 of Chapter 32 of the General Laws, as amended by Chapter 261 of the Acts of 1922, and by Chapter 386 of the Acts of 1923, and with the consent of His Honor the Mayor, Hubert G. Fisher, master, Dorchester High School for Boys, an honorably discharged veteran of the World War, who has been in the service of the city for thirty years, is in accordance with his application, hereby retired from active service, at one-half his net rate of compensation per annum, namely, nineteen hundred and forty-four dollars (\$1944), to take effect Aug. 31, 1939, and to be paid from the appropriation item "General School Purposes."

Passed unanimously.

APPOINTMENTS AND TRANSFERS

The following appointments and transfers by the Superintendent, certified by him as being in accordance with the rules and regulations to take effect on the date stated, were presented:

TRANSFERS OF PRINCIPALS

Florence M. Murphy, master, Theodore Lyman District, to the same position in the Ulysses S. Grant District, Sept. 1, 1939.

ORDERED, That the principal of the Brighton Evening Commercial High School is hereby placed in charge of the Brighton Evening Elementary School during the evening school term 1939-1940.

ORDERED, That the principal of the Hyde Park Evening Commercial High School is hereby placed in charge of the Hyde Park Evening Elementary School during the evening school term 1939-1940.

ORDERED, That the principal of the Roslindale Evening Commercial High School is hereby placed in charge of the Roslindale Evening Elementary School during the evening school term 1939-1940.

ORDERED, That during the evening school term 1939-1940, the Superintendent is hereby authorized, subject to the approval of the School Committee, to appoint two clerical assistants in the Boston Trade School (Evening Classes).

ORDERED, That the employment of additional first assistants is hereby authorized for the evening school term 1939-1940 in such branches of the evening elementary schools as the Superintendent may determine.

ORDERED, That the Superintendent, subject to the approval of the State Board of Education, is hereby authorized under the General Laws, Chapter 74, to conduct during the evening school term 1939-1940 evening trade classes in the Boston Trade School and in such branches thereof as he may determine.

ORDERED, That the Director of Evening and Summer Schools is hereby authorized to incur an expense not to exceed one hundred twenty dollars (\$120) for clerical work in connection with registration in the evening high schools during the evening school term 1939-1940.

ORDERED, That during the evening school term 1939-1940, the Superintendent is hereby authorized, in his discretion and subject to the approval of the School Committee, to appoint temporary clerical assistants in the evening schools in excess of the number of clerical assistants authorized by the regulations.

ORDERED, That each evening school principal is hereby authorized to hold one evening school teachers' meeting in the school-house occupied by his evening school previous to the opening of the evening school term 1939-1940, the compensation for custodian service to be in accordance with the evening school schedule.

The ten orders passed collectively.

CONSOLIDATION AND ESTABLISHMENT OF SCHOOL DISTRICTS

On motion of the Superintendent, it was

ORDERED, That the Theodore Lyman District is hereby consolidated with the Ulysses S. Grant District, to take effect September 1, 1939, said consolidated district to be known thereafter as the Ulysses S. Grant District.

On motion of the Superintendent, it was

ORDERED, That the Wells District is hereby consolidated with the Wendell Phillips District, to take effect September 1, 1939, said consolidated district to be known thereafter as the Wendell Phillips District.

On motion of the Superintendent, it was

ORDERED, That the Patrick F. Lyndon District, Grades I-VI, is hereby established, to take effect September 1, 1939, and that the following-named schools be included within said district:

Patrick F. Lyndon School, Richard Olney School, and Sophia W. Ripley School.

On motion of the Superintendent, it was

ORDERED, That the James A. Garfield District, Grades I-VI, is hereby established, to take effect September 1, 1939, and that the following-named schools be included within said district:

James A. Garfield School, Mary Lyon School, Hobart Street School, Hobart Street Portable School No. 158, and Oak Square School.

RENAMING OF SCHOOL DISTRICT

On motion of the Superintendent, it was

ORDERED, That the Robert Gould Shaw District is hereby renamed the Robert Gould Shaw Intermediate District.

TERMINATION OF ELEMENTARY MECHANIC ARTS CLASS

A communication was received from the Superintendent, under date of June 21, 1939, reporting that subject to the approval of the School Committee, he has authorized the termination of the elementary mechanic arts class in the Wendell Phillips District.

Placed on file and the termination approved.

CLOSING OF ADMINISTRATION BUILDING

The following was offered:

ORDERED, That the administrative offices and the supply room are hereby closed on Monday, July 3, 1939.

The rules were suspended and the order passed.

SUMMER EMPLOYMENT OF SCHOOL PHYSICIANS

On motion of the Superintendent, it was

ORDERED, That the Director of School Hygiene is hereby authorized to assign for temporary service in the Certifying Office during the period Aug. 7 to Sept. 1, 1939, both dates included, the following-named school physicians: Doctors Joseph H. H. Kelley, Harry B. Levine, Morris A. Silberg, Arthur V. Burns, Kermit C. Rosen,

Charles F. Stack, Joseph Laserson, George E. Winslow, John J. Dunphy, Jr., John P. Treanor, Jr., Bernard W. Pond, William E. McMahon, Gaetano Praino, Paul W. Carrigan, Charles Korb, Alice E. Butler, vice Dr. David P. Hayes, Certifying Office, absent on vacation; compensation to be at the rate established for temporary school physicians, namely, five dollars (\$5) per day of service.

ATTENDANCE AT CONVENTION

On motion, it was

ORDERED, That the Superintendent is hereby authorized to attend the annual meeting of the National Education Association to be held at San Francisco, July 2 to 7, 1939, inclusive, at an expense to the city not to exceed four hundred dollars (\$400).

Mr. Sullivan moved that this Committee send an invitation to the National Education Association to hold its 1940 convention in Boston.

The motion passed, and it was

ORDERED, That the Chairman is hereby authorized to attend the annual meeting of the National Education Association to be held at San Francisco, July 2 to 7, 1939, inclusive, at an expense to the city not to exceed four hundred dollars (\$400), for the purpose of formally presenting to the Executive Committee of that Association the invitation of the City of Boston to make Boston its convention city in the summer of 1940.

APPOINTMENT OF SCHOOL MATRON

A communication was received from the Secretary, under date of June 21, 1939, reporting the following-named persons as eligible for appointment as school matron:

Helen P. Nickerson, Johanna F. Thornton, Elenore F. Daly.

Placed on file.

On motion, Helen P. Nickerson was appointed school matron, Dorchester High School for Girls, to take effect June 22, 1939, by unanimous vote.

ELIGIBLE LISTS

A communication was received from the Board of Superintendents, under date of June 21, 1939, transmitting a list of successful candidates of August, 1938, for the certificates of qualification indicated, as reported by the Board of Examiners.

These names do not constitute separate eligible lists, but should be inserted in School Document No. 5, 1938, at the places indicated by the respective ratings.

Placed on file.

AGE FOR ADMISSION TO THE
FIRST GRADE

The Chairman stated that the School Committee has tonight agreed that the age for admission to the first grade in September, 1939, shall be five years and six months on September 1, 1939, except for pupils who have had one year in a kindergarten.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INVESTIGATOR OF PLUMBERS, REGISTRATION
OF PLUMBERS, AUGUST 29, 1939.

Last date for filing applications, Tuesday, August 15, 1939, at 5 p. m.

The minimum salary is \$1,860 a year; the maximum salary is \$2,460 a year.

Duties: To investigate complaints and violations of the law relating to the licensing of plumbers. To prosecute the same in courts if necessary. To inspect plumbing work. To assist in examinations. To assist in emergency duties from time to time and to perform such other duties as may be deemed necessary for the proper operation of the licensing law.

Entrance Requirements: Applicants must possess a license either as a journeyman or master plumber under the State Division of Registration of Plumbers.

Applicants must have at least five years' experience either as master plumbers or as journeymen.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SENIOR BACTERIOLOGIST (MALE), DEPARTMENT
OF PUBLIC HEALTH, AUGUST 29,
1939.

Last date for filing applications, Tuesday, August 15, 1939, at 5 p. m.

The minimum salary is \$2,940 a year; the maximum salary is \$3,480 a year.

Duties: Research in syphilis, including the interpretation of results in bacteriological examination of animals infected with syphilis, and the comparison of the lesions so produced with those in human beings. Study of the literature on experimental syphilis, which requires a reading knowledge of scientific German and French. Administrative duties, involving a knowledge of the serology of syphilis as applied to human beings, and such other duties as may be assigned.

Entrance Requirement: Applicants must have five years' experience in bacteriological work, one year of which shall have been in a pathological laboratory where opportunity has been provided for the study of syphilis and the examination of tissues to determine the changes brought about in same by this disease.

Substitution of Education: Education in a Class A Medical School may be substituted year for year in the evaluation for experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Duties: The industrial therapist has charge of the main Occupational Therapy class of between forty and sixty women patients, most of whom are chronic and limited as to their abilities. It is the duty of the therapist to plan the designs and color schemes for rugs and pillows, and work the power machines. Applicants should be familiar with a variety of crafts and should be able to meet the demands of the hospital by using to best advantage the capabilities of the individual patient.

Entrance Requirement: Applicants must have one year of satisfactory experience in the field of industrial therapy.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

BOSTON'S LIABILITY FOR METROPOLITAN DEBT, 1937.

Boston's liability for this contingent debt of the State (i. e., in the form of annual assessments for sinking funds and interest) incurred for Metropolitan parks, sewers, water, etc., was \$28,559,995 (net) on July 1, 1937, or \$1,283,454 more than in 1936 and \$6,473,404 more than in 1927. It is divided thus: Water debt, \$25,314,274; Park debt, \$904,738; Sewer debt, \$1,639,878; Charles River Basin debt, \$701,105. The percentages paid by Boston in 1937 were 63.4515 on Water Debt; 48.6623 on most of the Park Debt; 36.25 on most of the Sewer debt, and on Charles River Basin debt the same as on Park debt.

Metropolitan assessments paid by Boston in 1937 amounted to \$4,752,277.22, of which 64.23 per cent was for debt requirements and 35.77 for maintenance. Water assessment, \$3,282,201 (usually paid from water revenue); park, \$786,974; sewer, \$470,545; Charles River Basin, etc., \$212,557.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INSPECTOR OF ANIMALS, WOBURN HEALTH AND CHARITIES DEPARTMENT, AUGUST 29, 1939.

Last date for filing applications, Tuesday, August 15, 1939, at 5 p. m.

This examination is open to residents of the state.

The salary is \$250 a year.

Duties: To inspect all barns where animals are housed, to see that animals found to have contagious and infectious diseases are quarantined, and to have general oversight of all animals within the limits of the city of Woburn.

Entrance Requirement: Applicants must be registered veterinarians.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying-out and construction of Gustine street, Dorchester district, as a highway, from King street southerly and from Ashmont street northerly, with the name of Garner road or some other distinctive name; bounded and described as follows:

A highway named Daly street is hereby laid out from King street southeasterly and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Section I.

Northerly by King street forty feet; easterly by the line of Daly street as hereby established, one hundred and ninety-seven and 76-100 feet; southerly by Rosemont street, forty and 2-100 feet and westerly by the line of Daly street as hereby established, one hundred ninety-nine and 62-100 feet.

Section II.

Northerly by Rosemont street, by two measurements, thirty-nine and 70-100 feet and 33-100 of a foot; easterly by the line of Daly street as hereby established, four hundred and twenty-nine and 2-100 feet; southerly by the line of Daly street as hereby established, forty and 3-100 feet and westerly by the line of Daly street as hereby established, four hundred and twenty-nine and 16-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both

sides of Daly street will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered, each of said lots to the amount herein-after respectively set against it, said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Daly Street, Dorchester, Assessment Plan, June 8, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING EARTH FILLING.

The Supply Department of the City of Boston invites proposals for furnishing the Park Department, earth filling, as per specifications to be obtained at the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bidder must leave his proposal and a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the office of the Supply Department. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read on Thursday, August 3, 1939, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts, as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(July 29.) Superintendent of Supplies.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about two thousand five hundred eighty-five (2,585) square feet of vacant land on the southwest side of Adrian street, Dorchester, being lot eight (8), and more fully described in tax deed recorded with Suffolk Deeds, Book 5139, page 496, on Thursday, August 10, 1939, at 11.30 a. m., on the premises, at a minimum price of one hundred ninety-five (195) dollars.

A deposit required at the time and place of sale of twenty-five (25) dollars, in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 1008 City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(July 29-Aug. 5.)

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO BOILER CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for repairing and retubing boilers in the various schools, and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Specifications ready Wednesday, August 2, 1939. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Wednesday, August 9, 1939, at said office, with a certified check for \$250, payable to the city if the proposal is not carried out will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Superintendent of Construction. The Superintendent of Construction reserves the right to reject any or all proposals.

JAMES J. MAHAR,
(July 29.) Superintendent of Construction.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO ASPHALT CONTRACTORS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for laying asphalt floors at the Boston Clerical, Dearborn and Julia Ward Howe Schools, Roxbury, Boston, Mass., and giving bond of a surety company satisfactory to the Superintendent of Construction therefor in the full amount of the contract price. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Friday, August 4, 1939, at said office, with a certified check for \$150, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. The Superintendent of Construction reserves the right to reject any or all proposals.

JAMES J. MAHAR,
(July 29.) Superintendent of Construction.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR CLEANING CATCH-BASINS.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for taking out and removing about 1,500 cubic yards of material from about 430 catch-basins in District 7, all work to be completed by December 31, 1939, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the total amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal, accompanied by a statement clearly setting forth the equipment of which the bidder is possessed for the proper and speedy carrying out of such contract (such equipment to be considered as an essential consideration in the awarding of the contract), should be inclosed in an envelope, sealed, marked, "Proposal for Cleaning Catch-Basins," and left at Room 508, fifth floor, City Hall Annex, before 12 m. on Monday, August 7, 1939, with a certified check for 5 per cent of the total amount of the contract, payable to and to become the property of the city if the proposal, after acceptance, is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price bid on any district appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal for said district. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

GEORGE G. HYLAND,
(July 29.) Commissioner of Public Works.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about eighteen hundred sixty (1,860) square feet of vacant land, numbered 262 West Third street, South Boston, and more fully described in tax deed running to the City of Boston, recorded as Document No. 119332, with Certificate No. 3213, Suffolk Registry District of Land Court, on Tuesday, August 1, 1939, at 10.45 a. m., on the premises, at a minimum price of two hundred twenty (220) dollars.

A deposit required at the time and place of sale of ten per cent, in cash or certified check, balance to be paid in thirty (30) days. Further particulars from the Custodian of Foreclosed Real Estate, Room 1008, City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(July 22-29.)

CITY OF BOSTON.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING READY MIXED CONCRETE UNTIL DECEMBER 31, 1939.

The Supply Department of the City of Boston invites proposals for furnishing for the Public Works Department, ready mixed concrete as per specifications, to be delivered as required until December 31, 1939. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty-five cents (\$0.25) for each set of blank proposals taken out. Bids, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Friday, August 4, 1939, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(July 29.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR SEWERAGE WORKS IN PRIVATE LAND (IN REAR OF BEECH GLEN STREET), ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in private land (in rear of Beech Glen street), Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Private Land (in rear of Beech Glen Street), Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Wednesday, August 9, 1939, with a certified check for two hundred (200) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(July 29.) Commissioner of Public Works.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR FURNISHING AND LAYING A BITUMINOUS CONCRETE PAVEMENT MIXTURE ON PARKWAYS, PLAYGROUNDS AND CEMETERIES.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for furnishing and laying a bituminous concrete pavement mixture on parkways, playgrounds and cemeteries. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked, "Furnishing and Laying a Bituminous Concrete Pavement Mixture on Parkways, Playgrounds and Cemeteries," and left before 2 o'clock on Wednesday, August 9, 1939, at the office of the Park Department, with a certified check for \$2,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening of the bids. A bond will be required for doing the work in the sum of 100 per cent of the contract price of a surety company approved by the Commissioners, to secure the due protection of the city. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
WILLIAM F. KELLEY,
Commissioners.

(July 29-Aug. 5.)

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title, and interest in and to about two hundred thirty-four thousand nine hundred thirty-eight (234,938) square feet of land and flats with buildings and wharf on the westerly side of Border street, East Boston, numbered three hundred and thirty-six (336) in the numbering of said Border street, being the premises described in tax deed running to the City of Boston, recorded with Suffolk Deeds, Book 5050, page 67, on Wednesday, August 2, 1939, at 10.30 a. m., on the premises, at a minimum price of twenty-five thousand (25,000) dollars.

A deposit required at the time and place of sale of ten per cent in cash or certified check, balance to be paid in thirty (30) days. Further particulars from the Custodian of Foreclosed Real Estate, Room 1008, City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, August 7, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

ACTING MAYOR GEORGE A. MURRAY EXTENDS WELCOME TO NATIONAL CONVENTION OF DISABLED AMERICAN VETERANS OF THE WORLD WAR IN BROADCAST OVER WMEX STATION—TELLS OF CITY'S EAGERNESS TO ENTERTAIN DELEGATES TO CONVENTION AND ANNOUNCES ARRIVAL OF VANGUARD OF THOSE WHO WILL TAKE PART IN EVENTS.

The following is the address of Hon. George A. Murray, Acting Mayor, in broadcasting a welcome to the National Convention of Disabled American Veterans of the World War, on Thursday, July 27:

Chairman Walworth, Officers and Members of the D. A. V., and Their Relatives and Devoted Friends Throughout the Land.

It is not, as I see it, a function of mere routine which I am called upon to fulfil, as Boston's Acting Mayor, in this radio program tonight. On the contrary, it is an occasion of unusual pleasure and special interest—an occasion of the most keen and vivid appeal to my heart.

It is now nearly twenty-one years since the World War came to an end, and for many thousands of men, who bore a significant part in that struggle, a lifetime of sacrifice only came to its beginning as the sound of the gun-fire died away.

Two years later, in September, 1920, there was founded the great organization known as "The Disabled American Veterans of the World War." "For God and Nation, and for our commonweal," said the preamble of their constitution, the association was formed in "strong bonds of respect and mutual suffering" by "former members of the armed forces of the United States" who "aided in maintaining the honor, integrity and supremacy of our country."

Annually, since 1920, the D. A. V. has held a convention. Annually they have met, as their constitution provided, "to cherish and preserve the memories" of their military association, "and to aid and assist worthy war-time disabled veterans, their widows and orphans."

FIRST CONVENTION.

Last year the organization held its convention in Grand Rapids, Michigan. On one occasion, the D. A. V. entered New England, as a national body, at least as far as New Haven, Connecticut.

But never once before, in all the nineteen years since this most impressive group was established, have the disabled American veterans come to Boston!

How great, therefore, is my sense of privilege and delight, my opportunity of honor, in offering the most cordial of welcomes, as Acting Mayor, to the officers and members of the D. A. V., the women of their loyal auxiliaries, their families and friends, as they are about to come among us for the first national assembly of its kind ever held in this city!

I well might say—according to the history books—that the organization should have been born here in Boston. This was the city which brought to birth a lion's share of that zeal for liberty, and of that fighting devotion to domestic institutions, which was shown by the men who served in the Revolutionary War, and was so nobly renewed by the men who answered the nation's call in the World War.

The people of Boston today like to think that they know how to welcome

men who have made patriotic sacrifice like that of the disabled veterans. We are eager to receive you here as our honored guests, and we greatly hope that every day and hour which you spend among us will be full of value and pleasure.

On the latter score, I have a news-tip to offer some of you men who may be sweltering in the heat of inland cities. A mighty fine east wind sprang up here in Boston early today, and cut about twenty degrees of excess heat out of our atmosphere. That breeze from the sea is Boston's best friend, you know, in the summertime. I cannot promise you that it will be blowing all next week, during your convention. But I can give you one solemn assurance. The Atlantic Ocean will still be here at the city's front door. Your able and active national convention committee has already made good plans to get you out on the water for a pleasant excursion or two. And my own advice would be, don't let even your excellent officers keep you bound too tight by program-duties while you are here. Don't tell them I said so, but if you get a little too hot or tired, just slip away to one of our beaches, and let the Atlantic Ocean bring you refreshment.

Still, I doubt if this advice will be much needed. I know that your convention

committee has had headquarters open and actively working in the Hotel Statler ever since last February, with the Governor of the State and Mayor Maurice Tobin of Boston as honorary chairmen, both keenly interested, as I am, in the success of every phase of your meetings. The national adjutant of the D. A. V., Vivian D. Robley, who spoke to you a few moments ago, has just arrived on the scene to take active leadership, and you know that he is an A-1 field general. Your eminent national commander, Owen A. Galvin, came on here to learn the ropes more than five months ago. He will know how to steer you when he goes on the bridge.

And already, on this very evening, there are nearly a hundred of your members, I am told, who have arrived in Boston and taken up vantage posts of observation as an advance guard. Your special train leaves Cincinnati tomorrow night, bringing to us a whole host of your members. I hope you will be among them, if not on the train, then coming by bus or private motor car, or any means of transport that suits you best. Boston is eager to welcome you and will consider herself honored the more she is found, in turn, welcome and truly acceptable to the nation's most worthy body of patriotic sons—the Disabled American Veterans of the World War.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective July 24, 1939:

Brunswick Street, Roxbury.

From Warren street to a point two hundred and fifty (250) feet west of Warren street.

Chiswick Road, Brighton.

From Commonwealth avenue to Englewood avenue.

Henshaw Street, Brighton.

From Cambridge street to Market street.

Hopedale Street, Brighton.

From North Harvard street to dead end.

—

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage works construction, estimated to be thirty (30) days, vehicles are excluded from the following street, effective July 26, 1939:

Pratt Street, Brighton.

From Wadsworth street to Ashford street.

—

Voted, That as urgently required by considerations of public safety and con-

venience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective July 26, 1939:

Hecla Street, Dorchester.

From Adams street to Dorchester avenue.

Lyon Street, Dorchester.

From Adams street to Dorchester avenue.

Roanoke Avenue, West Roxbury.

From Elm street to Alveston street.

Vershire Street, West Roxbury.

From Cowing street to a point six hundred and fifty (650) feet south-west of Cowing street.

NUMBER OF PAID OFFICIALS AND EMPLOYEES.

(Continued from page 833.)

The tabulation prepared by the City Auditor of the number of paid officials and employees in the service of the city and county on the first day of June indicates that in the last year the number of employees in city departments reflects a net reduction of 641. On June first of this year, 19,080 persons were employed in sixty city divisions or departments. This is the lowest number of persons to be employed within the last ten years.

Examination of the tabulation indicates that in twenty-six departments, gross decreases in the number of employees to the extent of 791 have been made; that in twenty-one city departments no change is reflected from one year ago; whereas, in thirteen departments gross increases of 150 employees are reflected. Departments showing substantial decreases are as follows: Fire, 30; Hospital, 112; Institutions, 22; Park, 39; Police, 54; Paving, 38; Sanitary, 44; Water, 21, and Schools, 383. City departments showing substantial increases are: Assessing, 10, and Public Welfare, 119.

The decrease shown in schools is explained by the fact that on June first of this year there were, roughly, 272 less persons employed by the School Department in connection with the extended use of schools and 100 fewer teachers and instructors. In the Welfare Department it has been necessary to employ additional people, since there has been no diminishing in the case load of the department.

With the current lay-off policy on W. P. A., it is anticipated that more persons must be employed in the Welfare Department to properly handle the work of recertification. The rolls of county departments reflect an increase of 87 persons, which increase is largely attributable to the opening of the new Courthouse Building in Pemberton square.

The total number of paid officials and employees in the service of the city and county as of June 1st, 1939, was 20,247. This is the lowest number to be employed since June 1st of 1929, when, according to the official records of the city, 20,019 persons were on city and county pay rolls.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, August 3:

HOSPITAL DEPARTMENT.

The following persons have terminated their services in the Hospital Department:

Louise Eisen, Helen Laird, Agnes Connell, Helen Goralski, Mary Fitzpatrick, Nancy MacBeth, temporary laundresses, \$17 a week; John Sherman, messenger, \$12 a week; Rita B. Cronin, Mildred H. Armstrong, stenographers, \$12 a week; Daniel Cunningham, temporary orderly, \$16.50 a week; Elizabeth H. McKenna, ward helper, \$15 a week; James B. Keany, gauze sorter, \$24 a week.

The following monthly nurses have been employed:

Virginia Austin, \$10 a month; Elryn Alekel, Margaret Boisclair, \$8 a month; Geraldine Balduc, \$10 a month; Margaret Burton, \$8 a month; Irma Barnard, \$10 a month; Lillian Bagnell, \$6 a month; Margaret Barrett, Marion Blackburn, no pay; Evelyn Bettencourt, \$6 a month; Ida Chernes, \$10 a month; Louise Cooper, \$8 a month; Helen Collins, \$10 a month; Irene Caulfield, no pay; Barbara Connolly, \$10 a month; Avis Drown, \$8 a month; Anita Driscoll, \$10 a month; Josephine Dalton, Ruth Eaton, Evelyn Ellery, no pay; Phyllis Evans, \$9 a month; Ida Fortini, \$8 a month; Louise Finnegan, no pay; Marguerite Gillen, \$8 a month; Ruth Holmes, Virginia Hebart, \$10 a month; Barbara Hubby, Marion Howe, \$6 a month; Lois King, Dorothy Kowalcky, no pay; Jean Kingston, Eileen Keane, \$6 a month; Marion Lennox, \$8 a month; Florence Lesperance, no pay; Ruth MacNear, \$10 a month; Mabel McLellan, \$8 a month; Dorothy McKay, \$9 a month; Eileen McGary, no pay; Catherine McDonough, \$10 a month; Ethel McCausland, Gladys McLatchey, \$6 a month; Rita Moreau, Olga Mach, \$8 a month; Catherine Murphy, Evelyn Crosscup, \$10 a month; Mary Cooper, \$12.50 a month; Lola Rauinello, \$10 a month; Margaret Merrill, Lillian Merrill, \$6 a month; Katherine Mostacci, Ruth Pendelton, \$10 a month; Phyllis Pandora, \$6 a month; Phyllis Rubash,

\$10 a month; Elizabeth Roundy, no pay; Catherine Santry, \$8 a month; Norma Stacy, \$6 a month; Gertrude Tuttle, \$10 a month; Edna Wilcox, no pay; Charlotte Water, \$8 a month; Valeria Wood, \$10 a month; Mildred Walker, \$8 a month; Theresa Woefel, Martha Wyman, \$10 a month; Mary Walsh, Pappy Zolotas, \$6 a month.

Jennie Walukevick, floor nurse, is now Jennie Krawcenski.

The following special nurses have been employed at \$4.50 a day:

Pearl B. Aronson, social worker, from \$1,600 to \$1,700 a year, effective June 17.

Grace Badessa, stenographer, from \$1,300 to \$1,400 a year, effective June 21.

Kathleen P. Ballem, clerk, from \$1,200 to \$1,300 a year, effective September 7.

Sidney Barr, junior social worker, from \$1,400 to \$1,500 a year, effective December 24.

Cecilia E. Batchelder, junior social worker, from \$1,400 to \$1,500 a year, effective December 24.

Agnes G. Batts, social worker, from \$1,700 to \$1,800 a year, effective December 1.

John J. Benesh, Jr., bookkeeper, from \$1,400 to \$1,500 a year, effective November 19.

Eleanor Blackmur, visitor, from \$1,900 to \$2,000 a year, effective September 8.

Melville Borison, bookkeeper, from \$1,400 to \$1,500 a year, effective December 14.

Frances A. Bousard, aid and settlement agent, from \$1,100 to \$1,200 a year, effective March 12.

Mildred T. Bowen, junior social worker, from \$1,400 to \$1,500 a year, effective July 16.

Edward F. Bown, bookkeeper, from \$1,400 to \$1,500 a year, effective December 17.

Mary E. Bown, stenographer, from \$1,500 to \$1,600 a year, effective January 1.

Elizabeth M. Boyle, junior social worker, from \$1,400 to \$1,500 a year, effective March 26.

Cynthia Bradford, social worker, from \$1,700 to \$1,800 a year, effective December 15.

Jeannette Bramberg, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Mary Breen, aid and settlement agent, from \$1,100 to \$1,200 a year, effective March 12.

Thomas J. Bresnahan, custodian, from \$2,000 to \$2,100 a year, effective January 1.

Emma J. Brown, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Doris L. Burke, junior social worker, from \$1,400 to \$1,500 a year, effective March 12.

Robert E. Burns, clerk, from \$1,300 to \$1,400 a year, effective March 15.

Harold Burwood, stenographer, from \$1,500 to \$1,600 a year, effective September 1.

Anthony J. Bushlow, clerk, from \$1,300 to \$1,400 a year, effective February 15.

Helena F. Cadigan, social worker, from \$1,700 to \$1,800 a year, effective December 1.

John F. Cahill, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Charles L. Callahan, clerk, from \$1,500 to \$1,600 a year, effective March 24.

John J. Callahan, bookkeeper, from \$1,400 to \$1,500 a year, effective November 19.

Eunice L. Callaway, clerk-typist, from \$1,100 to \$1,200 a year, effective March 26.

Grace F. Cameron, clerk, from \$1,300 to \$1,400 a year, effective January 4.

Phoebe Cannon, junior social worker, from \$1,400 to \$1,500 a year, effective December 24.

Abby M. Carey, clerk, from \$1,400 to \$1,500 a year, effective December 21.

Alice M. Carey, social worker, from \$1,700 to \$1,800 a year, effective December 21.

Rita T. Casey, stenographer, from \$1,400 to \$1,500 a year, effective December 21.

Jeanne C. Caust, visitor, from \$1,900 to \$2,000 a year, effective September 8.

Mabel P. Cavanagh, bookkeeper, from \$1,400 to \$1,500 a year, effective November 13.

Lucy M. Church, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Helen J. Clancy, aid and settlement agent, from \$1,100 to \$1,200 a year, effective March 12.

Estelle L. Clarke, junior social worker, from \$1,400 to \$1,500 a year, effective March 26.

Helen W. Coates, social worker, from \$1,600 to \$1,700 a year, effective May 6.

Josephine R. Cohen, social worker, from \$1,600 to \$1,700 a year, effective June 10.

Wolf B. Cohen, bookkeeper, from \$1,300 to \$1,400 a year, effective January 14.

Dorothy B. Collins, stenographer, from \$1,500 to \$1,600 a year, effective January 1.

Evelyn G. Collins, real estate social worker, from \$1,500 to \$1,600 a year, effective November 12.

Thomas Collins, social worker, from \$1,700 to \$1,800 a year, effective December 1.

George W. Condon, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Clare Conley, social worker, from \$1,700 to \$1,800 a year, effective December 22.

Kathleen M. Conley, junior social worker, from \$1,400 to \$1,500 a year, effective December 24.

James P. Connolly, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Margaret M. Connors, junior social worker, from \$1,400 to \$1,500 a year, effective March 12.

Grace M. Conte, clerk, from \$1,300 to \$1,400 a year, effective January 4.

Rose H. Cooper, social worker, from \$1,600 to \$1,700 a year, effective January 11.

Helen A. Corbett, clerk, from \$1,500 to \$1,600 a year, effective January 1.

Mary E. Corbett, clerk-typist, from \$1,300 to \$1,400 a year, effective July 17.

Peter A. Corcoran, visitor, from \$1,900 to \$2,000 a year, effective August 25.

Elinor E. Costello, junior social worker, from \$1,400 to \$1,500 a year, effective December 24.

Evelyn F. Costello, bookkeeper, from \$1,400 to \$1,500 a year, effective October 26.

Mary C. Costello, junior social worker, from \$1,400 to \$1,500 a year, effective March 26.

Mary P. Coughlan, visitor, from \$1,900 to \$2,000 a year, effective February 3.

Gertrude M. Coughlin, stenographer, from \$1,500 to \$1,600 a year, effective January 1.

Hilda I. Cristofori, bookkeeper, from \$1,500 to \$1,600 a year, effective January 1.

Eleanor M. Crosby, aid and settlement agent, from \$1,100 to \$1,200 a year, effective March 12.

Anna J. Crotty, stenographer, from \$1,300 to \$1,400 a year, effective July 26.

Marie F. Curran, junior social worker, from \$1,400 to \$1,500 a year, effective March 12.

Edward Davidson, junior social worker, from \$1,400 to \$1,500 a year, effective December 24.

Margaret G. Lawley, aid and settlement agent, from \$1,100 to \$1,200 a year, effective March 26.

Levon DerHohannesian, clerk, from \$1,300 to \$1,400 a year, effective March 15.

Mary A. Devitt, junior social worker, from \$1,400 to \$1,500 a year, effective March 26.

Carlo DiPersio, aid and settlement agent, from \$1,100 to \$1,200 a year, effective September 17.

Margaret F. Doherty, stenographer, from \$1,500 to \$1,600 a year, effective January 1.

Frances E. Donahue, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Louise A. Donahue, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Margaret M. Donahue, stenographer, from \$1,400 to \$1,500 a year, effective October 26.

Mae E. Donoghue, clerk-stenographer, from \$1,100 to \$1,200 a year, effective March 26.

Catherine Donohue, bookkeeper, from \$1,400 to \$1,500 a year, effective November 5.

Albert W. S. Donovan, clerk, from \$1,300 to \$1,400 a year, effective March 18.

Margaret C. Donovan, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Regina F. Donovan, bookkeeper, from \$1,400 to \$1,500 a year, effective November 2.

Helen M. Dooley, aid and settlement agent, from \$1,100 to \$1,200 a year, effective March 12.

Arthur G. Downey, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Edna M. Driscoll, aid and settlement agent, from \$1,100 to \$1,200 a year, effective March 12.

Gerald T. Driscoll, social worker, from \$1,700 to \$1,800 a year, effective December 31.

David A. Duff, social worker, from \$1,700 to \$1,800 a year, effective December 1.

William C. Ellis, clerk-typist, from \$1,500 to \$1,600 a year, effective November 24.

Johanna C. Emerson, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Catherine M. English, stenographer, from \$1,300 to \$1,400 a year, effective January 4.

Belle Epstein, social worker, from \$1,700 to \$1,800 a year, effective December 30.

Margaret M. Esler, junior social worker, from \$1,400 to \$1,500 a year, effective March 26.

Domenic Esposito, aid and settlement agent, from \$1,100 to \$1,200 a year, effective March 12.

Helen T. Fadden, clerk-typist, from \$1,100 to \$1,200 a year, effective March 12.

Mary R. Feeney, junior social worker, from \$1,400 to \$1,500 a year, effective March 12.

Joseph I. Feldman, aid and settlement agent, from \$1,100 to \$1,200 a year, effective March 12.

Anna L. Fennessey, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Marion E. Fernald, stenographer, from \$1,400 to \$1,500 a year, effective December 21.

Anne R. Fine, junior social worker, from \$1,400 to \$1,500 a year, effective March 26.

Katherine E. Flaherty, bookkeeper, from \$1,500 to \$1,600 a year, effective November 24.

Elmer F. Flanagan, aid and settlement agent, from \$1,100 to \$1,200 a year, effective March 26.

Helen C. Flynn, social worker, from \$1,600 to \$1,700 a year, effective May 15.

Mary E. Flynn, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Alfred F. Foster, junior social worker, from \$1,400 to \$1,500 a year, effective December 24.

Agatha Francis, aid and settlement agent, from \$1,100 to \$1,200 a year, effective March 12.

Augusta Franklin, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Faith M. Fraser, stenographer, from \$1,300 to \$1,400 a year, effective June 15.

Ruth M. Fuller, junior social worker, from \$1,400 to \$1,500 a year, effective March 26.

Morris Furman, bookkeeper, from \$1,400 to \$1,500 a year, effective December 10.

Jennie Futransky, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Edith M. Galvin, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Jeremiah F. Galvin, real estate social worker, from \$1,500 to \$1,600 a year, effective January 1.

Samuel S. Gelewitz, clerk, from \$1,500 to \$1,600 a year, effective January 1.

Angeline M. Giorgione, junior social worker, from \$1,400 to \$1,500 a year, effective March 12.

Lillian Gideon, social worker, from \$1,700 to \$1,800 a year, effective December 1.

Judith Gilfix, junior social worker, from \$1,400 to \$1,500 a year, effective March 26.

Jeannette Ginsberg, bookkeeper, from \$1,300 to \$1,400 a year, effective May 10.

Anita Ginsburg, bookkeeper, from \$1,500 to \$1,600 a year, effective January 1.

 Gilbert F. Shea, elevator operator, from \$1,200 to \$1,300 a year, effective March 20.

Division 4.

Frederick K. Cadigan, mechanic, from \$1,800 to \$1,900 a year, effective August 6.
 Frederick J. Corbo, mechanic, from \$1,800 to \$1,900 a year, effective August 6.
 David J. Healy, mechanic, from \$1,800 to \$1,900 a year, effective August 6.
 John L. Conway, mechanic, from \$1,700 to \$1,800 a year, effective June 16.
 Neil McGinley, mechanic, from \$1,700 to \$1,800 a year, effective June 16.
 Gustav H. Rathgeber, mechanic, from \$1,700 to \$1,800 a year, effective June 18.
 Frank Viafora, mechanic, from \$1,700 to \$1,800 a year, effective June 16.
 Timothy J. Wyse, mechanic, from \$1,700 to \$1,800 a year, effective June 16.
 James F. Freeley, mechanic, from \$1,600 to \$1,700 a year, effective August 5.
 Jeremiah J. Clifford, mechanic, from \$1,600 to \$1,700 a year, effective December 1.
 Frederick T. Metcalf, mechanic, from \$1,600 to \$1,700 a year, effective December 1.

Patrolmen (From \$1,700 to \$1,800 a Year).

Division 1.

Frederick R. Parker, effective April 2.
 Joseph P. Connolly, effective July 2.
 Frederick C. Doyle, effective July 2.
 Philip G. Cusack, effective August 2.
 Thomas C. J. Fitzgerald, effective August 2.

Division 2.

William S. Booth, effective April 2.
 John R. Crowley, effective April 2.
 Matthew A. Galvin, effective April 2.
 Francis J. Shea, effective April 2.
 Frederick V. Jennings, effective June 4.
 Timothy F. Keane, effective June 4.
 Charles D. Marston, effective June 4.
 Leslie V. Baker, effective August 2.
 Joseph L. Crowley, effective August 2.
 John T. Eldracher, effective August 2.

Division 3.

Arthur A. Quinn, effective April 2.
 Patrick B. Lally, effective September 3.

Division 4.

Joseph W. Allen, effective April 2.
 Matthew J. Flaherty, effective April 2.
 Simon Marcus, effective April 2.
 Michael J. McDonough, effective April 2.
 James McGrath, Jr., effective April 2.
 Hilary J. McGunigle, effective April 2.
 Frederick D. Phillimore, effective April 2.
 Joseph F. Hourihan, effective June 4.
 Thomas Boyle, effective July 2.
 Richard M. Horrigan, effective August 2.

Frank C. Lentini, effective August 2.
 Edward T. McDonough, effective August 2.
 Thomas J. Reilly, effective August 2.

Division 6.

John J. Doherty, effective April 2.
 John E. Doris, effective April 2.
 Timothy J. Linehan, effective April 2.
 James E. McTigue, effective April 2.
 Stephen J. McFadden, effective June 4.
 Lawrence T. Walsh, effective July 2.
 Joseph J. Hartnett, effective August 2.
 John J. Kelly, effective August 2.
 James F. Doogan, effective August 4.
 Ibrri W. H. Curtis, effective September 3.

Leo M. Gaffney, effective September 3.

Joseph T. McFadden, effective September 3.
 Robert W. McManamin, effective September 3.

Lawrence M. Seale, effective September 3.
 Ignatius H. Goode, effective December 31.

Division 7.

Peter J. Bermingham, effective April 2.
 John F. Dacey, effective April 2.
 William C. Driscoll, effective April 2.
 Salvatore Fiorillo, effective April 2.
 Timothy L. Sullivan, effective April 2.
 John H. Nea, effective August 2.
 John E. O'Leary, effective August 2.

Division 8.

Joseph M. Mullen, effective April 2.

Division 9.

Carl A. Fetler, effective April 2.
 Joseph E. Kelleher, effective April 2.
 Hugh J. Sullivan, effective April 2.
 George A. Toland, effective April 2.
 Charles L. Evans, effective June 4.
 William M. Hennessey, effective June 4.
 Edward R. McGrath, effective June 4.
 Myles L. Cunningham, effective July 2.
 Thomas F. Allen, effective August 2.
 James W. Chisholm, effective August 2.

Maurice P. Foley, effective August 2.
 Herman C. Blake, effective September 3.

James E. Brogan, effective September 3.
 Henry R. Carley, effective September 3.

Edward A. Dalton, effective September 3.
 John J. Young, effective September 3.

Francis T. Costello, effective December 31.
 Jeremiah J. Hurley, effective December 31.

Division 10.

James T. Barrett, Jr., effective April 2.
 John F. Barrett, effective April 2.
 Thomas F. Coyne, effective April 2.
 Frank T. Geysen, effective April 2.
 Frank J. Keating, effective April 2.
 Martin M. Hernon, effective June 4.
 Joseph F. Murphy, effective June 4.
 Albert E. Norton, effective June 4.
 William H. Behan, effective July 2.
 John J. Costello, effective July 2.
 Charles P. Gibbons, effective August 2.

William J. McGrann, effective August 2.
 Morris N. Siltan, effective August 2.

Arthur B. Coe, effective September 3.
 Joseph E. Farrell, effective September 3.

Jeremiah F. Ryan, effective September 3.

- Edward G. Feeney, effective December 31.
John P. Mulligan, effective December 31.

Division 11.

- Richard J. Barrett, effective April 2.
Henry J. Geary, effective April 2.
Paul A. Hagerty, effective April 2.
John Stevens, effective April 2.
Francis G. Sullivan, effective April 2.
James H. Sweeney, effective April 2.
Edward J. Dever, effective June 4.
Lawrence F. Manning, effective June 4.
Hugh B. Mooney, effective June 4.
John A. Cahalane, effective July 2.
William H. O'Neil, effective July 2.
Arthur J. Ahern, effective August 2.
Fred J. Balboni, effective August 2.
James T. Brennan, effective December 31.

- Joseph P. Donahue, effective December 31.
John J. Slattery, Jr., effective December 31.
Daniel J. Collins, effective July 2.

Division 13.

- Joseph A. Buckley, effective April 2.
Walter J. Hankard, effective April 2.
Archie D. MacDonald, effective April 2.
John F. J. Maloney, effective April 2.
Leo H. Neville, effective April 2.
James J. Ryan, effective April 2.
John J. White, effective April 2.
Arthur Der Ananian, effective June 4.
Charles A. Donovan, effective June 4.
Mark J. Flaherty, effective June 4.
Austin L. Cannon, Jr., effective July 2.
John J. King, effective July 2.
Patrick J. Leonard, effective July 2.
Howard A. McViney, effective July 2.
Joseph R. Corrigan, effective August 2.

- Charles L. Coughlan, effective August 2.
Buford A. Curyea, effective August 2.
James H. Maguire, effective August 2.
Albert W. Ball, effective September 3.
Elmer V. H. Brooks, effective September 3.
Harold E. L. Hutchinson, effective September 3.
David M. A. Meaney, effective September 3.
Arnold Mongiovi, effective September 3.

Division 14.

- Edward F. Blake, effective April 2.
John J. Doherty, effective April 2.
Vincent F. Kennedy, effective April 2.
William J. Reilly, effective April 2.
George E. Timmons, effective April 2.
Leo A. Welch, effective April 2.
Richard J. Stapleton, effective June 4.
Charles J. Reynolds, effective June 4.
Richard J. Stapleton, effective June 4.
Chester A. Ochs, effective August 2.

Division 15.

- Joseph A. Murphy, effective April 2.
Charles A. Sullivan, Jr., effective April 2.
John J. Torpey, effective July 2.
John J. Diggins, effective August 2.

Division 16.

- James F. P. Hourihan, effective April 2.
Edward W. Mannix, Jr., effective April 2.
James F. McKenna, effective April 2.
Benjamin J. Donahue, effective August 2.
Thomas J. Kenney, effective August 2.

Division 17.

- Francis R. McCarthy, effective April 2.
Edward W. McQuilliam, effective April 2.
William J. O'Donnell, effective April 2.
Ivers E. Winnill, effective April 2.
Joseph R. Carey, effective June 4.
William E. Doogan, effective June 4.
Edward F. Gibbons, effective July 2.
John F. McCarthy, Jr., effective July 2.
Albert E. Murdock, effective August 2.
Wilfred U. Francoeur, effective September 3.
Raymond D. Jennings, effective September 3.
John F. McCarthy, effective September 3.
John J. McCarthy, effective September 3.
Reginald W. O'Brien, effective September 3.

Division 18.

- Martin J. Byrnes, effective April 2.
Joseph F. Denney, effective April 2.
James E. Mooney, effective April 2.
Robert A. Kirk, effective June 4.
Leo W. Gannon, effective July 2.
Joseph N. O'Donnell, effective July 2.
Richard Black, effective August 2.

Division 19.

- Orris E. Bennett, effective April 2.
Herbert T. Lynch, effective April 2.
Frank Nigloschy, effective April 2.
Francis X. Quinn, effective April 2.
William R. Stahler, effective April 2.
James S. Evans, effective June 4.
Joseph A. Sullivan, effective June 4.
Charles C. Delaney, effective July 2.
Thomas V. McDonough, effective July 2.
William A. McLean, effective July 2.
Edward H. Shea, effective July 2.
George F. LeCorn, effective August 2.
Eugene McGrory, effective August 2.
William S. Morgan, effective August 2.
William H. Howard, effective August 2.

Traffic Division.

FIRE DEPARTMENT ORDERS.

General Order No. 33.

I. PROMOTION.

The following promotion which took effect at 8 a. m. Tuesday, July 25, 1939, is hereby announced:

District Chief Daniel Martell of District 8 to Deputy Chief.

II. TRANSFERS.

The following transfers which took effect at 8 a. m. Tuesday, July 25, 1939, are hereby announced:

Deputy Chief Daniel Martell from District 8 to Division 3.

Ladderman Arthur L. Jackson from Ladder Company 26 to Ladder Company 23.

III. REINSTATEMENT.

The following reinstatement which will take effect at 8 a. m. Tuesday, August 1, 1939, is hereby announced:

Ladderman John H. Corcoran to Ladder Company 26.

IV. RETIREMENTS.

The following retirement which will take effect at 8 a. m. Tuesday, August 1, 1939, is hereby announced:

Ladderman Daniel J. Crowley of Ladder Company 11.

The following retirement which will take effect at 8 a. m. Wednesday, August 2, 1939, is hereby announced:

Hoseman George H. Hine of Engine Company 39.

Hoseman Hine was appointed to the department on November 18, 1899, and Ladderman Crowley was appointed to the department on February 1, 1924. Both these men leave the department with the best wishes of their associates.

V. BOSTON AUTOMATIC FIRE ALARM SIGNAL.

The following signal of the Boston Automatic Fire Alarm Company has been discontinued as of July 19, 1939:

Signal 648, building, 12-16 Central street.

VI. COMMENDATIONS.

Hoseman Jacob Spitz of Engine Company 44 is hereby commended for pulling an unconscious woman out of Fort Point channel near the Public Landing Float at the Northern Avenue Bridge at about 9.25 p. m. July 19, 1939. Hoseman Spitz upon being informed that a woman was struggling in the water secured a boat and brought her ashore.

Lieut. John J. Morgan of Engine Company 46 is hereby commended for notifying the department of a fire, and working at said fire, Box 3614, on July 20, 1939, while off duty.

Hoseman William J. Donahue of Engine Company 15 is hereby commended for responding to and working at fire at 167 West Broadway on July 22, 1939, while off duty.

By order of SAMUEL J. POPE,
Acting Fire Commissioner.

CIVIL SERVICE EXAMINATIONS. (CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

ASSISTANT IN HEALTH EDUCATION, BOSTON HEALTH DEPARTMENT, AUGUST 23, 1939.

Last date for filing applications, Wednesday, August 9, 1939, at 5 p. m. This examination is open to females only.

Salary: \$1,200 a year.

Duties: To conduct health talks. To index health literature. To distribute health literature and health posters. To catalog health films in health literature. To set up and distribute exhibits. To emphasize social aspects of public health in contacts with groups in clubs, settlement houses, etc.

Entrance Requirements: Applicants who have not reached their thirty-fifth birthday or have passed their fifty-fifth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Applicants must have one year's experience in public health education work.

Subjects and Weights: Training and experience, 4; practical questions, 4;

personality and fitness as determined by an oral interview, 2; total, 10.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

POLICE DEPARTMENT ORDERS.

General Order No. 371.

The resignation of Patrolman Joseph T. McFadden of Division 6 having been presented, it is hereby accepted, to take effect Friday, July 28, 1939, at 7.45 o'clock a. m.

The Acting Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

\$50,000,000 WATER-SUPPLY PROJECT IN CALIFORNIA.

The city of San Jose has entered into contract with the Water Properties Company, Ltd., of San Francisco, to provide the city water from the head waters of the American river in the vicinity of Lake Tahoe. The agreement is for thirty years, during which time the municipality will acquire title to the local distribution system and receive a proportionate share of the production and transmission systems.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INDUSTRIAL INSTRUCTOR IN THE CLOTH INDUSTRY, MASSACHUSETTS REFORMATORY, AUGUST 29, 1939.

Last date for filing applications, Tuesday, August 15, 1939, at 5 p. m.

The minimum salary is \$1,680 a year; the maximum salary is \$2,160 a year. At the present time, there are two vacancies,—one for Industrial Instructor, Cotton Preparation, and one for Industrial Instructor, Wool Picking.

Duties, Industrial Instructor, Cotton Preparation: To do cotton picking, carding, drawing, slubbing, and intermediate and speeder work. To keep machines properly adjusted and repaired.

Duties, Industrial Instructor, Wool Picking: To mix woolen blends for the card room, which entails knowledge of oiling the proper stocks and the proper laying down of the lot. To keep machines properly adjusted and repaired.

Entrance Requirements, Industrial Instructor, Cotton Preparation: Applicants must have one year's experience in cotton picking, carding, drawing, slubbing, and intermediate and speeder work.

Entrance Requirements, Industrial Instructor, Wool Picking: Applicants must have one year's experience in rag picking, dusting and burr picking of wool and wool by-products.

Subjects and Weights (both examinations): Training and experience, 2; practical questions (covering cotton preparation or wool picking), 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

INDUSTRIAL THERAPIST, ARTS AND CRAFTS, GRAFTON STATE HOSPITAL, DEPARTMENT OF MENTAL HEALTH, AUGUST 29, 1939.

Last date for filing applications, Tuesday, August 15, 1939, at 5 p. m.

The minimum salary with maintenance is \$840 a year; the maximum salary with maintenance is \$1,140 a year.

Duties: The industrial therapist has charge of the main Occupational Therapy class of between forty and sixty women patients, most of whom are chronic and limited as to their abilities. It is the duty of the therapist to plan the designs and color schemes for rugs and pillows, and work the power machines. Applicants should be familiar with a variety of crafts and should be able to meet the demands of the hospital by using to best advantage the capabilities of the individual patient.

Entrance Requirement: Applicants must have one year of satisfactory experience in the field of industrial therapy.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CONTRACTS AWARDED WITHOUT ADVERTISING.

Upon July 17 the Mayor approved a contract with bidders as indicated for furnishing and installing manholes, etc. A communication from the Superintendent of Construction was as follows:

DEPARTMENT OF SCHOOL BUILDINGS,
BOSTON, June 27, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

MY DEAR MR. MAYOR,—In response to an advertisement inserted in the *City Record*, issue of June 17, the attached list of bids for furnishing and installing manhole and hand-hole gaskets and fusible plugs in various schools were received and publicly opened and read by me.

	District 1.	District 2.	District 3.
Joseph F. Dwyer.....	\$880 00	\$895 00	\$830 00
J. L. Sullivan.....	973 00	995 00	922 00
James P. Sullivan Company.....	820 00	930 00	744 00
J. W. Praught.....	875 00	995 00	895 00
F. W. Zemeir & Co., Incorporated.....	1,527 00	1,127 00	1,099 00
Powers & Mehegan Company.....	800 00	927 00	823 00

Bid No. 6 as per the list was not signed. Accompanying this bid was a cashier's check for \$250, signed by an assistant cashier of the First National Bank. It was impossible for me to identify the bidder on this bid. The auditor's copy was similar to the copy received by this department. Through a call made to the First National Bank I identified this bid as being submitted by Powers & Mehegan Company, 500 Broadway, South Boston.

On account of the discrepancy in this bid I have rejected all the bids received and respectfully request that the following concerns be awarded contracts without advertising as per prices submitted, as in my opinion the interests of the city are best served by this procedure.

Powers & Mehegan Company, 500 Broadway, South Boston, District No. 1, in the sum of eight hundred (800) dollars.

Joseph F. Dwyer, 249 Park street, West Roxbury, District No. 2, in the sum of eight hundred ninety-five (895) dollars.

James P. Sullivan Company, 3722 Washington street, Boston, District No. 3, in the sum of seven hundred forty-four (744) dollars.

Awaiting your Honor's approval, I am,

Respectfully yours,

JAMES J. MAHAR,
Superintendent of Construction.

CIRCULAR LETTER NO. 16.

OFFICE OF THE MAYOR,
BOSTON, July 21, 1939.

To All Department Heads.

GENTLEMEN,—You are hereby directed to grant leave of absence, without loss of pay, to employees in your department who are alternates or delegates of the Veterans of Foreign Wars, to attend the annual National Convention in the City of Boston, from August 27 to September 1, 1939, inclusive.

Respectfully,

MAURICE J. TOBIN, Mayor.

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of \$1,200-plus up to \$200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of \$400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

CITY ELECTION, NOVEMBER 2, 1937.

Registered voters, 183,313 men and 160,710 women, a total of 344,023, of whom 275,138 (or 79.97 per cent) cast their ballots.

Total votes for Mayor for four-year term, 272,826, of which Maurice J. Tobin (elected) had 105,212; James M. Curley, 80,376; Malcolm E. Nichols, 55,247; William J. Foley, 28,184; scattering, 3,807; blanks, 2,312. Tobin carried 15 wards and Curley carried 7 wards. The total vote in Tobin's 15 wards was: Tobin, 82,986 and Curley, 49,185; the total vote in Curley's 7 wards was: Curley, 31,191 and Tobin, 22,226. Tobin's largest vote was in Ward 20; Curley's in Ward 3; Nichols' in Ward 20 and Foley's in Ward 6. Wards 4, 5, 20 and 21 gave Nichols 3,757 more votes than for Curley and Ward 6 gave Foley 494 more votes than for Curley.

The total vote for Mayor was 79.30 per cent of registration.

There were nine names on the ballot for School Committee for four years (full term). Frederick R. Sullivan with 103,971 votes and Joseph Lee with 71,893 votes were elected. There were five names on the ballot for School Committee to fill an unexpired two-year term. Joseph C. White with 86,223 votes was elected.

On March 30, 1937, there was a special election in Ward 9 to fill vacancy caused by the death of Councilor Richard D. Gleason. Mrs. Mildred M. Harris was elected. There were ten candidates.

There were 102 candidates for City Council at the election on November 2, 1937. Nineteen of the 22 City Councilors were up for re-election and 8 of them were defeated. The following were elected for two-year terms:

THE CITY COUNCIL FOR 1938 AND 1939.

Ward.	Name.	Votes Received.
1.....	F. W. Irwin.....	8,453
2.....	W. J. Galvin.....	3,946
3.....	J. I. Fitzgerald.....	5,221
4.....	P. D. Chase.....	4,385
5.....	H. L. Shattuck.....	6,900
6.....	G. A. Murray.....	3,896
7.....	J. E. Kerrigan.....	6,823
8.....	J. F. Dowd.....	6,975
9.....	M. M. Harris.....	3,137
10.....	W. A. Carey.....	5,142
11.....	E. L. Englert.....	4,327
12.....	C. I. Taylor.....	5,092
13.....	E. A. Hutchinson, Jr.....	3,577
14.....	S. Rosenberg.....	7,230
15.....	J. B. Kelly.....	8,480
16.....	P. A. Fish.....	5,312
17.....	R. G. Wilson, Jr.....	8,208
18.....	C. A. Norton.....	6,402
19.....	P. A. Murray.....	6,450
20.....	T. F. Lyons.....	6,516
21.....	J. E. Agnew.....	5,600
22.....	M. H. Sullivan.....	4,453

The largest number of candidates in a ward was nine in Wards 3 and 9; Ward 14 had 7; Wards 4, 12, 20 and 22 had 6; Wards 1, 13, 16, 18 and 19 had 5; Ward 15 had only 1 candidate.

By the police listing of residents twenty years of age and over, there were 255,482 men and 276,163 women, a total of 531,645, on the first of January, 1937.

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine*.

PROCEEDINGS OF SCHOOL COMMITTEE.

June 26, 1939.

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 10.55 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, Lee, Smith, Sullivan, and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

ANNUAL APPROPRIATION ORDER

The Chairman presented a letter from His Honor, the Mayor, under date of June 23, 1939, vetoing the annual appropriation order for the fiscal year 1939, as follows:

CITY OF BOSTON
Office of the Mayor
City Hall

June 23, 1939.

The Boston School Committee
15 Beacon Street
Boston, Massachusetts

Dear Sirs:

I return herewith the Budget of the School Department for the financial year 1939 without my signature, and disapproved.

If your Honorable Body will give further consideration to the budget as to eliminate therefrom the appropriation allocated to the Teachers College in the amount of \$137,648.86, my approval of the appropriation item in the budget for "salaries of principals, teachers, members of the supervising staff" will be forthcoming.

In the event that your Honorable Body will vote to admit no entering class to the college for the school year 1939-1940, I shall be pleased to accept from the Committee an appropriation sufficient to carry the sophomore, junior and senior classes now in the institution, with the ultimate objective of closing the college with the graduating class of 1942.

The State at the present time maintains nine teachers colleges and normal schools, and the citizens of Boston contribute 23.7% of the cost of maintenance of these institutions. Boston is the only city in the Commonwealth which ever has attempted to maintain a teachers college at its own expense. I strongly believe that the training of teachers, if conducted at public expense, is properly a function of the State government, and should not be paid for by the taxpayers of Boston.

I trust that your Honorable Body will agree with this recommendation, and submit a revised budget at your early convenience.

Very truly yours,

(signed) Maurice J. Tobin,
Mayor.

Mr. Sullivan: The issue before us now is passing the original budget, including enough money to cover all classes in Teachers College, to sustain the vote we have already taken?

Chairman: That is right.

Mr. Sullivan: For passage we require how many votes?

Chairman: A four-fifths vote.

Dr. Foley: I vote no.

Mr. Lee: If I understand correctly, the motion is to include a sum sufficient to have a freshman class this year. I know what my vote would be, and yet it is confusing, because in actuality it costs \$300 more to omit the freshman class because of losing the tuition we would get from these freshmen; so that the issue is not a clear one. I didn't know whether you were going to vote in this manner or in the manner we voted upstairs.

Mr. White: The question now before the School Committee is whether or not we will sustain the Mayor's veto.

Mr. Lee: I believe Mr. Sullivan put the question the other way.

Dr. Foley: I am voting to sustain the Mayor's veto.

Chairman: The question comes on the passage of the original order, over the Mayor's veto. Dr. Foley has voted no.

Mr. Lee: Are we voting without further discussion of this matter?

Chairman: Yes.

Mr. Lee: We are voting on passing over the Mayor's veto. I vote yes, to pass the order over the veto.

Mr. Sullivan: I vote to pass the order over the veto.

Mr. White: I vote to pass the order.

Chairman: No.

I declare the motion for the passage of the original appropriation order over the Mayor's veto lost. I am now submitting a new budget and appropriation order to the Committee for consideration. It will be the same budget that we adopted before except that there will be eliminated from salaries of principals, teachers, members of supervising staff, etc., \$2,200; there will be \$400 taken from the supply budget and \$1800 taken from anticipated income. All this is in anticipation of no entering class in Teachers College in September, 1939.

Mr. Sullivan: Of that \$2200 which you say is being saved by eliminating the freshman class, \$1100 is represented not as a saving by cutting out the entering class, but by the elimination of another teacher who would be eliminated regardless of whether the entering class were in or out?

Chairman: That is correct.

Mr. Lee: May I ask if this is going to be taken item by item, as on the occasion of the original budget?

Secretary: One order.

Mr. Lee: I want to have the Secretary give us the total we are passing now as compared to the total that we passed the other time, and ask whether that represents total appropriations or total appropriations minus anticipated revenue.

Secretary: It is now \$3,733,602.68, having deducted the two items to which the Chairman refers.

Mr. Lee: We do not find in this order the figure which represents the amount to be assessed on the taxpayer?

Chairman: No.

Secretary: The estimated income you have reduced from \$838,874.57 to \$837,754.57 because of the omission of the entering class at the Teachers College.

Mr. Lee: At the previous vote on the passage of the budget I sought three or four major economies and one increase. Without arguing those points, I am in the same position.

I credit the Mayor with having gone over the City budget and with having gone over our budget with a fine tooth comb. I also give the Mayor credit for getting a little more revenue by collecting water bills and collecting back taxes. He has not, however, given a real body massage to this sesquipedalian budget. He has not more than massaged the scalp. I was looking to Teachers College to give us a better trained citizenry such as Mr. Fitzgerald (Hon. John F. Fitzgerald) told us about tonight, so that we can bring business to Boston and be constructive on the revenue end.

The final example is this Teachers College economy, which is no economy for the present. It is simply an increase of \$300. Another School Committee may come in next year and replace that freshman class. We have done nothing but add \$300 to the budget and deprived these girls of an education.

Chairman: What I have attempted to do for two years is to start closing Teachers College so that after 1942 all classes will be eliminated.

As you state, it might result in an increase of \$300 in the budget this year, but eventually the economies to the taxpayers of Boston will amount to about \$137,000 a year.

Mr. Lee: Provided we do not have to inaugurate a training school for teachers with at least a year's duration.

Mr. Sullivan: Is it agreed that something will be necessary to give some pedagogical training to those coming from colleges where they do not receive such training?

Chairman: I believe that is a matter of opinion.

Mr. Lee: I would favor the reduction of all classes in the college, including the returning sophomore, junior, and senior classes, to sixty, because of the fact that there are a number of girls who cannot find places, and in that way it would reduce the number of teachers at this time. When we run into a shortage five years from now we will have no college and it will take us four years to start up again.

Chairman: That is all problematical.

Mr. Lee: As the order is amended we can only vote yes, unless we want to reduce this budget further.

Chairman: That is right. This is to eliminate the entering class.

Dr. Foley: I vote yes.

Mr. White: We are voting on the new appropriation for Teachers College?

Chairman: We are voting for a new budget, including the budget for Teachers College, which includes the second, third, fourth and fifth year classes and the summer training school for teachers.

Dr. Foley: We are voting to retain the second, third, fourth and fifth years.

Chairman: The second, third, fourth and fifth years and the training school for teachers of Mechanic Arts and the summer courses.

The Chairman stated the question was on the passage of the new appropriation order in the sum of \$8,733,602.68, as follows:

ORDERED, That to meet the estimated cost of maintenance of the Boston Public Schools for the fiscal year 1939, based on the detailed estimates, which do not include "Alterations, repairs, furniture and fixtures," for which separate appropriation orders are made, the following amounts are hereby appropriated for the purposes indicated below, in addition to the sums appropriated on May 8, 1939, "on account:"

For general school purposes:

Salaries of administrative officers, clerks, stenographers, supervisors of attendance and other employees	\$253,628.04
Salaries of principals, teachers, members of the supervising staff and others....	6,875,083.11
Salaries of cafeteria employees, nutrition class attendants and lunch attendants	37,088.50
Salaries of custodians	534,755.22
Salaries of matrons	12,986.40
Fuel and light, including electric current for power	171,207.00
Supplies, equipment and incidentals	492,405.00
Pensions to supervisors of attendance and custodians	360.00
Pensions to veterans	4,997.00
Promoting the Americanization and better training for citizenship of foreign-born persons	12,440.00
Vocational guidance	28,005.67
Physical education—day schools and playgrounds	155,061.42
Salaries of school physicians, salaries of school nurses, and care of teeth	122,678.40
Extended use of the public schools	32,906.92
Pensions to teachers (amount to be raised by taxation)...	
Total	\$8,733,602.68

SUMMARY OF APPROPRIATIONS

Appropriations "on account" on May 8, 1939	\$7,009,000.00
Final appropriations	8,733,602.68

Total appropriations for maintenance, exclusive of "Alterations, Repairs, Furniture and Fixtures"

Dr. Foley: I vote yes.

Mr. Lee: Yes.

Mr. Sullivan: I will vote yes on that, but only with the knowledge that that is my second choice. I would much rather see the entire Teachers College open in the fall.

Mr. Lee: My position is the same as Mr. Sullivan's.

Mr. White: Yes, with the same identical reservation.

Chairman: Yes.

That is unanimous. I declare the appropriation of \$8,733,602.68 passed and the amended preliminary estimates accepted.

At this time I would like to call attention to the fact that for the past two years this School Committee has succeeded in reducing the amount to be raised by taxation for the support of public schools over \$800,000, made up of \$414,417 in 1938, and an additional decrease from that figure of \$391,668 in 1939.

COMMUNICATION FROM MAYOR —POSTPONEMENT OF ACTION ON SALARY SCHEDULE.

The following communication was presented:

City of Boston
Office of the Mayor
City Hall

June 26, 1939

The Boston School Committee,
Messrs. Henry J. Smith, Chairman;
Dr. Patrick J. Foley; Joseph Lee; Frederick R. Sullivan and Joseph C. White.

15 Beacon Street,
Boston, Massachusetts

Gentlemen:

As you know measures of important effect upon Boston's finances now await action by the General Court. The Legislators have still to determine the State's first biennial budget; not only as to expenditures, but also as to revenue for the years 1939 and 1940.

Regarding expenditures, Governor Saltonstall's program of retrenchment comprises fifty-four items which, if adopted, would reduce total appropriations by \$2,300,000. This program is now on the calendar for legislative attention item by item, and the very vital question remains, how far the General Court will go to relieve real estate, now seriously overtaxed, by the passage of measures to provide new revenue from other sources. As these important matters must be decided before the Legislature can determine the deficiency to be met, for costs of State government for 1939 and 1940, by assessment of the State tax on the cities and towns. Knowledge of this factor is required before the City of Boston, in turn, can determine its municipal tax rate. Under these circumstances, I deem it necessary to ask your Honorable body to defer final action on the annual salary schedule for teachers in the public schools of Boston until the Legislature shall have completed its work on the Commonwealth's biennial budget. Such postponement is all the more urgent because the pending schedule of salaries for teachers—a major item in the city's annual outlay—covers the period from September 1, 1939, through August 31, 1940. It thus has a substantial bearing on municipal finances not only in the present fiscal year but also for next year. Manifest duty impels me, therefore, to appeal for your cooperation in protecting the City of Boston from a final commitment as to the costs it must assume for teachers' salaries during the latter months of 1939 and the first nine months of 1940, until the Legislature makes known what share of state costs Boston must bear during the same two year period, 1939 and 1940.

Although no one can predict just how long the General Court will require to complete the fiscal deliberations of its first biennial session, it seems likely that the Legislators will have completed this work by mid-August. A postponement of the teachers salary schedule until then would still enable your Honorable Committee to act with a full knowledge of the State

tax burden to be borne by the City, and seasonably before expiration of the present salary schedule on August 31st.

Very truly yours,
(Signed) MAURICE J. TOBIN
Mayor

The communication was placed on file.

Chairman: The School Committee in conference tonight agreed to accede to the Mayor's request and will not take any action on the salary schedule until a later date.

Mr. Sullivan: There is no date set on that? I think this Committee agreed that it would act at such time during the summer as it is known what the State budget is going to be.

Chairman: But before August 31.

Mr. Sullivan: August 31 would be the dead line.

DEATH

The Superintendent reported the death of the following-named teacher:

English High School—Carey P. Ladd, master, June 25, 1939.

Placed on file.

RESIGNATION

The following resignation, reported by the Superintendent to take effect on the date stated, was presented:

Department of Penmanship—Bertha A. Connor, director, June 28, 1939.

Accepted.

RETIREMENTS ON PENSION

The Superintendent offered the following:

ORDERED, That the following-named teachers are hereby retired on pension in accordance with the provisions of Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, Chapter 569 of the Acts of 1912, and Chapter 304 of the Special Acts of 1915, the date of retirement and rate of pension to be as hereinafter specified:

Dwight District—Mary H. Fruean, assistant, elementary, Aug. 31, 1939, \$600.

Grover Cleveland Intermediate District—Mary Polk, master's assistant, Aug. 31, 1939, \$600.

Henry Grew District—Mabel J. Sedgwick, assistant, elementary, Aug. 31, 1939, \$600.

Hugh O'Brien District—Williamina Birse, assistant, intermediate, Aug. 31, 1939, \$600.

John Cheverus District—Mabel E. Vaughan, assistant, intermediate, Aug. 31, 1939, \$600.

John Winthrop District—Mary F. McDonald, assistant, elementary, Aug. 31, 1939, \$600.

Longfellow District—Annie M. Driscoll, assistant, elementary, Aug. 31, 1939, \$600.

Patrick F. Gavin Intermediate District—Mary S. Laughton, assistant, intermediate, Aug. 31, 1939, \$600.

Thomas N. Hart District—Helen M. Canning, assistant, elementary, Aug. 31, 1939, \$600.

Washington Irving Intermediate District—Isabel J. Mulkern, assistant, intermediate, Aug. 31, 1939, \$600.

Wells District—Sarah J. Jameson, master's assistant, Aug. 31, 1939, \$600.

William Howard Taft Intermediate District—Maude E. Rice, master's assistant, Aug. 31, 1939, \$600.

Woodrow Wilson Intermediate District—Mary E. Hiscock, assistant, intermediate, Aug. 31, 1939, \$600.

Department of Household Science and Arts—Sarah A. Horan, teacher of sewing, Aug. 31, 1939, \$600.

Classes for Conservation of Eyesight—Rose A. Plunkett, assistant, Aug. 31, 1939, \$600.

Passed unanimously.

TEMPORARY TEACHER

Continuation School—Lawton G. Meredith, shop instructor, June 7, 1939.

Approved

Approved.

TRANSFER

A communication was received from the Superintendent, under date of June 26, 1939, reporting that subject to the approval of the School Committee, he has made the following transfer of a clerical assistant:

Helen P. Cooney, clerical assistant, Wells and Wendell Phillips Districts, to the same position in the Wendell Phillips District, full time, Sept. 1, 1939.

Approved.

LEAVES OF ABSENCE

On the report of the Superintendent, leaves of absence were granted as follows:

Charlestown High School—Maurice J. Moriarty, co-ordinator, June 7, 8, 9 and 12, 1939, four days, court summons.

Eliot District—Grace F. Laughlin, assistant, elementary, June 20 and 21, 1939, two days, court summons.

ASSIGNMENTS

A communication was received from the Superintendent, under date of June 26, 1939, reporting that subject to the approval of the School Committee, he has assigned Marion Midgley, assistant professor, The Teachers College of the City of Boston, to the Girls' Latin School, without change of rank or salary, said assignment to take effect Sept. 1, 1939, and to continue for the school year ending Aug. 31,

1940, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of June 26, 1939, reporting that subject to the approval of the School Committee, he has assigned Agnes L. Harrington, assistant, in intermediate, Michelangelo Intermediate District, to Conservation of Eyesight Classes, without change of rank or salary, to take effect Sept. 1, 1939, and to continue for the school year ending Aug. 31, 1940, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the assignment approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of June 26, 1939, reporting that subject to the approval of the School Committee, he has made the following reassignments of teachers:

Frank P. Rich, co-operative instructor, Roxbury Memorial High School (Boys), to assist in productive work, without change of rank or salary, to take effect Sept. 1, 1939, and to continue for the school year ending Aug. 31, 1940, unless earlier terminated by the Superintendent with the approval of the School Committee.

William M. Rogers, co-operative instructor, Brighton High School, to the Department of Manual Arts, without change of rank or salary, to take effect Sept. 1, 1939, and to continue for the school year ending Aug. 31, 1940, unless earlier terminated by the Superintendent with the approval of the School Committee.

Placed on file and the reassignments approved, to take effect on the date stated.

A communication was received from the Superintendent, under date of June 26, 1939, reporting that subject to the approval of the School Committee, he has assigned the following named teachers to the Vocational High and Opportunity School, without change of rank or salary, to take effect Sept. 1, 1939, and to continue for the school year ending Aug. 31, 1940, unless earlier terminated by the Superintendent with the approval of the School Committee:

Frank C. Bernard, shop instructor, Department of Manual Arts.
Walter G. deGrasse, assistant, manual training, elementary, Department of Manual Arts.

Placed on file and the assignments approved, to take effect on the date stated.

REAPPOINTMENTS OF TEACHERS

The Superintendent submitted a list of appointments on tenure and reappointments of teachers and members of the supervising staff, contained in School Document No. 3, 1939—Reappointments of Teachers

and Members of the Supervising Staff—and in connection therewith offered the following:

ORDERED, That the recommendations of the Superintendent with reference to retention of excess teachers in the schools as set forth in School Document No. 3, 1939—Reappointments of Teachers and Members of the Supervising Staff—are hereby accepted and the continuance of teachers in the respective schools or districts and ranks is hereby allowed pending transfer or other adjustments.

ORDERED, That the recommendations relative to the reappointments of teachers with higher ranks than allowed under the regulations, as submitted by the Superintendent and contained in School Document No. 3, 1939 are hereby approved.

ORDERED, That the recommendations of the Superintendent relative to the re-establishment of conservation of eyesight classes, lip-reading classes, special classes, speech improvement classes, for the school year 1939-40, as contained in School Document No. 3, 1939 are hereby approved.

ORDERED, That the recommendations of the Superintendent relative to the re-establishment of rapid advancement, ungraded, and special English classes for the school year 1939-40, as contained in School Document No. 3, 1939, are hereby approved, and it is hereby ordered that all such classes be discontinued at the close of the current year and be re-established in the fall only by order of the School Committee.

The appointments on tenure and the reappointments of teachers and members of the supervising staff as contained in School Document No. 3, 1939, were approved, the regulations were suspended, and the four foregoing orders were collectively passed.

USE OF CERTAIN STREETS FOR PLAY PURPOSES

On motion of the Superintendent, it was

ORDERED, That for the purpose of promoting recreation, play or sport, in accordance with the provisions of Chapter 220 of the Acts of 1938, the Traffic Commission of the City of Boston be requested to close to vehicular traffic the following streets or parts thereof during the periods of time hereinafter set forth:

Claremont Park—From Columbus Avenue to the New York, New Haven and Hartford Railroad—Monday to Friday, inclusive—10 A. M. to 10 P. M.—June 28 to Sept. 1, 1939.

Everett Street, East Boston—From Jeffries Street to Lamson Street—Monday to Friday, inclusive—1 P. M. to 9 P. M.—June 28 to Sept. 1, 1939.

Genesee Street, City Proper—From Albany Street to Harrison Avenue—Monday, Wednesday, and Thursday—6 P. M. to 9 P. M.—June 26 to Sept. 1, 1939.

Hale Street, City Proper—From Green Street to South Margin Street—Wednesday—7 P. M. to 9 P. M.—July 12, 19, and 26, Aug. 2, 9, 16, 23, and 30, 1939.

Haskins Street, Roxbury—From Ruggles Street to Vernon Street—

Monday to Friday, inclusive—6 P. M. to 9 P. M.—June 28 to Sept. 1, 1939.

Kent Street, Roxbury—From Roxbury Street to Vernon Street—Monday to Friday, inclusive—6 P. M. to 9 P. M.—June 28 to Sept. 1, 1939.

Melvin Avenue, Brighton—From Allston Street to Commonwealth Avenue—Monday to Friday, inclusive—10 A. M. to 10 P. M.—June 28, to Sept. 1, 1939.

North Margin Street, City Proper—From Cooper Street to Stillman Street—Monday to Friday, inclusive—10 A. M. to 10 P. M.—June 28 to Sept. 1, 1939.

Pembroke Street, City Proper—From Shawmut Avenue to Tremont Street—Monday to Friday, inclusive—6 P. M. to 9 P. M.—July 1 to Sept. 1, 1939.

Plympton Street, City Proper—From Albany Street to Harrison Avenue—Monday to Friday, inclusive—6 P. M. to 9 P. M.—July 1 to Sept. 1, 1939.

Porter Street, Jamaica Plain—From Amory Street to Bismarck Street—Tuesday and Wednesday—6:30 to 9 P. M.—June 28 to Sept. 1, 1939.

Princeton Street, East Boston—From Eagle Square to Shelby Street—Monday to Friday, inclusive—1 P. M. to 9 P. M.—June 28 to Sept. 1, 1939.

Roys Street, Jamaica Plain—From Chestnut Avenue to Lamarine Street—Tuesday and Wednesday—6:30 P. M. to 9 P. M.—June 28 to Sept. 1, 1939.

Sheafe Street, City Proper—From Salem Street to Snow Hill Street—Monday to Friday, inclusive—10 A. M. to 10 P. M.—June 28 to Sept. 1, 1939.

Sterling Street, Roxbury—From Warwick Street to Westminster Street—Monday, Wednesday, and Friday—6 to 8 P. M.—July 10 to Sept. 1, 1939.

Tyler Street, City Proper—From Broadway to Harvard Street—Monday, Tuesday, Wednesday, and Thursday—6 P. M. to 9 P. M.—July 1 to Sept. 1, 1939.

Wordsworth Street, East Boston—From Saratoga Street to William F. McLellan Highway—Monday to Friday, inclusive—1 P. M. to 9 P. M.—June 28 to Sept. 1, 1939.

DEATHS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of June 26, 1939, reporting the death, on June 23, 1939, of Charles D. Gallagher, custodian, East Boston High School-house, and recommending that the salary due him be paid to his widow, Alice Gallagher.

Placed on file.

On motion, it was

ORDERED, That the salary due Charles D. Gallagher, late custodian of the East Boston High School-house, be paid to his widow, Alice Gallagher.

Mr. Sullivan: The Department has suffered a great loss in Mr. Gallagher's death after forty years in the school service. I knew him as an outstanding man, one of the finest in the School Department.

A communication was received from the Schoolhouse Custodian,

under date of June 26, 1939, reporting the death, on June 25, 1939, of Jeremiah E. Murphy, custodian, Mather School-house, and recommending that the salary due him be paid to his widow, Mary Murphy.

Placed on file.

On motion, it was

ORDERED, That the salary due Jeremiah Murphy, late custodian, Mather School-house, be paid to his widow, Mary Murphy.

RETIREMENT OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of June 26, 1939, reporting the retirement from active service of the following-named member of the Boston Retirement System, to take effect June 30, 1939:

William A. Kinsley, custodian, Frothingham School-house.

Placed on file.

ELECTION OF MEMBER OF TRIAL BOARD

A communication was received from the Schoolhouse Custodian, under date of June 26, 1939, reporting that at a meeting of all the custodians held in the Administration Building on Saturday, June 10, 1939, Mr. John V. Dole was elected as the custodians' representative on the Trial Board.

Placed on file.

POLITICAL AND RELIGIOUS FREEDOM

Mr. Lee: Before we adjourn I want to take cognizance of this as in a sense the last meeting of the school year, although we may meet again during the summer. This terminates the school year from the children's point of view. And I want to ask your indulgence in bringing up a question which to me is very crucial as judged by the experience of last year, and I want to look towards next year also. That is the matter of political and religious freedom in our schools.

What I would like to discuss is the influence of the Catholic Church in our schools as an educational force. You say, "Why?" I say because it seems to me the most important single factor in our school system. You say, "Well, that is a private matter." Perhaps anybody's religion, the religious part of a person's thought, is private. Yet in this case I think the policies do affect everybody in the school system, those of that faith and those who are not of that faith. I am sure that it is something that no one ever need hesitate or be in any way ashamed to discuss.

Beginning at the beginning, the factors that come up in my mind are these: It is known, I think, that the great majority of those on the Board of Superintendents and on the School Committee are of that faith. I hear charges once in a while, but not very often, that discrimination is used in the appointment of teachers and other employees. In the few cases that I have heard of or that I have

looked into, I have found absolutely nothing in that. I do not believe that is true at all. There are, however, other matters, not concerned with the appointment of teachers, but concerned with policies which may be said to be outside of religion, but in which members of religious faiths do take a stand, where I would like to make a plea for some reconsideration, or, let us say, for more tolerance.

Let me give you two examples:

I do not need to give many illustrations to get my thought across.

During the World War, for example, my own father was chosen by President Wilson to head up a Camp Community Service to provide wholesome recreation at camps for those in the service. During the war we had the same effort continued by private organizations in different places, such as the Community Service at Boston. Yet when it was sought to carry on that community service at Boston, when the executive director of the Adult Recreation project was trying to carry on the same kind of activities for adults in peace time that they learned to carry on successfully during the War, and were carrying on those activities in the Bowdoin School, the chairman took occasion to say that this was an effort to introduce subversive influences into the schools.

I think we do not need to go to that extent, to say that people who may not be of one faith are necessarily subversive or necessarily aliens.

Mr. Sullivan: I do not recall any instance of that sort.

Chairman: I resent very, very strongly having any interpretation put on any remark of mine, as a reflection on any race or religion. Certainly there is nothing of that in my make-up and I resent Mr. Lee's attempt to read such a meaning into any statement I may have made.

Mr. White: If I remember rightly, I voted for that proposal, didn't I, Mr. Lee?

Mr. Lee: I think you did, yes.

Mr. White: I represent the same faith as Mr. Smith, and I have seen no attitude on the part of Mr. Smith to denote that he is intolerant racially or religiously, and I do not think it is right for you to discredit a group of people by the actions of one individual even if, as is not the case here, one individual happened to be that way. That is not the way of the Church or the influence of the Church on this Committee.

Chairman: In justice to myself, Mr. Lee, I would like to ask the opinion of the other members of this Committee.

Dr. Foley: I think it is only fitting that each member be given an opportunity to say a word, whether in behalf of a member of the Committee or antagonistic to him.

As a member of this Committee I have never heard and have never felt that the Chairman was intolerant. He has certainly preached tolerance throughout.

I am surprised that a member of this Committee should indulge in tactics of this kind. It does not show good judgment. These extended remarks cost us consider-

able for stenographic services and for printing, and I think these smoke-screen tactics should subside so that we can go along with the business of the Committee.

I am willing at all times to uphold you when you are right and to oppose you when you are not right. As far as the matter of tolerance is concerned, I believe that the Chairman has been the essence of tolerance.

Chairman: Thank you, Dr. Foley.

Mr. Sullivan: I have already expressed my views when I interjected my remarks while Mr. Lee was talking. I have not seen any evidence of religious intolerance on this Committee, either on the part of the group here now or with the other men with whom I have served. I think Mr. Lee is mistaken in the inference which he drew from the Chairman's vote, and that he was mistaken in any inference he might have drawn from the remarks made at that time.

Chairman: I demand a retraction of that statement, Mr. Lee.

Dr. Foley: While it is only assuming, I do not believe that Mr. Lee is a member of any religious group and, of course, it is none of my business. Bringing in religious issues is taking an unfair advantage of a committee where the majority are of a particular denomination, and we have never discussed such matters. I personally believe in the existence of a Supreme Being, and that belief covers the Jew, the Protestant and the Catholic.

I am anxious to know what reasons Mr. Lee has for making such a statement. I am serious about this, and I would like to know what prompted him to say a thing like this down here when we in conference have never discussed the matter.

Chairman: I am not asking this because of any thoughts I may have on the subject, because I know that I am very tolerant. In view of the statements of my colleagues, Mr. White, Dr. Foley and Mr. Sullivan, I demand, Mr. Lee, that you retract that statement.

Mr. Lee: I am relieved to hear the expressions of opinion around here and at your own attitude. But first I will have to ask what I wanted to ask for a long time: Why is it that again and again, when various movements are brought up, such as adult recreation project coming into our schools, or the attempt of the Federal Government to run a series of lecture projects last autumn, the kind of thing that we very much need, that you waived them aside as radical or Communistic?

In regard to organizations in which members of one's own family participate, it is not very pleasing to hear the charge that there is some vicious, alien influence.

Chairman: What has that got to do with religion? If I think some organization or group is attempting, in a subversive way, to undermine the morals of our youth, what has that got to do with religion?

Mr. Lee: I could never see any other basis for your belief.

Chairman: You mentioned the Federal Government and other organizations. You certainly have not mentioned any religious organization.

Mr. White: I have listened a long time to a lot of these arguments, and I think we can decide this on our own opinion.

I am of the point of view that I am going to resent anybody accusing the Catholic Church of doing wrong in respect of anybody's individual opinion. I am saying that the Catholic Church is a bulwark against Communism in this country, and I do not like to see that bulwark attacked under any consideration. I think the first thing these people want to break down is the Catholic Church, and then they will get Communism.

Mr. Lee: If the Catholic Church is a bulwark against Communism, why do people identified with that faith keep pointing to organizations that have no connection whatever with Communism and call them Communistic?

Chairman: Are they affiliated with any other religious sect?

Mr. Lee: Yes.

Chairman: What, for instance?

Mr. Lee: In the Roxbury Memorial High School episode the abuse that was given to the American Student Union was based on a report produced by Mr. Masterson. That report branded Bishop McConnell, President of the Federation of Churches of Christ in America, as having subversive connections, and it branded Dr. Hartman, of Boston, as having dangerous alien proclivities. A man who may sit on this Committee next year, and who is a graduate of the American College at Rome, appears before a legislative committee each year because certain people want to go back to oaths for teachers, and he brands President Conant, of Harvard, a college set-up to train Unitarian ministers, as alien and Communistic. He brands President Compton, of Technology, in the same way.

Mr. White: You are talking about a man who wants to be a member of the School Committee?

Mr. Lee: Why does Mr. White say that the Catholic Church is a bulwark against Communism? How does he account for the fact that a spokesman who seems to be closely identified with the Catholic Church, names organization after organization, and individual after individual, who have no connection with any kind of alien activity?

Mr. White: They are not spokesmen for the Catholic Church.

Mr. Lee: Why does Father Coughlin describe Lee as having alien and subversive connections?

Chairman: Are you attacking me or are you attacking the Catholic Church?

Mr. Lee: I am attacking nobody.

Mr. Sullivan: What is this leading to?

Dr. Foley: It sounds like a political speech.

Mr. Lee: It is leading, I hope, to this,—to a more friendly, sympathetic co-operation, to make sure that a boy can go through school without having to revamp his ideas and his family's ideas in regard to social, political or international questions, in accord with policies taken by the Church on those as-

pects, because those are matters outside the Church, and it is very hurtful to the Church and very hurtful to the other fellow when a boy is assumed to be against the Government because he does not agree with every such idea.

Take the statements that were made last year by the headmaster of the Roxbury Memorial High School, and remember that all that happened there was a group of boys who were meeting to discuss various social questions, and they were having a debate on lifting the embargo against the shipment of arms to Spain, and they were discussing the Loyalist cause and the cause of the revolutionists. It was known that the Church was on the side of the revolutionists and because this group tried to get speakers on both sides, six people refused to speak in behalf of the revolutionary cause.

You had people appear before you who said that it was an orderly, sensible discussion. Even your own investigator, who I thought was very prejudiced, did not indicate that there was anything out of the way about the discussion. Yet that headmaster said, "It grieves me that so many of you have been so false as to have entered into an alliance against this Government."

We should not see boys branded as against this Government because they even touch upon a question of international politics on which the Church has taken a stand.

Mr. White: May I say that you can accuse the School Committee individually of their own actions if you want to, but do not blame the Church for it. I am a member of the faith that you are accusing now, and I have a brother who is a member of a religious order, and two first cousins who said their first Masses yesterday, and I have been a member of this School Committee for two years, yet no priest or officer of the Church has made one request to me in reference to the actions of the School Committee or their decisions, or anything in connection with it.

Mr. Lee: There was not one word of evidence introduced before this School Committee to sustain the charge of a disgraceful street demonstration which the headmaster described.

Mr. White: Blame us for it, if you want to, but don't blame the Church. I am responsible for my actions but the Church is not responsible for my actions.

Mr. Lee: Do you mean to say you did not have a definite prejudice because of religious affiliations which made you take as unconscionable attitude as that? Here was a headmaster accusing boys of being in an alliance against this Government because they discussed a matter of international politics.

Mr. White: Your statement is not so.

Mr. Lee: What is not so?

Mr. White: The headmaster admonished them for what took place after the meeting was over.

Mr. Lee: There was no evidence introduced whatever and the headmaster gave none. He simply said that he heard rumors. You heard two members of the School De-

partment testify that there was no disturbance there. I had affidavits from pupils whom I asked you to have in here to satisfy yourselves as to what happened. You know it was simply because a question of international politics was discussed, on which the Church had taken a stand. The authorities, backed up by every member of this Committee except me, wanted to crack down on those opinions.

I am trying to get you to see this thing sympathetically from our point of view.

Chairman: You are attacking the Chairman here and by your insinuations, you are attacking the Catholic Church.

Mr. Lee: I attack the Chairman because he attacks what I stand for.

Mr. White: You first attacked the Church.

Mr. Lee: I have said this: Where it is a matter outside of religion, such as comes up in connection with the establishment of nursery schools, adult recreation projects or lecture projects, if the members of this Committee are against things like that, let us not go around calling people Communists just because those groups are not of one particular faith. It gives a very uneasy feeling. It is a pretty uneasy feeling for the fellow who is of the Protestant faith, or of the Jewish faith, to feel that he must make the ideas that he believes in or that his family believes in, square not with the religion of the Church which I am not against at all, but for which I have every admiration, but to square with the stand which the Church takes on public questions.

Mr. Sullivan: If I remember your words in starting this discussion, you made some reference to the members of this Board or a majority of the members of this Board being of one faith, and that you had heard a few rumors of discrimination, and you investigated those rumors and you found not one single instance of anyone who had acted wrongfully toward anyone in our School Department because of his or her religious faith. How does this tie up with the things you are saying now?

Mr. Lee: It just seems that the majority of this School Committee are able to exercise absolute tolerance in all personal relations and in all religious relationships, and yet when you get out into questions of education, questions of our own international relations, without having a free discussion of the points of view, a person is branded as alien to the Government or as subversive, if the stand of that person does not square with the stand that the Church has taken on those matters.

I do not think that is wholesome for the Church and I do not think it is wholesome for the other fellow. I know it is frightening. Those fellows who came to my office were not in the least concerned about international issues. They were wholesome boys and they were scared to death that they were not going to get their diplomas.

Mr. White: If you remember, I asked Mr. Masterson if he threatened those youngsters with the loss of their diplomas or that they would not graduate, and he denied it.

Mr. Lee: He denied it and read his own typewritten statement, and he gave us his own typed statement, and he concluded with the words, "It appears that certain boys have not learned the things they should have learned and are not entitled to diplomas." The only thing those boys had not learned was that they were not to have thoughts and they were not to have discussion of a political matter on which the Church had taken a definite stand.

Superintendent: That statement refers to their conduct outside the building.

Mr. Lee: That was absolutely untrue, and you know it. The master and the teacher who was here were making fabrications in order to bring charges against people in a situation like that.

Dr. Foley: I am a Catholic and I am proud of the heritage that I have received, which is one of the finest and one of the best. I am always glad to profess the faith of my father and the faith of my mother.

I am 100 per cent against Communistic principles, and if I find there is anything Communistic below the surface I will be the first one to try to exterminate it from the system.

Chairman: I would like to ask the Superintendent this question: Are the teachers in the Boston public schools appointed and promoted from the top of their respective eligible lists without regard to their religious, racial or other affiliations?

Superintendent: We have no record whatsoever of their racial or religious affiliation or their color. If you will examine any of our lists you will find there are various names indicative of different races, but we have no knowledge whatever of their religious or racial affiliation, or color.

Chairman: Isn't it true that the first two on one of the most important lists in the school system, accepted here the other night, were members of a faith that is not that of the majority of the School Committee?

Superintendent: There is nothing on the rating blank to indicate their religious belief or affiliation.

Dr. Foley: I have stated the religious denomination of which I am a member. I would like to hear what my associate professes or whether or not he believes in the existence of a Supreme Being, or just what faith he professes.

Mr. White: I do not think that is the question at hand. I am sorry that this question was ever projected into this public meeting. I think it was interjected because of a lack of knowledge of the Church and of the individuals associated with the Church.

Mr. Lee, you know yourself that many times up in the conferences I have been opposed to Mr. Smith and he has been opposed to me, and I have been on your side plenty of times. Because he had a difference of opinion you could not say that he was dictated to by the Church, and that is what you have been trying to get over to-night, and it is wrong.

Chairman: I am still demanding that retraction.

Dr. Foley: I still insist on the question that I put before this Committee.

Mr. White: That is none of our business.

Mr. Lee: I spent twelve years of my life writing a book called "The Wide Hollow of Eternal Life." I am a Unitarian.

Mr. White: I move to strike Dr. Foley's question out. Mr. Lee's religion is not my business and my religion is not his business.

Chairman: I am still waiting for a retraction.

Mr. Lee: Will you tell me why you speak of all kinds of efforts, which have no connection with subversive activities, as being subversive?

Chairman: I never labelled any activity as subversive if it was not subversive.

Mr. Lee: What right have you to make reckless charges against me or those affiliated with me without some background or foundation for it? Do you think that people like to be accused of being aliens or being enemies of the Government?

Mr. White: You are doing the same thing yourself tonight that you are accusing him of doing. You are blaming the Church for something, without any knowledge of the facts. That is the thing of which you are accusing him.

Mr. Lee: I do not think that I am accusing the Church of being Communistic.

Chairman: Tonight has been the greatest example of intolerance that I have seen here.

Mr. White: I think you should retract that statement that you made in reference to the Chairman.

Mr. Lee: If Mr. Smith will tell me for what reason.

Mr. White: He has a right to his opinion as well as you have to your opinion.

Chairman: You have not proved that I have attacked any religious sect?

Mr. Lee: I do not say that you attacked religious sects. I said that you attacked people who, to be sure, are of a different sect, any time they took a course which, educationally or otherwise, differed from the stand taken by those affiliated with your faith.

Chairman: Have you anything more to say?

Mr. Lee: I will close by saying that after all, I have only pleaded for not calling people aliens and subversive and everything else just because they take a stand definitely in the political field that is not the stand taken by one of the churches. I have asked for sympathy for that group and I have tried to discuss it here in the open.

I started by saying that I thought there was no discrimination in the matter of appointments and personal relationship, that there was no preference in the matter of appointments. I feel very sure that there is much less prejudice than perhaps there was 30 years ago when the majority of the members of the school system were of the Protestant faith. I appreciate the extreme tolerance that exists wherever it has existed. I think the Church is the most dominant single factor that goes into education in our schools and it seems to me not to have acted, in certain mat-

ters outside of religion, in a way that was beneficial to it and beneficial to other people.

In conclusion I can only draw the parallel that in the year 1500 or thereabouts—and I think this would be admitted by all well-informed Catholics—if the Church then had acted in affairs outside of religion, just as if today they had been vigilant and the laity had been vigilant in seeing that steps were not taken prejudicial to happy human relationships, we would not have many of these problems.

Mr. White: I think you are getting into a discussion of religion. Should we do it in the Boston school system? We have not done it yet. I am the last man in the world to stop you from expressing an opinion, and you know it, but I do not think this is the place for you to discuss those issues.

Dr. Foley: We sat upstairs in conference for six hours and nothing was said about being tolerant or intolerant. Here we have what looks like a little publicity stunt.

After all, we know that Joe Lee is a fine chap at heart. I think he means all right, but he is going off on a tangent. I can't follow him and I do not know that you can. I believe he should retract what he has said to the Chairman. Never mind going off on a tangent and never mind the smoke-screen. Let us get down to what this is all about.

Mr. Lee: I do not think there would have been a Protestant faith if things had been handled more wisely in the 1500s. Because religion is a personal and sacred thing we ought not to claim immunity from discussion when religious groups go into conference on international politics and local politics. I think we should discuss these things without animosity or feeling. Because one's religious beliefs are personal, private and sacred, when an issue allied to religion gets into a conference outside of church, I think those matters ought to be talked over in a perfectly open way without sensitiveness on either side.

Mr. White: If that is the way you feel I think you should have taken this up in conference and discussed it there. To come down here and try to accuse the Chairman of being intolerant is doing a great injustice to him, and you ought to retract that statement.

Mr. Sullivan: I agree with Mr. White.

Dr. Foley: We can anticipate the storm and we can anticipate the lightning, but we do not know where the lightning is going to strike.

Mr. Lee: If there is any implication that I think the Chairman is intolerant in personal relationships or in following the principle of recognizing merit 100 per cent, I want to assure Mr. Smith that I do not accuse him of that kind of intolerance or discrimination. But I still do not see how you can condemn organizations that do not deserve condemnation.

Mr. Sullivan: As an alumnus of a school which Mr. Lee has described as being set up as a training school for Unitarian ministers, I would like this Committee to

pass a vote of confidence in the Chairman, in the way that he has carried on the activities of the department during his term of office as Chairman and as a member of this Committee. He has been fair in his dealings with us and with the people of the School Department, and at all times has shown tolerance to the people of all religions. I call for a vote of confidence in our Chairman based on that.

Dr. Foley: Yes.

Mr. Lee: I am going to vote yes with a mental reservation in reference to the last phrase.

Mr. Sullivan: Yes.

Mr. White: Yes.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

TRAFFIC COMMISSION RULINGS.

Voted. That as urgently required by considerations of public safety and convenience, during the period of street construction in Morton street, estimated to be thirty (30) days, the one-way rule in the following street is rescinded and is a two-way street, effective July 28, 1939:

Arborway.

South roadway, from Morton street to the traffic circle at the junction of Arborway, Circuit Drive, Forest Hills street and Morton street.

Voted. That the order of the School Committee dated July 17, 1939, requesting the closing to vehicular traffic of the following street during the periods specified therein, for the purpose of promoting recreation, play or sport in accordance with the provisions of chapter 220 of the Acts of 1938, be, and hereby is, approved and in accordance with the provisions of said chapter 220 of the Acts of 1938 said street is hereby closed to vehicular traffic during the periods set forth, provided, however, that said street shall be closed as aforesaid only during such time or times as official signs have been placed therein by or at the direction of the traffic engineer of this commission:

St. Charles Street, City Proper.

From Chandler street to the Boston & Albany Railroad, effective on Tuesdays from 8 p. m. to 10 p. m., August 15, 29, and September 12, 1939.

Voted. That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, parking of vehicles is prohibited in the following street, effective August 7, 1939:

St. Botolph Street, Downtown Boston. Southeast side, from Irvington street to Massachusetts avenue, twenty-four hours.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INDUSTRIAL THERAPIST, TAILOR, TAUNTON STATE HOSPITAL, DEPARTMENT OF MENTAL HEALTH, AUGUST 29, 1939.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING THREE STANDARD FORD TUDOR AUTOMOBILES AND ONE MERCURY FORDOR SEDAN.

The Supply Department of the City of Boston invites proposals for furnishing to the Fire Department three Standard Ford Tudor automobiles and one Mercury Fordor sedan as per specifications to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. There will be a charge of fifty cents (\$0.50) for each blank proposal taken out. The bidder must leave his proposal, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, August 11, 1939, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Aug. 5.) Superintendent of Supplies.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about six thousand four hundred ninety-two (6,492) square feet of land, with buildings thereon, on the northeasterly side of Emsella terrace, West Roxbury, known as Jamaica Plain, numbered 6, 8 and 10 in the present numbering of said Emsella terrace, and more fully described in tax deed recorded with Suffolk Deeds, Book 5217, page 267, on Tuesday, August 15, 1939, at 10.30 a. m., on the premises, at a minimum price of twenty-one hundred (2,100) dollars.

A deposit required at the time and place of sale of two hundred (200) dollars, in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 1008 City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,
(Aug. 5-12.) Custodian of Foreclosed Real Estate.

CITY OF BOSTON.

PARK DEPARTMENT.

PROPOSALS FOR FURNISHING AND LAYING A BITUMINOUS CONCRETE PAVEMENT MIXTURE ON PARKWAYS, PLAYGROUNDS AND CEMETERIES.

The Park Commissioners of the City of Boston, 33 Beacon street, Boston, invite proposals for furnishing and laying a bituminous concrete pavement mixture on parkways, playgrounds and cemeteries. Forms of proposals must be obtained at the engineer's office of the Park Department, 33 Beacon street. Each proposal should be signed by the bidder and inclosed in an envelope, sealed, and marked, "Furnishing and Laying a Bituminous Concrete Pavement Mixture on Parkways, Playgrounds and Cemeteries," and left before 2 o'clock on Wednesday, August 9, 1939, at the office of the Park Department, with a certified check for \$2,000, payable to and to be the property of the City of Boston if the proposal is not carried out, and will then and there be publicly opened and read. A duplicate proposal, without check, must be deposited with the City Auditor previous to the time named for opening of the bids. A bond will be required for doing the work in the sum of 100 per cent of the contract price of a surety company approved by the Commissioners, to secure the due protection of the city. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Park Commissioners. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 162 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Commissioners reserve the right to reject any or all proposals.

WILLIAM P. LONG, Chairman,
THEODORE C. HAFENREFFER,
WILLIAM F. KELLEY,
(July 29-Aug. 5.) Commissioners.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 31.

SATURDAY, AUGUST 12, 1939.

No. 32

THE GODLESS WAY OF LIFE IS NOT THE AMERICAN WAY, ACTING MAYOR GEORGE A. MURRAY TELLS DISABLED AMERICAN VETERANS OF THE WORLD WAR, AT DINNER GIVEN CONVENTION DELEGATES BY GOVERNOR, AT HOTEL STATLER—CALLS ATTENTION TO FACT, AND DRAWS COMPARISON OF THIS WITH SOME OTHER COUNTRIES, THAT WE HAVE NO DICTATOR—ALSO SAYS THAT IF DEMOCRACY IS CHALLENGED IT WILL BE MET BY SUCH AS COMPRISE THE D. A. V. AND OTHER LIBERTY-LOVING CITIZENS.

The following is the address of Acting Mayor George A. Murray at Governor Saltonstall's dinner tendered to the Disabled American Veterans of the World War and Women's Auxiliary, D. A. V., in national conventions jointly assembled at the Hotel Statler, on Thursday, August 3:

Mr. Toastmaster, Governor Saltonstall, Commander Galvin, Commander Ginsberg, Officers, Delegates and Guests of the Disabled American Veterans of the World War, and the Women's Auxiliary.

Responding to your toastmaster's kind introduction tonight, I enjoy for a third time the privilege of addressing this admirable company. Even before the convention began, I had an opportunity, as some of you may recall, to broadcast a message of welcome by radio; and again, when the first general session of your great assembly came to order last Monday morning, I had the official duty and personal delight, as Acting Mayor, to give you a very glad greeting on behalf of the city and all the people of Boston.

You know, of course, how eager the Mayor of Boston, his Honor Maurice J. Tobin, was to have you come to our city for this convention. In addition to his urgent invitation, sent to you a year ago, Mayor Tobin gave constant personal effort, beginning last February, to aid in every way possible the arrangements for this 1939 meeting made by your national and department officers here, in cooperation with the special Convention Corporation whose able chairman serves as toastmaster tonight, and whose honorary president is our host—his Excellency, the Governor of the Commonwealth, Leverett Saltonstall.

The great eagerness of Mayor Tobin to have you bring your 19th annual convention to Boston gives an exact measure of the regret which I know he feels that he could not be here this evening to address you in person.

Took His Mother to the Land of Her Birth.

It seems he embarked with his mother, just twelve days ago, for a short visit to Ireland, returning to Boston two weeks from tonight. Somehow I feel confident that Mayor Tobin's absence, on a brief summer trip for such a purpose, you will forgive and even will applaud.

Citizenship Record.

It would seem, would it not, that members of this great national organization, and their relatives, have already borne more than a due share in the testing of their powers of endurance and fortitude—first, in war-time ordeal by fire, and then in long patience of sacrifice, and often of suffering, during time of peace!

But how distinguished a place you have thus won! In all the United States of America, there are none whose record of citizenship commands higher honor than yours. And when I say this, I have in mind for comparison *all* good Americans—not our average citizens only, but those in posts of leadership also. Mayors, governors, senators—yes, even the President himself—there is none who outranks you in civic honor. For here in America it is still to the man himself that we pay tribute, to his worth and his deeds as an individual citizen, and not to his trappings of title or power of office.

We bow down to no Dictator—whether he be a lively speaker shouting for National Socialism, or whether he be a mummy, preserved these many years in a glass case in Moscow's "Red Square," to receive human worship from a people among whom, in his lifetime, he cast down and defied every principle and every form of spiritual worship, and sought to raise up, against God, a godless land!

That godless way of life is not the American way. Here we do not worship any man or small group of men, only to turn around and pour out upon other groups—of differing race, creed or class—the venom of hatred and narrow prejudice, the cruelty of persecution and the bitter wrongs that go with a denial of common justice.

No, the citizens of the United States remain true to the great statement of our Declaration of Independence, that before the law all men stand free and equal, even as they came into the world free and equal in the sight of God. We remain true to that first article of the first ten amendments to the Constitution—an article written by the eminent Catholic statesman, Charles Carroll of Carrollton, and fully supported by the Protestant Puritans of Massachusetts and by that early Jewish patriot of Rhode Island, Judah Touro—that article, I mean, which declares that:

Congress shall make no law respecting an establishment of religion, or prohibiting the free exercise thereof; or abridging the freedom of speech or of the press; or the right of the people peaceably to assemble and to petition the Government for a redress of grievances.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, August 28, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped

area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables, slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for

such service. Application may be made to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 18 Oliver street, fourth floor, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 18 Oliver street, fourth floor, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

ADDRESS OF ACTING MAYOR MURRAY.

(Continued from page 861.)

WORK FOR AMERICANISM.

Having that immortal clause in mind, I do not fail to remember an impressive statement which appears in the preamble to the organizing law of this body assembled here tonight. "Drawn together by strong bonds of respect and mutual suffering" says that preamble, the Disabled American Veterans of the World War declares that first among their principles and purposes "shall be supreme allegiance to the United States, fidelity to its Constitution and laws."

With this declaration in view, it is by no means surprising that much of the news most prominently reaching the public from this convention has had to do with the work of the D. A. V.'s "National Americanism Committee," under the chairmanship of Roy P. Monahan—that vigorous lawyer-leader of yours from New York City, who I am proud to say was raised here in Boston and trained at the Public Latin School in this city.

I could not put aside other official duties to come here and talk with Chairman Monahan in person, and examine the very substantial records and files which your National Americanism Committee has compiled, in the course of its efforts to expose propaganda coming from foreign countries to introduce dictatorial methods here—whether Communist, Nazi or Fascist. But I have taken care to have your committee's work briefly reviewed by a representative, and I think I know whereof I speak, when I give a high and unqualified endorsement to the achievements thus far accomplished by your National Americanism Committee.

It is some of the very best work of the kind yet done, for it is definite, and it is practical. Wherever your committee finds evidence of disloyal and subversive activities, it goes further and investigates also to see whether these activities are being carried on in disregard of state laws and local ordinances—including such matters as the sale of beer for profit at outings, and the conduct of summer camps without proper health licenses. When definite evidence of this sort was presented to the local authorities in New York and New Jersey, these officials were found ready and willing to take action against the subversive societies, and put a real crimp in their unpatriotic work.

As to conditions in Boston, I speak not only for myself but confidently also for Mayor Tobin, when I say that the officials of this city will be glad to take equally definite action on any evidence which the D. A. V. may supply, concerning un-American movements here. I care not whether the offending groups be "cells" of Communism or "Bunds" of foreign nationalism—Boston wants none of them. And certainly, where they are found violating our laws, they will be put down!

As President Roosevelt has said: "If another form of government can present a united front in its attack on democracy, the attack must be met by a united democracy."

The challenge will be so met by a nation, advised and inspired by the lives and the work of men such as you, who are its best citizens—Disabled American Veterans of the World War!

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, August 10:

ASSESSING DEPARTMENT.

Augustus D. McLennan, first assistant assessor, has been granted \$200 additional compensation for extra work as chairman of the Dooming Board for the current year.

FIRE DEPARTMENT.

Hoseman George H. Hine of Engine Company 39 has been pensioned at \$1,050 per annum.

Harold Field Kellog has been appointed as architect for the proposed new fire station of Engine 3 and Ladder 3 to be erected on Harrison avenue, at the corner of Wareham street, South End.

HOSPITAL DEPARTMENT.

 William P. Kenney, senior clerk, from \$1,800 to \$1,900 a year, effective December 30.
 Mary M. Feeney, assistant matron, from \$1,000 to \$1,100 a year, effective April 4.
 Catherine W. Nagle, assistant matron, from \$1,200 to \$1,300 a year, effective July 3.
 Daniel J. Carroll, officer, from \$2,000 to \$2,100 a year, effective July 1.
 George F. Scanlon, officer, from \$1,600 to \$1,700 a year, effective April 4.
 John J. Donovan, officer, from \$1,700 to \$1,800 a year, effective September 1.
 John T. Glennon, officer, from \$1,600 to \$1,700 a year, effective August 18.
 John R. Murphy, officer, from \$1,600 to \$1,700 a year, effective December 7.

MUNICIPAL COURT OF THE CITY OF BOSTON (Civil Business).

Thomas J. Flavin, from \$1,900 to \$2,000 a year, effective September 1.
 Joseph P. Doherty, from \$1,700 to \$1,800 a year, effective August 16.
 Thomas P. Flaherty, from \$1,600 to \$1,700 a year.
 Joseph J. Brodbine, from \$1,600 to \$1,700 a year.
 Thomas A. McMahan, from \$1,600 to \$1,700 a year.
 Thomas F. Lynch, from \$1,500 to \$1,600 a year.
 Frederick C. Leahy, from \$1,500 to \$1,600 a year.
 Edward F. Brennan, from \$1,500 to \$1,600 a year.

John N. Kelly, from \$1,500 to \$1,600 a year.
 Edward J. Fagan, from \$1,500 to \$1,600 a year.
 Helen A. Fitzgerald, from \$1,500 to \$1,600 a year.
 William E. Gorman, from \$1,400 to \$1,500 a year, effective May 1.
 James J. Curley, from \$1,200 to \$1,300 a year, effective September 1.
 James J. Gardner, Jr., from \$1,200 to \$1,300 a year, effective November 1.
 Benjamin J. Wall, from \$1,100 to \$1,200 a year, effective June 7.

MUNICIPAL COURT OF THE CITY OF BOSTON (Criminal Business).

Frank J. Donahue, senior clerk, from \$2,000 to \$2,100 a year, effective January 1.
 Robert E. McDonough, senior clerk, from \$1,900 to \$2,000 a year, effective January 1.
 Frances J. Odenweller, clerk, from \$1,100 to \$1,200 a year, effective July 1.
 John Coyne, senior clerk, from \$1,700 to \$1,800 a year, effective November 1.
 James E. Clark, clerk, from \$1,000 to \$1,100 a year, effective October 1.
 Margaret M. Ryan, clerk, from \$1,100 to \$1,200 a year, effective December 31.

DISTRICT COURT OF CHELSEA.

Cecelia R. Hanlon, clerk, from \$1,200 to \$1,300 a year, effective September 21.
 Mary A. White, clerk, from \$1,400 to \$1,500 a year, effective November 1.
 Stephen J. White, clerk, from \$1,300 to \$1,400 a year, effective December 1.

MUNICIPAL COURT, DORCHESTER DISTRICT.

Elsie M. Carlson, clerk, from \$1,500 to \$1,600 a year.
 Marguerite H. Hennessy, clerk, from \$1,500 to \$1,600 a year.
 Mary L. McLaughlin, clerk, from \$1,500 to \$1,600 a year, effective December 16.

EAST BOSTON DISTRICT COURT.

Joseph Mogan, court officer, from \$2,000 to \$2,100 a year, effective November 2.
 Clara M. Downey, probation clerk, from \$1,700 to \$1,800 a year, effective November 16.
 Mary M. Kelleher, clerk, from \$1,000 to \$1,100 a year, effective April 1.

MUNICIPAL COURT, SOUTH BOSTON DISTRICT.

Katherine Lee, clerical assistant, from \$1,300 to \$1,400 a year, effective July 5.

MUNICIPAL COURT, WEST ROXBURY DISTRICT.

Ada A. Jenks, clerk, probation office, from \$1,700 to \$1,800 a year, effective January 1.
 Agnes V. Crofwell, clerk, clerk's office, from \$1,000 to \$1,100 a year, effective June 1.

CLAIMS ALLOWED.

The Acting Mayor, upon recommendation of the Corporation Counsel, has approved the following claim:

Charles S. Berry, 36 Burton street, Brighton, in the sum of \$15, as compensation for damage to automobile on September 29, 1938, caused by driving into a defect in the highway opposite 152 Beacon street, Boston.

BUILDINGS RAZED.

The Acting Mayor approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The stable at 594½ East Second street, rear, Ward 6.

The building at 26 and 28 Newbern street, Ward 9, owned by Henrietta A. Mason.

The premises at 7 and 9 Genesee street, Ward 3, and secure said buildings to prevent collapse; to shore the building and prevent actual collapse. It is apparent that an amount of approximately \$450 will have to be paid to John Cavanagh & Son for work performed and it is understood that this department will use every available means to have the owners permanently correct the conditions which caused the emergency so that the shores, property of the contractor, may be removed.

LIGHTHOUSE WEEK PROCLAMATION.

Whereas, The President of the United States has seen fit to urge upon the citizens of the country the observance of the week of August 7 as Lighthouse Week, in commemoration of the establishment of the Lighthouse Service 150 years ago; and

Whereas, One of the first lighthouses erected was in Boston Harbor in 1716, because of which fact it is most fitting that the observance of the anniversary take on special significance here due to the lead Boston citizens thus took in those early days for the establishment of a warning to her shipping; be it known that

I hereby proclaim the week of August 7 as Lighthouse Week and call upon our citizens to join in such fitting ceremonies of observation as they may deem in keeping with the celebration of the occasion. The attention of the public is hereby called to the efficient and faithful service that has been rendered during these 150 years in the maintenance of all such aids to navigation along our shores for the protection and the preservation of life and property at sea. Let us call to mind also the fact that perhaps no other Federal service proportionate to its numerical strength has had so many unsung heroes; those who kept their lights burning at all times to the end that valiant rescues and savings of human lives and property have been achieved, a trust that has never been misplaced.

GEORGE A. MURRAY,
Acting Mayor.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

W. H. Ellis & Son Company have been granted an extension of the time of completion of the contract for repairs to fenders and slips at the Fort Hill Disposal Station, Boston, from July 14, 1939, to August 18, 1939. This extension is requested because the oak piling to be used in this work had to be procured from the South, as the lengths required could not be found in stock; also because of the delay in getting the timber out, due to rainy weather and the holidays.

ACTING MAYOR GEORGE A. MURRAY EXTENDS GREETINGS OF CITY TO CONVENTION OF D. A. V. AND WOMEN'S AUXILIARY—PAYS HIGH TRIBUTE TO ORGANIZATIONS FOR SERVICES RENDERED NOT ONLY IN WAR TIMES BUT IN TIMES OF PEACE—EXTENDS WELCOME TO CITY ON BEHALF OF MAYOR TOBIN, AND TELLS DELEGATES IN HOW HIGH ESTEEM THEY AND ALL VETERANS ARE HELD IN THE HEARTS OF THE PEOPLE OF THE UNITED STATES.

The following is the address of Acting Mayor George A. Murray, in greeting to 19th National Convention, Disabled American Veterans of the World War, and 17th National Convention, Women's Auxiliary, D. A. V., assembled jointly in first business session on Monday, July 31, at the Hotel Statler:

Mr. Chairman, Commander Galvin, Commander Ginsberg, Officers of the Convention Corporation, National and Department Officers of the Disabled American Veterans of the World War, and the Women's Auxiliary, Delegates, Relatives, and Distinguished Guests.

Not only for a soldier in war, but also for an elected official in time of peace, the path of public duty is not always pleasant. The drawbacks of glory—the sacrifice which comes after the shouting—the members of this great organization know uncommonly well, having learned the plain truth in that hardest of schools—the school of Experience.

How fortunate it is, therefore, that, on some occasions at least, official duty and personal desire can join and merge together as a single force, creating that combination of duty and delight which is mine today. Both personally and as Acting Mayor of the city, I count it a privilege to extend to you, on behalf of all Boston, a welcome most happy, hopeful and hearty.

To be sure, you have taken a long time to get here, I must say! Nineteen years without holding a single convention in Boston is about nine times too long, as we see it, for any organization to stay away from us. Indeed, as regards an organization which holds so much of the interest, the love and admiration of the people of Boston as the Disabled American Veterans of the World War, we consider your previous absence exactly nineteen times too long, for, if you were to consult our desire, you would come here every year.

The City of Boston used to be called, you remember—or did she call herself—the Hub of the Universe. And so, I might ask, how can you veterans of the World War claim to know the world, as you swing 'round the circuit, unless you know the Hub, the nation's axis, and not merely the various spokes of the wheel, like New York and Chicago, New Orleans and Frisco?

Still, I suppose we must all be patient and forgiving on these hot days, and not judge too much by appearances.

You will recall the story of the business man who worked in downtown Boston but had his home over in East Boston, and went back and forth across the harbor each day by ferry—one of those

typical ferryboats with two ends, that work just as well backwards as forwards.

One day his wife asked him to buy an extra good sirloin steak in the city, and bring it along home with him. They were going to have company for dinner, and he must be sure not miss the 5.15 ferry.

Well, after he finished work, he found the meat market pretty slow in serving its customers; and when our friend got down to the ferry-dock, he was pretty anxious. Looking down the long runway for passengers, he was horrified to see the 5.15 boat just pushing out of the slip. He hurdled the guard-chain, tore down the gangway, leaped about eight feet over the water from the dock to the boat, and landed, sprawling on the deck, and the sirloin steak went sliding off into the harbor.

But that wasn't the worst of it. Just as the steak splashed, the first mate of the ferry bawled out at him:

"You doggone crazy fool! Don't you know this boat's just coming in—not going out!"

Well, now, we have to keep the lesson of that story in mind. For all of us in this city, men, women and children, the important fact is that the D. A. V. has just now come to Boston. We are delighted you are here. Boston is just now coming into your official life for the first time, and we hope that all the serious proceedings of your national convention, both in the main body and on the part of your devoted Women's Auxiliary, will lead to useful results, and be long remembered by you as among the most worthwhile ever known in the history of your organization.

As it so happens, the Congress of the United States is still in session. This gives you an opportunity, as regards matters of Federal legislation which I know are of particular interest for disabled veterans, to send from the floor of this convention the very latest and up-to-the-minute resolutions which you may see fit to send to Washington. I hope that full justice will be done.

Twenty years after the Civil War, one of the best and truest citizens of Boston who ever lived—a man whose warmth of heart was accompanied by great powers of good judgment, I refer to the late John Boyle O'Reilly—was addressing an audience of our citizens on the subject of "The Common Citizen-Soldier." His closing message was this:

"For the self-respect of the generation that witnessed the war; for the perpetuation of high principles of patriotism among the people; for the education of the young; for the honor of America, and the glory of humanity, we are bound to honor and

cherish the declining years of the brave men who offered their lives to keep the Republic united."

And I say, twenty years after the World War, that the principles, so nobly declared by O'Reilly, stand unchanged. We are bound to honor and cherish, we should delight to honor and cherish, and the United States shall not fail to honor and cherish the men who fought for the nation's welfare and honor as you fought, suffered, and made sacrifice.

POLICE DEPARTMENT ORDERS.

General Order No. 372.

The following transfer is hereby ordered to take effect Friday, August 4, 1939, at 7.45 o'clock a. m.:

Patrolman Frederick G. Sewall, from Traffic Division to Bureau of Records.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 373.

The following transfers are hereby ordered to take effect Monday, August 7, 1939, at 7.45 o'clock a. m.:

Capt. Bernard J. Graham, from Division 4 to Bureau of Criminal Investigation.

Lieut. Charles W. Miller, from Division 15 to Division 4.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

TO CARE FOR W. P. A. LAY-OFFS.

Upon August 7, after discussing the W. P. A. situation with William G. O'Hare, Executive Director of the Overseers of the Public Welfare, Acting Mayor George A. Murray issued the following statement:

"All those suspended on W. P. A. projects due to the law requiring that a month lay-off be taken by those who have served for eighteen months or over consecutively, should immediately apply at the local welfare office, which is the investigating agency for recertification as required by law. The failure of Congress to change or abrogate the law, enacted during this session, makes this recertification mandatory and local authorities are absolutely without power to act.

"Any emergency in personnel which may arise from the recertification process because of the lay-off will be carried on by additional help from lists of names furnished by the Civil Service Commission."

AMENDED DAMAGES.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of March 15, 1938, determining damages caused by the making of the public improvement, consisting of the taking of an easement in 510 square feet of land on Fairmount avenue for sewerage purposes, be, and the same hereby is, amended, by striking from said order the amount \$1.00 awarded to Margaretta M. Siebert in said order and inserting in place thereof the amount \$75; that the amount \$75 be, and the same hereby is, awarded to Margaretta M. Siebert for the damages so sustained.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PARK DEPARTMENT.

Upon July 26 the Acting Mayor approved a contract with the Macasphalt Corporation for furnishing and laying bituminous playground and tennis court surfacing mixture on parks and playgrounds. Bids were as follows:

Macasphalt Corporation of Massachusetts, \$6.23 a ton; Warren Brothers Roads Company, \$6.43 a ton; Trimount Bituminous Products, \$6.43 a ton; Old Colony Crushed Stone Company, \$6.50 a ton; John F. Condon Corporation, \$6.70 a ton.

PUBLIC WORKS DEPARTMENT.

Upon July 18 the Mayor approved a contract with the John McCourt Company for the furnishing of approximately 11,530 tons of bituminous concrete paving mixture, binder and top course, including supervision, rakers, roller and operator in Paving District No. 8, Item 7, at an estimated cost of \$5.35 per ton, with a discount of 2 per cent, the net amount of contract being \$60,451.79. The following bids were received July 6:

John McCourt Company, \$60,451.79; Samuel J. Tomasello Corporation, \$64,858.56; National Contractors Company, \$65,649.51; Central Construction Company, \$65,762.51; Trimount Bituminous Products Company, \$65,988.50; M. DeMatteo Construction Company, \$67,796.40.

Upon July 18 the Mayor approved a contract with the John McCourt Company for the furnishing of approximately 3,215 tons of bituminous concrete base course, including supervision, rakers, roller and operator in Paving District No. 8, Item 8, at an estimated cost of \$4.95 per ton, with a discount of 2 per cent, the net amount of contract being \$15,595.96. The following bids were received July 6:

John McCourt Company, \$15,595.96; Central Construction Company, \$16,730.22; National Contractors Company, \$16,761.72; Trimount Bituminous Products Company, \$17,139.81; Samuel J. Tomasello Corporation, \$17,769.95; M. DeMatteo Construction Company, \$18,904.20.

Upon July 18 the Mayor approved a contract with Samuel J. Tomasello Corporation for the furnishing of approximately 1,184 tons of bituminous concrete paving mixture, binder and top course, including supervision, rakers, roller and operator in Paving District No. 9, Item 9, at an estimated cost of \$5.44 per ton, with a discount of 2 per cent, the net amount of contract being \$6,312.14. Originally bids were asked for the supplying of 4,650 tons of material in this district, but since then assurance from the Government has been received that they will supply 3,466 tons of this amount originally called for, leaving a balance of 1,184 tons in this district which is awarded to the Samuel J. Tomasello Corporation, who have agreed to furnish this smaller quantity at the original bid price. The following bids were received for the original 4,650 tons of material on July 6:

Samuel J. Tomasello Corporation, \$24,790.08; John McCourt Company, \$25,519.20; Central Construction Company, \$26,749.59; National Contractors Company, \$27,205.29; Trimount Bituminous Products Company, \$27,205.29; M. DeMatteo Construction Company, \$27,342.

Upon July 18 the Mayor approved a contract with M. DeMatteo Construction Company for the furnishing of approximately 270 tons of bituminous concrete paving mixture, binder and top course, including supervision, rakers, roller and operator in Paving District No. 11, Item 10, at an estimated cost of \$5.70 per ton, with a discount of 2 per cent, the net amount of contract being \$1,508.22. The following bids were received July 6:

M. DeMatteo Construction Company, \$1,508.22; Central Construction Company, \$1,553.20; Samuel J. Tomasello Corporation, \$1,558.49; John McCourt Company, \$1,587.60; National Contractors Company, \$1,587.60; Trimount Bituminous Products Company, \$1,643.17.

Upon July 22 the Mayor approved a contract with the Central Construction Company for furnishing and laying sheet asphalt or bituminous concrete pavement for resurfacing water trenches on Huntington avenue, from Tremont street to Brookline line, and on Beacon street, from Charles street to Dartmouth street, at an estimated cost of \$7.925. The following bids were received July 6:

Central Construction Company, \$7.925; Trimount Bituminous Products Company, \$8,798.50; Vulcan Construction Company, \$8,805.50; Samuel J. Tomasello Corporation, \$9,580.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing semi-bituminous coal for Boston public schools. Bids, opened Thursday, May 18, were received from the following concerns:

Brighton Coal Company, Glendale Coal Company, Massachusetts Wharf Coal Company, Metropolitan Coal Company, Staples Coal Company, doing business as City Fuel Company, Tidewater Coal Company, White Fuel Corporation.

Contracts were awarded as follows:

Massachusetts Wharf Coal Company, Metropolitan Coal Company, Staples Coal Company, doing business as City Fuel Company, White Fuel Corporation.

Tabulation was as follows:

District 1.—Brighton Coal Company, \$6 per ton; B. t. u., 14450; ash, dry coal, 5; Glendale Coal Company, \$5.89 per ton; B. t. u., 14550; ash, dry coal, 4.39; Massachusetts Wharf Coal Company, \$5.88 per ton; B. t. u., 14550; ash, dry coal, 4.39; Metropolitan Coal Company, \$5.82 per ton; B. t. u., 14800; ash, dry coal, 5.90; Staples Coal Company, doing business as City Fuel Company, \$5.81 per ton; B. t. u., 14600; ash, dry coal, 5.5; Tidewater Coal Company, \$5.81 per ton; B. t. u., 14600; ash, dry coal, 5; White Fuel Corporation, \$5.63 per ton; B. t. u., 14565; ash, dry coal, 5.19.

District 2.—Brighton Coal Company, \$6.05 per ton; B. t. u., 14450; ash, dry coal, 5; Glendale Coal Company, \$5.99 per ton; B. t. u., 14550; ash, dry coal, 4.39; Massachusetts Wharf Coal Company, \$5.98 per ton; B. t. u., 14550; ash, dry coal, 4.39; Metropolitan Coal Company, \$5.82 per ton; B. t. u., 14800; ash, dry coal, 5.90; Staples Coal Company, doing business as City Fuel Company,

\$5.83 per ton; B. t. u., 14600; ash, dry coal, 5.5; White Fuel Corporation, \$5.62 per ton; B. t. u., 14565; ash, dry coal, 5.19.

District 3.—Brighton Coal Company, \$5.95 per ton; B. t. u., 14450; ash, dry coal, 5; Glendale Coal Company, \$5.89 per ton; B. t. u., 14550; ash, dry coal, 4.39; Massachusetts Wharf Coal Company, \$5.93 per ton; B. t. u., 14550; ash, dry coal, 4.39; Metropolitan Coal Company, \$5.72 per ton; B. t. u., 14800; ash, dry coal, 5.90; Staples Coal Company, doing business as City Fuel Company, \$5.77 per ton; B. t. u., 14600; ash, dry coal, 5.5; Tidewater Coal Company, \$5.83 per ton; B. t. u., 14600; ash, dry coal, 5; White Fuel Corporation, \$5.78 per ton; B. t. u., 14565; ash, dry coal, 5.19.

District 4.—Brighton Coal Company, \$6 per ton; B. t. u., 14450; ash, dry coal, 5; Glendale Coal Company, \$5.99 per ton; B. t. u., 14550; ash, dry coal, 4.39; Massachusetts Wharf Coal Company, \$5.98 per ton; B. t. u., 14550; ash, dry coal, 4.39; Metropolitan Coal Company, \$6.04 per ton; B. t. u., 14800; ash, dry coal, 5.90; Staples Coal Company, doing business as City Fuel Company, \$5.84 per ton; B. t. u., 14600; ash, dry coal, 5.5; White Fuel Corporation, \$5.68 per ton; B. t. u., 14565; ash, dry coal, 5.19.

District 5.—Brighton Coal Company, \$6.09 per ton, run of mine; \$5.70 per ton, nut and slack; B. t. u., 14450; ash, dry coal, 5; Glendale Coal Company, \$6.09 per ton, run of mine; \$5.50 per ton, nut and slack; B. t. u., 14550; ash, dry coal, 4.39; ash, dry coal, 4.90, nut and slack; Massachusetts Wharf Coal Company, \$5.98 per ton, run of mine; \$5.39 per ton, nut and slack; B. t. u., 14550; ash, dry coal, 4.39; ash, dry coal, 4.9, nut and slack; Metropolitan Coal Company, \$6.10 per ton, run of mine; \$5.70 per ton, nut and slack; B. t. u., 14800; B. t. u., 14587, nut and slack; ash, dry coal, 5.90; ash, dry coal, 5.15, nut and slack; Staples Coal Company, doing business as City Fuel Company, \$5.91 per ton, run of mine; \$5.46 per ton, nut and slack; B. t. u., 14600; ash, dry coal, 5.5; White Fuel Corporation, \$5.68 per ton, run of mine; \$5.36 per ton, nut and slack; B. t. u., 14565; ash, dry coal, 5.19.

District 6.—Brighton Coal Company, \$5.76 per ton, run of mine; \$5.37 per ton, nut and slack; B. t. u., 14450; ash, dry coal, 5; Glendale Coal Company, \$5.78 per ton, run of mine; \$5.19 per ton, nut and slack; B. t. u., 14550; ash, dry coal, 4.39; ash, dry coal, 4.90, nut and slack; Massachusetts Wharf Coal Company, \$5.81 per ton, run of mine; \$5.22 per ton, nut and slack; B. t. u., 14550; ash, dry coal, 4.39; ash, dry coal, 4.9, nut and slack; Metropolitan Coal Company, \$5.62 per ton, run of mine; \$5.22 per ton, nut and slack; B. t. u., 14800; B. t. u., 14587, nut and slack; ash, dry coal, 5.90; ash, dry coal, 5.15, nut and slack; Staples Coal Company, doing business as City Fuel Company, \$5.57 per ton, run of mine; \$5.12 per ton, nut and slack; B. t. u., 14600; ash, dry coal, 5.5; White Fuel Corporation, \$5.78 per ton, run of mine; \$5.47 per ton, nut and slack; B. t. u., 14565; ash, dry coal, 5.19.

District 7.—Brighton Coal Company, \$5.94 per ton, run of mine; \$5.55 per ton, nut and slack; B. t. u., 14450; ash, dry coal, 5; Glendale Coal Company, \$5.99 per ton, run of mine; \$5.40 per ton, nut and slack; B. t. u., 14550; ash, dry coal, 4.39; ash, dry coal, 4.90, nut and slack; Massachusetts Wharf Coal Company, \$5.88 per ton, run of mine; \$5.29 per ton, nut and slack; B. t. u., 14550; ash, dry

coal, 4.39; ash, dry coal, 4.9, nut and slack; Metropolitan Coal Company, \$6.05 per ton, run of mine; \$5.65 per ton, nut and slack; B. t. u., 14800; B. t. u., 14587, nut and slack; ash, dry coal, 5.90; ash, dry coal, 5.15, nut and slack; Staples Coal Company, doing business as City Fuel Company, \$5.85 per ton, run of mine*; \$5.30 per ton, nut and slack; B. t. u., 14600; ash, dry coal, 5.5; Tidewater Coal Company, \$5.91 per ton, run of mine; \$5.66 per ton, nut and slack; B. t. u., 14600; ash, dry coal, 5; White Fuel Corporation, \$5.88 per ton, run of mine; \$5.57 per ton, nut and slack; B. t. u., 14565; ash, dry coal, 5.19.

District 8.—Brighton Coal Company, \$6.20 per ton; B. t. u., 14450; ash, dry coal, 5; Glendale Coal Company, \$6.19 per ton; B. t. u., 14550; ash, dry coal, 4.39; Massachusetts Wharf Coal Company, \$6.03 per ton; B. t. u., 14550; ash, dry coal, 4.39; Metropolitan Coal Company, \$6.15 per ton; B. t. u., 14800; ash, dry coal, 5.90; Staples Coal Company, doing business as City Fuel Company, \$6.14 per ton; B. t. u., 14600; ash, dry coal, 5.5; White Fuel Corporation, \$5.83 per ton*; B. t. u., 14565; ash, dry coal, 5.19.

District 9.—Brighton Coal Company, \$6.20 per ton; B. t. u., 14450; ash, dry coal, 5; Glendale Coal Company, \$6.19 per ton; B. t. u., 14550; ash, dry coal, 4.39; Massachusetts Wharf Coal Company, \$6.16 per ton; B. t. u., 14550; ash, dry coal, 4.39; Metropolitan Coal Company, \$6.13 per ton; B. t. u., 14800; ash, dry coal, 5.90; Staples Coal Company, doing business as City Fuel Company, \$6.14 per ton; B. t. u., 14600; ash, dry coal, 5.5; White Fuel Corporation, \$5.82 per ton*; B. t. u., 14565; ash, dry coal, 5.19.

Entire Requirements.—Brighton Coal Company, \$6 per ton, run of mine; \$5.61 per ton, nut and slack; B. t. u., 14450; ash, dry coal, 5.

District No. 1, City Proper. District No. 2, South Boston. District No. 3, East Boston. District No. 4, Roxbury. District No. 5, Dorchester. District No. 6, Charlestown. District No. 7, Brighton. District No. 8, West Roxbury. District No. 9, Hyde Park.

* Contract awarded.

The School Committee has approved proposals for furnishing American anthracite coal for Boston public schools. Bids, opened Thursday, May 18, were received from the following concerns:

Boston Ice Company, Burns Brothers, Everett Fuel Company, Metropolitan Coal Company, Staples Coal Company, doing business as City Fuel Company, White Fuel Corporation.

Contract was awarded to Staples Coal Company, doing business as City Fuel Company, under date of June 22, 1939, for the entire requirements at \$9.44 per ton.

Tabulation follows:

* Contract awarded.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction in the case of Holman street and during the period of sewage construction in the case of Call street, each estimated to be thirty (30) days, vehicles are excluded from the following streets, effective August 3, 1939:

Holman Street, Brighton.

From Coolidge road to Hooker street.

Call Street, West Roxbury.

From Everett street to Gordon street.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective August 7, 1939:

East Second Street, South Boston.

From Farragut road to P street.

Francis Street, Roxbury.

From Huntington avenue to Pilgrim road.

Hill Top Street, Dorchester.

From Granite avenue to Hallet street.

Minot Street, Dorchester.

From Adams street to Neponset avenue.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended by adding the following, effective August 14, 1939:

Parking of passenger vehicles is prohibited from 8 a. m. to 9.30 a. m., except on Sundays and holidays, in the district bounded by the southwesterly line of Dartmouth street, the southwesterly line of West Ded-

ham street, the southwesterly line of East Dedham street, South bay, Fort Point channel, Boston Harbor, Charles river and Charles River Basin.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule, which was adopted June 2, 1939, and was effective June 5, 1939, for a trial period of sixty (60) days, is hereby extended from August 4, 1939, to August 14, 1939:

Parking of passenger vehicles is prohibited from 8 a. m. to 9.30 a. m., except on Sundays and holidays, in the district bounded by the southwesterly line of Dartmouth street, the southwesterly line of West Dedham street, the southwesterly line of East Dedham street, South bay, Fort Point channel, Boston Harbor, Charles river and Charles River Basin.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water main construction in Morton street, estimated to be one (1) week, the one-way rule in the following street is reversed and it is one way in the direction indicated, effective August 8, 1939:

Lucerne Street, Dorchester.

From Morton street to Woodrow avenue.

APPOINTED TO LAW DEPARTMENT.

Corporation Counsel Henry Parkman, Jr., on August 5, announced the appointment of John J. Grigalus of 16 Thomas park, South Boston, as an assistant corporation counsel, with duties in the Conveyancing Division of the Law Department.

Mr. Grigalus was born in South Boston in 1911 and was educated in the Boston public schools, attending the Thomas N. Hart Grammar School and the South Boston High School. He graduated from Boston College in 1931 and from Boston College Law School in 1934.

Mr. Grigalus has been active in civic and community affairs, being an active member of the Boston College Alumni Association and the Alumni Association of the Law School. He is also prominent in the affairs of the Lithuanian-American Citizens Association of Boston, the Knights of Lithuania, and other Lithuanian-American organizations. He is also a past president of St. Peter's Lithuanian Church choir in South Boston.

He maintains a law office at 598 Broadway, South Boston. He has had considerable experience in city conveyancing problems, having acted as a conveyancer of the Boston Housing Authority and for some time has been doing conveyancing work and title examination for the Law Department.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 10-inch pipe in Wiltshire road, between Portina road and 360 feet easterly, in the Brighton district, at an estimated cost of \$431.80.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

DIETITIAN, TUBERCULOSIS HOSPITAL, CAMBRIDGE BOARD OF HEALTH, AUGUST 29, 1939.

Last date for filing applications, Tuesday, August 15, 1939, at 5 p. m.

This examination is open to residents of the state.

The salary is \$85 a month and maintenance.

Duties: To be responsible for the requisition of all food and necessary supplies in the department, and to inspect all deliveries. To supervise the work of the kitchen, plan all diets, and

be responsible for all work done in connection with food at the hospital.

Entrance Requirement: Applicants should have at least one year's experience as a dietitian in a hospital, cafeteria, lunch room, hotel, or other similar field.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INDUSTRIAL INSTRUCTOR IN THE CLOTH INDUSTRY, MASSACHUSETTS REFORMATORY, AUGUST 29, 1939.

Last date for filing applications, Tuesday, August 15, 1939, at 5 p. m.

The minimum salary is \$1,680 a year; the maximum salary is \$2,160 a year. At the present time, there are two vacancies,—one for Industrial Instructor, Cotton Preparation, and one for Industrial Instructor, Wool Picking.

Duties, Industrial Instructor, Cotton Preparation: To do cotton picking, carding, drawing, slubbing, and intermediate and speeder work. To keep machines properly adjusted and repaired.

Duties, Industrial Instructor, Wool Picking: To mix woolen blends for the card room, which entails knowledge of oiling the proper stocks and the proper laying down of the lot. To keep machines properly adjusted and repaired.

Entrance Requirements, Industrial Instructor, Cotton Preparation: Applicants must have one year's experience in cotton picking, carding, drawing, slubbing, and intermediate and speeder work.

Entrance Requirements, Industrial Instructor, Wool Picking: Applicants must have one year's experience in rag picking, dusting and burr picking of wool and wool by-products.

FIRE DEPARTMENT ORDERS.

General Order No. 34.

I. FIRE DISTRICTS.

Effective at 8 a. m., Wednesday, August 9, 1939, Fire District No. 3 will be disbanded.

Effective at the same time and date the following changes in district boundaries will become operative:

Fire District No. 4.

Headquarters—Engine House No. 4, Bowdoin square, City Proper.

All that portion of the city included within a line beginning at the intersection of the Cambridge boundary line and Millers river, and continuing through the center of said river to the channel, and following on a line midway between Charlestown and the City Proper to the center line of the harbor, and following said harbor line to a point opposite the center of the dock between Long and Central Wharves, through said dock line to Atlantic avenue, to State street to Devonshire street to Water street to Washington street to School street to Beacon street to Embankment road to the intersection of Back street, thence northwesterly to the Cambridge

boundary line at a point opposite Pinckney street to the point of beginning.

The Boston Elevated and Tunnel Stations at Atlantic avenue and State street, and all that portion of the East Boston Tunnel within the district lines to the pump chamber (2,900 feet east of the Atlantic Avenue Station) and the Summer Traffic Tunnel shall be included in Fire District No. 4.

Companies located in district—Engines 4, 6, 8, 10, 31, Ladders 1, 24, Rescue 3.

Fire District No. 5.

Headquarters—Engine House No. 7, East street, City Proper.

All that portion of the city included within a line beginning at the intersection of Beacon and Charles streets, thence Beacon street to School street to Washington street to Water street to Devonshire street to State street to Atlantic avenue to a point midway between Long and Central Wharves, thence easterly to the center line of the harbor, thence southwesterly through Fort Point channel (Northern Avenue Bridge included) to Dorchester Avenue Bridge (line to run through center of channel at Congress street, Summer Street and Dorchester Avenue Bridges) to and in-

cluding railroad bridge, continuing through said channel to the northeasterly side of Broadway, following said northeasterly side to and excluding the Boston & Albany and New York, New Haven & Hartford Railroad tracks, to Broadway to Park square to Charles street to Beacon street at point of beginning.

The Boston Elevated and Tunnel Stations at State street and Atlantic avenue shall be excluded from Fire District No. 5. All that portion of the Cambridge-Dorchester Tunnel within the district lines to the pump chamber (under Fort Point channel) shall be included in Fire District No. 5.

Companies located in district—Engines 7, 25, 26, 35, 44, Ladders 8, 17, Rescue 1, Water Towers 1, 2.

Fire District No. 6.
